 00:07:13

▶ Thanks indeed for joining us here on BBC News.

非常感谢您加入我们BBC新闻。

▶ Just to pick up on that point about vaccines, because it was such a dominant feature of much of the discussion today and it follows on from Florida getting rid of vaccine mandates.

只是想接着谈谈关于疫苗的那一点，因为它是今天讨论中一个非常突出的特点，而且是在佛罗里达州取消疫苗强制令之后。

▶ The polling would suggest that that is not the viewpoint of the vast majority of American people that they are in favor on vaccines and the life-saving work that the science would say they do.

民意调查表明，这并不是绝大多数美国人的观点，他们是支持疫苗的，也支持科学所说的疫苗所做的拯救生命的工作。

 00:07:38

▶ Absolutely.

绝对是的。

▶ In fact, well over 90 percent of American parents get their kids fully vaccinated.

事实上，远远超过90%的美国父母让他们的孩子接种了全部疫苗。

▶ These are not mainstream beliefs.

▶ They're not scientific beliefs.

它们不是科学的信念。

▶ Secretary Kennedy has had many, many years of spreading falsehoods about vaccines.

▶ And he is now packing the entities that determine the child vaccine schedule and the adult vaccine schedule with people who share his unscientific, idiosyncratic and frankly incorrect views about vaccines.

而他现在正在往决定儿童和成人疫苗计划的实体机构里安插那些与他一样对疫苗持有不科学、特立独行且坦率地说是错误观点的人。

bilibili 00:08:10

▶ It was put to him by many senators today exactly what you're saying there and that the association of pediatricians in this country, the association of the American medical association, all disagree with his policies to which he responded that they were basically in the paybook of the pharmaceutical companies who developed the vaccines.

今天许多参议员向他提出的问题，正是你所说的，即这个国家的儿科医生协会、美国医学协会都不同意他的政策，而他的回应是，他们基本上都受制于开发疫苗的制药公司。

▶ What do you say to that?

你对此有何回应？

▶ Well, for myself, I will say neither I nor the organization I run has ever or will ever take any money from pharma.

嗯，就我自己而言，我会说我和我管理的组织都从未也永远不会从制药公司拿任何钱。

bilibili 00:08:38

🎧 In contrast, quite frankly, Secretary Kennedy has made a lot of money suing pharma.

相比之下，坦率地说，肯尼迪部长通过起诉制药公司赚了很多钱。

🎧 And what he's doing basically is removing many of the safeguards.

而他基本上正在做的是取消许多安全措施。

🎧 But the really important thing for people to understand is that Secretary Kennedy is removing the availability of vaccines, not just in the US but around the world.

但人们真正需要明白的重要一点是，肯尼迪部长正在让疫苗变得难以获得，不仅是在美国，而是在全世界。

 00:08:59

🎧 Today, today it is much harder to get vaccinated against COVID if you're a healthy adult, if you're pregnant, if you're a kid, if you're and globally, he removed US funding from GAVI the vaccine alliance that has prevented millions of deaths around the world.

今天，如果你是一个健康的成年人，如果你怀孕了，如果你是个孩子，接种COVID疫苗要困难得多，而且在全球范围内，他取消了美国对全球疫苗免疫联盟的资助，该联盟曾在世界各地防止了数百万人死亡。

🎧 These are dangerous falsehoods that are really obscuring life-saving facts.

这些是危险的谎言，真正掩盖了能挽救生命的事实。

🎧 And what is that going to mean for American public health?

这对美国公共卫生意味着什么？

 00:09:29

🎧 Well, we are seeing an assault on truth and assault on public health.

嗯，我们正看到对真理的攻击和对公共卫生的攻击。

🎧 We're seeing life-long servants of the public who are scientists who are dedicated to protecting Americans, losing their jobs.

我们看到毕生致力于保护美国人的科学家们，这些公众的终身公仆，正在失去工作。

▶ Half of the CDC's centers have been disbanded.

疾控中心一半的中心已被解散。

▶ Disbanded within 2000 CDC staff have been fired.

疾控中心内部有2000名员工被解雇。

▶ And the bottom line is we are less safe.

