这在俄罗斯是如何报道的？

▶ What do Russians make of these past two summits?

但是有很多先决条件，如停火，如和平协议，至少它必须是公正和持久的，安全保证是其中的一部分。

▶ So there are many, many preconditions, but we don't see actually that Putin has changed his codes at all, which has witnessed more than 270 rockets and drones last night killing civilian people in Ukraine.

所以有很多很多先决条件，但我们实际上并没有看到普京有任何改变其行为准则的迹象，昨晚就有超过270枚火箭弹和无人机杀害了乌克兰的平民百姓。

▶ What about the European view?

欧洲的观点呢？

▶ Do you think the leaders who all flocked to Washington, D.C. are going to be happy with the outcome of this meeting?

您认为所有涌向华盛顿特区的领导人对这次会议的结果会感到满意吗？

▶ Well, I certainly think there was a sigh of relief that the meeting between President Zelensky and President Trump went a lot better than it did earlier this year, which we know

ended in a essentially a yelling match, and Zelensky being thrown out of the White House.

嗯，我当然认为人们松了一口气，因为泽连斯基总统和特朗普总统的会晤比今年早些时候那次要好得多，我们知道上次会晤基本上以争吵告终，泽连斯基被赶出了白宫。

 00:08:34

 This was much more positive.

这次要积极得多。

 I think that it is certainly a positive development that President Trump seems so invested in finding a peace deal between Russia and Ukraine.

我认为特朗普总统似乎如此投入于寻找俄乌之间的和平协议，这肯定是一个积极的事态发展。

 That's something that I think we can all agree on is vital for European and global security and thus for American security.

我认为这是我们都能同意的，对欧洲和全球安全至关重要，因此也对美国安全至关重要。

 But of course, there are a lot of questions on how exactly we move forward after the two summits.

但当然，关于在这两次峰会之后我们究竟如何推进，还存在很多问题。

 00:09:03

 And the question of security guarantees is first and foremost on people's minds, how that shaped and what that looks like and what the U.S. role will be in that.

而安全保证的问题是人们首要考虑的，它将如何形成，会是什么样子，以及美国将在其中扮演什么角色。

 And that is exactly my question to you, because after this meeting, we heard President Trump on social media saying that the U.S. would provide coordination for security guarantees.

这正是我要问您的问题，因为会后，我们在社交媒体上听到特朗普总统说美国将为安全保证提供协调。

 Do we have any insights into what that coordination would look like?

我们是否对其协调方式有任何了解？

 00:09:31

▶ It's still very early in the process and that is developing.

这个过程还处于非常早期的阶段，并且正在发展中。

▶ We know that the President will not be sending U.S. troops to Ukrainian territory will not be part of any kind of ground force.

我们知道总统不会向乌克兰领土派遣美军，不会参与任何形式的地面部队。

▶ But I do think that President Trump is starting to understand the need for the U.S. to stay involved in any kind of Ukrainian security guarantee in order for it to stick.

但我确实认为特朗普总统开始理解美国需要继续参与任何形式的乌克兰安全保证，以便使其得以落实。

 00:09:58

▶ And we are so marbled into European defense with regards to intelligence, surveillance, reconnaissance, air mobility, cyber that we have to really be part of that.

我们在情报、监视、侦察、空中机动性、网络方面与欧洲防务如此紧密地结合在一起，我们必须真正成为其中的一部分。

▶ European leaders are obviously also discussing this and are not fully united on what guarantees would look like.

欧洲领导人显然也在讨论这个问题，并且在保证的具体形式上并未完全统一。

▶ You have some European countries that are more forward leaning in terms of ground presence.

有一些欧洲国家在地面存在方面更倾向于向前推进。

 00:10:24

▶ Others are more skeptical.

其他国家则更为怀疑。

▶ But I do think that given past statements of President Putin, it is hard to see him accepting any kind of European presence within Ukraine and having any cease fire if that's part of the deal.

