⏮ Otherwise, we're going to fall behind in a global race within tech.

否则，我们将在全球科技竞赛中落后。

⏮ That is correct.

确实如此。

⏮ The problem is that there are a lot of concerned workers that may basically decide to leave the United States and take their skill sets somewhere else like Europe, Canada, Asia as a result of which making more difficult for American companies to be competitive.

问题在于，许多担忧的工人可能基本上会决定离开美国，带着他们的技能去其他地方，比如欧洲、加拿大、亚洲，这将使得美国公司更难保持竞争力。

 00:09:05

⏮ So I think it brings up an excellent point.

所以我认为这提出了一个很好的观点。

⏮ Are we really hurting ourselves or helping ourselves by creating this scenario for companies to meet?

🎧 I mean, there was a study done by University of Wardenscourt business at the University of Pennsylvania earlier this year that basically said that if you concentrated a little bit more on businesses that were on positions that are skilled sets, you would increase economic growth.

▶ Let's now focus on the ongoing saga involving TikTok President Trump said in an interview on Sunday, the media baron, Rupert Murdoch and his son, Lachlan, are likely to be involved in the deal to keep TikTok in the US.

现在我们关注一下持续发酵的TikTok事件。特朗普总统在周日的一次采访中表示，媒体大亨鲁珀特·默多克和他的儿子拉克兰很可能参与将TikTok留在美国的交易。

▶ In an interview with Fox News, he added that Oracle executive chairman Larry Ellison and Dell Technologies Chief Executive Michael Dell are also likely to be involved.

🎧 Lovely to see you, Jasmine.

很高兴见到你，贾斯敏。

🎧 What do you think of this latest development?

你对这一最新进展有何看法？

🎧 And obviously China's not said anything or commented, nor have any of these companies, but President Trump is putting it out there.

显然中国没有发表任何言论或评论，这些公司也没有，但特朗普总统正在公开谈论此事。

 00:11:28

🎧 Yeah, I mean, we really don't have anything concrete yet.

是的，我的意思是，我们确实还没有任何具体信息。

🎧 So there's still a lot more questions and there are answers and a lot of confusion.

所以仍然有很多问题，答案却很少，而且存在很多困惑。

🎧 The Trump administration has also been using pretty vague language to describe what's going to happen to the algorithm, which of course has been a big sticking point in negotiations between the U.S. and China.

特朗普政府在描述算法将如何处理时，也一直使用相当模糊的语言，这当然是美中谈判中的一个主要症结。

 00:11:52

▶ Saying control of the algorithm really doesn't clarify what's going to happen to that ownership.

说控制算法并没有真正#澄清#那个#所有权#将如何处置。

▶ I think part of the vagueness is by design because it sounds like some of these details are still being worked out despite the confidence that we're hearing from the Trump administration.

我认为这种模糊部分是刻意为之，因为尽管我们听到特朗普政府充满信心，但听起来一些细节仍在敲定中。

▶ And while the algorithm, of course, is a crucial part to this deal, it's also a critical part of what makes TikTok tick.

当然，算法是这笔交易的关键部分，但它也是TikTok成功运作#的关键部分。

 00:12:18

▶ Even if they do come to terms over what happens to that technology, there's still the question of how users will respond to new ownership as well as a new version of TikTok here in the U.S.

即使他们就该技术的处置达成协议，仍然存在用户将如何回应新所有权以及美国版TikTok新版本的问题。

▶ Is it assumed there would be a new version then it would be quite different?

是否假设会有一个新版本，而且会相当不同？

▶ Yeah, well, again, that's a big unknown, but it is a possibility that there would be a new version, potentially even a new app.

是的，嗯，同样，这是个很大的未知数，但存在出现新版本的可能性，甚至可能是一个全新的应用程序。

 00:12:42

🎤 And if that does happen, I imagine that initially a lot of users would migrate if out of curiosity alone, but whether or not they stay on the app really depends on what the user experience is like.

如果这种情况发生，我想最初很多用户会仅仅出于好奇而迁移，但他们是否会留在该应用上，真正取决于用户体验如何。

🎤 If say the U.S. TikTok is cut off from content from the rest of the world, that could degrade the user experience and cause people to spend less time there.

比如说，如果美国版TikTok与世界其他地区的内容切断联系，那可能会降低用户体验，导致人们减少使用时间。

🎤 And that, of course, has major implications then for brands, advertisers, and TikTok as well in terms of its ability to monetize.

