▶ Just how likely then is this bid to go ahead take over, brother?

那么，这次#竞购#继续进行、收购华纳兄弟的可能性有多大？

 00:01:46

▶ Yeah, I have to think it's pretty likely because I think with the the Ellison's Larry Ellison and his son David, who was run Skydance these last several years and just took control of Paramount.

是的，我认为可能性相当大，因为我认为埃里森家族的拉里·埃里森和他的儿子大卫（过去几年一直运营天空之舞，并刚刚掌控了派拉蒙）会这么做。

▶ Larry Ellison, of course, one of the world's richest men and his his talk his his fortune has actually gone up so dramatically in the last few days that he passed Elon Musk and was the world's richest man briefly.

▶ If they want Warner Brothers, as we believe they do, they will make a preemptive bid.

如果他们想要华纳兄弟（我们相信他们确实想），他们会发起先发制人的#竞购#。

 00:02:20

🎧 And I think that they will just come up with a number that will I think the intention here is to frighten away anybody else, notably Comcast that might be thinking maybe we should make a run at Warner's.

我认为他们会提出一个数字，其意图是吓退任何其他潜在竞购者，特别是康卡斯特，他们可能正在考虑是否应该竞购华纳。

🎧 I think this is for a while.

我认为这已经酝酿一段时间了。

🎧 What what level of scrutiny though is this merger likely to face?

🎧 Well, as you may have noticed, we're in a questionable area with the rule of law in this country right now.

嗯，你可能已经注意到，我们国家目前的法治状况正处在一个#值得怀疑的#境地。

 00:02:47

🎧 In terms of the Skydance deal was held up by regulators, federal regulator as Intel, David Ellison, sorry, Intel CBS, Sherry Redstone, the owner of Paramount, coughed up \$16 million to Donald Trump to settle a lawsuit that by by consensus of everybody was completely baseless over over the an interview with Kamala Harris on 60 minutes.

就天空之舞的交易而言，它曾被监管机构（联邦监管机构）搁置，而派拉蒙的所有者谢里·雷石东（抱歉，是CBS的）向唐纳德·特朗普支付了1600万美元，以和解一桩关于卡玛拉·哈里斯在《60分钟》节目采访的诉讼，这起诉讼在所有人看来是完全毫无根据的。

🎧 So, when the FCC the Federal Communications Commission is is holding up approval of a the Skydance merger with Paramount so that Donald Trump can get a \$16 million settlement, we're in uncharted territory.

所以，当联邦通信委员会（FCC）搁置批准天空之舞与派拉蒙的合并，以便唐纳德·特朗普能获得1600万美元的和解金时，我们就进入了未知领域。

🎧 We know that David Ellison to make that deal go through, spent a lot of time sitting with Donald Trump at UFC fights, sitting with Dana White, Donald Trump's dear friend, they're going to have UFC fight at the White House we're told.

我们知道，大卫·埃里森为了让那笔交易通过，花了很多时间在UFC格斗比赛中与唐纳德·特朗普坐在一起，与特朗普的密友达纳·怀特坐在一起，据说他们还要在白宫举办UFC比赛。

它是如此，如此...我一时想不起那个词，但这个行业包含太多元素了。

 00:04:06

▶ Will it leave too much power in one man's hand?

这会让过多的权力集中在一个人手中吗？

▶ It's a lot, yes, potentially a huge amount of power.

权力很大，是的，潜在的是巨大的权力。

▶ David Ellison is the son of Larry Ellison who he came into Hollywood with money from his dad some years ago.

大卫·埃里森是拉里·埃里森的儿子，他几年前带着父亲的钱进入了好莱坞。

▶ He he made he partnered up with Paramount on a number of films is notably Mission Impossible with his money.

他，他制作，他与#派拉蒙#合作了多部电影，# notably # ( notably ) 《碟中谍》系列就是用他的钱投资的。

 00:04:27

▶ I mean, you could I think you the unkind term would be NEPO baby, but I having spent some time with him I think I would say he does work hard and he wants to be taken very seriously.

