 It's 7pm in London, this is the world today with me, Geitha Guramoofi.

伦敦时间晚上7点，我是吉塔·古拉穆菲，为您带来《今日世界》。

 In many of your macro agrees with Sir Keir's stammer that small boats crossing the channel is a shared problem, but can they find a workable solution?

许多人认同基尔·斯塔默爵士的观点，即穿越英吉利海峡的小船问题是共同难题，但他们能否找到可行解决方案？

🎧 So after all the pageantry of the state visiting, including dinner with King Charles, Sir Keir's stammer and Emmanuel Macron are getting down to the tough stuff today, trying to make real political progress.

在包括与查尔斯国王共进晚餐等国事访问礼仪结束后，基尔·斯塔默爵士与埃马纽埃尔·马克龙今日着手处理棘手事务，力求取得实质性政治进展。

[Back to Top](#)

 00:01:36

🎧 While the pair met earlier at Downing Street, the UK has been pressing for tougher action from France on migrants crossing the channel in small boats.

双方此前在唐宁街会晤期间，英国一直敦促法国对乘小船穿越海峡的移民采取更强硬措施。

🎧 And there are other issues too, such as trade and a peacekeeping mission to Ukraine in the event of any ceasefire with Russia.

其他议题还包括贸易问题，以及若与俄罗斯达成停火后向乌克兰派遣维和部队的可能性。

🎧 At the start of today's meeting, both leaders were keen to stress they were on the same page.

今日会谈开始时，两国领导人均强调立场一致。

[Back to Top](#)

 00:01:55

🎧 We're not just looking back, we're looking forward, whether it's on defence and security, whether it's on trade, whether it's on trade in economy, business opportunities, capabilities.

我们不仅回顾过去，更展望未来——无论是在防务安全、贸易、经济商业机遇还是能力建设方面。

▶ We think alike, we've worked together, and I feel this relationship has shrugged its evidence over the two natural countries.

我们理念相通，合作紧密，我认为这段关系已超越两国自然疆域的界限。

▶ We can feel clearly this close links we have in the French between all two countries, alternations and also, and it's built by the past, our past story, and as well what we did together, there was a past few months, I do believe especially on the Ukraine.

我们能清晰感受到法英两国间的紧密纽带，这种关系建立在共同历史基础上，特别是过去几个月我们在乌克兰问题上的合作。

[Back to Top](#)

 00:02:37

▶ And for me, this state visit into summit are a unique component in this challenging times, to work together on Ukraine and without the important people, without this coalition of the willings, so VTC on the, so they're right after the summit, to build stronger mix and make big moves forward on defence, security, technology, economy.

对我而言，此次国事访问峰会是挑战时期的独特契机，让我们能在乌克兰问题上携手合作，凝聚意愿联盟，在峰会后就防务、安全、科技和经济领域强化协作并取得重大进展。

▶ President Macron and his fellow leaders read out of the private meeting between the two leaders, said they had agreed tackling the threat of a regular migration and small boat crossings is a shared priority that requires shared solutions, and that the two leaders agreed on the need to go further and make progress on new and innovative solutions, including a new deterrent to break the business model of these gangs.

马克龙总统与其同僚宣读两国领导人闭门会议声明，称双方同意将常规移民和小船偷渡威胁作为需共同应对的优先事项，并承诺推进创新解决方案，包括建立新威慑机制瓦解偷渡团伙商业模式。

▶ Well, I speak to our political correspondent Damien Grammatikas, who told us whether we're likely to see anything new agreed in the next couple of days.

接下来连线政治记者达米安·格拉马蒂卡斯，他将分析未来几天是否会有新协议达成。

 00:03:31

▶ I'd say it's politically a very big issue for Kier Starmer, much less so for Emmanuel Macron, but Kier Starmer really wants progress on this.

这对基尔·斯塔默是重大政治议题，对马克龙则不然，但斯塔默迫切希望取得进展。

▶ He, it's been deviled many governments, remember conservative governments talked about stopping the boats, they didn't manage to.

该问题困扰多届政府，保守党曾承诺"阻止偷渡船"却未能兑现。

▶ Kier Starmer came to Paris a year ago talking about smashing the gangs, who were smuggling behind them, the smuggling gangs, and what's happened is that this year, the first six months, they've had, there's been a record number of crossings, 20,000 in the first six months, people arriving on small boats from France.