当然，这对品牌、广告商以及TikTok自身的货币化能力都会产生重大影响。

 00:13:17

🎤 And it could eventually make the app less valuable to investors and other parties that use the app to reach consumers and sell goods.

最终，这可能会降低该应用对投资者以及其他利用该应用接触消费者和销售商品的各方的价值。

🎤 If this were to happen though, the MIRDA campaign oracle Dell, I mean, it would be a huge prize wouldn't it for their businesses?

不过，如果这种情况发生，MIRDA行动#甲骨文#戴尔，我的意思是，这对他们的业务来说将是一个巨大的奖赏，不是吗？

🎤 Yeah, I mean, there are all media and tech giants that would benefit greatly from getting access to TikTok's audience.

是的，我的意思是，所有媒体和科技巨头都将从获得TikTok的受众中受益匪浅。

 00:13:43

🎤 Again, though, that really depends on whether or not TikTok retains that same audience of what they say is 170 million accounts here in the U.S.

不过，同样，这真正取决于TikTok是否还能保留他们所说的在美国的1.7亿账户的相同受众。

▶ And what we've seen in our research is that while TikTok is still used about an hour a day by Americans, we are also predicting somewhat of a decline in that time spent as its influence while still huge has started to wane.

我们的研究显示，虽然美国人每天使用TikTok的时间仍约为一小时，但我们预测其使用时间将有所下降，因为其影响力虽然仍然巨大，但已开始减弱。

▶ And, you know, as we change ownership, potentially change ownership, there's again, always the possibility that if that changes the operations or the content on TikTok, that users could leave.

而且，你知道，随着所有权变更，可能的所有权变更，总是存在这样的可能性：如果这改变了TikTok的运营或内容，用户可能会离开。

▶ Yeah, I'm particularly interested, worried about the supply chain.

是的，我特别关注并担忧供应链的状况。

 00:16:45

▶ Many of those companies are relatively small, really depend upon JLR and three weeks without supplies, very meaningful.

其中许多公司规模较小，严重依赖捷豹路虎，三周断供影响重大。

▶ Of course, there's the disruption when they start production again as well.

▶ And that's where we may need to lean on governments and you may need something like a furlough scheme, not unlike what you saw during the pandemic crisis.

bilibili 00:18:00

▶ I mean, you say we may need, don't you think it is required?

▶ Well, it depends company by company.

这需视企业具体情况而定。

▶ But as you know, the suppliers are already talking to government through the SMMT and it looks increasingly likely, yes.

我确信初期会存在#抵触情绪#。

▶ But as I say, basically, this supply chain is vital.

但正如我所言，这条供应链至关重要。

▶ JLR is the largest manufacturing in the UK.

捷豹路虎是英国最大的制造业企业。

▶ And if it loses its supply chain, it also means that companies like McLaren, Bentley, Aston Martin, Lotus, they also often use the same supply base.

若其供应链崩溃，意味着迈凯伦、宾利、阿斯顿·马丁、路特斯等常共用同一供应链的企业。

▶ So they would also therefore be disrupted.

这些企业同样会受波及。

bilibili 00:18:50

▶ Okay.

明白了。

▶ Thank you, Andy.

谢谢您，安迪。

▶ We will continue to keep a very close eye on what happens at JLR.

我们将持续密切关注捷豹路虎的动态。

▶ Now from today, millions of Indians will find a wide range of products from milk to medicines getting cheaper in a sweeping overhaul of India's goods and services tax.

从今日起，随着印度商品与服务税的重大改革，数百万印度民众将发现从牛奶到药品的众多商品价格下降。

▶ Prime Minister Narendra Modi's government has cut four tax slabs to two, which are now five and 18%.

莫迪总理领导下的政府将四档税率简化为两档，现行税率为5%和18%。

▶ Archina Shukla reports from Mumbai on how markets and shoppers are responding to this.

阿尔奇纳·舒克拉从孟买发回报道，讲述市场与消费者对此的反应。

▶ Mumbai's markets are a bus.

孟买市场一片繁忙。

▶ New tax cuts are expected to bring in more shoppers this festive season.

新一轮减税有望在这个#节日#季吸引更多消费者。

▶ If the text will come down, so automatically our pocket will allow to spend some more.

如果价格下降，我们自然能多些消费预算。

▶ I am hopeful that it works as per plan.

我#希望#计划能顺利实施。

bilibili 00:19:42

▶ If it does, of course, it's going to be beneficial for all of us.

若真如此，显然对大家都有#益处#。

▶ The markets are already preparing.