我的意思是，你可以用不那么友善的词“裙带关系宝宝”来形容他，但我和他相处过一段时间后，我认为我会说他努力工作，并且希望被非常认真地对待。

▶ This is his dream.

这是他的梦想。

▶ I'm not sure Larry Ellison was so keen on the Hollywood thing, but but David wanted to do it.

我不确定拉里·埃里森是否那么看好好莱坞的事情，但是大卫想做。

▶ And I am told by my sources that even long a year ago they were this was move one and the next move would be Warner Brothers.

我的消息来源告诉我，甚至早在一年前，他们这就是第一步，下一步就是华纳兄弟。

 00:04:56

▶ Now Hollywood was very concerned about Paramount going the way of Fox, which was swallowed up by Disney when Rupert Murdoch sold it.

好莱坞曾非常担心#派拉蒙#会步福克斯的后尘（鲁珀特·默多克出售后被迪士尼吞并）。

▶ They wanted to hoping desperately for another legacy studio not to get swallowed up.

他们曾拼命希望另一家#传统#制片厂不要被吞并。

▶ So they were rooting for this Skydance Paramount deal to happen, but the irony is now it's a legacy if they're going for Warner's you know it's it's in a way Paramount become subsooted subsooted to the company one presume.

所以他们当时都支持天空之舞与派拉蒙的交易达成，但讽刺的是，如果他们现在要收购华纳，那么派拉蒙在某种程度上就成了（presume）该公司的子公司（subsooted 应为subsidiary或subsumed）。

 Now the new French Prime Minister Sebastian Lacornou will be bracing for a decision later today from the credit agency Fitch which could see its rating downgraded making it more costly to borrow money.

法国新任总理加布里埃尔·阿塔尔将准备迎接信用评级机构惠誉今日晚些时候的决定，该决定可能导致其评级被下调，从而使其借贷成本更高。

 Lacornou's immediate task is tackling France's spiraling public debt which hit 3.3 trillion euros earlier this year.

阿塔尔的首要任务是应对法国不断飙升的公共债务，该债务今年早些时候达到了3.3万亿欧元。

 00:05:53

 Now that represents 114 percent of the country's economic output or GDP.

这相当于该国经济产出或GDP的114%。

 France's inflation data for August is also expected later.

安德烈·沙皮尼，非常感谢您加入BBC新闻。

▶ How likely is it then that France will see this downgrade?

那么，法国遭遇此次#下调#的可能性有多大？

 00:06:20

▶ Look in our view actually Fitch is unlikely to downgrade France at least today.

在我看来，实际上惠誉不太可能#下调#法国的评级，至少今天不会。

▶ It's worth bringing mind credrating agencies do take time and they are quite slow in terms of when they do make these sorts of changes.

值得记住的是，信用评级机构确实需要时间，他们在做出此类变更时行动相当缓慢。

▶ And it's worth bringing mind where we are versus where Fitch thought we would be back in March.

并且值得记住我们目前的处境#对比#（versus）惠誉三月份时对我们的预期。

 00:06:38

▶ And so Fitch back in March said Byru's government would be toppled and actually Fitch thought we would have snap elections during the second half of this year.

惠誉在三月时曾表示（法国总统）马克龙的政府会被推翻，并且实际上惠誉认为我们会在年下半年提前举行选举。

▶ That hasn't happened yet and so we aren't expecting a downgrade at this stage.

这尚未发生，因此我们现阶段不预期会有#下调#。

▶ However a downgrade could rarely be likely if Lacornou is unable like Byru was to get France's fiscal spending under control.

然而，如果阿塔尔像马克龙一样无法控制法国的#财政#支出，#下调#（的可能性）仍有可能出现。

🎧 Where would it put France amongst its EU peers and what would it do overall to the EU that market?

这会使法国在其欧盟同行中处于什么位置（amongst），又会对欧盟市场整体产生什么影响？

🎧 So in terms of I think the first the first of question is obviously Fitch is today but it's worth bringing mind moodies actually is in October and we are expecting moodies to change their outlook from stable to negative.

