🎧 I'm going to head to Westminster first and to Harry because uh Kstarma chaired that meeting between European leaders.

首先连线威斯敏斯特的哈里，因为K·斯塔默主持了欧洲领导人会议。

🎧 What is number 10 saying that came out of that?

唐宁街10号对此有何表态？

🎧 Well, in the last few minutes, Matthew, we've had a statement from Downing Street.

马修，几分钟前唐宁街发表了声明。

 00:06:11

🎧 And what I think is interesting about it is this tight rope that we've seen repeatedly with this coalition of the willing in how it responds to actions taken by the US president.

值得注意的是这个"自愿联盟"在回应美国总统行动时反复展现的平衡术。

🎧 On the one hand not wanting to irritate him, on the one hand going out of their way in fact to praise and to thank him while at the same time uh making clear where they differ.

既避免激怒他，又特意赞扬感谢，同时明确分歧点。

🎧 So in the statement that we've had from Downing Street in the last few minutes, it says that they thanked President Trump for his efforts in bringing Putin to the table in pursuit of a ceasefire.

最新声明中，唐宁街感谢特朗普总统推动普京参与停火谈判的努力。

 00:06:42

🎧 And then it goes on that said the prime minister was clear that uh the UK's support for Ukraine is unwavering.

接着强调首相明确表示英国对乌支持坚定不移。

🎧 But then he goes on to say international borders must not be changed by by force and Ukraine must have a robust and credible security guarantee to defend its territory as part of any deal.

但补充说国际边界不得以武力改变，任何协议都必须包含捍卫乌克兰领土的强有力安全保障。

▶ And actually in the last minute or so we've also we've heard directly from the the prime minister speaking at the top of that meeting and he said there had been some real progress in relation to security guarantees.

就在刚才，我们听到首相在会议开场时表示，安全保障方面已取得实质进展。

bilibili 00:07:11

▶ He didn't elaborate on that.

他未详细说明。

▶ We don't know any details of what that means but he said that it was this coalition this group of countries including uh you uh France, Germany, Italy, Poland, Finland uh that coalition stepping up but alongside the backing of the US.

虽不清楚具体内容，但他指出包括法德意波芬等国在内的联盟正在推进，并有美国支持。

▶ So I think we it'll be interesting to see if any further details of what that uh security guarantee, what progress towards that might look like.

期待看到关于安全保障进展的更多细节。

bilibili 00:07:33

▶ But on the one hand, Downing Street, as I say, going out of their way to uh thank to praise the US president while also being clear on areas that they differ, particularly on this uh on the idea of uh any talks about borders and sec and ceasefire coming alongside a security guarantee and that borders must not be changed by force.

正如所说，唐宁街既大力感谢赞扬美国总统，又明确分歧点，特别是关于边界谈判必须与安全保障同步，且边界不得以武力改变。

▶ Harry, I'll come back to a couple of those points in a moment on security guarantees.

哈里，稍后再讨论安全保障的几点。

▶ in that news conference, Chancellor Murk saying that uh we spoke briefly about security guarantees.

默克尔总理在记者会上表示简要讨论了安全保障。

▶ We know Ukraine needs security guarantees, what they look like.

我们知道乌克兰需要何种形式的安全保障。

▶ That is not really part of the extensive conversations today.

但这并非今日深入讨论的内容。

▶ So they have obviously marked that area as something they need to sort out, but of course all the focus is on the ceasefire.

显然他们将该问题列为待解决事项，但当前焦点仍是停火。

▶ So that was what the German chancellor said.

这是德国总理的表态。

▶ Let me go to Arunaday in Washington and Arunaday a very positive meeting there from European leaders saying they're of one voice they spoke there to Donald Trump give me a sense of where you think the White House is in all of this certainly around territory because rather confusing almost contradictory statements coming out of the White House and Donald Trump himself over recent days.

现在连线华盛顿的阿鲁纳迪，欧洲领导人称与特朗普达成积极共识，请分析白宫立场，特别是领土问题上近日矛盾表态的原因。

▶ Absolutely Matthew and I think you know President Trump is expected to sh speak in a short while from now at another event.

确实马修，特朗普总统即将在另一活动讲话。

▶ So perhaps there would be some more question answer in that based on what he spoke and perhaps we might get a sense of what he's thinking after that phone call.

根据通话内容可能会有更多问答环节，帮助我们理解其想法。

▶ But ahead of that phone call, President Trump made it very clear that you know he'll be speaking to these great leaders of Europe who all want to see a deal done.

但在通话前，特朗普明确表示将与希望达成协议的欧洲领导人交谈。

 00:09:08

▶ Uh he's been talking about this and essentially the messaging from the White House is that look this needs to happen with a great deal of urgency.

白宫核心信息是此事亟需解决。

▶ But having said that, you know, a statement from President Trump yesterday was significant where he said that look, this is also just going to be also a listening exercise.

但值得注意的是特朗普昨日声明称这也将是一次倾听行动。

▶ He's going to get a sense of where Vladimir Putin is, how serious really he is, is the messaging from there.

目的是评估普京的真实立场。

 00:09:29

▶ But now based on this meeting with the European leaders, the the intention of course was to, you know, wish President Trump for for that meeting, but also make it very clear that these are the non-negotiables when it comes to Ukraine and the European leaders.

此次与欧洲领导人会晤，既是为特朗普会面祝福，也是明确涉乌问题的不可妥协立场。

▶ making that message very clear to the US president.

