Designing Public Buildings: The Taylor

Concert Hall Case Study

【剑桥雅思11 | 听力真题 Test 2 Section 1 | 【建筑奇迹】泰勒音乐厅：废墟中的艺术重生 | 三大设计哲学揭秘 | 争议与赞誉并存】

Summary: The lecture discusses the key factors architects must consider when designing public buildings, using the newly completed Taylor Concert Hall as an example. It highlights the importance of function, context, and symbolic meaning in architectural design. The hall's unique features include a mysterious box-like structure, innovative acoustic adjustments, and the use of local materials. While public reception has been positive, some critics argue the design lacks local character.

摘要：讲座以新建的泰勒音乐厅为例，探讨公共建筑设计的关键要素。建筑师需兼顾功能性、环境协调性和象征意义。音乐厅采用神秘盒状结构，配备可调节声学系统和本地木材，但国际化的设计风格引发争议。尽管公众反响积极，部分评论家认为建筑未能充分体现地域特色。

🎧 Section 4 You will hear part of a lecture to students of architecture about the design of a public building.

第四部分 你将听到一段面向建筑学学生的讲座，内容是关于公共建筑的设计。

🎧 First, you have some time to look at questions 31 to 40.

首先，你有时间看一下第31至40题。

▶ Now listen carefully and answer questions 31 to 40.

现在请仔细听并回答第31至40题。

▶ We have been discussing the factors the architect has to consider when designing domestic buildings.

我们一直在讨论建筑师在设计住宅建筑时需要考虑的因素。

 00:01:32

▶ I am going to move on now to consider the design of public buildings and I will illustrate this by referring to the new Taylor concert hall that has recently been completed here in the city.

现在我将转向讨论公共建筑的设计，并以本市最近竣工的新泰勒音乐厅为例进行说明。

▶ So, I am going to move on now to consider the design of public buildings and I will illustrate the design of the building.

因此，我现在将转向讨论公共建筑的设计，并展示该建筑的设计。

▶ So, as with a domestic building, when designing a public building, an architect needs to consider the function of the building.

因此，与住宅建筑一样，设计公共建筑时，建筑师需要考虑建筑的功能。

 00:02:04

▶ For example, is it to be used primarily for entertainment or for education or for administration?

例如，它主要用于娱乐、教育还是行政？

▶ The second thing the architect needs to think about is the context of the building.

建筑师需要考虑的第二点是建筑的背景。

▶ This includes its physical location obviously, but it also includes the social meaning of the building, how it relates to the people it is built for.

这显然包括其物理位置，但也包括建筑的社会意义，即它与为之建造的人群的关系。

 00:02:29

▶ And finally, for important public buildings, the architect may also be looking for a central symbolic idea on which to base the design, a sort of metaphor for the building and the way in which it is used.

最后，对于重要的公共建筑，建筑师可能还会寻找一个核心的象征性理念作为设计基础，即建筑及其使用方式的某种隐喻。

▶ Let's look at the new Taylor concert hall in relation to these ideas.

让我们以这些理念为背景来看看新的泰勒音乐厅。

▶ The location chosen was a site in a rundown district that has been ignored in previous redevelopment plans.

选址位于一个破败的街区，该街区在之前的重建计划中被忽视。

 00:02:58

▶ It was occupied by a factory that has been empty for some years.

这里曾是一家工厂，已空置多年。

▶ The whole area was some distance from the high-rise office blocks of the central business district and shopping centre, but it was only one kilometre from the ring road.

整个区域距离中央商务区和购物中心的高层办公楼有一定距离，但离环线公路仅一公里。

▶ The site itself was bordered to the north by a canal which had once been used by boats springing in raw materials when the area was used for manufacturing.

场地北侧与一条运河接壤，该运河曾用于运输原材料的船只，当时该地区用于制造业。

 00:03:25

▶ The architect chosen for the project was Tom Harrison.

该项目的建筑师是汤姆·哈里森。

▶ He found the main design challenge was the location of the site in an area that had no neighbouring buildings of any importance.