所以，我认为第一个问题显然是关于今天的惠誉，但值得记住的是穆迪实际上在十月份（有评估），我们预计穆迪会将其展望从稳定调整为负面。

🎧 In terms of the market expectation generally speaking markets are expecting on the whole France to be downgraded over the course of next year and that really is the fact that France has as you mentioned their debt level is very high but the problem is their deficit is currently 5.5% of GDP and when you think about debt dynamics

就市场预期而言，总的来说，市场预期法国在明年内会被降级，这确实是因为如你所说，法国的债务水平很高，但问题在于其赤字目前占GDP的5.5%，当你考虑债务动态时

bilibili 00:07:45

🎧 So the problem is they're paying a lot of interest on the debt they currently own the growth rate though is fairly low and when it comes to having a fiscal surplus or deficit France actually has a very material primary deficit and so all of this creates quite a large snowball effect in terms of debt dynamics hence why many people are expecting essentially for downgrades to occur over the next year.

因此问题在于，他们目前为债务支付大量利息，但经济增长率却相当低；而在财政盈余或赤字方面，法国实际上存在显著的基本赤字——所有这些在债务动态中形成了巨大的滚雪球效应，因此许多人预期明年很可能出现信用评级下调。

🎧 Yeah there is an EU debt limit isn't there that's been set of 3% come 2029.

是的 欧盟设定了3%的债务上限规定 将在2029年生效。

▶ Can this new Prime Minister steer France towards that how much confidence is there in him?

这位新总理能否带领法国实现目标？人们对他的信心有多大？

bilibili 00:08:23

▶ I think whatever virus to buy who is trying to put into place a 1% decline in the deficit next year alone I think look what he realizes he has very little chance of achieving that.

我认为无论哪位总理试图推行明年赤字降低1%的计划 他其实都明白实现目标的可能性微乎其微。

▶ I think although the European Commission the fiscal rules do say the every country has to on the sort of deficit projectory and achieve that 3% in France's case it's going to be a huge challenge especially with the political makeup you have both sides of the parties in sense of France also means as well as national rally very much keen not to do the necessary fiscal consolidation to achieve that level of deficit.

尽管欧盟财政规则要求各国必须遵循赤字削减路径并在2029年实现3%的目标，但对法国而言这将是巨大挑战——特别是其政治格局下，左右两翼政党乃至国民联盟都不愿进行必要的财政整顿来实现赤字目标。

▶ To the United States where the Consumer Price Index showed call goods prices increasing by 0.3% in August compared to the month prior that's a slight increase from the 0.2% rise that was seen in June and July the yearly increase at 1.5% marks the fastest rate in more than two years here's our North America business correspondent Aaron Delmore.

转向美国：8月消费者价格指数显示商品价格环比上涨0.3%，较6月和7月0.2%的涨幅略有加速；同比上涨1.5%创两年多来最快增速——以下是北美商业记者亚伦·德尔莫尔的报道。

▶ The Consumer Price Index for August showed price increases in line with expectations the largest price increases were seen in food and shelter and costs around automobiles.

8月CPI涨幅符合预期，最大涨幅出现在食品、住房和汽车相关成本领域。

bilibili 00:09:45

▶ Now for months inflation data including CPI has been closely watched to spot the impact of tariffs on price pressures in the US while the overall impact of tariffs appears muted you can see it in certain indexes like fruit and vegetable costs the US is a net food importer and tariffs on neighboring Mexico are particularly weighing on that category.

数月来通胀数据（包括CPI）一直受密切监测以观察关税对美国物价的影响。虽然整体影响看似有限，但在蔬果成本等特定指标中可见端倪——作为食品净进口国，美国对邻国墨西哥征收的关税正显著影响该品类。

▶ Prices for appliances clothing and airline fares also accelerated.

家电、服装和#航空#票价涨幅也有所扩大。

▶ Now another piece of economic data this time having to do with the labor market showed that applications for unemployment benefits hit their highest level in almost four years.

另一项劳动力市场数据显示：失业救济申请量达到近四年最高水平。

bilibili 00:10:18

▶ Previous data has shown a slowdown in hiring in the US and the new figures indicate that companies might be laying off workers.