但我确实认为，鉴于普京总统过去的声明，很难看到他接受任何形式的欧洲在乌克兰境内的存在，并且如果这是协议的一部分，也很难看到有任何停火。

▶ American air support does seem to be on the table to support European efforts.

美国的空中支援似乎已被提上日程，以支持欧洲的努力。

▶ Why would that be so important for Ukraine's defenses?

为什么这对乌克兰的防御如此重要？

bilibili 00:10:53

▶ Well, certainly air defense has been a critical need for Ukraine since the beginning of this conflict and providing it with that capability has been something that the alliance has been trying to do since the beginning and Ukrainian defense contact group that was coordinating assistance to Ukraine that along with other capabilities, you were key for Ukraine and it rolls through a lot of its air defense capabilities very quickly given the attacks that Ukraine is consistently under from Russia and even since the most recent summit in Alaska and the meeting in Washington, there are continuing attacks on Ukraine killing scores of civilians.

嗯，当然，自冲突开始以来，防空一直是乌克兰的关键需求，而联盟从一开始就一直在努力为其提供这种能力，乌克兰国防联络小组负责协调对乌克兰的援助，连同其他能力，这对乌克兰至关重要，并且鉴于乌克兰持续遭受俄罗斯的攻击，其大量防空能力消耗得非常快，即使是在最近阿拉斯加峰会和华盛顿会议之后，对乌克兰的攻击仍在继续，造成数十名平民死亡。

▶ So this has to be a part of that.

所以这必须是其中的一部分。

▶ But I also think it's really important to recognize that in terms of discussion of land swaps, security guarantees, etc., President Putin still has not renounced his primary goal.

但我也认为，认识到在讨论土地交换、安全保证等方面，普京总统仍然没有放弃他的主要目标，这一点非常重要。

bilibili 00:12:04

▶ His fundamental goal to try to control Ukrainian political future, permanently block its path to NATO, limit Ukraine's military capability, cement Russia's sphere of influence.

他的根本目标是试图控制乌克兰的政治未来，永久阻挠其加入北约的道路，限制乌克兰的军事能力，巩固俄罗斯的势力范围。

▶ So as we move forward, well, I'm very happy that the U.S. seems to be more involved with Europe and consulting and consulting with Ukraine as well.

因此，在我们向前推进的过程中，嗯，我很高兴美国似乎更多地与欧洲接触，并与乌克兰进行磋商。

▶ We're going to have to get to that core goal of Putin before we have any lasting peace.

我们必须先解决普京的这个核心目标，然后才能实现持久的和平。

 00:12:32

▶ Tonight, as on many nights, people are gathering in support of hostage families.

今晚，和许多夜晚一样，人们聚集在一起声援人质家属。

bilibili 00:14:57

▶ The fate of Israel's hostages is driving, growing demands here for an end to the war.

以色列人质的命运正在这里推动越来越多要求结束战争的呼声。

🎧 Under this deal, half the remaining hostages will be freed during the first 60 days of a ceasefire.

根据这项协议，剩余人质中的一半将在停火的前60天内获释。

🎧 Israel agreed to a very similar deal a few months ago, but its first response to this latest proposal has been negative, saying it wants all the remaining hostages freed at once.

以色列在几个月前同意了一项非常类似的协议，但其对这项最新提议的初步回应是消极的，称希望所有剩余人质立即获释。

 00:15:22

🎧 I think his main goal is to make people forget October 7.

我认为他的主要目标是让人们忘记10月7日。

🎧 And on the way together, he knows that he must get the hostages back, the living one and the deceased one.

并且在此过程中，他知道他必须让人质回来，无论是生还者还是死者。

🎧 And I think he's playing time right now.

而且我认为他现在是在拖延时间。

🎧 He has time right now, and I think at the end, we will have a deal.

