

UK Government Scrutinizes £600 Taxi Rides for Asylum Seekers

【BBC Politics Live 20250925 英国内政部紧急调查寻求庇护者出租车使用情况 | 三周收一次垃圾？英国垃圾分类体系陷争议】

Summary: The UK Home Office is urgently reviewing the use of taxis for asylum seekers after a BBC investigation revealed a £600 fare for a single medical appointment journey. The report, which gained rare access to asylum hotels, highlighted systemic issues including exorbitant transportation costs and prolonged processing delays. Separately, former US President Donald Trump used his UN speech to launch a baseless attack on London Mayor Sadiq Khan, claiming the city was adopting Sharia law. Domestically, councils across England are implementing three-weekly bin collections, sparking public outrage over hygiene concerns and reduced core services.

▶ which is if for a number of people will normally come in regular times,

这个体系在正常时期、针对一定数量的人是合理的，

▶ you had a system where people didn't work because we thought that would create a perverse incentive.

当时体系不允许（寻求庇护者）工作，因为我们认为那会造成不正当的#激励#。

 00:07:33

▶ Now you're in a situation where the cost of asylum seekers in and of itself is becoming something that the public is not happy with.

现在你面临的情况是，庇护寻求者本身的成本正变得让公众不满。

▶ And therefore you might need to look again.

因此你可能需要重新审视。

▶ But I really don't think it solves the real problem because we have many reasons why asylum seekers want to come here.

🎧 The government know all this, but they don't do anything to sort it out.

政府清楚这一切，却未采取任何解决措施。

🎧 00:08:24

🎧 This is why there is now public outrage.

这就是如今公众#愤慨#的原因。

🎧 Actually, there has been a crackdown on those workers, particularly the fast food delivery drivers and so on.

实际上已对这些工人展开打击，尤其是外卖骑手等人群。

🎧 And we've seen that actually in recent weeks where the government have gone in and prosecuted.

最近几周我们已目睹政府介入并提起公诉。

🎧 But I look, I don't agree that we should be allowing people to work.

但听着，我不同意允许这些人工作。

🎧 I think it will be a big pull factor.

我认为这将形成巨大吸引力。

🎧 00:08:47

🎧 I think we could solve this problem overnight with introduction of ID cars.

我认为引入身份证制度即可#一夜之间#解决此问题。

🎧 And I don't see what our superstition about ID cars is these days.

我不理解如今我们对身份证的#迷信#从何而来。

🎧 I mean, we effectively have them anyway.

毕竟我们实际上已有类似证件。

▶ I mean, probably five or six times a year, I have to produce my driving license as a day factor ID card or my passport.

我每年大概有五、六次需要出示驾照或护照作为日常身份证件。

▶ I'd be perfectly happy to carry an ID card around.

我很乐意随身携带身份证。

▶ And if it was a simple fact of life that you couldn't get employment without an ID card, we'd resolve this problem.

若没有身份证就无法就业成为生活常态，我们就能解决这个问题。

▶ I mean, what about fakes?

但伪造证件呢？

假身份证怎么办？

▶ What about fake driving license?

假驾照又该如何？

 00:09:25

🎧 I have to say, I was always not more on the know than yes, but I think my view is changing on this.

我得说过去我一直不太了解，但如今我的观点正在转变。

🎧 But I do not agree that it's a civil bullet.

但我不同意这是民生难题。

🎧 I do think that there are lots of things you need to do around enforcement and to make it a reality that actually, it becomes a much more...

我认为需要在执法层面做大量工作，才能真正实现更完善的...

🎧 I really come to agree that we need to look again at that conversation because the number of ways in which our market is open, I think, does make it much more challenging to grip something like this.

我确实认同需要重新审视这场讨论，因为我国市场的开放程度使此类问题的管控更具挑战性。

 00:09:52

🎧 And what about the suggestion here that people, for example, in this report, a woman had come to the UK for cancer treatment.

报告中提到有人——例如这位为癌症治疗来英国的女性——的建议又如何？

🎧 She was quite open about that.

她对此非常坦诚。

🎧 It's a terrible case.

这是个悲惨案例。

🎧 She has stage 4 cancer and she was given the impression that if she came here, she would get treatment.

她身患四期癌症，却被告知来英国就能得到治疗。

🎧 Yeah, I mean, I think that we have often had this conversation about our NHS and how we ensure that it is for British people.