此前数据已显示美国招聘放缓，新数据表明企业可能正在裁员。

▶ Now these are the last key pieces of data do out before the federal reserve meets next week so now it's even more likely that the central bank will cut interest rates.

这些是美联储下周议息会议前最后的关键数据，现在央行降息的可能性更大了。

▶ The question now is whether that cut will be 25 basis points as expected or if a 50 basis point cut is in the cards.

现在问题是降息25个基点（如预期）还是可能降息50个基点。

▶ And that was Aaron Delmore there to India now where the European Union's trade chief Maros Sefkovich is visiting today for trade talks the EU is looking to secure a free trade deal with Delhi after years of negotiations.

以上是亚伦·德尔莫尔的报道。现在转向印度：欧盟贸易部长马罗什·谢夫乔维奇今日到访进行贸易谈判，欧盟希望与印度达成多年磋商后的自由贸易协定。

▶ It's a goal that has been given fresh impetus by the changing nature of world trade amid US President Trump's tariffs which stand at 50% and also shifting global allegiances.

这一目标获得新动力源于世界贸易格局变化：特朗普总统实施50%关税政策及全球联盟关系重组。

▶ On Tuesday India's Commerce Minister P. O'Shoeg Goyel said that 60 to 65% of the chapters of the trade agreement had already been finalized.

周二印度#商务#部长皮尤什·戈亚尔称，贸易协定中60%至65%的章节已敲定。

▶ Well Sheri Malhotra is the deputy director of the Strategic Studies Program at the Observer Research Fountain and it's great to have you with us you do of course work for a think tank.

谢里·马尔霍特拉是观察家研究基金会战略研究项目副主任，欢迎您参与讨论（您确实就职于智库机构）。

▶ So negotiations have been taking place as I said over a number of years.

如我所说，谈判已持续数年。

▶ Could we actually see movement during this visit?

本轮访问能否取得实际进展？

▶ Well as you mentioned you know the negotiations they consist of 27 chapters tackling different issues and 11 have already been concluded so far.

如您所言，谈判包含27个处理不同议题的章节，目前已完成11章。

bilibili 00:11:54

⌂ And the negotiations are being fast-tracked and parallel to deteriorating US India trade relations.

谈判正在加速推进，这与美印贸易关系恶化同步发生。

⌂ So even though this FDA has been under negotiation for a very long time I'm more optimistic about reaching the finishing line this time given the strong geopolitical component now attached to this FDA.

尽管自贸协定谈判历时已久，但鉴于当前附加的强烈地缘政治因素，我对本轮达成协议更乐观。

⌂ Both the EU and India have similar goals of diversifying their trade partners securing supply chains yet of course there are many technical issues that do need resolution.

欧盟和印度在贸易伙伴多元化、供应链安全方面目标一致，但仍有诸多技术性问题待解决。

bilibili 00:12:22

⌂ For instance you have the EU's C-BAM, the carbon border调整机制 which is due to come into effect in January 2026 and this remains a major bone of contention for India.

例如欧盟碳边境调整机制(CBAM)将于2026年1月生效，这仍是印度的主要争议点。

⌂ You also have things like labor and sustainability standards that India simply does not want to have in an FDA.

还有劳动力和可持续性标准等问题，印度根本不愿将其纳入自贸协定。

⌂ Then you have things like agriculture and dairy that are sensitive sectors which is why the EU's Agriculture Commissioner Christ of Hanson is also accompanying the trade commissioner to India this time.

农业和乳制品等敏感领域的存在，正是欧盟农业委员雅努什·沃伊切霍夫斯基此次随贸易委员同访印度的原因。

bilibili 00:12:49

⌂ However I do think that this time round both the EU and India are more flexible, they're more willing to make concessions given the challenging geopolitical context and this is the attitude that seems to underpin the negotiations at this point.

但我认为本轮谈判中欧印双方都更灵活，在地缘政治挑战下更愿作出让步，这正是当前支撑谈判的态度。

🎧 I think it's also promising that Prime Minister Modi and President Vonderline set a deadline of concluding the negotiations this year because a clear target of this sort does good pressure on the negotiators.

