

Trump Envoy Meets Putin Amid Ukraine Crisis; US Slaps New Tariffs on India

【BBC News 20250808 美俄特使会晤乌克兰局势紧张 特朗普加征印度关税施压】

Summary: Trump's envoy Steve Winkov met with Russian President Vladimir Putin in Moscow amid ongoing Ukraine tensions. The U.S. simultaneously imposed 25% tariffs on Indian goods, citing India's indirect support for Russian oil imports. While Trump claimed progress in talks, expectations for a Ukraine ceasefire remain low as Russia continues military operations. Experts suggest the tariffs aim to pressure Russia through economic allies like India.

 00:05:38

▶ Yeah, it is because President Trump has often been criticized for not being tough enough on Russia.

是的，他常被批评对俄软弱。

🎧 I mean, those who really do not like Donald Trump have often suggested there's some sort of like obligation he has to Vladimir Putin that he's somehow scared of him, that he's under his thumb or what have you.

▶ Do you think that patience is wearing thin for President Trump when it comes to Russia's involvement in this war?

▶ Well, I think the patience is wearing thin.

我认为确实如此。

bilibili 00:07:05

▶ But he did set Friday as a deadline for sanctions on Russia too.

问题在于他如今提及可能与普京、泽连斯基举行峰会。

▶ Is this in lieu of lowering the boom on Russia this Friday?

这是否替代了周五的严厉制裁？

▶ Because of it is that that's not a strong look.

若是如此则显得软弱。

▶ And only the real danger of strong American actions could move Putin to agree to ending the shooting in Ukraine.

唯有美国采取强硬行动才可能迫使普京停火。

▶ And when you say strong action, what do you mean by that?

您所说的强硬行动具体指什么？

 00:08:03

▶ What do you mean by that?

请详细说明？

▶ Well, there are two elements to this.

包括两方面。

▶ One is American weapons going in adequate number and advance weapons to Ukraine.

一是向乌克兰提供足够数量的先进武器。

▶ And I'll be in pay for it by the Europeans and maybe by the Ukrainians themselves.

可由欧洲或乌克兰自身承担费用。

▶ That's one.

此其一。

▶ And two serious economic punishment for continuing the war.

二是对持续战争实施严厉经济惩罚。

▶ And I would call the steps taken within India a very good beginning.

对印度加税是良好开端。

 00:08:30

▶ But if that's it then that's not that strong.

但若仅止于此则力度不足。

▶ And he did say in his comments today as well that discussions in the days and weeks ahead alluding to the fact that this Friday's deadline isn't really a strong line in the sand.

他今日言论提及未来数周讨论，暗示周五并非硬性期限。

▶ Well, I think that's a reasonable inference, but it isn't inference.

这是合理推测。

▶ If people draw that conclusion, I understand.

若公众如此理解也很自然。

▶ I'll wait to Friday to see, but I understand why people draw that conclusion.

我将观望周五进展，但理解民众看法。

bilibili 00:08:57

▶ And do you think that other countries like India might also be drawn into this?

您认为印度等国是否会被卷入？

▶ Well, the EU already put some very serious new sanctions on Russia in the previous weeks.

欧盟近期已实施严厉新制裁。

▶ If Trump were to join those now, that would meet my definition of some serious sanctions on Moscow.

若特朗普跟进则构成实质性制裁。

▶ Although we have no indication he's going to do that.

尽管暂无迹象显示他会这样做。

▶ And what do you think Putin would be thinking or do you think his next move will be?

您认为普京的下一步行动？

bilibili 00:09:26

▶ Well, I'm not surprised by what's happened today.

今日进展并不意外。

▶ I recall what happened in the middle of May when it seemed that Stomer and Macron and Trump himself with Zelensky had agreed to impose serious sanctions on Russia in a day or two if Russia was continuing its military operation.

想起五月中旬，斯托默、马克龙、特朗普与泽连斯基曾商定：若俄持续军事行动将立即实施严厉制裁。

▶ And then Putin counted by suggesting talks.

但普京提议谈判后制裁不了了之。

▶ And then suddenly Trump was no longer all in for putting in those sanctions.