是的，我们经常讨论国民医疗服务体系及其如何保障英国公民权益。

 00:10:25

▶ And we know that it's a fantastic service.

我们知道这是项卓越的服务。

▶ It is, many senses, the envy of the world, even though we undoubtedly have had challenges in ensuring we can kind of meet demand.

在很多方面它是世界#羡慕#的对象，尽管在满足需求方面我们#无疑#面临挑战。

▶ And so these are all the reasons why we do have to be kind of hard-headed a little bit about how we deal with asylum because there are many more people that want to come to this country.

因此我们必须冷静对待庇护事务，毕竟有更多人想来到这个国家。

 00:10:45

▶ For good reason, then we can accommodate it.

若理由正当，我们自可#接纳#。

▶ So therefore we have to make choices and they will inevitably have really, really tough cases at the margins of it.

因此我们必须做出选择，边缘地带难免会出现极其棘手的案例。

▶ So that's what your line system requires.

这就是线性系统要求的代价。

▶ Do you think people are becoming more hard-headed about it, including people in your party, Barry, Labour and Peace?

你认为人们对此是否越发冷静？包括工党和和平党的党内成员？

 00:11:01

▶ I think people are very realistic that the current situation is not sustainable and that's right.

我认为人们非常现实，当前状况确实不可#持续#。

▶ But we cannot be the doctors, surgery or the hospital of the world.

但我们不能成为世界的医生、诊所或医院。

▶ That would be totally wrong.

那将大错特错。

▶ But I go back to the point here that we have legal obligations to people who come here as asylum seekers.

但我要重申，我们对前来寻求#庇护#者负有法律义务。

▶ And that's because there are legal obligations that we have.

这是因为我们承担着这些法律责任。

 00:11:27

▶ What we need to do is to make sure that we are not bringing in a load of people who are not genuine asylum seekers and them abusing the system.

我们需要确保不会引入大量非真正寻求庇护者及滥用制度之人。

▶ If they are genuine asylum seekers, we need to process them quickly and then they can get access to what they need.

若为真正#庇护#寻求者，我们应快速审核使其获得所需。

▶ But do you think people are becoming more hard-headed about this?

但你认为人们对此是否越发冷静？

▶ I think that generally the public mood has shifted.

我认为公众情绪已普遍转变。

 00:11:48

▶ I mean, what I pick up, certainly on the kind of feedback that we get on programs like Good Morning Britain and you probably see it here as well, is that people very often preface what they're going to say by saying, I used to welcome immigrants.

从《早安英国》等节目反馈来看，人们常以“我曾欢迎移民”作为开场白。

▶ I used to be very, very open, but I've had enough.

我曾非常非常开放，但我受够了。

▶ Those are the kind of words that they use.

这是他们常用的表述。

▶ I've had enough.

我受够了。

 00:12:08

▶ I'm out of patience.

我忍无可忍。

▶ Oh, yeah.

确实如此。

▶ I think you can read the room.

你能感受到现场氛围。

▶ You can smell the atmosphere here.

你能嗅出此地的气氛。

▶ People in this country have, yes, in larger numbers, run out of patience.

这个国家越来越多的人已失去耐心。

▶ And that has made them more hard-headed undoubtedly.

这#无疑#使他们更加冷静。

▶ And I think that, Varian, I don't think I know you, but the lower party in general isn't engaging with this very specific point, which is there are many more people here, probably with right, right, rightfully have the claim to asylum that want to seek asylum in the UK than we can accommodate.

我认为较低层级政党普遍未正视这个关键点：合理主张庇护权并想在英国寻求庇护者远超我们的接纳能力。

 00:12:38

▶ The unwillingness to grapple with that reality is going to make this a continual running store for the government and for trust and democracy, which is a lot more fundamental.

不愿直面现实将使此事成为政府、信任与民主的持续溃疮，这更具根本性。

▶ I just want to pick up on one thing that Richard was saying there.

我想就理查德所言补充一点。

▶ And that is he's right.

他是对的。

▶ The mood is changing dramatically.

情绪正在剧烈变化。

▶ But there are people who are trying to whip up that into anti-racist, absolutely.

但确实有人试图借此#煽动#反种族主义情绪。

 00:13:01

▶ And I think what we have to do is be very careful to distinguish what is simply good sense about the sustainable management of the number of people who are coming here, processing that properly, with actually sliding into the nationalist racism.

