Our correspondent John Sudworth has the perspective from Jerusalem.

我们的#记者#约翰·萨德沃斯从耶路撒冷带来视角。

Perhaps more notable than the words of this speech.

也许比这次演讲的言辞更#值得注意#。

For some of the symbolism surrounding it, first of all, as Benjamin Netanyahu walked up to the podium at the United Nations, the delegations of dozens of countries walked out of the hall.

就围绕它的一些象征意义而言，首先，当本杰明·内塔尼亚胡走上联合国的讲台时，几十个国家的代表团走出了大厅。

But this was a speech of defiance, Mr Netanyahu pushing back directly at that idea of Israel standing isolated on the world stage.

但这是一次#挑衅性#的演讲，内塔尼亚胡先生直接反驳了以色列在世界舞台上#孤立#站立的观点。

 00:03:44

🔊 He condemned the move by the UK, France, Canada, Australia and a number of other countries this week to formally recognize a state of Palestine saying that it sent a signal that murdering Jews pays off.

他谴责英国、法国、加拿大、澳大利亚和一些其他国家本周正式承认巴勒斯坦国的举动，称这发出了一个信号，即谋杀犹太人是会有回报的。

🔊 And he listed what he saw as the achievements of Israel that have been delivered, he said, on behalf of the democratic world, degrading Hamas, the Houthis, Hezbollah, destroying Iran's nuclear capabilities, all of which he said wasn't just in Israel's benefit, but in the benefit of you all.

他列举了他认为以色列取得的成就，他说，代表民主世界，削弱了哈马斯、胡塞武装、真主党，摧毁了伊朗的核能力，所有这些他说不仅符合以色列的利益，也符合你们所有人的利益。

🔊 He said the shame wasn't on Israel, the shame was on those left in the hall as he was speaking, in forgetting the lessons of October the 7th.

他说耻辱不在以色列，耻辱在于他讲话时留在大厅里的那些人，他们忘记了10月7日的教训。

 00:04:27

🔊 There was one other piece of symbolism, and that was the decision that we heard about just a few moments before he took to the stage to broadcast the speech from large sets of loudspeakers set up on Israel's border with Gaza, the haunting image of his words for this portion delivered in Hebrew, perhaps traveling across the wasteland of that war zone and reaching some of the remaining hostages.

还有另一个象征意义，那就是我们在他上台前几分钟听到的决定，通过安装在以色列与加沙边境的大批扩音器广播演讲，他用希伯来语讲述这部分内容的话语萦绕心头，或许能穿越那片战区的荒芜之地，传到一些剩余人质耳中。

🔊 He told them if they were listening, that they would not be left behind.

他告诉他们，如果他们正在听，他们不会被抛下。

🔊 It must be said, though, that the reaction to the speech from the family members of those hostages was one of despair and disdain.

不过，必须说，那些人质家属对演讲的反应是#绝望#和#蔑视#。

 00:05:09

▶ They believe that this is a government that is acting by prosecuting this war continually to ensure its own political survival over the survival of those hostages.

他们认为这是一个通过持续进行这场战争来确保自身政治生存而非那些人质生存政府。

▶ And we saw the president explicitly say from the beginning that he was going to go after some people that he did not like his political opponents, people that he believed had harmed him.

我们目睹总统从一开始就明确表示将追诉他不喜欢的政治对手、他认为伤害过他的人。

bilibili 00:12:56

▶ And now he's telling the Department of Justice exactly what to do, which is not the way it is ever operated.

现在他直接指挥司法部行动，这完全违背其运作传统。

▶ This is a pretty big change in standards, right?

这是标准的重大转变对吧？

▶ Are you concerned that it could have a chilling effect on the president's political opponents?

是否担心这对总统政敌产生寒蝉效应？

▶ Absolutely.

毫无疑问。

▶ I mean, from day one, our Attorney General United States, the most powerful law enforcement person in this country, if not the world, directed the Department of Justice attorneys that they were the president's lawyers and not the people's lawyers.

司法部长——国内乃至全球最有权势的执法者——上任首日就指示司法部律师他们是总统的律师而非人民的律师。

bilibili 00:13:20

▶ And so, in some ways, what we've seen this last week is very shocking, but they've been saying this from the beginning that the lawyers for the DOJ now worked for the president himself to do his bidding, to act in his behalf.

