🎥 You can see here pictures showing chaotic scenes as Gaza and Scramble for aid in Al Zawada.

您现在看到的画面显示加沙民众在阿尔扎瓦达争抢援助物资的混乱场景。

 00:02:13

🎥 Earlier this week the UN's humanitarian chief Tom Fletcher said what have been delivered so far was just a drop in the ocean of what was required.

本周早些时候联合国人道主义事务负责人汤姆·弗莱彻表示，目前送达的物资只是所需沧海一粟。

🎥 A White House press spokesperson Caroline Levit has given an update on Mr Wicoff's trip to Jerusalem describing his meeting with Prime Minister Netanyahu about delivering food and aid to Gaza as very productive.

白宫新闻发言人卡罗琳·莱维特通报了威科夫耶路撒冷之行，称其与内塔尼亚胡总理就向加沙运送食物援助的会谈"富有成效"。

🎧 Tomorrow Special Envoy Wicoff and Ambassador Huckabee will be traveling into Gaza to inspect the current distribution sites and secure a plan to deliver more food and meet with local gossens to hear firsthand about this dire situation on the ground.

明天特使威科夫与哈克比大使将前往加沙视察现有分发站点，制定更多食物运送计划，并会见当地官员听取第一线严峻形势。

🎧 And Hugo we're hearing their more details about today's meeting between Mr Wicoff and Netanyahu and also about those plans to visit the GHF sites in Gaza tomorrow.

雨果，我们获悉更多关于威科夫与内塔尼亚胡今日会谈的细节，以及明日视察加沙GHF站点的计划。

🎧 Yeah and I think it's also very interesting that the White House is also talking about a new plan for the distribution of aid in Gaza.

是的，值得注意的是白宫还谈及加沙援助分发的新计划。

🎧 Earlier this week President Trump talked about setting up food centers in Gaza without giving details.

本周早些时候特朗普总统曾提及在加沙建立食品中心，但未透露细节。

 00:03:41

⏮ And obviously the United Nations, a number of aid organizations that have been blaming Israeli policies restrictions on the entry and distribution of aid for the crisis we're seeing right now in Gaza.

显然联合国及多个援助组织将当前加沙危机归咎于以色列对援助准入和分发的政策限制。

⏮ Israel rejects these allegations but we've seen that there's been a lot of criticism directed at the Gaza Humanitarian Foundation which is this mechanism that is supported by the Israelis and by the Americans.

以色列否认这些指控，但我们看到加沙人道主义基金会这一获以美支持的机制正遭受诸多批评。

⏮ A mechanism that has been introduced by Israel largely bypassing the United Nations and aid agencies for the distribution of aid in Gaza.

该机制由以色列引入，基本绕过了联合国和援助机构在加沙的援助分发工作。

 00:04:17

⏮ And we've seen that since the beginning of this new mechanism a very limited amount of aid has been delivered to the population of Gaza.

可见自该新机制实施以来，送达加沙民众的援助物资极为有限。

⏮ I think it is also very interesting to see that Gaza is again, seems to be again a priority for President Trump.

值得注意的是加沙问题似乎再次成为特朗普总统的优先事项。

⏮ And we're seeing that there is Israel's growing international isolation because of the situation in Gaza and also growing international anger over the catastrophe there in Gaza.

我们看到由于加沙局势，以色列在国际上日益孤立，国际社会对加沙灾难的愤怒也在加剧。

 00:04:48

⏮ And we're seeing that even in the United States among some of President supporters inside the MAGA movement some influential voices have been expressing their opposition to

American support for Israel because of these images of starving children in Gaza.

即便在美国，MAGA运动内部一些有影响力的总统支持者也因加沙儿童挨饿的画面，开始反对美国支持以色列。

▶ And some of these voices are even using the word general side, an accusation that Israel has strongly rejected.

其中部分人士甚至使用"种族灭绝"一词，以色列对此予以强烈否认。

▶ So this is an important factor here to understand perhaps why this is again a priority for President Trump.

这或许是理解加沙问题为何再次成为特朗普优先事项的重要因素。

 00:05:22

▶ You go, thank you very much for that update.