斯塔默一年前赴巴黎时誓言打击偷渡团伙，但今年前六个月创纪录的2万人乘小船从法国抵英。

 00:04:02

▶ So Kier Starmer under real political pressure at home, seeking this greater co-operation from France.

斯塔默面临国内巨大政治压力，因而寻求法国更多合作。

▶ France has many issues on the table at this summit that are, it thinks are very important.

法国认为此次峰会的多项议题更为重要。

▶ Ukraine and security and defence all sorts of things.

包括乌克兰、安全与防务等各类问题。

▶ But on this one, what they've been talking about is a deal under which the UK could, for people who cross on small boats, send individuals back to France, and for everyone, the idea is taken back.

但关于移民问题，双方讨论的协议允许英国将乘小船抵英者遣返法国。

[Back to Top](#)

---

 00:04:28

▶ France could then transfer an asylum, seeker, with connection to the UK here to be processed and possibly given asylum here.

法国则可将在英有亲属关系的寻求庇护者转至英国审理。

▶ So the UK government's idea would be that this would show, if you cross on a boat, you might well be supposed to be sent back and try to lower the incentive then.

英国政府认为这将降低偷渡动机——乘船者可能被遣返。

▶ France, I think, sees this, but Premier Macron understands the importance of the UK.

法国虽认同此点，但马克龙理解英国的重要性。

[Back to Top](#)

---

 00:04:51

▶ So he said it's a shared problem and they are seeking solutions.

因此他称这是共同问题且正寻求解决方案。

▶ He talked about having the best ever cooperation.

他提到双方正进行"史上最佳合作"。

▶ So I think for the French side on the table are many bigger things, which is Ukraine, defence partnerships, tackling the security issues facing Europe, economic issues, that sort

of thing.

对法国而言，乌克兰、防务合作、欧洲安全挑战及经济问题等更为重要。

▶ Damien Gromatica, so there, let me just show you some of the latest pictures from the Guild Hall as the State Banquette, the city of London Banquette, is going to get underway very soon.

达米安·格罗马蒂卡报道至此。现在切换至伦敦市政厅国宴现场画面，宴会即将开始。

[Back to Top](#)

 00:05:21

▶ President Macron and his starmer and others, due at that Banquette, and this is all part of the ceremonial of a state visit, it's a three-day trip.

马克龙总统、斯塔默等人将出席宴会，这是为期三天国事访问的礼仪环节。

▶ There have been political discussions between both leaders today, focused on migration and Ukraine as we've been hearing, after that very lavish Banquette last night at Windsor.

继昨晚温莎城堡奢华宴会后，两国领导人今日就移民和乌克兰问题进行了政治磋商。

▶ And the whole visit started with a day of royal pageantry yesterday.

整个访问以昨日的王室礼仪活动拉开序幕。

[Back to Top](#)

---

 00:05:53

▶ Today has been more focused on the politics.

今日则更聚焦政治议题。

▶ And we're going to see this evening, a Banquette in the city of London.

今晚将举行伦敦金融城宴会。

▶ We will go back to that and keep an eye on it as the leaders arrive.

我们将持续关注领导人抵达情况。

▶ Well, as we've mentioned, one of the key issues the leaders face is the small boats crossing the channel from France to England.

如前所述，领导人面临的关键问题之一是从法国穿越海峡至英格兰的小船偷渡。

▶ The French government has suggested one of the key means of stopping them is to rein in the UK's informal economy.

法国政府提出遏制英国非正规经济是阻止偷渡的关键手段。

[Back to Top](#)

---

 00:06:16

▶ Ben Chou from BBC Verify has been looking into whether illegal work is a pull factor for those trying to make that hazardous journey.

BBC核查记者本·周正在调查非法工作是否为偷渡者的主要诱因。

▶ Dealing with the migrants arriving by small boats in the channel will be at the heart of the discussions between Kierstama and President Macron during the state visit this week.

处理乘小船穿越海峡的移民问题将是基尔斯塔默与马克龙总统本周国事访问的核心议题。

▶ The number of people claiming asylum in the UK, including those who arrived in small boats, hit a record high in 2024.