某种程度上，上周所见虽令人震惊，但他们从一开始就宣称司法部律师现为总统本人服务，听其号令，代其行事。

▶ That's why we've seen so many career lawyers who have worked for all political parties, leave the Department of Justice because they've seen the politicization of that department.

因此众多曾为两党服务的资深律师离开司法部，他们目睹了该部门的政治化。

▶ And when we see the president explicitly saying there's going to be more indictments, you know, and he's going to target not his friends, not his allies, not his person that took \$50,000 in cash from undercover FBI agents, but people who have opposed him in the past.

科米可能安然无恙。

▶ But it still comes at a cost, right?

但仍需付出代价对吧？

 00:14:11

▶ Oh, yeah, no, absolutely.

当然绝对如此。

🎧 I mean, you know, every day or every week across this country, prosecutors, federal prosecutors are bringing perjury charges.

全国范围内联邦检察官几乎每日或每周都会提出#伪证#罪指控。

🎧 It's not a very uncommon charge.

这并非罕见指控。

🎧 But in this particular case, it seems based explicitly on the president's direct orders to target somebody, not to target a crime, but to target an opponent and then go look for a crime.

但本案明显基于总统直接命令针对某人——非针对罪行，而是针对对手再罗织罪名。

 00:14:31

🎧 And the fact is, in this case, you had a career US attorney who had been appointed by the president himself, a lifelong Republican, and by all reports, who had explained the Department of Justice that he and his team did not find any evidence.

事实上，本案原由总统任命的美联邦检察官（终身共和党人）负责，据称他向司法部汇报未发现任何证据。

🎧 And then he fired him or forced him out and put into his place a lawyer who has never tried a criminal case in her entire career.

随后总统将其解职或逼退，替换为一名毫无刑事检控经验的律师。

🎧 And that's a very scary place to be when you have purely political indictments that are coming from the president.

当起诉完全源于总统的政治动机时，局面非常#可怕#。

 00:14:56

🎧 Now, I understand you've been challenging Trump quite often.

据了解您常挑战特朗普。

▶ Taking the administration to court with cases on things like birthright citizenship, unfreezing funding for school.

▶ Could you just talk as into how you see this fitting into a bigger picture of the Trump administration testing guardrails in America?

能否谈谈您如何看待此事#契合#特朗普政府试探美国制度底线的大图景？

▶ Yeah, absolutely.

当然。

▶ I mean, my job as the attorney general of my state and the job of my colleagues across this country is to defend our state laws and the federal constitution.

我作为州总检察长与全国同僚的职责是捍卫州法律与联邦宪法。

bilibili 00:15:21

▶ And I don't view this as taking on Trump.

我不视此为对抗特朗普。

▶ I view this as ensuring the rule of law.

而是确保法治落实。

▶ And so time and time again, we've seen the president act illegally in violation of the Congress and violation of state sovereignty and violation of Supreme Court precedent.

我们屡次见证总统违法行事，违反国会意志、侵犯州主权、违背最高法院判例。

▶ And so now in the state of Washington, we've filed 38 cases against the administration.

如今华盛顿州已对政府提起38起诉讼。

bilibili 00:15:40

▶ I think all told collectively me and my colleagues have filed 52 cases against the administration.

我与同僚#共计#提起52起诉讼。

▶ But we're doing so because the president has been breaking the law and we need to make sure that we're defending people's freedoms, their liberties, the democratic process, and all of the funding that we rely on as states that Congress has authorized.

我们如此行动因总统持续违法，需确保捍卫人民自由、民主进程及国会授权各州的财政支持。

▶ And so when we see something that's illegal from the president, and we see that it's harming our states, it is our oath, our obligation to fight back, to enforce the rule of law and to take the president to court.

因此，当我们看到总统的非法行为并对各州造成损害时，依据誓言我们有责任反击，维护法治并将总统诉至法庭。

 00:16:08

▶ And when you look at the case of James Comey just in context, how much of a turning point do you think this could be?

结合詹姆斯·科米案的背景来看，您认为这可能成为多大的转折点？

▶ Is this a really serious test of the independence of the judiciary?

这是对司法独立性的严峻考验吗？

▶ Oh, yeah, absolutely.