莫迪总理与冯德莱恩主席设定今年完成谈判的期限也令人鼓舞，因为明确目标能给谈判代表施加良性压力。

🎧 And very quickly the US of course will be watching very closely at what takes place.

最后请快速说明：美国必然密切关注进展。

 00:13:21

🎧 What are they going to be watching out for?

他们会关注哪些方面？

🎧 Well I think certainly the global backdrop has rarely been more volatile and destructor than today's because you have the transactional and unpredictable United States under Trump.

当前全球背景罕见地动荡不安，因为特朗普领导下的美国采取交易式且不可预测的政策。

🎧 And since the visit of the European College of Commissioners in India in February this year this disruption has only accelerated with Trump's tariff wars.

自欧盟委员会今年2月访印以来，随着特朗普关税战推进，这种混乱只会加速。

 00:13:44

🎧 So while India US relations are at a historic lower the moment the transatlantic alliance is also under immense strain and all of this is sort of acting as a catalyst it's lending greater urgency to the EU and their trade relationship because one of the ways both are trying to manage this disruption is to deepen partnerships with each other and that's why it's so important to conclude this FDA this time round.

美印关系处于历史低点，跨大西洋联盟也承压巨大——这些因素形成催化剂，使欧印贸易关系更具紧迫性。因为双方应对混乱的方式之一就是深化彼此伙伴关系，故而本轮达成自贸协定至关重

🎤 The company which usually builds a thousand cars a day is still trying to get to the bottom of whose data has been affected.

这家通常日产千辆汽车的公司仍在追查#受影响数据的归属方#。

🎤 Joining me now is Jeremy Stretch, Chief International Strategist at CIBC Capital Markets.

现在加入我们的是CIBC资本市场的首席国际策略师#杰里米·斯特雷奇#。

🎤 Thank you for joining us here on the programme, Jeremy.

感谢您参与节目，#杰里米#。

🎤 When I say whose data, who and what exactly we are talking about.

当我提到数据归属时，我们具体在谈论谁以及什么内容。

 00:16:02

🎤 Well of course Jaguar Land Rover have that obvious contact with their customers through the various Japan, although that data potentially had been lost so that could be some privileged and personal data.

当然#捷豹路虎#（JLR）通过各类渠道与客户保持明显联系，虽然这些数据可能已泄露，可能涉及一些特权和个人数据。

🎤 And of course at the same time as we're talking about this outage which has influences and impacts on the production and the workers, it is also going to have an impact on the supply chain.

当然，在我们讨论这次对生产和工人造成影响的故障时，它同样会对供应链产生冲击。

🎧 So its data lost through the potential sort of relationships between the company and their customers.

因此这些数据是通过公司与客户之间的潜在关系而流失的。

 00:16:30

🎧 And at the same time we're also talking about a substantive loss in terms of the broader supply chain as those workers are stood down and all operations are halted for this prolonged period.

同时，由于工人停工且所有运营长期停滞，我们还在讨论更广泛供应链方面的实质性损失。

🎧 Do we have a figure, are there any estimates so far as to how much this is costing the company?

目前是否有具体数字或预估表明这对公司造成的损失规模？

🎧 Well when you consider how many vehicles are made per day but it's not just the number of vehicles made per day that's going to be impacting the company, it's also going to be the flow through into the parts business and the other sort of ancillary businesses which are also just as impactful on an automaker as the physical production itself.

若考虑每日产量，但影响的不仅是每日制造车辆的数量，还会波及零部件业务及其他辅助业务——这些对汽车制造商的影响与实体生产本身同样重大。

 00:17:04

🎧 So the numbers are going to be relatively straffin spheric and of course the other issue which is probably incalculable is the fact that we have just gone through that 75 registration period so there would have been new cars hitting the road.

因此损失数字将相当惊人，当然另一个可能无法估量的问题是：我们刚度过75号注册期，本该有新车上路。

🎧 But for those customers who have been impacted, there may be the significant backdrop that they could be looking at alternative solutions to JLR products and so it's not just the lost production but it's also the potential lost sales in the future that are going to be particularly impactful for the company.