特朗普态度随即软化。

bilibili 00:09:55

▶ So this looks a little bit like a repeat of that.

当前情况似曾相识。

▶ But I'll get a hold on my final judgment to see if we don't see additional steps, the difficult sanctions on Russia by the end of the week.

我将保留最终判断，观察周末前是否出台额外制裁。

▶ Yeah, and so what will you be looking out for then a strong signal from the US or from a President Putin is to which might tell us which way this is going to go on Friday?

您将关注哪些决定周五走向的关键信号？

bilibili 00:10:13

▶ Well, if Putin were to announce tomorrow or Friday that he's told his forces to stop shooting at Ukrainians, that means we may be approaching the ceasefire, Trump's been seeking since he had to offer us for a second time.

若普京明后日宣布停火指令，则可能实现特朗普寻求的和平。

▶ Alternatively, if he doesn't, and Trump were to put some serious new sanctions on Russia and the ideas are out there, then I would say that Trump is keeping his promise to make Russia pay a price for not ending the shooting.

若普京拒绝且特朗普实施新制裁，则表明其兑现了让俄付出代价的承诺。

▶ John, thank you so much for your thoughts.

约翰，感谢您的见解。

 00:10:44

 Really appreciate your time.

非常感谢。

 US ambassador to Ukraine, John Herbst.

前美国驻乌大使约翰·赫布斯特。

 And we just to quickly apologize for that audio crackling that we heard just towards the end of that chat.

对刚才通话末尾的杂音致歉。

 Let's bring in our panel.

现在请进专家小组。

 We mentioned Hillary, Rosen, and Amanda, Mackie with us tonight.

今晚嘉宾是希拉里·罗森与阿曼达·麦基。

 Very good to see you both.

欢迎二位。

 And before we come to the questions I do want to note, there has been some speculation the New York Times has been reporting as we heard the former ambassador.

需指出，《纽约时报》正如前大使所言报道了相关猜测。

 00:11:05

 They're also speaking about a possible summit between Donald Trump, of Volodymyr Zelensky and Vladimir Putin.

提及特朗普、泽连斯基与普京可能举行峰会。

 And we have now seen the White House press secretary, Caroline Levitz, say that, quote, the Russians expressed their desire to meet with President Trump.

白宫发言人卡罗琳·莱维茨称："俄方表示希望与特朗普总统会晤"。

▶ The President is open to meeting with both President Putin and President Zelensky.

"总统愿同时会见普京与泽连斯基"。

bilibili 00:11:23

▶ President Trump wants this brutal war to end.

"特朗普总统希望结束这场残酷战争"。

▶ Not clear at this point where or when these meetings would take place.

具体时间地点尚未确定。

▶ And in fact, the White House has said that the location of any possible meeting has not yet been determined.

白宫称会议地点仍未敲定。

▶ So that at the moment is a backdrop to all of this, but I'll start with you, Amanda.

这是当前背景，首先请问阿曼达。

▶ At this point, do you think there is real momentum if these three leaders were to meet that there could actually be moved towards a ceasefire?

若三方能会晤，是否真可能推动停火？

bilibili 00:11:49

▶ I do.

我认为可以。

▶ And if you remember what happened with Turkey and that kind of debacle, it didn't happen actually in the end.

此前土耳其会谈无果而终。

▶ And so Zelensky showed up, but President Trump wouldn't, because Putin wouldn't.

当时泽连斯基到场，但因普京缺席导致特朗普未赴约。

▶ So I think this is a great opportunity, if they can, I think that it has come to a boiling point now where Trump is actually calling out those countries like India, who are purchasing oil from Russia, and saying, we're going to slap you with 50 percent tariffs.

当前特朗普通过对印度等国加征50%关税施压，局势已到临界点。

bilibili 00:12:20

▶ We're going to double the tariffs on you.

"我们将加倍关税"。

▶ If you continue to be complicit in what is happening to the Ukrainian people.

"若继续在乌克兰问题上充当帮凶"。

▶ So I think this is a great opportunity.

因此这是重要机遇。

▶ And I think just the meeting with Stephen Whitkopf and Putin today signals that there is movement.