他现在有时间，我认为最终我们会达成协议。

🎧 For all those outside the corridors of power, calling for the war to end, there are those inside Benjamin Netanyahu's political coalition who are determined it should continue.

对于所有在权力走廊之外呼吁结束战争的人，本雅明·内塔尼亚胡政治联盟内部也有人决心让战争继续下去。

 00:15:59

🎧 They want garsons out of Gaza and Israelis to move in.

他们希望（哈马斯）武装人员离开加沙，以色列人迁入。

▶ For months, Mr Netanyahu has said he won't consider any deal that permanently ends the war.

数月来，内塔尼亚胡先生一直表示，他不会考虑任何永久结束战争的协议。

▶ Now he's saying that's the only deal he will consider, but that all the hostages have to be released at once, and the Palestinian Authority can have no role in Gaza's future.

现在他说这是他唯一会考虑的协议，但所有 hostages 必须立即获释，而且巴勒斯坦权力机构不能在加沙的未来中扮演任何角色。

bilibili 00:16:23

▶ Summer asking whether Mr Netanyahu wants to make a deal or scupper one.

萨默在询问内塔尼亚胡先生是想达成协议还是破坏协议。

▶ Of course, I mean, if every person in Hamas will put his gun down, of course, but it's not going to happen if you're going to wait until every and each person in Gaza will put their guns down, then this is 100 years.

当然，我的意思是，如果哈马斯的每个人都放下武器，那当然可以，但如果你要等到加沙的每一个人都放下武器，那这是100年（也完不成的事）。

▶ We're never going to see this hostages back home, and we're never going to see the war and it's going to take ages.

我们永远也看不到这些人质回家，我们也永远看不到战争结束，这将需要很长很长时间。

bilibili 00:16:49

▶ I think, and many other analysts believe that Israel might also have hidden agenda items for the war against Gaza beyond the hostages, which is something that Israeli leaders and American leaders have expressed many times, which has to do with ethnic cleansing of Palestinians from Gaza.

我认为，许多其他分析人士也相信，以色列对加沙的战争除了人质问题之外，可能还有隐藏的议程项目，这是以色列领导人和美国领导人多次表达过的，与将巴勒斯坦人从加沙进行种族清洗有关。

▶ The last time Mr Netanyahu was presenting with a deal like this, he took the first part and got some hostages home before collapsing talks on a permanent end to the war.

上次内塔尼亚胡先生面对这样的协议时，他接受了第一部分，让一些人质回家，然后就让关于永久结束战争的谈判破裂了。

▶ How he plans to end this conflict is still a mystery.

他计划如何结束这场冲突仍然是个谜。

bilibili 00:17:27

▶ He's repeatedly said that military pressure is working, but is that pressure aimed at getting the deal he wants or a total Hamas surrender?

他反复说军事压力正在起作用，但这种压力是为了达成他想要的协议，还是为了哈马斯彻底投降？

▶ One path leads at some point to negotiations, the other to a military occupation that many Israelis don't want to pay for and don't want.

一条路最终会通向谈判，另一条路则通向军事占领，这是许多以色列人不愿付出代价也不想要的。

▶ Lucy Williamson, BBC News, Jerusalem.

露西·威廉姆森，BBC新闻，耶路撒冷报道。

bilibili 00:17:52

▶ And for more, I'd like to now welcome up Frank Lowenstein, the former US special envoy for Israeli Palestinian negotiations in the Obama administration.

▶ So we have a spokesperson for Qatar saying this deal is almost the same as one that was put forward by the United States earlier this year.

卡塔尔的一位发言人说，这项协议与美国今年早些时候提出的协议几乎相同。

▶ And that was a deal that Hamas at the time rejected.

而那是一项哈马斯当时拒绝的协议。

 00:18:11

▶ What do you think has now changed?

你认为现在发生了什么变化？

▶ Yeah, well, I was obviously encouraging that they've now accepted the deal that the Israelis had agreed to last month.