但对受影响客户而言，他们可能会考虑替代#捷豹路虎#（JLR）产品的方案——因此不仅是当前生产损失，未来潜在销售损失对公司的影响将尤为严重。

▶ And Jeremy I mean a lot of other car makers must be looking very carefully their strategy with dealing with hacks.

#杰里米#，其他许多汽车制造商肯定也在仔细审视应对黑客的策略。

bilibili 00:17:41

▶ What are they likely doing?

他们可能会采取什么措施？

▶ Well of course it's not just car makers because of course hacking and particular IT outages are not just particular to JLR and although they are in this instance we've seen that in other sectors as well and even to the extent that we've seen bad active via hackers but we've also seen IT failures.

当然这不仅关乎汽车制造商，因为黑客攻击和特定IT故障并非#捷豹路虎#（JLR）独有——虽然本次发生在该企业，但其他行业也曾出现，甚至包括黑客恶意活动及IT系统故障。

▶ So in a sense it's an underlying reminder that we need to focus in terms of our internet security or companies need to do so to maintain the integrity of their systems, to try and maintain the integrity of things like firewalls, to limit the opportunities for those malign or bad actors to get into systems and create production difficulty which can create systemic problems for individual companies or in the case that we've seen previously within HS individual services.

从某种意义上说，这提醒我们需要重视网络安全，企业必须维护系统完整性，保持防火墙等设施效能，限制恶意行为者侵入系统并引发生产困境的机会——这可能为单个企业造成系统性问题，或如我们此前在汇丰个别服务中所见的情况。

bilibili 00:18:29

▶ Jeremy stretch thank you very much indeed.

▶ The EU Commission President Ursula Fondle-Lion is set to hold crisis talks with top car executives in Brussels later amid warnings that the industry is in mortal danger.

欧盟委员会主席#乌尔苏拉·冯德莱恩# (Ursula Fondle-Lion) 将于稍后在布鲁塞尔与汽车行业高管举行危机会谈，此前有警告称该行业面临生死存亡之危。

▶ That's thanks to disappointing sales, high energy prices, uncertain regulation and a challenging trade environment.

这源于销售低迷、能源价格高企、法规不确定性以及充满挑战的贸易环境。

bilibili 00:18:51

▶ It's hoped that the summit could help transform the sector's trajectory.

希望此次#峰会#能帮助改变该行业的发展轨迹。

▶ Well Mateus Schmidt is the research analyst at European Autos and joins us now.

欧洲汽车业研究分析师#马特乌斯·施密特# (Mateus Schmidt) 现在加入我们。

▶ Good morning to you Mateus.

早上好，#马特乌斯#。

▶ What exactly is at stake today?

今天究竟有什么#利害关系#?

▶ Yes, so the European Union have introduced a zero-gram phase out for passenger cars which means in layman's terms from 2035, it wouldn't be allowed to sell internal combustion engine vehicles.

欧盟已对乘用车实施零排放淘汰政策，通俗来说即从2035年起将禁止销售内燃机车辆。

bilibili 00:19:23

▶ And what manufacturers are calling for is a dilution of those targets so they can continue selling conventional petrol and diesel cars going forwards and inherently they are more profitable.

制造商呼吁淡化这些目标，以便未来继续销售利润更高的传统汽油和#柴油#车。

🎧 So that is one of the arguments and one of the hidden narratives from manufacturers going forward.

这是制造商的论点之一，也是其未来的潜在诉求。

🎧 So they want to continue pushing and selling petrol and diesel cars going forward post 2035.

因此他们希望2035年后继续推广销售汽油和#柴油#车。

 00:19:48

🎧 Well Ursula Fondle-Lion is saying that the sector is in mortal danger in the EU.

#乌尔苏拉·冯德莱恩#（Ursula Fondle-Lion）称该行业在欧盟面临#生死存亡#之危。

🎧 Who then would be the winner?

那么谁会成为赢家？

🎧 I wouldn't say it's in danger.

我不认为行业处于危险中。

🎧 I mean if you that values kind of an narrative coming from coming more from the automotive industry.

