所以现在已经超过五年了。

▶ However, since 30 years ago, I have been doing business in retail and in shopping centers.

▶ So I have a lot of knowledge in understanding consumer behavior and consumer psychology.

因此，我对消费者行为和消费者心理有深入的了解。

 00:01:48

 Okay.

好的。

 I mean Ruby these department store locations uh you know about the the long history here in Canada but these locations have large footprints too.

我是说，Ruby，这些百货商店的位置在加拿大有着悠久的历史，但这些位置也有很大的占地面积。

 So what is your your vision for these locations?

那么你对这些位置的愿景是什么？

 Right now we are encountering a e-commerce era.

我们现在正处在电子商务时代。

 So internet plays a very key and important role in our daily life.

因此，互联网在我们的日常生活中扮演着非常关键和重要的角色。

 00:02:16

 Therefore we want to uh drag young people from internet into reality and uh from online to offline.

因此，我们想把年轻人从互联网拉回现实，从线上拉到线下。

 We support young generation Z generation and back into shopping malls and we'll do innovation and to attract more younger generation back into shopping malls.

我们支持Z世代年轻人回到购物中心，并通过创新吸引更多年轻一代回到购物中心。

 Thank you.

谢谢。

 Ruby just wrote a letter to the right honorable prime minister a few days ago and requesting a chance to meet with the prime minister in person to talk about how to um

improve the competitiveness for the country and how to provide benefits and even like a free loan, no interest loan to younger generation, to new immigrants, to new uh the younger entrepreneurs uh to have more benefits to opened up innovation um new work and new business um to talk about how to reform and how to bring new things to the retail industry in Canada.

Ruby几天前给尊敬的总理写了一封信，请求有机会与总理亲自会面，讨论如何提高国家的竞争力，以及如何为年轻一代、新移民和年轻企业家提供福利，甚至是无息贷款，以促进创新、新工作和新业务，并讨论如何改革和为加拿大的零售业带来新事物。

 00:03:25

 It'll be interesting to see what the prime minister response will be.

看看总理的回应会是什么将会很有趣。

 Ruby also urged um to the prime minister that we should learn from Thailand because Thailand is um well known around the world for the high quality of their service level.

Ruby还向总理敦促我们应该向泰国学习，因为泰国以其高水平的服务质量闻名于世。

 So it offers not only fine dining, entertainment, um shopping, it offers a lot of high level services to visitors.

它不仅提供美食、娱乐和购物，还为游客提供许多高水平的服务。

 00:03:56

 So in order to uh improve our country's competitiveness overall, we need to learn from them.

因此，为了提高我们国家的整体竞争力，我们需要向他们学习。

 We need to learn from the shopping center, the retail industry there.

我们需要学习那里的购物中心和零售业。

 So right now, Ruby thinks uh the country wise can host big scale activities and events.

因此，Ruby认为国家可以举办大型活动。

⏮ However, shopping center on the other hand as the hub for the com local community should host more small to midscale activities and events around the year.

然而，购物中心作为当地社区的中心，应该全年举办更多中小型活动。

🎵 00:04:30

⏮ So, it should be uh playing more important role in hosting community events and activities.

因此，它应该在举办社区活动和活动中发挥更重要的作用。

⏮ Oh, this is interesting.

哦，这很有趣。

⏮ So, you're taking it beyond just a regular retail model and turning it into a more of an experience, I guess.

所以，你正在将其超越普通的零售模式，并将其转变为一种体验。

⏮ Yeah.

是的。

⏮ Yes, you're totally right.

是的，你说得完全正确。

⏮ So, the shopping experience is very important.

因此，购物体验非常重要。

⏮ So, the immersive shopping experience is very important.

沉浸式的购物体验非常重要。

🎵 00:04:57

⏮ Look at the Asian countries like Japan, like Thailand.

看看亚洲国家，比如日本和泰国。

⏮ Um, they have all events not only inside and outside of the shopping malls.

他们在购物中心内外都有各种活动。

🎧 So, they're good at organizing all kinds of events to attract visitors and shoppers.

因此，他们擅长组织各种活动来吸引游客和购物者。

🎧 So we should learn from it.

所以我们应该向他们学习。

🎧 I'm I'm just trying to absorb the this is a very ambitious plan and we've seen other you know attempts at retail expansion fail.

我正在试图消化这个非常雄心勃勃的计划，而且我们已经看到其他零售扩张的尝试失败了。

 00:05:27

🎧 We saw Target they they tried to expand into Canada.

我们看到Target试图扩张到加拿大。

🎧 They bought hundreds of Zellers leases back in 2011.

他们在2011年购买了数百家Zellers的租约。

🎧 Uh the expansion opened in 2013.

扩张在2013年开始。

🎧 They started hiring 15 months before opening.

他们在开业前15个月开始招聘。

🎧 They spent \$10 million on each location and still they they failed.

他们在每个地点花费了1000万美元，但仍然失败了。

🎧 So I guess what gives you hope Ruby that your plan will succeed?