我们必须谨慎区分：何谓对入境人数的可持续管理及合理审核的明智之策，何谓滑向民族主义种族歧视。

▶ I think it can take hold of the concept.

这种概念可能扎根。

▶ This is what happens with, happens with tides of public opinion, strong tides of public opinion.

这就是汹涌民意浪潮中的常态。

bilibili 00:13:23

▶ There are some people who will serve them.

总有人会利用这股浪潮。

▶ They'll use the chain to that tie that that energy flow.

他们会借助链条引导能量流向。

▶ Sometimes for good, but very often you're quite right, cynically.

有时出于善意，但如你所说，往往带着 cynical。

▶ And my frustration is that sometimes because we don't feel we have a solution to this problem, we go for tough language, which it doesn't help in both senses, which says, public, you're right.

令我#沮丧#的是，因自觉无解，我们有时采用强硬言辞——这于双方无益——向公众宣告“你们是对的”。

bilibili 00:13:42

▶ In fact, I feel there's even more strongly than you.

实则我比你们感受更强烈。

▶ But am I going to do something about it?

但我会采取行动吗？

▶ No.

不会。

▶ But I'm instead kind of whipping up that sentiment.

反而是在#煽动#这种#情绪#。

▶ So I think we have to be really cautious here.

因此我认为必须保持#谨慎#。

▶ And that's where my frustration comes because where is a plan to fundamentally reassess how we deal with asylum claims?

这正是我的#挫败感#来源：究竟有没有#根本性##重新评估#庇护申请处理的计划？

bilibili 00:13:57

▶ There's talk of alternative accommodation to hotels.

若内政部公务员能妥善快速处理并与司法部协作。

▶ So we get these cases through the courts instead of having this huge backlog of hundreds of thousands of people bottlenecked in the system.

就能通过法院审理这些案件，而非让数十万人卡在系统中。

bilibili 00:14:43

▶ That's where it needs to be sorted.

这才是需要解决之处。

▶ Now, it doesn't sort the number of people coming in and it is absolutely right to talk about that.

但这不解决入境人数问题，讨论此事完全正确。

▶ But there we have to have a number of different strategies.

但我们需要多种策略。

▶ And ultimately we need to be looking at how we reframe the 1951 convention.

最终需考虑如何#重构#1951年公约。

▶ And because that is a really important piece of legislation, which has saved hundreds of thousands of lives, but it's now out of date because it was done in a time when in response to the Second World War, people were moving into the next day.

这项重要立法拯救了数十万人，但已过时——它制定于二战结束后人口流动的特定时期。

bilibili 00:15:16

▶ So what would you want to be done to that?

你认为该如何修订？

▶ Well, we didn't negotiate, obviously.

显然我们未参与#谈判#。

▶ Of course, look, the start of it has already happened.

但开端已现。

▶ And that was the most significant thing that has has changed with this government.

这是本届政府带来的最大变革。

▶ And that is the deal that was done between Ivette Cooper when she was at the home office and the French authorities so that we now actually have processing with cooperation of a foreign government on their soil.

即伊维特·库珀在内政部时与法国达成的协议，使我们现在能与外国政府在其领土合作处理申请。

 00:15:39

▶ Now, once we can get that pilot scheme expanded and hopefully to other countries as well, we've begun to look at a system where actually people don't have to only claim in destination countries.

待试点计划扩展至其他国家，我们将建立无需仅在目的地国申请的系统。

▶ They can claim on route and have their processing and separated out there and there.

人们可在途中申请并就地审核分流。

▶ Now, President Trump addressed the United Nations last night.

昨晚特朗普总统在联合国发表演讲。

 00:16:01

▶ It's the first time that he's done that since 2020.

这是他2020年以来首次如此。

▶ It's fair to say he went slightly over his 15 minute speaking slots.

可以说他略微超时了15分钟发言时限。

▶ He spoke for about an hour.

他讲了约一小时。

▶ And he did include an attack on Cd. Khan, the Mayor of London.

而且他确实加入了对伦敦市长卡恩的攻击。

▶ Have a listen.

大家听听看。

▶ I have to say, I look at London where you have a terrible Mayor, terrible terrible Mayor.

我得说，看看伦敦，你们有个糟糕透顶的市长，非常非常糟糕的市长。

bilibili 00:16:24

▶ And it's been so changed, so changed.

这座城市已经变得面目全非，彻底变了样。

▶ Now they want to go to Sharia law, but you're in a different country.