2024年英国庇护申请人数（含乘小船抵英者）创历史新高。

[Back to Top](#)

---

 00:06:40

▶ So why do asylum seekers want to come to the UK?

为何寻求庇护者选择英国？

▶ Well, the French government has claimed that the UK's informal economy, where tax isn't paid and people can be employed without legal status and proper documentation, is a structural pull factor and something that needs to be tackled by the UK government.

法国政府称英国非正规经济（不纳税、可非法雇佣）是结构性诱因，需英政府解决。

▶ The suggestion is that asylum seekers come to the UK because they believe they will be able to work in this shadow sector.

该观点认为寻求庇护者因预期能在影子经济工作而选择英国。

[Back to Top](#)

---

 00:07:06

▶ So is this supported by the evidence?

是否有证据支持？

▶ Well, estimating the size of the informal economy is not simple for obvious reasons.

因明显原因，估算非正规经济规模并不简单。

▶ Nevertheless, here's one recent study from researchers at the European Parliament, which suggests the size of the UK's was around 11% of the total economy in 2022, which was actually lower than the estimate for France of around 14%.

但欧洲议会研究显示，2022年英国非正规经济占比约11%，低于法国的14%。

[Back to Top](#)

---

 00:07:31

▶ And lower than the average of 31 European countries than around 17%.

也低于31个欧洲国家约17%的平均水平。

🎧 Now, there might be opportunities for asylum seekers to illegally work in the UK shadow economy.

寻求庇护者或有机会在英国影子经济非法工作。

🎧 And the government has accepted the need for more enforcement in this area.

政府已承认需加强该领域执法。

🎧 Yet, this evidence, at least, doesn't suggest the UK is an outlier in the European context when it comes to the size of this sector.

但至少该证据未表明英国在此领域是欧洲异类。

[Back to Top](#)

---

 00:07:54

🎧 And when it comes to pull factors for asylum seekers, the picture is complex.

寻求庇护者的动机因素复杂。

🎧 But the migration observatory think tank says research suggests the English language and existing family connections are often most important.

移民观察站智库研究指出，英语环境和现有家庭联系通常最关键。

🎧 And in terms of access to benefits and rights to work legally, points out that the UK is more restrictive than many European countries.

在福利获取和合法工作权利方面，英国比多数欧洲国家更严格。

[Back to Top](#)

---

 00:08:16

▶ When it comes to overall numbers of asylum seekers, the migration observatory also stresses the importance of push factors such as conflict and rising political instability in the countries from which the applicants are coming.

移民观察站强调，申请来源国的冲突和政治动荡等"推力因素"对庇护总量影响重大。

▶ Now, it's worth also bearing in mind that asylum applications have risen sharply in recent years, not just in the UK, but right across Europe.

需注意近年来庇护申请激增现象遍及全欧，不仅限于英国。

▶ Claims are up in countries like France, Germany, Spain and Italy.

法国、德国、西班牙和意大利的申请量均上升。

[Back to Top](#)

---

 00:08:45

▶ And they are higher in absolute numbers in those countries than the number of claims submitted in the UK.

这些国家的绝对申请量均高于英国。

▶ That points to the greater importance of common international push factors relative to the UK economy-specific pull factors when it comes to what's been driving UK asylum claims.

这表明国际共同推力因素比英国经济特有拉力因素对庇护申请的影响更大。

▶ Ben Chiu, well, I'm Drina Bipiniak-Kubis from the Migration Observatory at Oxford University.

本·周报道至此。接下来连线牛津大学移民观察站的德里娜·比皮尼亚克-库比斯。

🎤 Thanks for being with us.

感谢参与。

🎤 In terms of the actual numbers, first of all, of crossings, are they reliable because we have seen this very big rise?

关于偷渡实际数字——鉴于大幅增长——其可靠性如何？

🎤 Yes.

可靠。

🎤 So, in general, we believe that the numbers that we're seeing from the government are fairly reliable.

我们认为政府公布的数据总体可信。

🎤 One big reason for that is the vast majority of people who come by small boats to the UK end up applying for asylum here so they have a strong incentive to reveal themselves to the authorities in order to do so.

