 00:09:16

▶ While seeking aid, 27 more Palestinians apparently killed recently.

在寻求援助时，最近又有27名巴勒斯坦人被杀。

▶ What do you make of what's taking place near these aid sites and essentially, you know, those who are starving really risking their lives to do so?

你对这些援助点附近发生的事情有何看法，尤其是那些饥饿的人真的在冒着生命危险？

🎧 Yeah, this is one of the saddest aspects of what's going on because these aren't Palestinians who are being killed in Israeli military operations, which we've seen over the past year and a half plus.

是的，这是正在发生的事情中最悲伤的方面之一，因为这些巴勒斯坦人不是在以色列军事行动中被杀的，这是我们过去一年半多看到的。

 00:09:43

🎧 But these are Palestinians literally killing up to get food or trying to get food or aid or other kind of humanitarian support.

但这些巴勒斯坦人实际上是为了获取食物或试图获取食物、援助或其他形式的人道主义支持而被杀。

🎧 And they're being killed in the process of trying to do that.

他们在尝试这样做的过程中被杀。

🎧 And what's very unclear to people like me, thousands of miles away from the situation is how is this happening after the first incident one would think that the idea because the idea is the one controlling the security around these aid distribution sites would take a step back to make sure that even after the first time, that type of, those type of civilian casualties didn't happen again.

像我这样远离该情况的人非常不清楚的是，第一次事件后怎么会再次发生，因为按理说控制这些援助分发点安全的一方会退一步，确保即使第一次后，这种平民伤亡不会再次发生。

 00:10:17

🎧 But it seems like almost every day or nearly, you know, very frequently we hear of these reports and there, there have to be a whole set of factors that are contributing to this, the rules of engagement, that the troops have their perceptions of what they believe a threat to them looks like and their ability to fire on Palestinians without any command and control above them.

但似乎几乎每天或非常频繁地我们听到这些报道，这其中必然有一整套因素在起作用，交战规则，部队对他们认为的威胁的看法，以及他们在没有上级指挥和控制的情况下向巴勒斯坦人开枪的能力。

🎧 I mean, these are things in my mind.

这些是我想到的事情。

🎧 If you were to ask me, you know, if the US was in charge, you know, if military was in charge of these sites and the same thing is happening, I would be asking those same kind of questions for our military.

如果你问我，如果美国负责，如果军方负责这些地点，同样的事情发生，我会对我们的军方提出同样的问题。

 00:10:51

🎧 So that's what's unclear from an outsider's perspective to unpack how these incidents keep happening time and time again.

因此，从外部视角来看，不清楚这些事件如何一次又一次地发生。

🎧 We saw this large demonstration in Sydney, Australia, people packing the bridge there, very visible, you know, protests, pro-Palestinian protests, I guess you might say.

我们看到澳大利亚悉尼的大规模示威，人们挤满了大桥，非常显眼，可以说是支持巴勒斯坦的抗议。

🎧 And then we also saw the succession of countries, didn't we, the UK, France, Canada, all basically pledging to so to acknowledge a Palestinian state.

然后我们还看到一系列国家，英国、法国、加拿大，基本上都承诺承认巴勒斯坦国。

 00:11:21

🎧 How do you see now the international reaction to what's taking place there in that region?

你如何看待当前国际社会对该地区发生的事情的反应？

🎧 Well, it seems fairly clear that at an international level in different countries, there is a growing groundswell of the anger over the situation of what's happening on the ground to the Palestinians and Gaza.

嗯，似乎相当清楚的是，在国际层面，不同国家对巴勒斯坦人和加沙地带发生的事情的愤怒情绪正在高涨。

⏮ Now, there are still Israeli hostages captured after October 7th, who also have to be released and that is another significant factor.

现在，10月7日后被扣押的以色列人质仍需释放，这是另一个重要因素。

bilibili 00:11:51

⏮ And if Hamas would somehow agree to turn them over, then perhaps the situation will be completely different, but unfortunately that hasn't happened either.