这种#说法#更多是来自汽车行业的价值判断。

🎧 So if you dive into the data, electric vehicle sales in 2025 are actually picking up sorry.

若仔细#分析#数据，2025年电动汽车销量实际正在回升（注：原文2025疑为2024笔误）。

 00:20:10

🎧 They're using 2024 which was a very low benchmark.

他们以2024年极低的#基准#作为参照。

🎧 I would say arguably the consumer is a winner in the targets stay on course primarily because manufacturers are being forced to bring electric cars to market.

可以说若目标保持不变，消费者将是赢家——因为制造商被迫将电动汽车推向市场。

▶ They have been forced to reduce prices in order to meet CO2 targets and that one could argue that the consumer is actually benefiting from that.

为满足二氧化碳排放目标，他们被迫降价，这客观上让消费者受益。

 00:20:35

▶ And I suppose when it comes to the production and manufacturing part of the automotive sector it is Asia and primarily China really leading the way when it comes to the EV sector.

我认为在汽车行业生产制造领域，尤其是电动汽车领域，亚洲特别是中国确实处于领先地位。

▶ Why is Europe struggling with that?

欧洲为何在这方面挣扎？

▶ And I'm thinking primarily about infrastructure.

我主要考虑的是#基础设施#。

▶ Why is there such an issue?

为何存在这种问题？

▶ I wouldn't say they are necessarily struggling.

我不认为他们一定在挣扎。

 00:20:56

▶ It's more growing pains.

这更多是发展中的阵痛。

▶ It's more of a transition from a trivettrain which they are producing for 100 years and regulation could even be seen as a catalyst.

这是从百年传统动力系统向新模式的#转型#，法规甚至可被视为#催化剂#。

▶ So if you go back to 20 we do all of them test the Europe market and without this regulation, Tesla will gain more market.

回溯2020年欧洲市场测试：若没有这项法规，特斯拉会获得更大市场份额。

▶ This regulation is pushing incumbent manufacturers to transition to electric vehicles.

该法规正推动#现有#制造商向电动汽车#转型#。

bilibili 00:21:27

▶ So I wouldn't necessarily say the industry is struggling and this regulation is actually causing Europeans to catch up with their Chinese and Asian peers going forward.

因此我不认为行业举步维艰，该法规实际上正推动欧洲企业追赶中国和亚洲同行。

▶ Okay Mateusz, thank you very much for that.

好的#马特乌斯# (Mateusz)，非常感谢。

▶ Thank you.

谢谢。

▶ Thank you very much.

 Good morning to you.

 Good morning.

早上好。

 Lovely to have you with us.

很高兴您能参与。

 Good morning.

早上好。

 Pleasure.

荣幸之至。

 I just want to start off first with how long have you been preparing for this?

首先想请问您为此筹备了多久？

 Oh well let's go 250 years so far.

至今已有250年之久（注：指奥斯汀诞辰250周年）。

 Okay so what's going to be taking place?

那么将有哪些活动？

 00:22:30

 Just take a talk us through it.

请为我们详细介绍。

 Okay so yeah 250th anniversary Jane Austin.

好的，本次是#简·奥斯汀#（Jane Austin）250周年诞辰。

 So lots of activities who start the city festival starting very shortly.

众多活动即将启动全市庆典。

▶ I think the main thing is each year we've to start the festival.

我认为重点是每年我们以相同方式开启庆典。

▶ We've got the Jane Austin Centre in Queen Square and there's lots of lots and lots of tourists coming to fill the rich heritage of Bath for the history of the city and lots of people come in in period costume as well and working their way around the town.

女王广场的简·奥斯汀中心将迎来大量游客，他们沉浸于巴斯深厚的历史遗产，许多人还会穿着时代服饰穿梭于城中。

bilibili 00:23:03

▶ So it's supposed for a hotel like you like yourselves.

对你们这样的酒店而言。

▶ I mean this is this is really great.

这实在意义非凡。

▶ Oh absolutely it's fantastic.

确实精彩绝伦。

▶ I mean your bath is so full of such such culture you know and that Regency piece and obviously with Jane Austin lots of Regency things such a pretty and things like that just to track so many tourists.