主因是绝大多数乘小船抵英者最终申请庇护，因此有强烈动机向当局申报。

[Back to Top](#)

---

 00:09:40

🎤 And is there evidence that increased enforcement or deterrence at the French coast can cut crossings?

加强法国海岸执法或威慑能否减少偷渡？

🎤 It depends about the exact measures that we're talking about.

取决于具体措施。

🎤 Of course, in the last year, we've seen enforcement measures being ramped up in terms of cooperation with the French police trying to disrupt supply chain of boats to the French coast, but also just generally patrols on French beaches trying to prevent crossings.

过去一年执法措施已加强，包括与法国警方合作切断船只供应链及加强海滩巡逻。

[Back to Top](#)

---

 00:10:10

⏮ Those measures haven't had the desired effect in large part because smuggling gangs have been fairly adept at responding to these challenges and changing their strategy.

但效果有限，因偷渡团伙善于调整策略应对挑战。

⏮ Now, it is very important to see whether the new measures discussed with the French government that we might see an announcement on tomorrow, especially boat pullbacks within 300 meters of the French coast.

关键在于明日可能宣布的与法国政府商定的新措施——特别是法方海岸300米内船只遣返政策。

⏮ Those kinds of physical measures to stop roads from leaving in theory could have an effect although the devil will be in the details when it comes to implementation.

此类实体拦截措施理论上有效，但实施细节决定成败。

[Back to Top](#)

---

 00:10:46

⏮ And other examples from other parts of the world that have been successful.

全球其他地区有成功先例。

⏮ There are several examples where at least in the short-range physical enforcement led to a decrease in irregular arrivals.

至少短期内，实体执法曾导致非常规入境减少。

⏮ There is a case in Australia back in the 2010s where both pushbacks in that case led to a decrease in arrivals, but also the EU has been trying in recent years to sign agreements with

countries around them in the Iranian-like Turkey, like Libya.

如2010年代澳大利亚的遣返政策，以及近年欧盟与土耳其、利比亚等周边国家的协议。

[Back to Top](#)

---

 00:11:15

▶ And in the short run, a lot of those cases we saw the increase in arrivals.

短期来看，许多案例中入境人数确实下降。

▶ The real challenge though is how gangs respond to these measures and whether we see a diversion towards other routes and other ways of getting here to the UK.

真正挑战在于偷渡团伙如何应对，以及是否转向其他赴英路线。

▶ And what are the reasons that we know for the huge numbers coming to the UK, given people coming from France?

从法国出发的偷渡者激增原因何在？

[Back to Top](#)

---

 00:11:41

▶ It's very difficult to pinpoint the exact reasons.

难以确定具体原因。

▶ There's the underlying push factors, instability and conflict in countries of origin.

根本推力因素包括来源国动荡与冲突。

▶ There's the issue of family ties in the UK and just generally the pull of the UK as an English-speaking country that it tends to be seen as fairly welcoming to refugees.

家庭纽带、英语环境及英国对难民相对友好的声誉也有影响。

▶ And another factor that may have played the role is Brexit in terms of the UK's departure from the so-called Dublin system before that asylum seekers in theory could be sent back to the country of first arrival within the EU.

脱欧也是因素——英国退出《都柏林公约》后，理论上无法将寻求庇护者遣返其欧盟首入国。

[Back to Top](#)

---

 00:12:22

▶ And there is evidence from the French coast that migrants are aware that they can't be sent back from the UK under this system.

有证据显示法国海岸的移民知晓此政策。

▶ And it may have played the role as an additional pull factor into the UK.

这可能成为选择英国的附加拉力因素。

▶ You can hear Cubist.

你能听到立体派的声音。

▶ Thank you very much indeed for your time.

▶ Most of them in the direction of Lutzk in the far west.

其中大部分飞往最西部的卢茨克方向。

▶ Now, many of those drones are explosive.

许多无人机携带爆炸物。

▶ Others are dummies designed to overwhelm and confuse Ukraine's air defence system, paving the way for cruise missiles and ballistic missiles, which are the weapons that really do the most damage.

其他则是诱饵，旨在压垮和迷惑乌克兰防空系统，为真正造成重大伤害的巡航导弹和弹道导弹开路。

 That is pretty much a state secret, but we know that that's an important logistics base and also probably a base where the Ukrainian Air Force flies some of its jets, possibly including Western supplied F-16s.