感谢您带来的最新报道。

▶ Well, let's speak now to Steve Cook, senior fellow for Middle Eastern Africa Studies at the council on forum relations.

现在让我们对话外交关系委员会中东非洲研究高级研究员史蒂夫·库克。

▶ Steve, thanks for joining us on the world today.

史蒂夫，感谢参与《今日世界》节目。

▶ And let me ask you first of all, we've had the latest obviously update from Mr. Wiccoff on what's happening in Israel.

首先请问，我们已获知威科夫关于以色列局势的最新通报。

 00:05:41

▶ But how much do you think, how likely do you think it is that there will be something that comes out of this visit to Israel that puts them on the path, back on the path to some sort of ceasefire negotiation?

您认为此次以色列之行有多大可能推动双方重回停火谈判轨道？

🎧 Well, it's extremely difficult to imagine at this point that the Israelis or Hamas will agree to ceasefire as we understand the deal on the table.

目前很难想象以色列或哈马斯会同意按现有方案停火。

🎧 The Israelis are concerned that if they agree, one, it will bring down their government, and two, they will return to an October 6th like situation with Hamas remaining in charge and armed in the Gaza Strip.

以色列担心若同意停火，其一将导致政府垮台，其二将恢复去年10月6日前的状态——哈马斯继续掌控并武装加沙。

 00:06:22

🎧 Hamas, of course, doesn't want to give up hostages because it's only point of leverage.

哈马斯当然不愿放弃人质这一唯一筹码。

🎧 Unless Mr. Wiccoff has found some way around this problem, it seems very, very hard to imagine that we're going to get a ceasefire that really does bring home the remaining hostages and does bring this conflict to an end.

除非威科夫找到破解之道，否则很难想象能达成真正遣返剩余人质并结束冲突的停火协议。

🎧 At this point, however, Netanyahu may be more subject to pressure given the international outrage over what's happening in the Gaza Strip and the humanitarian crisis there.

不过鉴于国际社会对加沙局势和人道危机的愤怒，内塔尼亚胡可能面临更大压力。

 00:06:55

🎧 But still, the Israelis seem to be hanging tough on their position with regard to the Wiccoff plan, and Hamas doesn't seem to want to budge either.

但以色列似乎坚持对威科夫计划的立场，哈马斯也无意让步。

🎧 So, you're saying it's difficult. What is that way around that you mentioned there that Mr. Wiccoff could look towards?

您说存在困难，那威科夫可能寻求什么破解之道？

▶ Well, you know, what we know about what's going on behind the scenes is actually quite limited.

我们对幕后进展所知有限。

bilibili 00:07:20

▶ And I think we should use the recent American Israeli cooperation in the war against Iran as a rule of thumb in understanding that there's probably more that's going on.

不妨以近期美以合作对抗伊朗为例，推测可能有更多幕后动作。

▶ And it is entirely possible that Wiccoff comes away empty handed diplomatically after the Israelis have convinced him that there is some way to rescue hostages, or in a very well-be case that the president who has seen these pictures and is outraged about what's happening, outraged about what's happening in Gaza Strip, may take steps that previous presidents are unable to take and actually get some leverage over the Israelis to get them to stop.

也可能以色列说服威科夫存在解救人质途径，使其外交空手而归；最理想情况是，目睹加沙惨状而震怒的总统可能采取前任无法采取的措施，真正施压以色列停止行动。

▶ We just don't know.

我们尚不得而知。

bilibili 00:07:58

▶ The Israelis see this crisis as existential for them as does Hamas, and it's very, very hard for an outside party to apply the kind of pressure necessary to bring these kinds of things to an end under those circumstances.

以色列和哈马斯都将此危机视为生存问题，外部力量在此情况下极难施加必要压力来结束冲突。

▶ Okay, we're seeing more Western countries now declaring they recognize or will recognize with conditions, the state of Palestine.

目前更多西方国家宣布承认或有条件承认巴勒斯坦国。

▶ What impact, if any, do you think that's going to have?