是的，嗯，显然令人鼓舞的是，他们现在接受了以色列人上个月同意的协议。

▶ I think it reflects a lot of pressure from Egypt and Qatar on Hamas to show some flexibility.

我认为这反映了埃及和卡塔尔对哈马斯施加了很大压力，要求其表现出一定的灵活性。

▶ I also think there's a lot of pressure on them from the people on the ground.

我还认为，当地人民也给他们带来了很大压力。

 00:18:28

▶ And Gaza, obviously living in absolutely horrific conditions and desperately need a massive surge of humanitarian assistance.

加沙显然生活在绝对可怕的条件，迫切需要大量的人道主义援助。

▶ But I think there are a lot of reasons to be skeptical that this is actually going to work.

但我认为有很多理由怀疑这是否真的能奏效。

▶ First of all, one of your correspondents pointed out.

首先，你们的一位记者指出。

▶ And that's now has changed his position.

而内塔尼亚胡现在已经改变了他的立场。

▶ He's now no longer interested in the partial deal that he agreed to last month.

他对他上个月同意的部分协议不再感兴趣。

Second of all, he really does seem committed to a military campaign which would involve the full, complete and indefinite occupation of Gaza by the IDF and really trying to drive the Palestinians into the southern part of the country and hoping that they'll quote unquote voluntarily migrate, which is effectively the forced displacement of two million Gazans.

其次，他似乎确实致力于一场军事行动，这将涉及以色列国防军对加沙的全面、彻底和无限期占领，并真正试图将巴勒斯坦人驱赶到该地区南部，并希望他们“自愿迁移”，这实际上是强迫两百多万加沙人流离失所。

And finally, politically, there's obviously protest in the street, but nothing not as early care about what the average Israeli thinks.

最后，在政治上，街头显然有抗议活动，但内塔尼亚胡根本不在乎普通以色列人的想法。

He's only interested in his coalition partners who are adamantly opposed to any kind of a ceasefire and could potentially bring his coalition down if he agrees to one.

他只关心他的联盟伙伴，他们坚决反对任何形式的停火，如果他同意停火，可能会让他的联盟垮台。

So you don't think these protests in the streets will put lots of pressure on Netanyahu to accept even if Hamas is offering to release hostages that are some people's family members.

所以你不认为这些街头抗议会给内塔尼亚胡带来很大压力迫使他接受，即使哈马斯提议释放一些人质，他们是某些人的家庭成员。

Yeah, well, I think if he's really shown himself to be impervious to the pressure from the people and also from the IDF, I mean, they were really strongly opposed to this Netanyahu mission to conquer Gaza City and really the rest of Gaza because it would gravely endanger the hostages.

是的，嗯，我认为如果他真的表现出对人民以及以色列国防军的压力无动于衷，我的意思是，他们（以色列国防军）强烈反对内塔尼亚胡征服加沙城乃至加沙其余地区的任务，因为这会严重危及人质。

They do not want responsibility in the IDF for governing two million Palestinians.

他们（以色列国防军）不想承担管理两百万巴勒斯坦人的责任。

 00:19:50

▶ And Netanyahu doesn't really carry.

而内塔尼亚胡并不真正在乎。

▶ He's got a vision driven by the extremists in his coalition to really drive all the civilians out of Gaza and occupy it and definitely build settlements there and significant parts of the country.

他有一个由其联盟中的极端分子驱动的愿景，即真正将所有平民赶出加沙并占领它，并肯定在那里以及该国的重要地区建立定居点。

▶ He's got a vision there that he's also playing out in the West Bank where there's ethnic cleansing going on on a major scale to create a greater Israel, basically free of Palestinians.

他有一个愿景，这个愿景也在西岸上演，那里正在进行大规模的种族清洗，以创建一个基本上没有巴勒斯坦人的“大以色列”。

 00:20:11

▶ And I think he's going to continue to pursue that goal irrespective of any political pressure.