温科夫今日与普京会面已显示进展。

▶ And if the three of them meet, I think that would be a great next step in establishing what we all want to see, which is an end to this war.

如果他们三人会面，我认为这将是实现我们共同愿望——结束这场战争的重要下一步。

bilibili 00:12:47

▶ Hillary, I want to get your take on this as well, because we just heard the former ambassador say, look, if these three leaders meet, if that is in lieu of, as he said, lowering the boom on Russia, that won't be effective.

希拉里，我也想听听你的看法，因为我们刚刚听到前大使说，如果这三位领导人会面，如果这替代了他所说的对俄罗斯施压，那将不会有效。

▶ What's your take?

你怎么看？

▶ Well, I think we need to put this in some context for President Trump.

我认为我们需要为特朗普总统提供一些背景。

▶ We have to remember that during his election campaign, he promised the American people this war would end on day one of his presidency, and even said that had he been president during the time that Putin invaded Ukraine, he would not have done it.

我们必须记住，他在竞选期间向美国人民承诺，这场战争将在他就任总统的第一天结束，甚至表示如果他在普京入侵乌克兰时是总统，他不会让这件事发生。

bilibili 00:13:21

▶ So I think his patience has run out with Vladimir Putin, and he wants to fulfill this commitment that he made to the American people to get the U.S. out of this war to keep Ukraine essentially away from Russia.

所以我认为他对普京的耐心已经耗尽，他希望兑现对美国人民的承诺，让美国摆脱这场战争，使乌克兰远离俄罗斯。

▶ And he is now deep in it.

他现在已深陷其中。

▶ He's recently come out in favor of sending more arms to Ukraine.

他最近公开支持向乌克兰提供更多武器。

▶ He's met Zelensky twice.

他已两次会见泽连斯基。

bilibili 00:13:51

▶ He I think recognizes that Vladimir Putin, despite their long relationship, what was always perceived as a good relationship, may not really care what Donald Trump thinks.

我认为他意识到，尽管他们长期关系良好，普京可能并不真正在乎特朗普的想法。

▶ He just wants Ukraine's territory.

他只想要乌克兰的领土。

▶ And because of that, this bank shot of trying to put pressure on Russia's other allies to pressure Russia in a way that, frankly, the U.S. has not been very effective in doing, is kind of this next move.

因此，这种试图通过施压俄罗斯的其他盟友来间接施压俄罗斯的策略，坦白说美国之前并不太成功，现在成了下一步行动。

 00:14:22

▶ So I think he would very much like to meet with Putin.

所以我认为他非常希望与普京会面。

▶ The question is whether Putin is going to subject himself to a meeting where he knows that he's going to be reluctant to agree with President Trump and Vladimir and Zelensky.

问题在于普京是否愿意参加一场他知道自己会不愿与特朗普、泽连斯基达成一致的会议。

▶ And Amanda, what's your read then on President Putin and what he must be thinking at the moment?

阿曼达，你对普京总统及其当前想法有何解读？

 00:14:41

▶ Now that President Trump has now brought a third party country in the form of India into play.

既然特朗普总统现在将第三方国家印度拉入局中。

▶ I think behavior is an action.

我认为行为即行动。

▶ And what we have seen is that Putin is now at the table.

我们看到的是，普京现在已坐到谈判桌前。

▶ Putin is now having a good discussion, according to President Trump.

据特朗普总统所说，普京现在正在进行良好讨论。

▶ And President Trump has reached out to other European leaders on this.

特朗普总统还就此与其他欧洲领导人进行了接触。

 00:15:01

▶ So I think that there is movement.

所以我认为局势正在变化。

▶ Like it or hate it, we never saw this happen during the Biden administration.

无论喜欢与否，我们在拜登政府时期从未看到这种情况。

▶ So we have to give credit where credits do.

因此我们必须给予应有的肯定。

▶ Even to the naysayers who don't want to give President Trump credit for this.

即使是对不愿肯定特朗普总统的人也是如此。

▶ He's targeting President Putin and he is going after other countries that he believes are being complicit in this and his latest target is India.