他发现主要的设计挑战是场地位于一个没有重要邻近建筑的地区。

▶ To reflect the fact that the significance of the building in this quite rundown location was as yet unknown, he decided to create a building centred around the idea of a mystery, something whose meaning still has to be discovered.

为了反映建筑在这个相当破败的地区的重要性尚不明确的事实，他决定围绕“神秘”这一理念设计建筑，其意义仍有待发现。

 00:03:55

▶ So how was this reflected in the design of the building?

那么这如何在建筑设计中体现？

▶ Well, Harrison decided to create pedestrian access to the building and to make use of the presence of water on the site.

哈里森决定为建筑设计步行通道，并利用场地的水域。

▶ As people approached the entrance, they therefore have to cross over a bridge.

因此，人们接近入口时必须穿过一座桥。

▶ He wanted to give people a feeling of suspense as they see the building first from a distance and then close up.

他希望人们在远处和近处观察建筑时能感受到一种悬念。

 00:04:21

▶ And the initial impression he wanted to create from the shape of the building as a whole was that of a box.

他希望从建筑整体形状上给人最初的印象是一个盒子。

▶ The first side that people see, the southern wall, is just a high flat wall uninterrupted by any windows.

人们首先看到的南墙只是一面高而平的墙，没有任何窗户。

▶ This might sound off-putting, but it supports Harrison's concept of the building that the person approaching is intrigued and wonders what will be inside.

这听起来可能令人不快，但它符合哈里森的理念，即接近的人会感到好奇并想知道里面有什么。

 00:04:48

▶ And this flat wall also has another purpose.

这面平墙还有另一个用途。

▶ At night time, projectors are switched on and it functions as a huge screen onto which images are projected.

夜间，投影仪开启，它充当巨大的屏幕，图像被投射其上。

▶ The auditorium itself seats 1,500 people.

音乐厅本身可容纳1500人。

▶ The floors supported by ten massive pads.

地板由十个巨大的垫块支撑。

▶ These are constructed from rubber and so are able to absorb any vibrations from outside and prevent them from affecting the auditorium.

这些垫块由橡胶制成，因此能够吸收外部的任何振动并防止其影响音乐厅。

 00:05:21

▶ The walls are made of several layers of honey-colored wood, all sourced from local beach trees.

墙壁由多层蜜色木材制成，均来自当地的沙滩树。

▶ In order to improve the acoustic properties of the auditorium and to amplify the sound, they are not straight, they are curved.

为了改善音乐厅的声学特性并放大声音，墙壁不是直的，而是弯曲的。

▶ The acoustics are also adjustable according to the size of orchestra and the type of music being played.

声学效果还可根据乐团规模和演奏的音乐类型进行调整。

 00:05:44

▶ In order to achieve this, there are nine movable panels in the ceiling above the orchestra which are all individually motorised.

为了实现这一点，乐团上方的天花板上有九个可移动面板，每个面板都单独电动控制。

▶ And the walls also have curtains which can be opened or closed to change the acoustics.

墙壁上还有窗帘，可以打开或关闭以改变声学效果。

▶ The reaction of the public to the new building has generally been positive.

公众对新建筑的反应总体上是积极的。

▶ However, the evaluation of some critics has been less enthusiastic.

然而，一些评论家的评价则不那么热情。

 00:06:10

▶ In spite of Harrison's efforts to use local materials, they criticise the style of the design as being international rather than local and say it doesn't reflect features of the landscape or society for which it is built.

尽管哈里森努力使用当地材料，但他们批评设计风格是国际化的而非本土的，并表示它没有反映其所建地区的景观或社会特征。

▶ That is the end of section 4.

第四部分到此结束。

▶ You now have half a minute to check your answers.

现在你有半分钟时间检查答案。

▶ That is the end of the listening test.

听力测试到此结束。

 00:07:11

▶ You now have ten minutes to transfer your answers to the answer sheet.

现在你有十分钟时间将答案誊写到答题卡上。

 Please stop writing and wait for your question booklet to be collected.

请停止作答，等待收卷。