市场已开始准备。

▶ It's the start of the biggest festive season and with tax cuts across hundreds of product categories from clothes to shampoos, sweets to even cars and motorcycles, the hope is that millions more people will come out shopping and it will keep the economy rolling.

正值最大节日季开端，从服装到洗发水、糖果乃至汽车摩托车等数百类商品降税，有望吸引数千万民众出门购物，推动经济运转。

bilibili 00:20:05

▶ The government holds it could also absorb some of the impact of the US trade tariffs.

政府称此举还可抵消美国贸易关税的部分影响。

▶ Small cars and motorbikes are now 10% cheaper and automakers are betting the price cuts will rev up slow sales.

小型汽车和摩托车降价10%，车企押注降价将刺激低迷销量。

▶ At a showroom of one of the country's largest two-wheeler brands, such in Kanavat tells me sales could jump 25%.

在该国最大双轮车品牌之一的展厅，坎纳瓦特的销售人员告诉我销量可能增长25%。

▶ Over half of Indian households depend on two-wheeler and price cuts are already drawing more buyers into showrooms.

超半数印度家庭依赖双轮车，降价已吸引更多买家涌入展厅。

 00:20:41

▶ If I compare to same festive period for the last pre-booking or campaigns, so this pre-booking campaign is having 30-40% more bookings compared to the last day.

与去年同节日季的预售活动相比，本次预售活动的预订量比去年高出30-40%。

▶ Some retailers are waiting to see how these tax cuts play out.

部分零售商持观望态度。

▶ For now, they're rolling out promotions and updating prices.

目前他们正推出促销活动并更新价格。

▶ Urban shoppers are sure to gain, but companies are targeting smaller price sensitive towns and villages home to two-thirds of India.

城市消费者必将受益，但企业正瞄准占印度三分之二人口的物价敏感型小城镇与乡村。

 00:21:08

▶ In the metropolitan cities, they are the affordability is more, the next-run cities, the more the rural, sub-rural, they are the impact of much more.

大都市居民购买力较强，而二三线城市及乡村地区受惠程度会更显著。

▶ Gap between affordability and ambition will now reduce.

购买力与消费意愿之间的差距将缩小。

▶ The tax cuts may boost festive sales, but experts say they'll help offset only some of the impact of the trade tariffs.

减税或能提振节日销售，但专家称仅能抵消部分贸易关税影响。

▶ And whether the world's fastest-growing economy can sustain its pace will depend on how much of these savings trickle down and how long this pending continues.

这片全球增长最快的经济体能否保持增速，将取决于储蓄转化消费的规模及持续时长。

▶ Archen Schuchler, BBC News, Mumbai.

BBC新闻，阿尔钦·舒赫勒发自孟买。

▶ And it is a Gibbs SR toothpaste.

这是吉布斯SR牙膏。

▶ This was no ordinary toothpaste, so the advert said, because it had the tingling fresh toothpaste that does your gums good.

广告称这不是普通牙膏，因其特有的劲爽配方能护龈健齿。

bilibili 00:22:21

▶ Of course it does.

效果确实如此。

▶ Well, let's talk to Luke Boziah, who is UK Chief Operating Officer at WPP Media.

现在有请WPP传媒英国首席运营官卢克·博齐亚。

▶ We all get very sentimental when we see these old adverts.

看到这些老广告总会让我们非常怀旧。

▶ We were a captive audience back then, but not anymore, and that's the problem, isn't it?

当年我们是被动受众，但今非昔比，这正是问题所在吧？

▶ Well, I think good television advertising still absolutely has the power to tell great stories and captivate audiences.

我认为优质电视广告依然完全具备讲述精彩故事、#吸引#观众的能力。

bilibili 00:22:49

▶ I think we've all got memories of our favourite ads, and there's some amazing TV ads on air at the moment.

人人都有难忘的经典广告记忆，当下也不乏出色的电视广告。

▶ So yes, the way that we're watching TV has changed, but certainly the power of television advertising stands true.

观看方式虽已改变，但电视广告的效率依然确凿无疑。

▶ It is, and it's just most of us, I know I certainly do, I just whizz through the ads if I can, or you select a platform where actually you can pay to not see any advertising.

确实，但像我们大多数人（包括我自己）都会快速跳过广告，或选择付费免广告的平台。

bilibili 00:23:15

▶ So how has television, as we know, responded to that, because advertising for ITV and commercial channels is critical?