现在他们居然想推行伊斯兰教法，但这里可是另一个国家。

▶ You can't do that.

你们不能这么做。

▶ Well, I'm dying to say we're joined by Greg Swenson, who is the chair of the publicans overseas UK.

现在我很高兴介绍格雷格·斯文森加入我们，他是英国#海外#酒业协会主席。

▶ Thank you very much for coming into speak to us.

非常感谢您前来参与讨论。

▶ We heard a tiny bit there of the long speech that President Trump gave to the UN.

我们刚才听到了特朗普总统在联合国长篇演讲的一小段。

bilibili 00:16:48

▶ He did launch a very outspoken attack on Cd. Khan, the Mayor of London.

他确实对伦敦市长卡恩发起了非常#直言不讳#的抨击。

▶ And a spokesperson for Cd. Khan said, we're not going to dignify his appalling and bigoted comments with a response.

而卡恩的发言人表示，我们不会用回应来#抬举#他那些骇人听闻且#偏执#的言论。

▶ So would you say these comments are appalling and bigoted?

那么您认为这些言论是骇人听闻且#偏执#的吗?

▶ Well, I think it, I mean, I don't know that it's bigoted, but in fact, I think that's unfair to call it bigoted by the mayor's people.

这个嘛，我不认为这是偏执，实际上市长团队用偏执来形容有失公允。

bilibili 00:17:11

▶ But I do understand that it's a distraction, right?

但我理解这确实是个#转移注意力#的手段，对吧?

▶ What he really focused on was mass migration and energy.

他真正聚焦的是大规模#移民#和能源问题。

▶ And that's something he's been talking about for years.

这是他多年来持续讨论的议题。

▶ And even back in the 80s, Ronald Reagan was talking about it with the German Chancellor in 1981.

早在上世纪80年代，罗纳德·里根就在1981年与德国#总理#讨论过这个问题。

▶ And so those were the real messages yesterday and reforming the UN, of course.

所以这些才是昨天演讲的核心信息，当然还有联合国改革。

bilibili 00:17:31

▶ But yeah, I think the Cd. Khan was almost a distraction.

不过确实，我觉得卡恩事件几乎是个#干扰项#。

▶ Well, he couldn't resist doing anything before.

他向来忍不住要发表意见。

▶ Well, of course, he's a little angry about what's happening in London.

当然，他对伦敦现状有些不满。

▶ And he really is fond of the UK.

而且他确实#钟爱#英国。

▶ You spend a lot of time in London.

您常驻伦敦。

▶ I mean, it's not true.

我是说，这种说法不符合事实。

▶ Well, the president likes hyperbole and he uses it sometimes to a great effect.

总统喜欢夸张修辞，有时能取得很好效果。

bilibili 00:17:52

▶ And sometimes it's a bit, you know, it's a bit uncomfortable.

但有时会让人有点，嗯，不太舒服。

▶ But, but I do think in retrospect, it was probably a mistake because it was, there's been too much attention around his comments about Cd. Khan rather than his comments about mass immigration and energy policy.

不过回想起来，这确实是个失误，因为大众过度关注他对卡恩的评论，反而忽略了他关于大规模移民和能源政策的论述。

▶ Barry, you are your London MP, your friend of Cd. Khan's.

巴里，您作为伦敦议员，是卡恩市长的朋友。

bilibili 00:18:10

▶ What did you make of it?

您作何评价？

▶ Yes, of course.

当然。

▶ Look, let's be clear about Sharia law.

首先我们要澄清伊斯兰教法的问题。

▶ And you say there is no Sharia law in London.

您说伦敦不存在伊斯兰教法。

▶ We have canon law.

我们有#教会#法。

▶ We have that's the Church of England's law.

那是英国国教的法律体系。

▶ We have halacha for the Jewish community.

犹太社区有哈拉卡律法。

▶ And there is Sharia law.

而伊斯兰教法确实存在。

 00:18:32

▶ It's within those communities.

它存在于这些社群内部。

▶ And it's a way of settling disputes within the community.

是用于解决社群内部争议的途径。

▶ Right.

是的。

▶ And that there is no distinction there.

这中间并不存在#区别#。

▶ But the idea that Sharia law has taken over London.

但所谓伊斯兰教法已接管伦敦的说法。

▶ Everybody is subject to Sharia law.

所有人都受伊斯兰教法管辖。

▶ Of course, it's nonsense.

显然是无稽之谈。

▶ Right.

