 00:05:26

▶ You mentioned the word mediation, professor.

教授，您提到了调解这个词。

▶ Just now.

刚才。

🎧 I wonder if we could just pivot to that and any potential mediation opportunities here.

我想知道我们是否可以转向这一点，以及这里是否存在任何潜在的调解机会。

🎧 Where would these countries turn to for possible outside mediation?

这些国家会向谁寻求外部调解？

🎧 Certainly the United States would, I assume, would not be an option.

当然，我认为美国不会是一个选择。

🎧 So what other third party could potentially bring things to a peaceful end?

那么还有哪些第三方可能促成和平解决？

 00:05:49

🎧 We have to remember that this this up is not the unprecedented, you know, in 2000, three, there was a burning of the Thai embassy in Panama.

我们必须记住，这种情况并非史无前例，2003年泰国驻巴拿马大使馆曾遭焚烧。

🎧 And so Cambodians got on a nationalist frenzy in 2011, there's also a border clash.

2011年柬埔寨人也曾陷入民族主义狂热，当时也发生了边境冲突。

🎧 that resulted in 2020 lives lost, civilians and military.

导致2020人丧生，包括平民和军人。

🎧 so, you know, the the flare ups, come and go.

所以，你知道，冲突时起时落。

 00:06:13

🎧 this time, I think, unlike 2011, Asean has not played a big role.

这一次，我认为与2011年不同，东盟没有发挥重要作用。

🎧 normally, Asean, the Association of Southeast Asian Nations, comprising the member states of Southeast Asia, would have some kind of a role, raw facilitation.

通常，由东南亚成员国组成的东盟会发挥某种调解作用。

🎧 I think now, the chair, Anwar Ibrahim of Malaysia, prime minister, he appointed Thaksin as adviser on Myanmar.

我认为现在，马来西亚总理兼东盟主席安瓦尔·易卜拉欣任命他信为缅甸问题顾问。

 00:06:34

🎧 And therefore, I would not trust unwise to travel Asean because close of the toxin.

因此，我认为东盟的调解不明智，因为他信与柬埔寨关系密切。

🎧 At the same time, you know, that's the secretary general, one is Cambodian and, supporter of, Hussein appointee.

同时，你知道，东盟秘书长是柬埔寨人，也是洪森任命的人。

🎧 so it's really hard now to find within an Asian context, but ultimately, the US not going to do it.

因此目前在亚洲范围内很难找到调解方，但美国不会介入。

🎧 China says something about this, but I don't think that they were waiting for the risk of failure.

中国对此发表了看法，但我认为他们不愿承担失败的风险。

 00:06:58

🎧 And then the UN, I think that will not be accepted by the Thai side.

而联合国，我认为泰国方面不会接受。

🎧 Thailand would like to keep it, my laptop between the two sides, based on a memorandum of understanding from 2000 that they have.

泰国希望根据2000年的谅解备忘录将问题限制在双边范围内。

🎧 Cambodians want to internationalize it.

柬埔寨人希望将其国际化。

🎧 that's what we stuck.

这就是我们陷入僵局的原因。

🎧 I still think that within the Asean context, it's that mediation, that facilitation that is, that's desperately needed.

我仍然认为在东盟框架内，迫切需要调解和协调。

bilibili 00:07:19

🎧 Now.

现在。

🎧 Professor, as we hear from you, we're also seeing some images from Bangkok, and you see the military moving some of their equipment through the streets, presumably to get them into position here.

教授，在听您讲述的同时，我们也看到一些来自曼谷的画面，可以看到军方正在街道上调动装备，可能是为了部署到位。

🎧 What are you hearing from civilians where you are?

您所在地区的平民对此有何反应？

🎧 and the fear that they have of this situation, as you just laid out, potentially growing worse by the day.

以及他们对这种情况的恐惧，正如您刚才所说，局势可能会日益恶化。

bilibili 00:07:39

🎧 The situation here, I mean, on the on the border, areas, of course, very frightening for for local villagers.

这里的情况，我是指边境地区，当然对当地村民来说非常可怕。

🎧 normally this is a, you know, a brisk, vibrant border trade zone.

通常这是一个繁忙、充满活力的边境贸易区。

🎧 I mean, a lot of border trade going back and forth at time in Cambodia.

我的意思是，柬埔寨边境贸易往来频繁。

⏮ But with this military conflict now, that's off the table and there's been evacuations that diplomatic relations have been severed for now.

但随着军事冲突的爆发，贸易中断，人员撤离，外交关系也已暂时中断。

bilibili 00:08:04

⏮ in, in Bangkok, which is, you know, farther away.

在曼谷，距离较远的地方。

⏮ yeah.

是的。

⏮ I think the situation is that the military, the army is very much in charge now of the, border policy because the government is weak.

我认为目前的情况是，由于政府弱势，军方在很大程度上掌控着边境政策。

⏮ And the Patong Time prime minister had that leaked, telephone call with Vincent deeply damaging, compromising his position.

而巴育总理与Vincent的电话录音泄露，严重损害了他的地位。

⏮ So as a price, I think she had the government had to give the military a free hand, free rein over this border policy.

因此作为代价，我认为政府不得不让军方在边境政策上自由行动。

bilibili 00:08:28

⏮ At the same time, they want to send that the Cambodian side also is, provoking more, I think, trying to scandalized, internationalize it.

同时，我认为他们想表明柬埔寨方面也在进一步挑衅，试图将问题丑闻化和国际化。

⏮ So this is why I think the risk is, that the Thai army is in charge and the Cambodians.

因此我认为风险在于泰国军方掌控局势，而柬埔寨人。

⏮ And to keep provoking.

并不断挑衅。

🎵 Professor Dinan, thank you so much for again helping us better understand the situation.