他正针对普京总统，并追究他认为与此事共谋的其他国家，最新目标是印度。

 00:15:24

▶ So I think the fact that there is even a discussion that has happened in Moscow today at the Kremlin with Stephen Whitkopf, I think is a great first step.

所以我认为今天在莫斯科克里姆林宫与斯蒂芬·惠特科普夫的讨论已是重要的第一步。

▶ But getting the three together, Putin, Zelensky and President Trump, I think would be the ultimate.

但让普京、泽连斯基和特朗普总统三人会面，我认为才是最终目标。

▶ Do you think that President Trump will envision a time where he'll supply more weapons directly to Ukraine?

你认为特朗普总统会考虑未来直接向乌克兰提供更多武器吗？

 00:15:47

▶ We know that he did allow for weapons to be sold to Europe to then be given to Ukraine.

我们知道他曾允许向欧洲出售武器再转交乌克兰。

▶ Do you think President Trump will have that almost in his back pocket, I guess, that he could have that threat that he could supply a more long-range missiles, perhaps, or more arms to Ukraine directly?

你认为特朗普总统是否会保留这一选项，比如威胁直接向乌克兰提供远程导弹或更多武器？

▶ He always has the threat available.

他随时可以发出威胁。

▶ And he's very good at using threats and that is something that Putin should pay attention to.

他非常擅长利用威胁，这是普京应该注意的。

bilibili 00:16:11

▶ Amanda?

阿曼达？

▶ I think he uses things strategically.

我认为他策略性地运用这些手段。

▶ So he sees an opportunity to thumb the eye of Putin and he goes to Ukraine and says, we're going to help you.

他看到机会挑衅普京，于是前往乌克兰表示"我们会帮助你"。

▶ The meeting that they had in Washington, D.C., back in February was a complete debacle.

他们二月份在华盛顿的会面彻底失败。

▶ I don't know that anyone thought that Zelensky and Ukraine were going to be able to recover from that.

我不认为有人当时觉得泽连斯基和乌克兰能从中恢复。

bilibili 00:16:35

⏮ However, President Trump saw an opportunity to go after President Putin and what he did was healthy Ukrainian people.

但特朗普总统看到了追击普京的机会，他的行为实际上帮助了乌克兰人民。

⏮ So these are all strategies.

这些都是策略。

⏮ These are all tools that he is using to effectuate the end to this war, which is something he promised when he campaigned on ending this war.

这些都是他用来实现结束战争承诺的工具，正如他竞选时承诺的那样。

⏮ Amanda, Hillary, do you say whether you have plenty more to discuss around the world and across the UK?

阿曼达、希拉里，你们是否还有更多关于全球和英国的话题要讨论？

 00:16:59

我们提到传染病专家和医生强烈反对小罗伯特·F·肯尼迪的主张。

 00:19:51

▶ And they say these mRNA vaccines not only saved millions of lives in the COVID-19 pandemic, but were able to do so quickly.

他们认为mRNA疫苗不仅在新冠疫情中拯救了数百万生命，而且能快速做到这一点。

▶ How dangerous do you think this move could be?

你认为这一举措有多危险？

▶ Well, I think it's shortsighted of the Secretary to say that we can't develop other upper respiratory vaccines if we continue to invest in mRNA.

我认为部长说继续投资mRNA就无法开发其他上呼吸道疫苗是短视的。

▶ And let's all remember that the development of these vaccines were started by Donald Trump.

我们应记住这些疫苗的研发始于特朗普。

 00:20:23

▶ Donald Trump doesn't get enough credit, actually, for how many resources he put into the development of the COVID vaccines and much of what Barda, which is the US agency that develops vaccines, particularly in emergency, did was under President Trump's direction.

特朗普对新冠疫苗研发的投入未获足够认可，Barda（美国疫苗研发机构，尤其在紧急情况下）的许多工作是在他指导下完成的。

▶ And those were, in many cases, life-saving helps.

这些在很多情况下是救命的帮助。

▶ Then vaccines got terribly politicized in the US in a way that they haven't really been in Europe and in the UK.

随后疫苗在美国被严重政治化，这在欧洲和英国并未发生。

bilibili 00:20:55

▶ And that's unfortunate.