没错。

 00:18:49

▶ Now let's look at the other elements of what the president said.

现在看看总统提到的其他方面。

▶ He talked about crime in London.

他谈到伦敦的犯罪问题。

▶ If you look at the figures of homicide and you compare them with New York, homicide in London over the past five years has been between one in 1.5 per 100,000 population.

查看凶杀案数据并与纽约对比：伦敦过去五年每十万人的凶杀率在1至1.5起之间。

▶ In New York, it's four to 5.5 over the past few years.

纽约近几年是4到5.5起。

▶ New York suffers from this much more.

纽约的情况要严重得多。

 00:19:22

▶ And so does Washington DC actually?

华盛顿特区其实也一样？

▶ I agree.

我同意。

▶ Where I have a home.

我在那里有房产。

▶ And look, that's an issue in the US.

这确实是美国的问题。

▶ And again, it goes back to what are the big issues for the people?

这又回到什么是民众最关切的问题？

▶ It's mass migration or illegal migration in the US.

在美国是大规模#移民#或非法#移民#问题。

▶ And here, it's cost of living, which really computes to energy policy.

而在英国是生活成本，这本质上与能源政策相关。

▶ And it's crime, especially in the big cities.

还有犯罪问题，尤其在大城市。

 00:19:41

▶ And so those are the things that he's addressing.

这些正是他着力解决的议题。

▶ You know, he did it in Washington.

他在华盛顿就是这么做的。

▶ He would like to do it in Chicago.

他也在芝加哥推行。

▶ I have a home there.

我在那里有家产。

▶ I wish that he would do it in Chicago.

希望他能在芝加哥实施。

▶ So those are big issues that he's addressing.

所以这些都是他正在应对的重大问题。

🎧 So it's sort of apples and oranges because the crime rates in American cities have always been much higher than in London.

这有点像比较苹果和橘子，因为美国城市的犯罪率历来远高于伦敦。

bilibili 00:19:59

🎧 Don't you think?

您不觉得吗？

🎧 Don't you think it should be physician heal.

您不认为应该#医生#先自医吗。

🎧 I think you know, of course, focus on that.

我认为当然应该聚焦于此。

🎧 So she can't where the focus is.

这样她就不会偏离焦点。

🎧 And that's where it is.

重点就在这里。

🎧 Setting aside the Sharia law nonsense.

撇开伊斯兰教法的无稽之谈。

🎧 I'm a Londoner born and bred end.

我是个土生土长的伦敦人。

🎧 It's the first I've heard that I might be living under Sharia law.

我还是头回听说自己可能生活在伊斯兰教法之下。

bilibili 00:20:14

🎧 And I don't think I will somehow.

我觉得这根本不可能。

▶ Isn't it incredibly small time for an American president to address the UN about a city mayor in this country?

美国总统在联合国场合谈论我国的一个市长，难道不显得特别小家子气吗？

▶ I can't imagine Kennedy, for example, talking about the London mayor at the time at the UN or Clinton talking about the London.

无法想象肯尼迪或克林顿会在联合国谈论伦敦市长。

▶ It's infotainment small time.

这是娱乐至死的小家子气。

▶ This is a guy with such tiny grudges.

这是个锱铢必较的人。

 00:20:37

▶ And he doesn't have the sensibility or even the sense of embarrassment.

他既缺乏敏感性，甚至没有羞耻心。

▶ What it sounds like when he airs them in a forum like that.

在联合国这样的#论坛#发表这种言论实在不堪。

▶ Well, ridiculous.

确实荒谬。

▶ Yeah, he's a different kind of president and say that again.

他是与众不同的总统，这点毋庸置疑。

▶ Right.

没错。

▶ And in a good way.

而且是积极意义上的不同。

▶ He's provocative.

他具有#挑衅性#。

▶ He's unconventional.

他#不循常规#。

bilibili 00:20:52

▶ So all the polite diplomacy of past presidents ultimately were failures.

以往总统那些彬彬有礼的#外交#手段最终都失败了。

▶ Right.

确实。

▶ So, you know, addressing energy.

所以他提出能源问题。

▶ Again, Reagan tried it.

里根也曾尝试过。

▶ Didn't work.

但未成功。

▶ He's addressed it.

而他正在解决。

▶ And I think he's he's he's bold and what he says.

我认为他的言论非常#大胆#。

▶ And so if he does some things that are uncomfortable or some people view as, you know, insensitive.