而底线是我们更不安全了。

 00:09:54

▶ We're less safe against food-borne illness.

我们在应对食源性疾病方面更不安全。

▶ We're less safe against vaccine-preventable disease.

我们在应对疫苗可预防疾病方面更不安全。

▶ We're less safe against cancer and heart attack and other leading causes of death.

我们在应对癌症、心脏病和其他主要死亡原因方面更不安全。

▶ And in terms of one of the broader issues that was discussed as well, apart from vaccines, the reduction in funding to many, many valuable health research projects to informational policies as well, what impact will that have?

就讨论的更广泛的问题之一而言，除了疫苗，对许许多多有价值的健康研究项目以及信息政策的资助减少，这将产生什么影响？

 00:10:20

▶ What we're seeing is the undermining of American science, the undermining of our systems to track diseases.

我们看到的是对美国科学的破坏，对我们疾病追踪系统的破坏。

▶ For example, some of the food-borne illnesses, including the ones spread by consumption of raw milk, will no longer be tracked by the CDC network.

例如，一些食源性疾病，包括通过饮用生奶传播的疾病，将不再被疾控中心的网络追踪。

🎧 So we're losing the ability not only to protect people, but to document what's making people sick and killing them.

因此，我们正在失去保护人们的能力，也失去了记录是什么让人们生病和死亡的能力。

 00:10:43

🎧 And is there any way for health professionals in this country to push back or to resist that if the funding is being removed, if the sort of regulatory and recommending bodies are being changed in this way?

如果资金被撤走，如果这类监管和推荐机构正在以这种方式被改变，这个国家的卫生专业人员有什么办法可以回击或抵抗吗？

🎧 Very difficult.

非常困难。

🎧 There are some workarounds, the American Academy of Pediatrics, the American College of Obstetrics and Gynecology have provided fact-based accurate recommendations, but it's harder for pharmacies to provide vaccination.

有一些变通办法，美国儿科学会、美国妇产科学会提供了基于事实的准确建议，但药房提供疫苗接种变得更困难。

 00:11:10

🎧 It's harder for doctors to give vaccines.

医生接种疫苗变得更困难。

🎧 And some insurers may not cover them and some kids may have to pay for vaccines or not be able to get them.

一些保险公司可能不承保，一些孩子可能不得不支付疫苗费用或无法接种疫苗。

🎧 Okay.

好的。

🎧 Dr. Tom Frieden, former director of the CDC and our president and CEO of Resolve to Save Lives.

▶ The French leader said that the reassurance force, as he called it, could be on the ground in the sea or in the air.

这位法国领导人表示，他所谓的“安心部队”可以部署在地面、海上或空中。

▶ Well, let's talk about some of what was discussed today.

好吧，我们来谈谈今天讨论的一些内容。

 00:12:23

 I'm joined now by Christine Brzezner.

现在和我在一起的是克里斯汀·布雷兹纳。

 She's senior fellow for US defense and transatlantic security at the German Marshal Fund.

她是德国马歇尔基金会美欧安全高级研究员。

 Thank you for being with us.

感谢您的到来。

 Those countries that President Macron mentioned were prepared to provide troops to Ukraine, the US, not on that list.

马克龙总统提到的那些准备向乌克兰提供部队的国家中，美国不在名单上。

 Is that crucial that they provide those troops in whatever format it may be for that security force to be truly reassuring as President Macron called it?

美国以任何形式提供这些部队，对于这支安全部队能像马克龙总统所说的那样真正令人安心，是否至关重要？

 00:12:50

 It's incredibly important for the US to take part in the security guarantees in some form.

美国以某种形式参与安全保证非常重要。

 About a month ago, we would not have been talking about US participation at all until the Alaska summit between Putin and Trump.

大约一个月前，在普京和特朗普的阿拉斯加峰会之前，我们根本不会讨论美国的参与。

 This really was a European and friend initiative, but not something that the US was even engaging with a kind of role.

这实际上是一个欧洲及其友邦的倡议，而不是美国甚至曾以某种角色参与的事情。

 00:13:14

⌂ Right now, we have a question of a US participation, and there have been various reports about what that could be.

