晚上好。

▶ It was a pretty decent day to stay up and down the country.

 00:30:02

我们看到周围有相当多的阳光，西部地区只有一两场阵雨，但周末看起来也相当不错。

▶ It's going to feel warmer.

▶ There should be quite a bit of sunshine around, but it will start to turn windies we had through the weekend with some rain arriving across Western areas, particularly on Sunday.

周围应该会有相当多的阳光，但周末开始会变得有风，西部地区会有一些降雨，特别是在周日。

 00:30:17

▶ So this area of high pressure dominates the scene as we head into tonight and certainly into the start of the weekend.

因此，随着我们进入今晚，当然也进入周末开始，这片高压区主导着天气形势。

▶ Our winds started to come up from the south, but they will be light, wringling or whales.

🎧 So it's going to be another fairly chilly one, certainly in rural spots, close to coast though into the low teens.

所以这将是又一个相当寒冷的夜晚，当然在农村地区，靠近海岸的地方气温会降到十几度以下。

 00:30:33

🎧 So we start off maybe a little bit of mist and fog England and Wales East and Scotland plenty of sunshine here, a bit more cloud and some breeze from Northern Ireland and Western Scotland, but the vast majority should stay dry with the sunshine continuing a little bit easier times into the afternoon, but we're up to 22 or 23 degrees.

所以我们开始时英格兰和威尔士东部可能会有一些雾和薄雾，苏格兰这里阳光充足，北爱尔兰和苏格兰西部云量较多，还有一些微风，但绝大部分地区应该保持干燥，阳光持续，下午时分会更轻松一些，但气温会上升到22或23度。

🎧 The winds will though be strengthening from the south.

然而，风会从南方加强。

🎧 Now into Sunday, this area of low pressure edges a bit closer to Western areas.

进入周日，这片低压区向西部地区靠近了一些。

 00:30:57

🎧 It squeezes up against the high pressure system, which is why the ice bars close together.

它挤压着高压系统，这就是为什么等压线靠得很近。

🎧 So a windy day on Sunday, plenty of sunshine through central and eastern parts.

所以周日是多风的一天，中部和东部地区阳光充足。

🎧 So we've got some shawry burst rain pushing into the West, some of that could be quite thundry in places, but we could be up to the mid twenties across some eastern areas on Sunday, feeling a little bit more humid as well.

所以我们有一些阵性降雨推进到西部，其中一些地方可能相当雷雨交加，但周日东部一些地区气温可能上升到二十五度左右，感觉也会更潮湿一些。

 00:31:17

▶ Further northwest still quite warm, but you'll have the showers Monday.

更西北的地区仍然相当温暖，但周一会有阵雨。

▶ We've got Southwest daily winds showers around some of them, could be heavy and thundry across some Western areas.

我们有西南风，每天都有阵雨，其中一些阵雨可能很大并伴有雷声，遍及西部一些地区。

▶ but again, much of central and eastern parts of Scotland and England will stay dry with a good deal of sunshine, although not quite as warm as Sunday, 22 maybe 23 degrees.

但同样，苏格兰和英格兰中部和东部的大部分地区将保持干燥，阳光充足，尽管不如周日温暖，气温为22或23度。

 00:31:34

▶ But as we move through the new week, it will turn more unsettled again as low pressure takes over, starts to feel a little bit cooler as well.

但随着我们进入新的一周，天气将再次变得更加不稳定，因为低压接管，开始感觉也有点凉。