所以我想知道，Ruby，是什么让你对你的计划成功抱有希望？

 00:05:55

🎧 So she has her own plan and she would like to uh outline the uh plans to you.

她有自己的计划，并希望向你概述这些计划。

🎧 Um she has a plan for the store opening in three scales.

她有一个分三个层次的店铺开业计划。

🎧 So for the first tier uh first tier the common and normal stores uh she's planning to open it just in three months and uh that's her first year stores and she would like to explain more second year will be platinum uh stores plat platinum stores uh will be open in about six to eight months.

对于第一层次，即普通和常规店铺，她计划在三个月内开业，这是她第一年的店铺。她还想解释更多，第二年将是白金店铺，将在约六到八个月内开业。

 00:06:35

🎧 So for the normal store uh it won't be too much of uh decoration or renovation as long as it can be uh operate normally with uh open the stores.

对于普通店铺，不会有太多的装饰或翻新，只要能正常运营并开业即可。

🎧 However, for platinum stores, we will uh do more uh renovation and provide more immersive shopping experience to shoppers.

然而，对于白金店铺，我们将进行更多的翻新，并为购物者提供更沉浸式的购物体验。

🎧 So it would cost us more money and uh we'll spend more time.

因此，这将花费我们更多的资金和时间。

 00:07:01

🎧 It will be about six to eight months before its opening.

开业前大约需要六到八个月。

🎧 I see.

我明白了。

🎧 So for the third tier we call it uh flagship store.

对于第三层次，我们称之为旗舰店。

▶ So for flagship stores um we will invest um the most money and we will need we hope to get uh our landlord's support and approval and with their support and approval we have more in innovative ideas high technology uh maybe some VR and some exciting uh new shopping elements uh coming into the stores and we'll have fine dining, we'll have uh entertainment, we'll have uh kids play area, however, everything will be decided uh under the condition of getting the landlord's approval and support.

对于旗舰店，我们将投入最多的资金，并希望获得房东的支持和批准。在他们的支持和批准下，我们将有更多创新想法和高科技，比如一些VR和令人兴奋的新购物元素进入店铺。我们还将有美食、娱乐和儿童游乐区，但一切都将在获得房东支持和批准的条件下决定。

 00:07:55

▶ Um, well, it's interesting you bring up the landlords because of course they're key to this discussion and landlords have told the media in including the Globe and Mail here in Canada that they really still have not seen a meaningful business plan from from you, Ruby.

嗯，你提到房东很有趣，因为他们当然是这次讨论的关键。房东们已经告诉包括加拿大《环球邮报》在内的媒体，他们仍然没有看到你有意义的商业计划，Ruby。

▶ They're concerned about your your lack of experience in running department stores in in former Hudson's Bay spaces.

他们担心你缺乏在Hudson's Bay旧址经营百货商店的经验。

▶ So, what do you say to the landlords?

那么，你对房东们有什么要说的？

 00:08:23

▶ She said she understands why the landlord said that she is a landlord landlord herself.

她说她理解房东为什么这么说，她自己也是一位房东。

▶ From the landlord's point of view, they're right.

从房东的角度来看，他们是对的。

▶ They always think all the landlords will think they know the most, they know the best and they're the experts.

他们总是认为所有房东都会认为自己知道的最多、最好，并且他们是专家。

🎧 Nobody nobody else is qualified or is could be as good as they are.

没有人其他人有资格或能像他们一样好。

🎧 00:08:48

🎧 So in that sense of point she thinks the landlord is right.

因此，从这个意义上说，她认为房东是对的。

🎧 However, Hatchim Bay has played a very important role in the past 30 years, 50 years, 100 years in Canadian retail history.

然而，Hudson's Bay在加拿大零售业历史的过去30年、50年、100年中扮演了非常重要的角色。

🎧 So the lease itself has value, important value.

因此，租约本身具有重要价值。

🎧 So that that's the number one.

这是第一点。

🎧 Uh she understands why they're saying that.

她理解他们为什么这么说。

🎧 00:09:17

🎧 However, she values the value of the hashen space leases.

然而，她重视Hudson's Bay空间租约的价值。

🎧 Yeah.

是的。

🎧 And it is important to the creditors to the lenders of HBC if you're participating you using your money to participate in buying the leases.

如果你用自己的资金参与购买租约，这对HBC的债权人和贷款人很重要。

🎧 So, it's fair and it's reasonable for all the creditors and lenders of HBC.

因此，这对HBC的所有债权人和贷款人都是公平合理的。

🎧 But isn't there a question beyond just money and and dollar value?

但问题不仅仅在于金钱和美元价值，不是吗？

 00:09:48

🎧 And getting back to some criticism from the from the landlords that they haven't received any evidence of retail management expertise, the actual retail management, not just the the buildings and the and the real estate, but the established supplier connections, that type of thing, the the commerce capabilities, that that type of thing.

回到房东的一些批评，他们还没有收到任何关于零售管理专业知识的证据，实际的零售管理，不仅仅是建筑和房地产，而是已建立的供应商联系，那种商业能力之类的东西。

🎧 That what do you say to that criticism?