现在，我们面临美国参与的问题，并且有各种关于可能形式的报道。

⌂ Participation from the sky, meaning helping with intelligence and surveillance and reconnaissance, and potentially also with creating a no-fly zone, could be part of this deal.

来自空中的参与，意味着帮助进行情报、监视和侦察，并可能还包括建立禁飞区，可能是这笔交易的一部分。

⌂ But you don't have a clear sense after today's meeting about exactly what those parameters are.

但在今天的会议之后，你并不清楚这些参数具体是什么。

 00:13:38

⌂ We have seen this increase of will, though, from the coalition of the willing to make more significant contributions because the US is engaged.

然而，我们已经看到意愿联盟的意愿有所增加，愿意做出更重大的贡献，因为美国参与其中。

⌂ If this is simply a non-US activity, it feels risky to many participants not to have the major NATO power involved.

如果这仅仅是一项非美国的活动，对许多参与者来说，没有这个主要的北约大国参与会感觉有风险。

⌂ If the US is in, however it is in, it's a much more viable force.

如果美国加入，无论以何种方式加入，都是一支可行得多的力量。

 00:14:01

⌂ Of course, in a way, discussion of security after a ceasefire is premature when we don't seem to be anywhere near a ceasefire at this point in time, President Trump has threatened many times secondary sanctions on countries doing business with Russia so far, only imposing a tariff on India.

当然，在某种程度上，当我们目前似乎远未接近停火的时候讨论停火后的安全为时过早。特朗普总统多次威胁要对与俄罗斯做生意的国家实施二级制裁，但到目前为止只对印度征收了关税。

▶ What does he need to do there?

他在那里需要做什么？

▶ He's made these threats and has yet to follow through on them.

他发出了这些威胁，但尚未付诸行动。

 00:14:24

▶ President Trump has given Putin a tremendous amount of time and many second chances in order to start showing different behavior in Ukraine.

特朗普总统给了普京大量时间和许多第二次机会，以便他开始在乌克兰表现出不同的行为。

▶ And what, instead of we have seen in Ukraine, is an increase of land grabs along the front and terror from the air.

然而，我们在乌克兰看到的不是这个，而是前线土地掠夺的增加和来自空中的恐怖袭击。

▶ Now in today's conversation, it seems that Trump is again bringing up the question of sanctions on oil and gas, on Russian oil and gas and doing so in coordination with the Europeans.

在今天的谈话中，似乎特朗普再次提出了对石油和天然气、对俄罗斯石油和天然气制裁的问题，并与欧洲人协调这样做。

 00:14:49

▶ This has appeared as a suggestion and been taken off the table on and off this entire year.

这整个一年里，这个建议反复出现，又被反复搁置。

▶ Again, we're in a moment in which putting more pressure on Putin seems to be on the table, but again, any clear signs of this would go through I think would be premature.

再次，我们正处于一个似乎可以考虑向普京施加更大压力的时刻，但再次，任何认为这会通过的明确迹象我认为都为时过早。

▶ So far, it has been rhetoric.

到目前为止，这只是言辞。

▶ So this is the question of how do the Europeans and the Americans get Putin to the table?

所以问题在于，欧洲人和美国人如何让普京坐到谈判桌前？

 00:15:12

▶ Does Putin feel under pressure?

普京感到压力了吗？

▶ Having a force that is ready in some ways to catch Ukraine when the war ends is a good step forward.

拥有一支在某种程度上准备好在战争结束时接住乌克兰的部队，是向前迈出的良好一步。

▶ It brings that future slightly more into view, but how to get Putin to the table is what this other basket of activities needs to be about.

它让那个未来稍微更清晰了一些，但如何让普京坐到谈判桌前，才是另一篮子活动需要解决的问题。

▶ What are the pressure tactics?

压力策略是什么？

 00:15:33

▶ Because thus far, Trump has been nice to Putin and it still hasn't made any difference.

因为到目前为止，特朗普对普京一直很友好，但这仍然没有产生任何效果。

▶ What can be done differently now?

现在可以采取什么不同的做法？