这很不幸。

▶ And it's unfortunate now that the Secretary is adhering to sort of an anti-vaccine mindset.

现在部长坚持反疫苗思维也很不幸。

▶ One other point, he's doing this not just with upper respiratory vaccines and flu vaccines and anti-virus vaccines, which are necessary in preparation for potentially another pandemic.

另一点是，他不仅对上呼吸道疫苗、流感疫苗和抗病毒疫苗这样做——这些对防范未来大流行很有必要。

▶ He's talking down measles vaccines.

他还在贬低麻疹疫苗。

bilibili 00:21:22

▶ And we've seen the measles increase in children across the United States in very dangerous pockets.

我们看到美国多地出现危险的儿童麻疹疫情。

▶ And so this really shouldn't be a partisan political issue.

这不应成为党派政治问题。

🎧 And he really just doesn't want to listen to science on this in a way that, frankly, President Trump always did.

坦白说，他在这件事上不愿听取科学意见，而特朗普总统总是愿意。

🎧 I want to get your take on that.

我想听听你的看法。

🎧 And I should say, at the time of the COVID-19 pandemic, the vaccines were deeply polarizing in the UK, in continental Europe as well.

需要说明的是，新冠疫情期间疫苗在英国和欧洲大陆也极具争议性。

 00:21:51

🎧 So there are parallels there.

所以存在相似之处。

🎧 But I'm curious to hear what you make of that last point from a Hillary just there that President Trump has, usually, believed in science in this sense.

但我好奇你如何看待希拉里最后一点——特朗普总统通常相信这方面的科学。

🎧 Well, I think President Trump has said since 2020 that this was a Dr. Fauci creation and that he doesn't agree with it.

我认为特朗普总统自2020年以来就表示这是福奇医生的创造，他并不同意。

🎧 And in fact, if we go back to the primary last year between President Trump and Ron DeSantis, this was something that Ron DeSantis brought about with regards to Dr. Fauci and how President Trump followed his suggestions, his recommendations.

事实上，如果我们回顾去年特朗普与德桑蒂斯的初选，德桑蒂斯曾就福奇医生及特朗普如何遵循其建议提出质疑。

 00:22:31

🎧 So I don't think this is really a surprise to anyone that the mRNA vaccines, they would be clawing back of these 20 programs, \$500 million in government contracts.

所以mRNA疫苗被叫停20个项目、5亿美元政府合同并不令人意外。

▶ I'm certainly not surprised.

我毫不意外。

▶ And if you see kind of the happiness, the boisterousness of people like Marjorie Taylor Green and other members who are of that megabase, this is exactly what they wanted.

如果你看到马乔里·泰勒·格林等核心支持者的欢欣鼓舞，这正是他们想要的。

bilibili 00:22:57

▶ This is exactly what they wanted to see.

这正是他们希望看到的。

▶ So you do see a lot of people on social media saying, this is exactly what I voted for.

社交媒体上很多人说"这正是我投票支持的结果"。

▶ There have been a lot of people who have been injured by vaccines.

很多人因疫苗受伤。

▶ There's been a lot of deaths that have happened just very unexpectedly of young athletes who got the shot.

许多接种疫苗的年轻运动员意外死亡。

▶ So I think a lot of Americans are still wondering what exactly they put in their own bodies.

所以很多美国人仍在疑惑自己体内究竟被注入了什么。

bilibili 00:23:17

▶ I'm happy to feel.

我很高兴感受到。

▶ Just a little fact checking here on what Amanda just said with all due respect, which is the problem with Dr. Fauci politically was not the development of the science of vaccines, was not the development of vaccines, which President Trump did herald and did initiate.

稍作事实核查（无意冒犯）：福奇医生的政治问题不在于疫苗科学或疫苗研发——特朗普总统确实倡导并启动了这些。

▶ The problem was the mandatory taking of vaccines and the mandatory masking and the closing of schools and the other public health decisions that were made in retrospect poorly by many of those public health officials.

问题在于强制接种、强制口罩令、学校关闭等公共卫生决策——事后看来许多决定很糟糕。

bilibili 00:23:50

▶ But that had nothing to do with whether or not it is important for science to be moving forward developing vaccines.