那么电视行业如何应对？毕竟广告对ITV等商业频道至关重要。

▶ Yeah, well, it's interesting, you say that, because you hear this a lot, don't you?

您提的这点很有趣，这种说法确实屡见不鲜。

▶ I skip through the ads, I don't really watch them.

"我总会#跳过#广告，基本不看"。

▶ Interestingly, when you look at the effectiveness of advertising, we continue to see it being incredibly strong.

但有趣的是，广告实效性数据依然显示其影响力惊人。

bilibili 00:23:36

▶ So a recent study that looked at 1.8 billion pounds worth of advertising spend across the UK looking at 140 different brands saw that the overall return on investment for advertising was four pounds and 11.

近期一项研究调查了英国18亿英镑广告支出覆盖的140个品牌，发现广告总体投资回报为4.11英镑。

▶ When you isolated television advertising, that went up to five pounds 61.

当#单独#分析电视广告时，回报率升至5.61英镑。

▶ So over a 35% increase in return on

这意味着投资回报增长超过35%

 00:23:59

▶ Investment for television advertising.

电视广告的投资。

▶ So whilst people might say, I'm not watching ads I skip them, what we see is that the impact is still very much there.

所以#尽管#人们可能会说，我不看广告，我#跳过#它们，但我们看到的是其影响力依然存在。

▶ In terms of how broadcasters and other channels have responded, we are seeing that, obviously, revenue is moving from the traditional broadcast advertising that you might have seen on advertising on ITV and channel four.

关于广播公司和其他频道的应对方式，我们明显看到收入正从传统的广播广告（比如你在ITV和第四频道看到的广告）转移。

 00:24:25

▶ That's now moving to streaming.

现在正转向流媒体。

▶ So they all have streaming offerings which are ads served.

因此它们都推出了带有广告服务的流媒体产品。

🎵 And all of the streamers, so the Netflix's and Amazon primes and Disney Plus's, also all have ad products within their portfolio and we're seeing that increase.

所有流媒体平台，如Netflix、Amazon Prime和Disney+，也都将广告产品纳入其业务范围，并且我们看到这一趋势在增长。

🎵 So it's, you're perhaps not seeing the same audiences all at once, but you are able to capture them, you just have to work a bit harder, which makes my job more interesting.

所以，你可能无法一次性触达相同的受众，但你仍能捕捉到他们，只是需要更努力一些，这让你的工作更有趣。

 00:24:51

🎵 So the TV ad is here to stay?

那么电视广告会持续存在吗？

🎵 Yeah, absolutely.

是的，绝对会。

🎵 We see that those brilliant stories, that fabulous story that if we'd have heard the audio of SR Gibbs, the tingling feeling, protecting gums and those stories and ads that we all love incredibly powerful at selling products.

我们看到那些精彩的故事，比如若听过SR Gibbs的音频那种刺痛感、保护牙龈的故事，以及我们都喜爱的广告，在推销产品方面具有惊人的力量。

🎵 Also, we know that audiences love great content.

此外，我们知道观众喜欢优质内容。

 00:25:14

🎵 So as long as we've got those two things in existence, then television advertising will still have a future.

因此只要这两者存在，电视广告就仍有未来。

🎵 And just very briefly, Luke, so almost at a time, which, which advert do you think of?

卢克，简单来说，几乎在同一时间，你会想到哪个广告？

▶ Straight away when you think of a TV ad?

一想到电视广告立刻浮现的是？

▶ Well, as a product of the 90s, I probably have to go to the Guinness Surfers ad, which I think was also voted one of the all-time favourite TV ads ever.

作为90年代产物，我大概会选健力士冲浪者广告，它也被评为有史以来最受欢迎的电视广告之一。

bilibili 00:25:37

▶ So it's not whether it's favourite.

所以重点不在于是否是最爱。

▶ It's whether sometimes it can be so irritating, like, you know, like the shaken vac ad.

而在于有时它可能很烦人，比如那个摇晃吸尘器的广告。

▶ I mean, I'll never forget that one.

我的意思是，我永远忘不了那个。

▶ But then the ball for a lads, the family around the table and the mum looking the gravy.

但还有像小伙子们的足球广告、全家围坐餐桌妈妈看着肉汁的温馨广告。

▶ Luke, we're out of time.

卢克，时间到了。

▶ Thank you so much for talking to us and have a good day.

非常感谢您的分享，祝您有美好的一天。

bilibili 00:25:56

▶ And you too have a lovely day.

也祝您度过愉快的一天。

▶ I'll see you soon.

回头见。
