 Here thousands of victims of the UK infected blood scandal are being harmed further by long waits of compensation, the chair of the public inquiry into the disaster has said.

英国污染血液丑闻调查主席表示，成千上万的受害者因赔偿拖延而遭受更多伤害。

 It's thought 30,000 people were infected with HIV and hepatitis B or C in the 1970s and 80s after being given contaminated blood by the health service.

据估计，上世纪七八十年代，英国卫生部门使用污染血液导致3万人感染HIV或乙肝/丙肝。

 For the second day in a row there's been strong criticism of the way a compensation scheme has treated victims following yesterday's damning post office report.

继昨日邮局丑闻报告后，赔偿方案对待受害者的方式连续第二天遭到强烈批评。

 Here's our health reporter Jim Reid.

以下是本台健康记者吉姆·里德的报道。

 It's been over a year since the public inquiry published its damning conclusions saying the infected blood scandal could largely have been avoided and there was a cover up to hide the truth.

公开调查发布严厉结论已逾一年，指出污染血液丑闻本可避免，且存在掩盖真相的行为。

 But many victims like these protesters outside Downing Street in May are still waiting for justice.

但许多受害者，比如五月在唐宁街外抗议的这些民众，仍在等待正义。

 There are two people dying every couple of days so we all, you know, longer we wait the more of us are dying.

每几天就有两人死亡，拖延越久，死亡人数越多。

 We still not got payment and it's a year on and we're dying at pace.

我们仍未获赔，一年过去，死亡正在加速。

 The government need to be working at pace not just talking about it.

政府必须加快行动而非空谈。

 We need to see the actions.

我们需要看到实际行动。

🎧 The last 12 months has for many people been the most difficult 12 months in decades of campaigning and the psychological trauma of that is really damaging so it's so important that the government listens to what the inquiry says in the report and they act on it.

过去12个月是数十年来最艰难的时期，心理创伤极其严重，政府必须听取报告建议并采取行动。

🎧 The government says more than 2,000 people have now been asked to start their claims and officials have been instructed to cut red tape to ensure as many as possible are compensated in their lifetimes.

▶ Musk hasn't commented yet on her departure.

马斯克尚未对此置评。

🎵 Meanwhile, Mr Musk's artificial intelligence startup XAI said it's removed what it called inappropriate social media posts on Tuesday after complaints from X users that its chatbot GROK produced content with antisemitic tropes.

与此同时，马斯克的人工智能初创公司XAI表示，在X平台用户投诉其聊天机器人GROC生成带有反犹主义色彩的内容后，公司已于周二删除了这些所谓不当的社交媒体帖子。

🎵 There's been mounting concern over issues of political biases, hate speech and the accuracy of AI chatbots at least since the launch of OpenAI's chatgpt in 2022.

至少自2022年OpenAI的ChatGPT推出以来，人们对AI聊天机器人的政治偏见、仇恨言论和准确性问题的担忧与日俱增。

[Back to Top](#)

 00:13:29

🎵 Well, this week, the UN's AI for Good Global Summit is taking place in Geneva and AI experts, policymakers and industry leaders at the summit are looking at ways to address some of those concerns and steer the future of AI to something more ethical.

本周，联合国"AI向善"全球峰会在日内瓦举行，与会的AI专家、政策制定者和行业领袖正寻求解决部分担忧的方法，引导AI向更符合伦理的方向发展。

🎵 I'm drawn by Ashley Gold, Technology and Policy reporter at Axios.

我是Axios科技与政策记者阿什利·戈尔德。

🎵 First of all, how big deal is it that Yelinda Yekareno is going and why do you think she is?

首先，耶琳达·耶卡雷诺的离职有多重要？你认为她为何离职？

[Back to Top](#)

 00:13:52

🎵 Is it linked to what's happened with GROK?

这与GROC事件有关吗？

🎵 As far as I know, it is not directly linked to what has happened with GROC, but since Yelinda Yekareno joined X, she's had a very tough job.

据我所知，这与GROC事件没有直接关联，但自耶琳达·耶卡雷诺加入X以来，她的工作一直非常艰难。

🎵 She's had to woo advertisers back to the platform after there was a mass extensive them following Elon Musk's takeover of the app and she has had to steer it in the direction of a more normal predictable company, which was a very hard task given that Elon Musk is a very unpredictable guy.

在马斯克收购该应用导致广告商大规模撤离后，她不得不重新争取广告商回归，并努力将公司引向更正常、可预测的发展方向——鉴于马斯克本人极其难以预测，这任务异常艰巨。

[Back to Top](#)

 00:14:25

🎵 It has been at the helm.

她一直掌舵公司。

🎵 So I'm sure behind the scenes she's had her clashes with Elon Musk and she's had her struggles in sort of keeping the business afloat and I'm sure GROC and what was going on with the content moderation there was part of it, but I do think her stepping down is part of something bigger.

我相信她与马斯克有过幕后冲突，在维持公司运营方面也历经挣扎，GROC及其内容审核问题确实是部分原因，但她的离职更关乎全局。

🎵 What do you think this means the company is going to go?

你认为这对公司意味着什么？

[Back to Top](#)

▶ It's hard to say who would be willing to be the next CEO of X.

很难说谁愿意接任X公司CEO。

▶ Like I said, as we all have seen based on Elon Musk's actions here in the US working for Donald Trump and later having a falling out with him, he's a really unpredictable person and it's hard to have a stable business that attracts add dollars when the main face that's attached to Elon Musk can be pretty volatile and unpredictable.

正如我们所见，从马斯克为特朗普工作到后来与其闹翻，他确实难以捉摸。当与马斯克绑定的主要形象如此善变时，很难维持吸引广告商的稳定业务。

▶ So it will be very interesting to see who he hires next if he hires anyone at all.

所以观察他下一步会聘用谁（如果他还招人的话）将非常有趣。

[Back to Top](#)

▶ And on GROC itself, the chatbot, I mean the whole question of accuracy and sort of content moderation within chatbots is obviously known and yet what happened with GROC was obviously very very difficult and problematic.

至于GROC本身，聊天机器人的准确性和内容审核问题众所周知，但GROC事件显然极其棘手。

▶ Yeah, absolutely.

确实如此。

▶ Chatpots are difficult.

聊天机器人很复杂。

▶ They can only spit out, you know, fragments of information that they are fed by users.

它们只能输出用户输入的信息片段。

[Back to Top](#)

 00:15:52

⌂ And in this particular case, Elon Musk, you know, a couple weeks prior had put out a call for users to tell him what sort of content they wanted to see in X.

具体到本案，马斯克几周前曾公开征集用户想在X平台上看到的内容类型。

⌂ And because he has said he wanted GROC as part of X to be the non-woke AI chatbot.

由于他宣称希望作为X平台组成部分的GROC成为"反觉醒"AI聊天机器人。

⌂ So people responded with pretty inflammatory things, anti-Semitic things, hate speech.

因此用户反馈了大量煽动性、反犹太主义和仇恨言论内容。

[Back to Top](#)

 00:16:15

⌂ And the AI is going to train itself on what people are telling it it wants to hear.

而AI会根据人们告诉它想听的内容进行自我训练。

⌂ So this is kind of what you get when you are focusing on those things.

这就是专注此类内容的结果。

⌂ And as Elon Musk is doing, which is focusing on what he calls free speech above all rather than putting in guardrails, like some other companies have tried to do.

正如马斯克所为——他优先考虑所谓"言论自由"，而非像其他公司那样设置防护栏。
