所以你对伊利诺伊州民主党人所做的事没有意见。

🎧 You don't have a problem with gerrymandering.

你对选区划分不公没有问题。

🎧 My issue is with the hypocrisy that Illinois has done a much more aggressive redistricting map that much for heavily favors the Democrats than the maps that the Texas Republicans are considering right now.

我的问题是虚伪，伊利诺伊州绘制的地图比德克萨斯州共和党人现在考虑的地图更激进地偏向民主党。

 00:13:51

他们说，你不能称呼我们的本质。

▶ You've been under wear, but that is what you are and that is what you are trying to do.

你们一直在伪装，但这就是你们的本质，这就是你们试图做的。

 00:16:33

▶ Herf these working families, Trump's policies, when he's kidnapping families of coloring the streets, that is nothing short of racism.

伤害这些工薪家庭，特朗普的政策，当他在街头绑架有色人种家庭时，这简直就是种族主义。

▶ He is coming after all of us who don't look like him and his Republican colleagues in the Texas House.

他在针对所有看起来不像他以及德克萨斯州众议院共和党同事的人。

▶ So I will now introduce beautiful Congressman, Albury Elgrain.

所以我现在要介绍英俊的Albury Elgrain众议员。

▶ Wonderful Congressman from Houston.

他一直在更多地分享这些地图的影响。

▶ Thank you.

谢谢。

▶ That was the chair of the Hispanic Caucus in the Texas House of Representatives.

这是德克萨斯州众议院西班牙裔党团主席的发言。

▶ But speaking in Illinois, more than 50 Democratic members of that House of Representatives have left the state.

但在伊利诺伊州发言时，超过50名众议院民主党成员已离开该州。

▶ This is part of their bid to stop a vote on a new congressional map that would heavily favor the Republicans just for responding there.

这是他们试图阻止一项新国会地图投票的一部分，该地图将极大地有利于共和党人。

 00:17:21

▶ To remind you, the Governor Greg Abbott has accused them of abandoning their duty to the state and said they have forfeited their seats in the state legislature and has ordered their arrest.

提醒您，州长Greg Abbott指责他们放弃了对州的职责，并表示他们已丧失在州立法机构的席位，并下令逮捕他们。

▶ But many of them in Illinois just responding there.

但他们中的许多人在伊利诺伊州刚刚回应。

▶ So we'll keep across that for you.

所以我们将继续为您关注。

▶ Stay with us around the world and across the UK.

 00:17:39

▶ This is BBC News.

这里是BBC新闻。

▶ Your live with BBC News Donald Trump Special Envoy State with cough is expected in Moscow.

您正在收看BBC新闻直播，特朗普特使Steve Whitcough预计将抵达莫斯科。

▶ Days before the US President's deadline on Friday for Russia to make progress on ending the war in Ukraine, the alternative is to face increased US sanctions.

距离美国总统周五的最后期限还有几天，俄罗斯必须在结束乌克兰战争方面取得进展，否则将面临美国更多的制裁。

▶ So Trump said Steve Whitcough would visit Moscow on Thursday, all possibly Wednesday as well.

所以特朗普说Steve Whitcough将于周四访问莫斯科，也可能在周三。

 00:19:08

▶ Let's speak now to Peter Dickinson, editor of Ukraine Alert at the Atlantic Council.

现在让我们连线大西洋理事会乌克兰警报编辑Peter Dickinson。

▶ Peter joins us from Keith.

Peter从基辅加入我们。

▶ It is two in the morning there.

那里现在是凌晨两点。

▶ Thank you so much for staying up for us.

非常感谢您熬夜接受我们的采访。

▶ Peter, really good to see you.

Peter，很高兴见到你。

▶ I'm not sure there are many Ukrainians who value Steve Whitcough at all and what he can offer.

我不确定有多少乌克兰人重视Steve Whitcough以及他能提供什么。

 00:19:26

▶ What is the view from Keith of his visit to Moscow?

基辅对他的莫斯科之行有何看法？

▶ Good evening.

晚上好。

▶ You're quite right Steve Whitcough is not a matter regarded as a very senior diplomat or a very effective advocate of Ukraine's interest or a Western interest more broadly.

你说得很对，Steve Whitcough并不被视为非常资深的外交官，也不是乌克兰利益或更广泛的西方利益的有效倡导者。

▶ So yeah, nobody certainly in Kiev is expecting his visit to bring any great progress on the country.

所以是的，基辅没有人指望他的访问能为该国带来任何重大进展。

 00:19:49

▶ They're expecting it to merely to confirm what we really already know which is that that Putin is not interested in offering any significant meaningful compromises or concessions.

他们预计这只会证实我们已经知道的事实，即普京无意提供任何重大或有意义的妥协或让步。

▶ He remains determined to pursue his invasion to its most maximalist goals.

他仍然决心追求其入侵的最大化目标。

▶ The fighting on the front lines is as heavy as ever.

前线的战斗一如既往地激烈。

▶ The bombardment of Ukrainian cities as intensified significantly is escalated significantly in the last few months.