是的，毫无疑问。

▶ I mean, every DOJ lawyer that worked for the U.S. attorney level or the highest level of the Department of Justice, those are usually career people, but political point is as well.

我的意思是，所有在联邦检察官层级或司法部高层工作的律师通常都是职业公务员，但也带有政治属性。

 00:16:32

但这种独立性对我们的职能至关重要。

▶ Once you get appointed, you don't do favors for the person that appointed you.

▶ Thank you so much for speaking with us today.

非常感谢您今天的分享。

▶ Tell us more about what we know of this case.

请详细介绍该事件的最新进展。

⏮ Now, the officials are saying that more than 1000 school children suffered food poisoning after eating these free school lunches mainly in West Java province and also in Sulawesi.

官方称超1000名学童因食用免费校餐中毒，主要发生在西爪哇省和苏拉威西地区。

⏮ Now, this is not the first time this is happening.

这已非首次发生。

⏮ It happened even last week about 800 students and altogether about 6000 students suffered because of food poisoning since this scheme was launched in January.

上周就有约800名学生中毒，自1月计划启动以来累计约6000名学生受害。

 00:19:39

⏮ Now, why this scheme is very unique offering school lunches to millions of students.

该计划为何独特？因其为数百万学生提供校餐。

⏮ This was a flagship campaign promised by President Prabowo Subianto and then what he was saying was this will help to eradicate poverty, hunger.

这是普拉博沃总统标志性竞选承诺，他称此举将助力#消除##贫困#与#饥饿#。

⏮ And Indonesia itself is one in five children.

印尼每五名儿童中就有一人营养不良。

⏮ They are suffering because of malnutrition.

因此该计划是总统的核心政绩之一，于1月启动。

 00:20:02

⏮ So this was one of the flagship programs of the president and he started this in January.

最初覆盖约50万学生，后快速扩张。

⏮ Now, this was initially for about half a million students and then expanded very fast and probably because there was no oversight according to the senior official of the government agency.

政府机构高级官员称可能因缺乏监管所致。

▶ He was saying due to lack of oversight and supervision mistakes have happened and that is why she apologized.

该官员表示因#监管#和#监督#不足导致失误，故为此道歉。

bilibili 00:20:27

▶ And also she said there will not be any more process to food and the kitchens which do not follow certain operating procedures will not be allowed to operate.

同时承诺将加强食品流程管理，违规厨房将被停业。

▶ So they are already promising some changes there but with so many cases of food poisoning and as you say this being a signature policy of Prabowo Subianto, do you think there might be further political consequences?

尽管政府已承诺改进，但鉴于多起中毒事件且这是普拉博沃的标志性政策，您认为会引发政治后果吗？

▶ Even though many non-governmental organizations have been urging the government to suspend the program because see the Indonesia is again a huge country and then these kitchens are not very close to the schools.

虽然多个非政府组织呼吁暂停计划，因为印尼幅员辽阔且厨房距学校较远。

bilibili 00:21:05

▶ In some places they are very far away from the school campuses which means they have to make the food the previous night and then transport it.

部分地区需前夜备餐再运输，途中易变质。

▶ So on the way there is a chance that it can get spoiled.

其次，大规模计划需配套基础设施。

▶ Second thing is when you are having a massive scheme you need the infrastructure and you want to expand it to more than 60 million children.

若要覆盖超6000万儿童，需建设中央厨房、配备人员并严格质量控制。

bilibili 00:21:25

▶ You need more centralized kitchens, staff and most importantly the quality control because we are talking about children eating free lunches.

毕竟这关乎学童用餐安全。

▶ And that is why people are saying this needs proper management.

因此舆论认为需要科学管理。

▶ You cannot expand it very very fast and the last point is when you are involving billions of dollars.

不宜过快扩张，最后涉及数十亿美元资金。

▶ This year alone it is likely to cost another 10 billion dollars for this program.

仅今年该计划就可能耗资100亿美元。

 00:21:49

▶ There is a chance of corruption and of course many people are criticizing saying that this is expanding too fast and the government is getting money from somewhere else to fund this project even though the government argues that this will help boost children's health as well as literacy program and school attendance.

可能存在腐败风险，批评者指扩张过快且资金来路不明，尽管政府称此举有益儿童健康、识字率及就学率。