巴斯充满文化底蕴，尤其是摄政时期风情——显然借助#简·奥斯汀#（Jane Austin）相关的众多摄政元素，如此雅致的内容吸引着无数游客。

bilibili 00:23:20

▶ There's absolutely fabulous to for people to come and experience the city.

对游客而言体验这座城市绝对#美妙无比#（fabulous）。

▶ But what about the residents of Bath?

但巴斯居民感受如何？

▶ Because I can just imagine the the sheer number of people descending on the city.

因为我能想象#蜂拥而至# (sheer) 的人群。

▶ What's the feeling as to the overcrowded streets that are about to happen?

对于即将出现的街道过度拥挤现象，人们有何感受？

▶ I think Bath is a busy city anyway.

我认为巴斯本就是一座繁忙的城市。

 00:23:41

▶ Six million tourists a year.

每年有六百万游客。

▶ I think Bath only institutionally very warm.

我认为巴斯只是在制度层面非常热情。

▶ I think there is a warm welcome to people coming into the city.

我觉得这座城市对来访者给予了热烈欢迎。

▶ I've certainly experienced that.

我确实亲身体验过这种热情。

▶ Certainly the warmest city that I've ever worked in.

毫无疑问这是我工作过的城市中最热情的。

▶ And I think you know we are we are we are very accepting you know that tourism is the is one of the biggest economic drivers in the city.

而且我认为我们非常认同旅游业是本市最大的经济推动力之一。

 00:24:05

▶ It's really key.

这确实至关重要。

🎧 I think everybody gets that and you know we are very much a welcome more place.

我觉得大家都明白这一点，而且我们确实是个非常欢迎游客的地方。

🎧 And where do the I'm sure you probably have remarked where do the tourists or the fans of Jane Austin the biggest numbers?

那么我确信您可能已经注意到——简·奥斯汀的游客或粉丝最多来自哪里？

🎧 Where are they originating from?

他们主要来自哪些地区？

🎧 How far are they traveling to make their way to Bath?

他们需要长途跋涉多远才能来到巴斯？

 00:24:24

🎧 Yeah interesting.

是的，这很有趣。

🎧 Most of the visitors to Bath remain domestic but the North American market is also a significant driver and the Australian market but I mean certainly from the Jane Austin piece there's a lot of visitors from the North American market.

大多数巴斯游客仍来自英国国内，但北美市场也是重要客源，澳大利亚市场同样如此。不过就简·奥斯汀相关旅游而言，确实有大量游客来自北美市场。

🎧 Now I understand that the the local council Bath and Northeast Somerset are or they rather have voted unanimously to introduce the tourist tax.

据我了解，巴斯和#东北#萨默塞特地方议会已一致投票通过征收旅游税。

 00:24:49

🎧 Do you think this is going to have a negative impact certainly on your business?

您认为这会对您的业务产生负面影响吗？

🎧 They have I think I think we understand their desire to explore ways that they can support the infrastructure and heritage of the city you know I think especially as Bath continues to

attract people from all over the world.

议会确实...我认为我们理解他们探索支持城市基础设施和遗产保护方式的意愿，毕竟巴斯持续吸引着全球游客。

🎧 I think the idea of a tourist tax really is something that you know is in place in many other destinations across Europe and other countries.

旅游税这个概念其实已在欧洲及其他国家的许多旅游目的地实施。

bilibili 00:25:16

🎧 I think if we approach it thoughtfully I don't think it has to deter tourism.

我认为只要我们审慎推进，这未必会#阻碍#旅游业发展。

🎧 I think it is important though that you know we do invest those taxes back into the city to help maintain the charm and the infrastructure so that we can continue to support the needs of visitors and you know and locals at the same time.

但关键是要确保将税收重新投入城市建设，用于维护城市魅力和基础设施，这样才能持续满足游客与本地居民的需求。

🎧 Okay but I think it really is important that any new measures that we have you know they are implementing a way that does preserve the warmth and welcome that we're currently giving visitors.

最重要的是任何新措施的实施都必须保持我们目前给予游客的热情与欢迎。

bilibili 00:25:47