过去几个月，对乌克兰城市的轰炸显著加剧。

 00:20:18

▶ So really, the trajectory is moving away from peace.

所以实际上，轨迹正在远离和平。

▶ Steve Whitcough has made a number of these visits without producing anything of value on the country.

Steve Whitcough已经进行了多次此类访问，但并未为该国有任何有价值的成果。

▶ Many would say in fact it's actually doing harm.

许多人会说实际上这正在造成伤害。

▶ So I think it's really just about sort of a last attempt to send someone just to send a message from the Trump administration that they're leaving the door open to diplomacy.

所以我认为这真的只是特朗普政府最后一次尝试派人传递他们仍对 diplomacy 敞开大门的讯息。

 00:20:36

▶ But I don't think there's any real expectation anywhere in Moscow, Kiev or Washington that that's going to be the case that it will be progress.

但我认为莫斯科、基辅或华盛顿的任何地方都没有真正期望这会取得进展。

▶ So Peter, if there's no hope in Steve Whitcough and his visit to Moscow, what are the expectations then of this deadline of Friday that President Trump is now floating?

所以Peter，如果对Steve Whitcough和他的莫斯科之行没有希望，那么人们对特朗普总统现在提出的周五最后期限有何期望？

▶ Do people believe it has teeth in terms of his threat to put secondary sanctions on countries that buy Russian oil?

人们是否相信他对购买俄罗斯石油的国家实施二级制裁的威胁有实质作用？

 00:21:01

▶ I think the sanctions issue is interesting and I think it's about, it's all about secondary sanctions.

我认为制裁问题很有趣，我认为这完全是关于二级制裁。

▶ It's all about targeting other countries.

这完全是针对其他国家。

▶ We've seen today some quite aggressive messaging from Trump regarding India, which seems to be setting us up for something along those lines.

我们今天看到特朗普对印度的一些相当激进的言论，这似乎是在为此类行动做准备。

▶ Perhaps also China will be on the receiving end of similar Trump tweets in the coming days and that may well happen.

也许中国也将在未来几天收到类似的特朗普推文，这很可能会发生。

bilibili 00:21:26

▶ But one area in terms of the economic pressure that people are looking out certainly in Kiev is the price of oil, the global price of oil.

但在经济压力方面，基辅的人们肯定关注的一个领域是石油价格，全球石油价格。

▶ There's expectation that America may move to try and bring that down because that will really hurt the Russians.

人们预期美国可能会采取行动试图降低油价，因为这真的会伤害俄罗斯人。

▶ But also, there's expectation that we'll see more American weapons coming to Ukraine, not in the form of aid, but in the form of sales to America's European partners.

但此外，人们还预期我们将看到更多美国武器运往乌克兰，不是以援助的形式，而是以向美国欧洲伙伴销售的形式。

bilibili 00:21:50

▶ That's a deal that's recently been brokered and agreed to and we're just starting to see the first groups of that.

这是一项最近斡旋并达成的协议，我们刚刚开始看到第一批武器。

▶ So I think, yes, economic pressure on Russia is certainly needed and there's expectation for that.

所以我认为，是的，对俄罗斯的经济压力当然是必要的，人们对此有期望。

▶ But primarily, people in Kiev certainly are looking to see more American military aid coming in on a sort of long term basis by this new format, which will be kind of triangular

America selling weapons to Europe to give to Ukraine to get Ukraine that the weapons they need to defend themselves.

但主要是，基辅的人们当然希望看到更多美国军事援助以这种新形式长期进入，这将是美国向欧洲出售武器，欧洲再给乌克兰，让乌克兰获得他们需要的自卫武器。

 00:22:17

 Peter, I hope you can get some sleep.

Peter，希望你能睡一会儿。

 Thank you so much for joining us.

非常感谢您加入我们。

 Thank you.

谢谢。

 To put that to meet against Switzerland to hammer out a global treaty to curb plastic pollution, delegates fearing that oil states such as Saudi Arabia and Russia plan to challenge some provisions.

为了在瑞士制定一项遏制塑料污染的全球条约，代表们担心沙特阿拉伯和俄罗斯等石油国家计划挑战一些条款。

 It all comes as a report by the Scientific Review of the Lancet warns the world is already in a plastic crisis costing 1.5 trillion a year in health and environmental damage.

与此同时，《柳叶刀》科学评论的一份报告警告称，世界已经陷入塑料危机，每年造成1.5万亿美元的健康和环境损害。

 00:22:42

 The study trait estates that plastic production is on track to triple by 2060 with less than 10% recycled.

该研究指出，塑料产量有望在2060年之前增加两倍，而回收率不到10%。

 I've had plastics have also been found not only in our oceans but in breast milk and in brain tissue.

塑料不仅在海洋中被发现，还在母乳和脑组织中被检测到。

🎤 Joining me now is Philip J. Landrum, Director of Global Public Health Program at Boston College and one of the authors of the Lancet countdown.