你对这种批评有什么要说的？

🎧 From a personal point of view, all the landlords representative themselves in Ruby's opinion didn't reach the same wealth level as she does through her hard work through years of hard work, years of business operation.

从个人角度来看，Ruby认为所有房东代表自己都没有通过多年的努力和业务运营达到与她相同的财富水平。

 00:10:35

🎧 That's her personal uh point of view.

这是她的个人观点。

🎧 And going back to experience, HBC has over 355 years experience.

回到经验，HBC有超过355年的经验。

🎧 And look at what it end up with.

看看它最终的结果。

▶ And right now, you know, you are defeated not by your uh fellow industry uh landlords or mall operators or store managers.

现在，你知道，你并不是被同行行业的房东、购物中心运营商或店铺经理打败的。

▶ No, you are defeated.

不，你被打败了。

▶ it right now is the AI era, is the internet era.

现在是AI时代，是互联网时代。

 00:11:10

▶ So we're not competitors.

所以我们不是竞争对手。

▶ So don't look at us just like we would be defeated by other fellow operators.

所以不要把我们看作会被其他运营商打败的人。

▶ No.

不。

▶ And she has been in operating her shopping centers for the over five years and very successfully.

而且她已经成功运营她的购物中心超过五年。

▶ Um, Ruby's opinion is that what they're looking what they're focusing on is not who's going to have more experience than others, who has more knowledge and expertise than others.

Ruby认为，他们关注的重点不是谁比其他人更有经验、谁比其他人更有知识和专长。

 00:11:43

▶ That's not the key.

这不是关键。

▶ The key is the money because all the leases have long terms and the rent itself is very low.

关键是钱，因为所有租约都是长期的，而且租金本身很低。

▶ So everything goes back to money.

所以一切都回到钱上。

▶ So they care about the money.

所以他们关心钱。

▶ Uh so if you think that's worth a lot of money, you should at the first place to participate in the process to pay.

所以如果你认为这值很多钱，你应该首先参与支付的过程。

▶ it's not reasonable and unfair to wait there and trying to get the lease back for free.

在那里等待并试图免费拿回租约是不合理和不公平的。

 00:12:22

▶ So, in her opinion, that's not right.

因此，在她看来，这是不对的。

▶ Still, these are challenging times.

尽管如此，这是充满挑战的时期。

▶ Um, consumer confidence in Canada is down.

加拿大的消费者信心下降。

▶ Uh, the economy is uncertain.

经济不确定。

▶ I mean, uncertainty is the word of the year when it comes to the economy.

我是说，在经济方面，不确定性是今年的关键词。

▶ uh the Hudson's Bay as you point out was not able to survive in the current market.

正如你指出的，Hudson's Bay在当前市场中无法生存。

🎧 So what I really want to know is what makes you confident that your approach will be successful.

所以我真正想知道的是，是什么让你对你的方法会成功有信心。

 00:12:56

🎧 What 90% confident that I can make it work.

我有90%的信心可以成功。

🎧 So I'm hoping to bring a good quality products merchandise with lower price to benefit the community and shoppers.

因此，我希望以更低的价格提供高质量的商品，造福社区和购物者。

🎧 Canada.

加拿大。

🎧 Uh Canada right now needs um the spirit of working hard, cutting budget and save cost and just we need to work very hard to make it work and we will provide very uh immersive shopping experience and uh a new shopping environment.

加拿大现在需要努力工作、削减预算和节省成本的精神，我们需要非常努力地使其成功，并将提供非常沉浸式的购物体验 and 新的购物环境。

 00:13:36

🎧 for example, even painting the exterior wall of the shopping centers and to make shoppers coming back to the shopping malls to enjoy their shopping experience.

例如，甚至粉刷购物中心的外墙，让购物者回到购物中心享受他们的购物体验。

🎧 Listen, um I'm really fascinated by this, Ruby.

听着，Ruby，我对此非常着迷。

🎧 I can see your face and I can hear the determination in your voice.

我可以看到你的脸，也能听到你声音中的决心。

▶ Uh we shall be watching the the talks and the the court proceedings on these leases with great interest.

我们将非常关注这些租约的谈判和法庭程序。

bilibili 00:14:03

▶ Uh Ruby, Linda, it's a real pleasure to meet you.

Ruby, Linda, 见到你们真是非常高兴。

▶ Thank you for coming in.

感谢你们的到来。

▶ That is of course the voice of Gloria Marenco interviewing mall owner and business person Ruby Leu.

这当然是Gloria Marenco采访购物中心所有者兼商人Ruby Leu的声音。

▶ Now Miss Leu has been given court approval to take over three former Hudson's Bay department store leases at her malls.

现在，Leu女士已获得法院批准接管其购物中心内三家前Hudson's Bay百货商店的租约。

bilibili 00:14:20

▶ Uh that was her first interview by the way with English English language media in Canada.

顺便说一下，这是她在加拿大首次接受英文媒体的采访。

▶ The translator there was Linda Chin.

翻译是Linda Chin。