但这与科学推进疫苗研发的重要性无关。

▶ Yeah, Amanda, I just want to come back to you as well and to make another point about the success that the vaccines did have when it came to COVID.

阿曼达，我想再请你谈谈疫苗在新冠中的成功。

▶ I was based out in Singapore at the time.

我当时驻新加坡。

▶ And the region really did be the side of relief when people were taking the vaccines.

该地区民众接种疫苗后确实感到宽慰。

bilibili 00:24:11

▶ And it saved thousands and thousands of lives.

这拯救了成千上万生命。

▶ Do you feel safer now that the funding for these sorts of vaccines has been taken away, given the fact that another pandemic, like we experienced from COVID, could happen again?

考虑到可能再次出现类似新冠的大流行，这类疫苗资金被撤后你是否感到更安全？

▶ Well, maybe I'm not the right person to ask because my father had an adverse reaction and he ended up getting shingles as a result of it.

或许我不适合回答，因为我父亲出现不良反应并因此患上带状疱疹。

bilibili 00:24:33

▶ So he was one of the first as a surgeon.

作为外科医生他是首批接种者之一。

▶ He was one of the first at his hospital who had to get the vaccine from Moderna and he had a very adverse reaction.

他是医院首批接种Moderna疫苗的人，反应严重。

▶ So I've been following closely what people have gone through me myself.

因此我一直密切关注人们的经历。

▶ I got COVID and I was able to treat it with Ivermectin.

我感染新冠后用伊维菌素治疗。

▶ And I know a lot of people feel very strongly against it.

我知道很多人强烈反对它。

 00:24:54

▶ But I can tell you just how sick I was.

但我可以告诉你我当时病得多重。

▶ For 14 days, I was not getting better.

14天里我病情没有好转。

▶ I was getting worse.

反而恶化。

▶ And Ivermectin was able to help me.

伊维菌素帮助了我。

▶ Now I had not taken a vaccine at that point.

当时我还没接种疫苗。

▶ It wasn't available to me because of my age group.

因年龄组别无法接种。

▶ I was very early on.

当时疫情初期。

▶ But these are the types of things that Americans will say we didn't have to take these vaccines.

但美国人会说我们本不必接种这些疫苗。

bilibili 00:25:12

▶ And now we don't know what was in those vaccines because they were developed so very quickly.

现在我们不知道疫苗含有什么，因为它们研发得太快。

▶ Amanda, sorry to hear about the adverse reaction that your father did have.

阿曼达，对你父亲的不良反应感到遗憾。

▶ But Hillary, I want to ask you this just very quickly.

但希拉里，我想快速请教。

▶ There's a lack of trust and science that we're seeing here, isn't there?

我们看到的是对科学缺乏信任，对吗？

▶ There's a huge lack of trust and science.

对科学极度缺乏信任。

bilibili 00:25:30

▶ And it's unfortunate.

这很不幸。

▶ And I think public health everywhere is suffering for it.

我认为全球公共卫生正因此受损。

▶ But political leadership bears a lot of responsibility for this.

但政治领导层对此负有重大责任。

▶ You know, in the U.S., I know you've been in Paris and the vaccines were controversial in the U.K., U.S. Public schools were closed for like a year.

在美国，公立学校关闭约一年——我知道你在巴黎，英国疫苗也有争议。

▶ I mean, in the U.K., it was maybe six weeks.

英国可能只关了六周。

bilibili 00:25:53

▶ And so there's a lot of distrust about the decisions that people have.

因此人们对这些决定充满不信任。

▶ We have to leave it there.

我们得就此打住。

▶ Just have to cut it off.

只能先切断了。

▶ And I just want to be clear.

我只是想澄清一下。

▶ When I met lack of trust and science, it didn't mean you, Amanda.

当我提到对科学缺乏信任时，我指的不是你，阿曼达。

▶ I met more generally in the country.

我指的是国内更普遍的情况。

▶ But we'll be back in just a few moments here in the context.

但我们稍后会回到这个背景下继续讨论。