而且我认为他将不顾任何政治压力继续追求这一目标。

▶ Of course, something that the Israeli government denies, but I'm curious if you see how stable you see the current coalition as are there any cracks within the governing coalition that could suggest we could see pressure exerting itself on other members of Netanyahu's coalition?

当然，这是以色列政府否认的事情，但我很好奇，您如何看待当前联盟的稳定性？执政联盟内部是否存在裂痕，可能表明压力会施加到内塔尼亚胡联盟的其他成员身上？

▶ Yeah, that's a great question.

是的，这是个很好的问题。

 00:20:32

▶ The coalition is hanging on by a threat right now.

该联盟目前正岌岌可危。

▶ They've already lost the two major ultra-orthodox parties.

他们已经失去了两个主要的极端正统派政党。

▶ It's actually technically a minority government right now.

实际上，从技术上讲，现在是一个少数派政府。

▶ And if the extremists in his coalition led by Smokers and Ben Gavir, if their parties were to pull out, that would bring the government down and then the Israelis would go to new elections.

如果他联盟中由斯莫特里奇和本-格维尔领导的极端分子，如果他们的政党退出，那将导致政府倒台，然后以色列将举行新的选举。

 00:20:51

▶ And honestly, that might be the best result for Israel.

老实说，这对以色列来说可能是最好的结果。

▶ Now, I think a decision of this magnitude to forsake the lives of 20 hostages and to engage in a long-term military occupation will have extraordinary costs, both to the people on the ground in Gaza and to the IDF and to Israel in general.

现在，我认为做出如此重大的决定，放弃20名人质的生命，并进行长期的军事占领，将付出巨大的代价，无论是对加沙当地人民、以色列国防军，还是对整个以色列。

▶ That should be a decision made by the Israeli public, not just by Netanyahu and a small gang of extremists in his coalition.

这应该是以色列公众做出的决定，而不仅仅是由内塔尼亚胡和他联盟中的一小撮极端分子。

 00:21:13

▶ I just want to come back to the ceasefire proposal in terms of next steps.

我只是想回到停火提案的下一步骤。

⏮ How long do you think it will take until we get an official response from the Israelis?

你认为需要多长时间才能得到以色列的官方回应？

⏮ Well, I think they've already signaled pretty clearly that they're not going to accept this.

嗯，我认为他们已经相当清楚地表示他们不会接受这个。

⏮ I think what to watch for next would be whether they send negotiators to Qatar to resume talks with Hamas.

我认为接下来要看的是他们是否会派谈判代表去卡塔尔与哈马斯恢复谈判。

 00:21:32

⏮ Obviously, even when you have the outlines in the deal, except that there's a lot of details that needed to be sorted out.

显然，即使协议有了大纲，仍有许多细节需要厘清。

⏮ And so if the Israelis are remotely serious about pursuing this or even pretending that they're interested in it in order to put the pressure back on Hamas, they'll send negotiators to Qatar.

因此，如果以色列人哪怕有一点点认真追求这个，或者甚至假装他们对此感兴趣以向哈马斯施压，他们就会派谈判代表去卡塔尔。

⏮ There's been no indication they're willing to do that right now, but that's what you would watch for going forward.

目前没有迹象表明他们愿意这样做，但这是你未来需要关注的。

 00:21:52

⏮ But if they don't send negotiators to Qatar, would that not also increase the international pressure on Netanyahu's government from key allies like Germany, like the United States?

但是，如果他们不派谈判代表去卡塔尔，这是否也会增加来自德国、美国等关键盟友对内塔尼亚胡政府的国际压力？

⏮ Yeah, absolutely.

是的，绝对会。

▶ It's a really important point.

这一点非常重要。

▶ The international community is really four square against the Israeli occupation of all Gaza, and really this plan to force that we displace all the civilians is just anathema to everybody other than really the United States.