如果哈马斯能以某种方式同意释放他们，那么情况可能会完全不同，但不幸的是这也没有发生。

⏮ Beginning back to what's going on internationally, even with sort of this, the popular sort of protests that are happening or the process that are happening in these different countries, the statements from the governments you just mentioned about potentially recognizing Palestinian state.

回到国际上正在发生的事情，即使有这些不同国家正在发生的某种流行抗议或进程，以及你刚才提到的政府关于可能承认巴勒斯坦国的声明。

⏮ But I've said on recent other interviews that I really think Prime Minister Netanyahu is only going to listen to President Trump in terms of putting more, for the US to put more pressure on Israel to end the conflict or get to the table for a ceasefire and hammer out some kind of agreement with Hamas.

但我在最近的其他采访中说过，我真的认为内塔尼亚胡总理只会听从特朗普总统的意见，即美国向以色列施加更大压力以结束冲突或促成停火并与哈马斯达成某种协议。

bilibili 00:12:33

⏮ I don't think the other things that have happened at the diplomatic level are really going to move the needle from Prime Minister Netanyahu's calculus.

我认为外交层面发生的其他事情不会真正改变内塔尼亚胡总理的盘算。

⏮ And just on that point, briefly, if you don't mind, but before you go here, we do know Steve Woodcoff has been having meetings there in the region.

关于这一点简单说一下，如果你不介意的话，但在你离开之前，我们知道史蒂夫·伍德科夫一直在该地区举行会议。

▶ He's been really the one trying to push along a ceasefire deal.

他确实是推动停火协议的人。

bilibili 00:12:53

▶ According to many reports, we're hearing that what he wants might be shifting now, and instead of this piecemeal approach, 60 days for half the remaining hostages, what might now be on the table as a new framework, looking at just bringing everybody home for a complete ceasefire.

根据许多报道，我们听说他的要求现在可能正在改变，不再是这种零碎的方法——用60天释放剩余人质的一半，现在摆在桌面上的是一个新框架，旨在让所有人回家并实现全面停火。

▶ Do you think that's something that's workable?

你认为这是可行的吗？

▶ Well, we're going to have to wait and see, but I would have to think from the White House perspective, they want to see an end to this conflict, not only for what's happening on the ground in the Gaza Strip, but also from a domestic political perspective and the potential to widen the Abraham Accords and get other Arab countries in the region into the Accords and all those Arab governments have said until there's either a ceasefire or some kind of road map to Palestinian statehood or sovereignty that there will be no expansion of the Abraham Accords to include Saudi Arabia.

嗯，我们必须拭目以待，但我认为从白宫的角度来看，他们希望看到这场冲突结束，不仅是因为加沙地带正在发生的事情，还出于国内政治考量以及扩大《亚伯拉罕协议》并让该地区其他阿拉伯国家加入协议的潜力。所有这些阿拉伯政府都表示，除非实现停火或某种巴勒斯坦建国或主权的路线图，否则不会扩大《亚伯拉罕协议》以纳入沙特阿拉伯。

bilibili 00:13:46

▶ So these are all things I would have to thank from Steve Woodcoff's perspective on President Trump's White.

因此，这些都是我必须从史蒂夫·伍德科夫的角度来考虑的事情，关于特朗普总统的白宫。

对走私者来说，使用这条路线也不太重要。

 00:17:55

▶ And the majority of these people that end up to be in Yemen, are stranded in Yemen, are on the way to up to the north.

大多数最终到达也门的人滞留在也门，正在前往北部的路上。

▶ The Saudi, as I mentioned, the Mosle from Ethiopia, but also some of them are from Somalia, from other nationalities.

正如我提到的，沙特阿拉伯的移民来自埃塞俄比亚，但也有一些来自索马里和其他国家。

▶ So what happens, actually, there is, unfortunately, the smuggling network that works quite well.

所以实际上，不幸的是，那里的走私网络运作得相当好。

 00:18:17

▶ And last year, for example, the government of Yemen tried to conduct operations to stop the smugglers from the large government rates.