现在与我连线的是波士顿学院全球公共卫生项目主任、《柳叶刀》倒计时报告的作者之一菲利普·J·兰德鲁姆。

bilibili 00:23:03

🎤 Good to have you with us.

欢迎您的到来。

🎤 I outlined a little bit there about the plastic crisis that we're in.

我刚才简要概述了我们面临的塑料危机。

🎤 Can you paint a full picture for us?

您能为我们全面描述一下吗？

🎤 How bad is it?

情况有多严重？

🎤 Yeah, I think the the thing that I would like to emphasize about the plastic crisis is that we now understand much more clearly than we did even three or four years ago that the plastic crisis is a health crisis.

是的，关于塑料危机，我想强调的是，我们现在比三四年前更清楚地认识到，塑料危机是一场健康危机。

bilibili 00:23:25

🎤 That plastic harms human health at every stage of the plastic life cycle beginning with the fracking and the oil drilling and the coal mining that gives the produce the raw carbon that goes into plastics and plastic production is full of carcinogenic and toxic chemicals.

塑料在生命周期的每个阶段都会危害人类健康，从提供塑料原料碳的水力压裂、石油钻探和煤炭开采开始，塑料生产过程中就充满了致癌和有毒化学物质。

🎤 And then when all of us use plastic we are exposed to the toxic chemicals in plastic.

而当我们所有人使用塑料时，都会接触到其中的有毒化学物质。

⏮ The thalates, the bisfennels, the brominated compounds that can cause barrier damages to to human health.

邻苯二甲酸盐、双酚类、溴化化合物等物质会对人类健康造成屏障性损害。

bilibili 00:23:53

⏮ And so the message that I'll report in the Lancet today is conveying is that the treaty negotiators who will start their work tomorrow in Geneva have to focus on human health.

因此，我今天在《柳叶刀》报告中传达的信息是，明天将在日内瓦开始工作的条约谈判代表必须关注人类健康。

⏮ They have to put provisions into the treaty that will protect human health.

他们必须在条约中加入保护人类健康的条款。

⏮ Philip, presumably it's the vulnerable populations, children, old people, those that are unwell that suffer the most severe impacts from plastic.

菲利普，想必弱势群体、儿童、老人和患病者受塑料的影响最为严重。

bilibili 00:24:20

⏮ All of those and also the poor and the minoritized who disproportionately live near fracking wells and plastic production facilities and the poor countries of the world that are the recipients of so much of the plastic waste.

所有这些群体，以及 disproportionately居住在压裂井和塑料生产设施附近的贫困和少数族裔群体，以及接收大量塑料废物的世界贫困国家。

⏮ I see an estimated 8 billion metric tons of plastic waste pollutes our planet at the moment Philip.

菲利普，据估计目前有80亿公吨塑料废物正在污染我们的星球。

⏮ What's the single biggest thing that could be done to help try and fix this problem?

要解决这个问题，最重要的一件事是什么？

bilibili 00:24:48

▶ The single biggest thing that can be done is to impose a cap, some kind of restriction on plastic production.

最重要的事情是对塑料生产实施上限，即某种限制。

▶ Plastic production as you said in your info is increasing dramatically.

正如您在介绍中提到的，塑料产量正在急剧增加。

▶ It's on track triple by 2060.

到2060年预计将增长两倍。

▶ Less than 10% of plastic is recycled.

只有不到10%的塑料被回收利用。

▶ We cannot recycle our way out of the plastic crisis as the plastic industry has been claiming for many years.

我们无法像塑料行业多年来宣称的那样，通过回收利用来解决塑料危机。

 00:25:10

▶ It just doesn't work because there are so many different types of plastic and there is so much toxic chemical material in plastic.

这根本行不通，因为塑料种类繁多，且含有大量有毒化学物质。

▶ So the only rational way, the only sensible way to control the plastic crisis is to control production.

因此，控制塑料危机的唯一合理、明智的方法就是控制生产。

▶ I'm not saying end plastic production, far from it.

我并不是说要停止塑料生产，远非如此。

▶ There are many plastics that we need and as a medical doctor, I need plastic to practice medicine, but I certainly don't need plastic sheets on examining tables.

我们确实需要许多塑料制品，作为一名医生，我需要塑料来行医，但我当然不需要检查台上的塑料布。

▶ I don't need plastic gowns on the nurses who work with me.

我也不需要与我共事的护士穿塑料 gowns。

▶ We can use our intelligence to distinguish the essential plastics from the unnecessary plastics and we can restrict plastic production by focusing on curbing output of those unnecessary plastics.

我们可以运用智慧区分必要和非必要的塑料制品，通过重点限制非必要塑料的生产来控制塑料产量。

▶ So, Lendrigan, thank you very much for joining us.

那么，兰德鲁姆，非常感谢您的参与。

▶ We'll be keeping across those talks in Switzerland and those efforts to hammer out a treaty throughout the week here on BBC News.

BBC新闻将持续关注瑞士的谈判进程以及本周达成条约的努力。