您认为这将产生什么影响？

bilibili 00:08:22

None. I think that the Israelis are outraged about this, but it's actually, there's gonna be nothing constructive about what the British, the French and the Canadian governments are proposing.

毫无影响。以色列虽对此愤怒，但英法加政府的提议毫无建设性。

Why didn't they do this 15 years ago? Why didn't they do this 25 years ago?

为何他们15年或25年前不这样做？

If this is an effort to put pressure on the Netanyahu government, it's likely to produce the opposite results.

若此举旨在向内塔尼亚胡政府施压，很可能适得其反。

bilibili 00:08:49

After the French president announced that France would recognize the Palestinian state, the right wing members of the Israeli government thanked him and said, now we know that we should go ahead and annex and extend Israeli sovereignty to at least the West Bank as a response.

法国总统宣布承认巴勒斯坦国后，以色列政府右翼成员表示感谢，称这让他们明白应推进吞并至少约旦河西岸的行动。

So the kind of way in which these countries have gone about it strikes me as kind of cynical, domestic politics on their part, rather than actually trying to be constructive in getting, in helping the Palestinians in some modicum of justice.

这些国家的做法更像是愤世嫉俗的国内政治操作，而非真正建设性地为巴勒斯坦争取些许正义。

Elsewhere, the clock is well and truly ticking, less than 12 hours now before President Trump's August the first deadline on tariffs.

另一方面，特朗普总统8月1日关税最后期限已不足12小时。

⏮ A short while ago, the US president said he has paused higher tariffs on Mexico for 90 days after a phone call with his counterpart, Claudia Scheinbaum.

不久前美国总统宣布在与墨西哥总统克劳迪娅·辛鲍姆通话后，将对墨加征关税计划暂停90天。

⏮ Steel, aluminium and copper from Mexico will still be subject to a 50% tariff and cars 25%.

墨西哥钢铁、铝和铜仍将面临50%关税，汽车关税为25%。

 00:09:55

⏮ Scheinbaum says the delay period will, though, give time to negotiate for long-term deals for Mexico.

辛鲍姆表示延期将为墨西哥争取长期协议谈判时间。

⏮ There's also movement on tariffs elsewhere as well.

 00:10:15

⏮ Also on Wednesday, President Trump announced 25% tariffs on imports from India, but later said the two sides are still negotiating.

周三特朗普总统还宣布对印度进口商品征收25%关税，但随后表示双方仍在谈判。

⏮ We also got the announcement of a trade deal with South Korea with a 15% tariff on products entering the United States.

同时宣布与韩国达成贸易协议，对美进口产品征收15%关税。

▶ That puts it on a par with deals with Japan and the EU.

此刻您能看到希思罗机场飞机正常起降，全国其他地区情况也是如此。

 00:15:34

▶ That's not to say that airlines across the United Kingdom today have been working really, really, really hard behind the scenes to make sure that those more than 150 people who got caught up in that disruption can get back to where they need to go.

▶ Ryanair was straight out of the block yesterday with one of its bosses calling for the boss of Nats to resign and that has continued today.

瑞安航空昨日直接发难，其一名高管要求NATS负责人辞职，这一呼声今日仍在继续。

▶ One of the bosses of Wizzair here in the UK spoke to the BBC at lunchtime and said what had happened was shameful and comes down to a chronic lack of under-investment.

英航前CEO威利·沃尔什——这位极具影响力的业界领袖表示事件糟糕且不可接受，并质疑NATS是否仍是管理空域的合适机构。

 00:16:46

▶ Now Nats has defended its position today and so that it got its systems back up and going after 20 minutes when those radars went out and that it did have the appropriate levels of staff but it's going to be very interesting to see where this goes.

NATS今日为其立场辩护，称雷达故障后20分钟内恢复了系统，且人员配置充足，但事态发展值得关注。

▶ Martin Rolf, the boss of Nats was dragged in from the transport sector this morning at 9am.

NATS负责人马丁·罗尔夫今早9点被交通部召见。

▶ She wanted an explanation as to what's happening.