向美国总统明确传达这一信息。

▶ So Donald Trump will be going into that meeting knowing what is something that would be agreeable agreeable and what would be not especially in the context of what he's already said talking about the swapping of territories which has been the real concern which is why you've seen those very strong statements coming out of Ukraine as well as the European leaders who've talked about you know the sovereignty of Ukraine cannot be questioned that is very clear now when you look at what Vladimir Putin in the past has said well we've you know we we we've seen the kind of demands that he's made so he's probably going to be adamant on that.

因此特朗普将带着明确红线参会，特别是他此前提及的领土交换问题——这引发乌方和欧洲领导人强烈反应，他们强调乌克兰主权不容质疑。考虑到普京过往表态，他很可能坚持原有主张。

 00:10:16

🎧 So, it would be very interesting to see what kind of middle path, if at all, President Trump is able to find.

观察特朗普能否找到中间路线将非常有趣。

🎧 And just a few more statements, you know, that have been coming in.

还有几份最新声明。

🎧 We've just uh heard an interview of uh the US ambassador to NATO, uh Matthew Whitaker, who essentially also said that look, there is a great deal of agency to get this done.

北约大使马修·惠特克接受采访时表示，达成协议存在很大操作空间。

 00:10:33

🎧 But this has been a war that has been going on for a very long time and it can't just come to an end overnight.

但这场持久战争不可能一夜结束。

🎧 This is going to be President Trump gauging the situation, gauging the intentions of President Vladimir Putin, understand what he wants and then going back.

特朗普需要评估局势和普京意图，明确其需求后再做决断。

🎧 So I think there's going to be a lot of back and forth uh but certainly you know optimism but as I keep saying there is cautious optimism.

因此将经历反复磋商，虽持乐观态度但需谨慎。

 00:10:54

🎧 Arunay returning to what we were hearing out of Westminster Kama saying there's a viable chance of reaching a ceasefire in Ukraine but also Britain stands ready to increase pressure on Russia if necessary.

阿鲁纳，回到威斯敏斯特消息，卡玛称乌克兰停火有望，但英国也准备必要时加大对俄施压。

🎧 Where do you think Donald Trump is when it comes to sanctions to pressure if there is not real headway on Friday?

你认为若周五未取得进展，特朗普在制裁施压问题上的立场如何？

🎧 Because Putin of course is the master of muddying the waters.

毕竟普京最擅长混淆视听。

 00:11:20

🎧 Look, you know, to that I'm just going to directly talk about what Scott Besson, the Treasury Secretary, had to say earlier on where he made it very clear all options were on the table.

对此我想引用财长斯科特·贝森先前的明确表态：所有选项都在桌面上。

🎧 He said President Trump is a leader who who is able to create leverage for himself when he has these kind of negotiations.

他说特朗普善于在谈判中创造筹码。

🎧 Well, as far as Scott Besson is concerned, all options are on the table.

贝森强调所有选项均可考虑。

 00:11:38

🎧 But there would be some quarters who would be questioning what exactly happens next given the fact and if we go back on the 8th of August, which was the deadline that President Trump had set for Russia to come to the talking table and agree to a ceasefire agreement, uh that passed because that was the same day when they discussed the or they announced the fact that they will be meeting.

但有人质疑后续发展，因为特朗普设定的8月8日俄方同意停火谈判最后期限已过——当天双方宣布将举行会晤。

🎧 So the the conversation about secondary tariffs or even sanctions sort of was overshadowed with the fact that both these leaders are meeting.

因此次级关税或制裁的讨论被领导人会晤消息掩盖。

🎧 So you know given the past and so far President Trump has threatened sanctions against Russia but in his second term he has not actually gone ahead with those plans everything will depend on sort of how the meeting really progresses whether there are any kind of successful forward steps that are taken based on which we will perhaps be able to see if there is appetite but if there is a sense that is created that look these are leaders who are talking you know they're going to go back to the European leaders and Ukraine and then come back so perhaps in that window there could be a possibility that President Trump as we've seen in the past sort of gives a little more time before he actually takes that option.

鉴于特朗普在第二任期虽威胁制裁但未实施，一切取决于会谈进展。若有积极进展，可能暂缓制裁；若显示仍需与欧乌领导人协商，特朗普或像以往那样暂缓行动。

 00:12:38

🎧 But from the Trump administration, at least officially, the line is that all options are still on the table.

但特朗普政府官方立场仍是所有选项均可考虑。

🎧 Harry, a question about sanctions.

哈里，关于制裁的问题。

🎧 I just read out what the prime minister has said, but it was interesting in that news conference, Chancellor Mertz was asked if there is a ceasefire, would sanctions be lifted?

首相表态后，记者会上有人问默茨总理停火后是否解除制裁，这很有趣。

🎧 And that's a really interesting point because I was mentioning to Arun today that Putin was a master of muddying the waters.

关键点在于普京擅长混淆视听。

 00:13:03

🎧 If if we get to a situation where there is some sort of progress, I suppose certainly from what the White House has suggested in the past, they're quite keen to push business interests with Russia.

若取得进展，按白宫过往表态，他们可能倾向推动对俄商业利益。

▶ So, are we clear where we are with sanctions when it comes to Europeans?

那么欧洲在制裁问题上的立场明确吗？

▶ Not immediately.

尚不明确。

▶ No, Matthew, to be honest.

老实说，马修。

▶ And the language as you say coming out of Downing Street is more in the opposite direction that they are prepared to increase not decrease uh sanctions on Russia.

正如你所说，唐宁街表态更倾向于加强而非减轻对俄制裁。

 00:13:35

▶ If there was a ceasefire I think that will be whether they are eventually unwound.

即使停火，制裁解除也将是渐进过程。

▶ My understanding is that they take quite some time uh to do it would take quite some time to do that.

据我了解需要相当长时间