国际社会确实一致反对以色列占领整个加沙，而这个强迫所有平民流离失所的计划对除了美国以外的所有人来说都是令人憎恶的。

bilibili 00:22:17

▶ So the question is how much pressure can really be brought to bear on Netanyahu in terms of of punitive measures that would actually get its attention.

所以问题在于，究竟能通过惩罚性措施向内塔尼亚胡施加多大压力，才能真正引起他的注意。

▶ I don't think he cares about symbolic gestures like recognizing a Palestinian state.

我认为他不在乎象征性的姿态，比如承认巴勒斯坦国。

▶ I think only if there were real economic consequences, we need to begin to take that kind of pressure seriously.

我认为只有产生真正的经济后果，我们才需要开始认真对待那种压力。

🎧 The US Director of National Intelligence says the UK has withdrawn its controversial demand to access global Apple users data.

美国国家情报总监表示，英国已撤回其要求获取全球苹果用户数据的有争议要求。

🎧 Tulsi Gabbard said in a post on X, the UK has agreed to drop its instructions for Apple to provide a so-called backdoor, which would have enabled access to Apple users data worldwide as its so-called climate now reports.

图尔西·加巴德在X上发帖称，英国已同意撤销其要求苹果提供所谓“后门”的指令，该指令本可以使（英国）能够访问全球苹果用户的数据，正如其气候部门现在报道的那样。

 00:23:02

🎧 If you use an iPhone or an iPad, your personal data like photos, messages and documents are stored and protected by Apple.

如果您使用 iPhone 或 iPad，您的个人数据（如照片、信息和文档）都由苹果公司存储和保护。

🎧 But late last year the UK government issued the tech giant with a formal notice demanding the right to access any data belonging to Apple users anywhere in the world in the event of a perceived national security threat.

但在去年年底，英国政府向这家科技巨头发出了正式通知，要求有权在认为存在国家安全威胁时访问世界上任何地方苹果用户的任何数据。

🎧 The notice was supposed to legally be kept a secret and Apple doesn't have access to all of that data itself.

该通知按理应依法保密，而且苹果公司本身也无法访问所有数据。

 00:23:29

🎧 In order to comply with the instruction, Apple would have to break its own encryption methods, which it says it will never do.

为了遵守该指令，苹果将不得不破解自己的加密方法，但该公司表示绝不会这样做。

🎧 So instead, it pulled its toughest data protection tool called ADP from the UK market and began legal action against the UK government.

因此，它反而将其最强大的数据保护工具ADP从英国市场下架，并开始对英国政府采取法律行动。

▶ The tech giant and the home office have been in a standoff ever since.

▶ Tulsi Gabbard, the US director of national intelligence, announced via X that the UK was backing down.

美国国家情报总监图尔西·加巴德通过X宣布英国正在让步。

▶ The BBC understands that Apple hasn't yet heard from either the UK or US governments.

BBC了解到，苹果尚未收到英国或美国政府的任何消息。

▶ The US administration has always been highly critical of the UK's action, which it saw as an attack on the privacy of its citizens and an overreach of power.

美国政府一直高度批评英国的行动，认为这是对其公民隐私的侵犯和权力越界。

 00:24:29

▶ Recently, JD Vance has spent time in the UK and Kirstaama has just met Donald Trump in Washington, DC.

最近，JD·万斯在英国待了一段时间，而基尔斯塔马刚刚在华盛顿特区会见了唐纳德·特朗普。

▶ There's also the ongoing specter of tariff negotiations.

还有持续存在的关税谈判幽灵。

▶ Tulsi Gabbard's announcement doesn't mean the UK government will stop issuing more secret notices to other tech firms offering data protection services and it's also not clear whether Apple will continue with its legal action.

图尔西·加巴德的宣布并不意味着英国政府将停止向其他提供数据保护服务的科技公司发出更多秘密通知，也不清楚苹果是否会继续其法律行动。