其一，尽管停火呼声不断，但普京显然对此毫无兴趣。

▶ Is Donald Trump changing his position?

特朗普正在改变立场吗？

▶ And do we know whether Pete Hexeth, the defence secretary, made that decision on cutting support for Ukraine unilaterally or was it cleared by the White House?

国防部长皮特·赫克瑟削减对乌援助的决定是单方面行动，还是经过白宫批准？

▶ Well, to take the second question first, as far as we can tell, at least from reporting, Hexeth made the decision to pause those shipments on the advice of one of his undersecretaries.

先回答第二个问题，据现有报道，赫克瑟是在某位副手建议下做出暂停军援决定。

▶ And so there's kind of a bit of chaos over at the Pentagon, because Hexeth doesn't really have a functioning chief of staff.

五角大楼因此陷入混乱，因为赫克瑟没有真正运作的幕僚长。

▶ He has no one dealing with the White House or the State Department.

他缺乏与白宫或国务院的联络人。

[Back to Top](#)

 00:17:27

▶ This is endemic to this administration, this kind of disorganization.

这种混乱是本届政府的通病。

▶ On whether Trump's actually changed his mind, it's very hard to say Trump doesn't really conceive of things beyond his own personal interest.

关于特朗普是否真的改变主意，很难说——他通常只考虑个人利益。

▶ And he may be changing his tune for the time being, because Putin has humiliated him.

当前改变态度可能是因为普京让他难堪。

▶ And one thing the president doesn't like is to have people in barrisome or humiliate him.

这位总统最讨厌被人轻视或羞辱。

[Back to Top](#)

 00:17:50

▶ And so this may be a temporary change in direction.

因此这可能只是暂时转向。

▶ But for me, for those of us who are more skeptical, we'll believe it when we see the weapons actually get to Ukraine.

但对包括我在内的怀疑者而言，只有看到武器真正运抵乌克兰才会相信。

▶ Like, what are Donald Trump's options if he does choose to change direction?

如果特朗普确实转向，他有哪些选项？

▶ Well, the United States has plenty of weapons, including your defense weapons and artillery and other systems that we don't really need outside of Europe.

美国拥有大量武器，包括防御武器、火炮等在欧洲以外并不急需的系统。

[Back to Top](#)

 00:18:18

▶ The Ukrainians are fighting the war that a lot of those weapons were designed for.

乌克兰人正在进行的战争正是这些武器的设计用途。

▶ The halt that the Pentagon was based on an evaluation that turned out to be erroneous, that these weapons should be hoarded and somehow sent to the Pacific theater in the event of a conflict with China.

五角大楼暂停援助的依据是错误评估——这些武器应囤积以备与中国在太平洋冲突时使用。

▶ But even a report by the American joint staff made it clear that that just wasn't very good reasoning and that the defense department just was just wrong on this and that we can send those weapons to Ukraine.

但美军参谋长联席会议的报告明确指出这种逻辑站不住脚，国防部判断错误，这些武器可以援乌。

 00:18:49

▶ So the president actually has a lot of options with a lot of systems at that point.

因此总统实际上有很多武器系统可供选择。

▶ And how secure is Pete Hegseth in his post given all the criticism of him?

面对诸多批评，皮特·赫格瑟的职位是否稳固？

▶ The president doesn't like to fire people if he thinks it's going to give a win to his political enemies or to the media.

若认为解雇会让政敌或媒体得利，总统通常不会开除人。

▶ So for the time being, he seems to like Hegseth personally.

目前他个人似乎喜欢赫格瑟。

[Back to Top](#)

▶ You know, president Trump really is a strong believer in watching a lot of television.

要知道特朗普非常热衷看电视。

▶ And that's where he found Hegseth.

他正是通过电视相中赫格瑟。

▶ And so for the time being, it seems like Hegseth job is secure.

因此目前赫格瑟的职位看似稳固。

▶ But that's been true of a lot of Trump appointees right up until the day the job wasn't secure.

但许多特朗普任命者都是如此——直到突然被解职那天。

▶ So there's really no way to tell, but it doesn't seem like in like Hegseth's in any danger at the moment.

所以难以断言，但赫格瑟目前似乎没有危险。