因此即使他某些做法令人不适或被视作不近人情。

bilibili 00:21:12

▶ All the better.

反而更好。

▶ Because you know, I just think that that particular case is it is those things.

因为我觉得那个具体案例确实存在这些问题。

▶ I said it.

我直言不讳。

▶ It's all agreeability.

这完全符合逻辑。

▶ It's a. It's a distraction.

这是种#干扰手段#。

▶ And I think sometimes it takes away from the more important things.

有时会冲淡更重要的议题。

▶ And when the headline is city con instead of energy policy migration policies.

当媒体#头条#变成城市#骗局#而非能源政策或#移民#政策时。

▶ And those are the things that he, you know, he's the rest of the 52 minutes.

这些本应是他52分钟演讲的主要内容。

 00:21:33

▶ What you know should have been 15.

其实15分钟就足够了。

▶ I wonder with that 52 minutes.

我好奇这52分钟的原因。

▶ Yeah.

是啊。

🎧 Was it because he commented that not only the the escalator, but the auto queue had broken.

是不是因为他提到不仅自动扶梯，连自动#排队#系统也坏了。

🎧 Yeah.

嗯。

🎧 Is that why he rambled for 52 minutes?

所以他才滔滔不绝讲了52分钟？

🎧 No, I think he didn't have his own speech.

不，是因为他没有准备讲稿。

🎧 No, no, he he's he often goes over the time.

他经常超时演讲。

 00:21:52

🎧 He did it at the convention.

党代会那次就是。

🎧 And we were, you know, many of us were thinking, please end, you know, because you know, he makes his points, right.

我们当时都在暗自祈祷快点结束，毕竟重点说清就行了。

🎧 So, you know, once you have the sale closed, hang up the phone.

好比生意谈成就该挂电话。

🎧 And so, no, look, he's, as I said, he's unconventional, but he's getting the message out.

所以正如我说的，他#不按常理出牌#，但有效传递了信息。

🎧 And I think it's really important.

我认为这很重要。

 00:22:09

▶ And he's also very much in tune with the voters.

而且他与选民高度共鸣。

▶ But are you, you accept that some of the things he said here just aren't true.

但您是否承认他有些言论完全失实？

▶ And he's using his position and the world stage, if you like, some of like the United Nations, but everyone's listening.

他利用自己的地位和世界舞台——比如联合国——散布不实信息。

▶ There's obviously a lot of issues and conflicts in the world.

当前世界存在诸多矛盾冲突。

▶ And he's using it to, to spout things that aren't true.

他却借此#散播#虚假言论。

 00:22:28

▶ Well, he, again, he uses hyperbole.

他确实善用夸张手法。

▶ Sometimes it's useful.

有时很有效。

▶ Sometimes it's not.

有时则适得其反。

▶ But he also says what people are thinking.

但他道出了民众心声。

▶ And again, without the details of whether Sharia law is coming to London, and it's not true.

尽管伊斯兰教法将接管伦敦的说法毫无根据。

▶ He's saying things aren't true.

他在发表不实言论。

▶ But he knows that mass migration is a big issue.

但他清楚大规模#移民#是重大议题。

▶ And I found this in Ireland and here in the UK, when the polls say that mass migration and cost of living are one and two, and the government spends all of their energy policing misinformation and addressing the existential crisis of climate change, a total disconnect.

我在爱尔兰和英国都发现，当民调显示移民问题和生活成本分列第一、二位时，政府却全力监管错误信息、应对气候变化生存危机，这完全脱节。

bilibili 00:23:00

▶ And so what the president is doing is, he's listening to the people.

而总统的做法是倾听民众声音。

▶ And I think you're seeing that with parties on the right that are leading in the polls here in the UK, France, Spain, where does listening to the people move into manipulating what people think.

但倾听民意与操纵舆论的界限在哪里？

▶ And that's what worries me about it, because actually there is a move within certain parts of the media in North America to try and make people think a certain way.

这令我担忧，因为北美某些媒体确实在引导舆论。

bilibili 00:23:29

▶ The social media is pushed in that direction.

社交媒体也被推向这个方向。

▶ And it seems to me that when you say he's where people are, well, actually, and he's stating, you know, it has it is.

你说他代表民意，但事实上——

▶ He's not stating as it is on climate change, because actually all the world's climate scientists in the intergovernmental panel are very clear that it is.