部长要求其对事件作出解释。

 00:17:05

▶ So I think it's fair to say Martin Rolf, the boss of Nats is actually under a bit of pressure here because there's a mounting number of people who are coming out asking questions about why this has happened and as we were talking about all day and yesterday this is the second time in two years that Nats has suffered an outage.

可以说马丁·罗尔夫正承受压力，因越来越多的人质疑事件原因，且这是NATS两年内第二次出现故障。

▶ Let's speak now to Doug McLean, an air traffic consultant and ex-senior manager with the National Air Traffic Service.

现在连线空中交通顾问、国家空中交通服务局前高级经理道格·麦克莱恩。

▶ Good to talk to you Doug.

道格，很高兴与您交谈。

 00:17:27

▶ First of all what more do we know about what caused this outage?

首先，关于故障原因我们有何新进展？

▶ We probably don't know terribly much.

我们可能所知甚少。

▶ The Nats statements which were on their website yesterday and earlier on today simply said first of all there had been a problem and then they'd identified a problem and then

they'd fixed a problem and that seemed to be I think a rather casual attitude to what turned out to be a very disruptive event for the traveling public.

NATS官网声明仅简单提及发现问题、定位问题并解决问题，这种轻描淡写的态度与事件对公众造成的重大影响形成反差。

 00:18:00

🎧 So there has been a story which has appeared through perhaps a friendly journalist and in one of the newspapers saying it was some sort of radar outage.

有媒体报道称是某种雷达故障。

🎧 The radar system employed by Nats is a very complex combination of radars and flight data processing and with radars being remotely brought in from all sorts of sites around the UK.

NATS使用的雷达系统是雷达与飞行数据处理的复杂组合，雷达信号来自英国各地站点。

🎧 So there's no such thing as a simple radar failure and it's quite alarming if there was actually a radar failure where controllers have blank screens in front of them.

因此不存在简单的雷达故障，若管制员面前真是黑屏将非常可怕。

 00:18:42

🎧 And also Doug not knowing what caused this or not having more information, one wonders whether it can happen again if it happens so easily this time.

道格，在不明原因的情况下，人们担心若此次故障如此轻易发生，是否会重演。

🎧 Well that is I mean the system has been incredibly reliable.

该系统过去极其可靠。

🎧 It has been for decades, it's been very very good.

数十年来一直表现优异。

🎧 There have been some very high profile failures and the last one about two years ago was subject to a lengthy investigation by an independent panel who made some strong recommendations about this but that's because it was very unusual and a set of

circumstances which have never been seen before in millions of data transactions and unfortunately combined that data to give them a problem.

两年前的高调故障经独立小组长时间调查并给出改进建议，但那是因异常数据组合导致的罕见情况。

 00:19:31

⏮ But I think it's a bit of a knapshooting itself in the foot because they have a tremendous record and a really good story to tell but they don't seem very willing at the moment to actually talk about what caused this.

NATS此举有些自毁形象，他们本有辉煌历史却不愿解释原因。

⏮ Maybe that will change in time and before I let you go I need to ask you about this third runway because we're talking about it again and you know there is a big push isn't there for the UK to catch up with other countries where do you stand on the third runway given your years and years of experience in the industry?

或许态度会转变。最后请教您关于希思罗第三跑道——鉴于您数十年的行业经验，您如何看待英国追赶他国的这一重要工程？

⏮ You quite right I mean I've been in the industry for over 40 years and we've been talking about a third runway he threw almost as long as that and it's gone to all sorts of inquiries, judicial reviews etc.

确实，我在行业40余年，第三跑道讨论几乎同期开始，历经各种调查和司法审查。

 00:20:23

⏮ It's a tremendous asset if it gets added to Heathrow because it would raise the capacity from something like 80 million passengers a year to over 120, 130 million passengers a year so it would be a real bonus to the traveling public in the whole of the UK but we've taken years to get to this stage in the meantime but countries like China are by the time we're talking with building one runway they're talking about building over 200 airports so please can we just go on with it and actually make the decision and get it to happen.

第三跑道将把希思罗年客流量从8000万提升至1.2-1.3亿，对全英旅客都是福音。但当我们还在讨论时，中国已计划新建200个机场——我们该做出决定并付诸实施了。