例如，去年也门政府试图采取行动阻止走私者从大政府费率中获利。

▶ And then what we have noticed, that the smugglers tried to find other ways to enter Yemen.

然后我们注意到，走私者试图找到其他方式进入也门。

▶ So this is quite popular smuggling route for the smugglers, to bring the migrants who are desperate and looking for better opportunities and living their countries.

因此，这对走私者来说是一条相当受欢迎的走私路线，可以带来那些绝望、寻找更好机会并离开自己国家的移民。

 00:18:45

▶ And that's also kind of a prey for them, because as far as our understanding goes, it doesn't cost them a lot of money.

这对他们来说也是一种猎物，因为据我们了解，这不需要他们花很多钱。

▶ So it's quite cheaper for them to take those posts.

因此，他们走这些路线相当便宜。

▶ So it's more attractive.

所以更有吸引力。

▶ So the number of people are quite high.

因此人数相当多。

▶ What they do, they put a lot of people in the board, which cannot be capable to carry them.

他们的做法是，在船上塞满很多人，而船无法承载这么多人。

bilibili 00:19:07

▶ So then that's what happens sometimes they get booked capsized.

所以有时会发生船只倾覆的情况。

▶ But most of the time, they reach the shores of the Yemen, and then from there, they try to go up to the north, and I said, to cross the border to Saudi Arabia.

但大多数时候，他们会到达也门的海岸，然后从那里试图前往北部，并越过边境进入沙特阿拉伯。

▶ I wanted to ask you, well, have you here, just on a broader level.

我想问你，嗯，你在这里，只是从更广泛的角度来看。

▶ We saw Greece recently making a controversial decision to deny asylum requests to migrants arriving there for a three month period.

我们看到希腊最近做出了一项有争议的决定，拒绝抵达那里的移民在三个月内提出的庇护申请。

bilibili 00:19:36

▶ What do you make of the way we've been seeing some countries, maybe those in Europe responding to the most recent waves of migration?

你对一些国家（可能是欧洲国家）对最近移民潮的反应方式有何看法？

▶ I would probably not comment on the European part, but I would probably comment on what's happening in Yemen, I'm working here.

我可能不会评论欧洲部分，但可能会评论也门正在发生的事情，我在这里工作。

▶ So yes, we know that that's happening across the world.

是的，我们知道这正在世界各地发生。

⏮ But I've ever heard in Yemen, I would say that even the migrants will end up to be here and get stranded here.

但在也门，我听说过，即使移民最终到达这里并滞留在这里。

bilibili 00:20:04

⏮ Actually, they do find their way to move forward and try to finish their journey.

实际上，他们确实找到了前进的道路，并试图完成他们的旅程。

⏮ So yes, they don't apply for the asylum here.

所以是的，他们不在此处申请庇护。

⏮ As I mentioned, the majority of them are the current migrants looking for job.

正如我提到的，他们中的大多数是寻找工作的流动移民。

⏮ And they know the labour market in Saudi and also to Iran, to some extent, is still there.

而且他们知道沙特阿拉伯的劳动力市场，在某种程度上还有伊朗的劳动力市场仍然存在。

bilibili 00:20:27

⏮ So there's a supply and demand demand there.

所以那里有供需需求。

⏮ So what we believe, that that's the last or what we believe, that's absent is we call it the regular, the regular profit of the migration.

所以我们认为，这是最后的，或者说我们认为缺失的是我们称之为移民的常规利润。

⏮ So what we are advocating for all the member states, all the countries that are dealing with that to look or to enhance their regular pathways so that people could take legal ways in order to migrate instead of being trapped or being deceived by the smugglers and taking those dangerous, dangerous journeys.

因此，我们呼吁所有成员国、所有处理这一问题的国家关注或加强他们的常规途径，以便人们可以采取合法方式移民，而不是被走私者诱骗或欺骗，踏上那些危险、危险的旅程。