在气候变化问题上他并未陈述事实，政府间气候变化专门委员会的全球科学家已有明确共识。

▶ It's probably a longer conversation, but what he is getting to is, I don't know that all are in the same, have the same view, but the vast majority of experts do agree that climate change is.

这需要更深入讨论，但绝大多数专家确实认同气候变化的严重性。

 00:24:05

▶ The president is saying is let's not squabble over whether there's climate change or not.

总统的意思是，我们不要在为是否存在气候变化的问题上#争吵不休#了。

▶ Let's liberate the energy sector.

让我们#解放#能源行业。

▶ So petrol prices go down.

这样油价就会下降。

▶ He's thinking about the people that that's going to exacerbate the climate problem.

他考虑的是民众，但这会#加剧#气候问题。

▶ And then stop buying Russian oil.

然后停止购买俄罗斯石油。

▶ You know, it's kind of.

你知道，这有点。

▶ And he said, what do you make of the approach that President Trump takes on his occasions?

他问道，你对特朗普总统在某些场合采取的策略有何看法？

 00:24:24

▶ Really, really interested in one thing that I think is really creeping through into US is like, where are shared facts?

我真正感兴趣的是，有个现象正悄然渗入美国——共识性事实何在？

▶ Right?

对吧？

▶ Because this idea that London is subject to shure law is an idea that is virulent in the US amongst a certain group of the population.

因为"伦敦受伊斯兰教法统治"这种说法在美国特定群体中极具煽动性。

▶ And what really concerns me is that I do not want the UK to enter a place where we do not have shared realities.

真正让我担忧的是，我不希望英国陷入缺乏共同认知的境地。

bilibili 00:24:45

▶ Because you know, you sometimes get glimpses of this kind of media of these videos of like, this is what London is like.

因为你知道，有时你会从媒体视频中瞥见类似"这就是伦敦现状"的内容。

▶ I really struggle to see that Donald Trump had anything close to anything during his interest state visit that would indicate that Britain was subject to shure law.

我实在看不出特朗普当年进行国事访问时有任何迹象表明英国受伊斯兰教法统治。

▶ But nevertheless, like, this has become an idea that Americans have a certain tribe of really occlaimed on to.

但尽管如此，这已成为美国某个#群体#深信不疑的观念。

bilibili 00:25:07

▶ And I'm concerned that this is going to become more of a phenomenon in the UK.

我担心这会在英国成为更普遍的#现象#。

▶ I don't like it in the US.

我不喜欢它在美国的存在。

▶ I think it's really deeply damaging actually to have depictions that just really are not close to reality.

我认为这种严重偏离现实的描绘实际上极具破坏性。

▶ And I really think that it's important, of course, for the President of the United States not to amplify this information.

我确实认为，美国总统不#放大#这种信息至关重要。

bilibili 00:25:26

▶ That's a point, isn't it?

这是个关键点，不是吗？

▶ And picking up things that are circulating in line where I'm completely unproven.

还传播那些完全未经证实的网络流言。

▶ Yeah, I mean, obviously he can't have experience in London, right?

是的，显然他不可能有伦敦的生活经历对吧？

▶ He's the President.

他是总统。

▶ He's not going to walk the streets.

他不会亲自逛大街。

▶ But I do think that he's listening to the people again.

但我确实认为他再次听取了民众意见。

▶ If he doesn't know about, isn't he?

如果他不知情，可能吗？

bilibili 00:25:42

▶ You don't have to just read the polls, right?

你不必只看民调对吧？

▶ He does read the polls or at least watch some.

他确实会看民调，至少会关注部分。

▶ But he does get briefings as well.

但他也会听取简报。

▶ Sure.

当然。

▶ He doesn't just read what the polls say.

他不仅看民调数据。

▶ He gets briefings of what the facts are.

他还会获取事实简报。

▶ Now, they may be facts that he doesn't like.

这些可能是不合他心意的事实。

▶ Whether it's over shure law or whether it's over climate change.

无论是关于伊斯兰教法还是气候变化。

 00:26:02

▶ But the point is, if he is the President of the free world speaking at the United Nations, one would expect him to stick to the facts.

但关键在于，若他作为自由世界领袖在联合国发言，人们期望他能忠于事实。

▶ He's not one to stick to the script, right?

他不是个会照本宣科的人，对吧？

▶ Again, he's just...

再说，他只是...

▶ Did he read his briefings?

他看过简报吗？

▶ Yeah, I mean, that's not his thing.

是的，这不是他的风格。

▶ And he looks at the issues and if he can amplify them or get attention to that.

他会审视问题，如果能够#放大#它们或引起关注。

bilibili 00:26:21

▶ Yeah, but I'm sorry.

是的，但很抱歉。

▶ I think there's a huge difference between hyperbole as you described it at an outright lie.

我认为你所说的夸张修辞与#彻头彻尾#的谎言存在天壤之别。

▶ And I think most people, when they listen to political speech, are capable of recognizing hyperbole when they hear it.

我认为大多数人在听政治演讲时都能识别出夸张手法。

▶ They know that it's a dramatic exaggeration, right?

他们知道那是戏剧性的#夸大其词#，对吧？

▶ The news for effect.

为了效果而夸张。

▶ That didn't sound like a dramatic exaggeration yesterday.

昨天那番话听起来不像戏剧性的#夸大其词#。

bilibili 00:26:38

▶ That sounded like a bare phrase, statement of fact.

那听起来像是直白的事实陈述。

▶ London is about to be taken over by a shure law.

伦敦即将被伊斯兰教法接管。

▶ That didn't sound like hyperbole or dramatic exaggeration to me.

在我听来这不像是夸张或戏剧性的#夸大其词#。

▶ And I bet if you went out and did a quick poll in America, Americans, your compatriots who watch that speech, they wouldn't think it was hyperbole.

我敢打赌如果你在美国快速民调，观看演讲的美国同胞不会认为这是夸张。

▶ And they think the president of the US has just told them that the city that we're broadcasting from today will shortly be under shure law.

他们会认为美国总统刚告诉他们，今天我们做节目的城市即将受伊斯兰教法统治。

bilibili 00:26:59

▶ That's what they'll think.

他们会这么想。

▶ I don't think so.

我不这么认为。

▶ I do.

我坚持己见。

▶ Because you go back to the first term where there was this great saying, you know, take him seriously but not literally.

因为回顾第一任期有句名言：要严肃对待但不必字面理解。

▶ I'm not defending his hyperbole or his exaggerations.

我不是在为他夸张的言辞辩护。

▶ But again, he looks at the issues that are being ignored by the government and brings attention to them.

但重申一下，他关注被政府忽视的问题并引发关注。

bilibili 00:27:16

⏮ And if that was the goal, he probably was successful in that.

如果这是目标，他可能成功了。

⏮ So, look, you know, the energy policies, you know, we can all agree that businesses paying five times for electricity in the UK, then we pay in the US, is a problem.

你看，能源政策方面，我们都同意英国企业电费是美国的五倍是个问题。

⏮ Let's address it.

让我们解决它。

⏮ Let's liberate the energy sector.

让我们#解放#能源行业。

⏮ The UK was energy independent only 20 years ago in 2005.

英国仅在20年前的2005年实现过能源自给。

bilibili 00:27:35

⏮ And so he did that in his first term.

他在首个任期内做到了这点。

⏮ He's doing it again in between during the Biden years when he couldn't, he didn't have the influence over voters or as Barry was pointing out.

他在拜登执政期间再度推动，当时他虽无法直接影响选民，但正如巴里所指出的。

⏮ The voters understood that the border had basically been turned over to the drug and sex trafficking cartels.

选民明白边境已基本被毒品和性交易贩运集团控制。

⏮ So I think we can all agree, regardless of the hyperbole, that sex and drug trafficking at the border, especially for young girls, is a bad thing.

所以我认为无论措辞多夸张，我们都同意边境的性贩运和毒品贩运，尤其对年轻女孩而言是坏事。

 Let's fix it.

让我们解决它。

 And that can be done here.

这在英国可以实现。

 And I think we got that message last week during the state visit that take a page out of the Trump playbook.

我认为上周国事访问期间我们得到启示：可借鉴特朗普的策略。

 You don't have to like him.

你不必喜欢他。

 You don't have to like the hyperbole, but you can actually learn from what he's doing, fixing the energy problem, fixing the open and illegal migration problem.

不必认同夸张言辞，但可借鉴他解决能源问题、开放及非法移民问题的做法。

 It can be done.

这是可行的。

 Okay.

好的。

 Great.

很好。

Starmer.

▶ Tell us what this is all about.

请介绍相关情况。

▶ Well, bear with me, Vicki, because it's a bit complicated and it's a bit historic.

请耐心等待我解释维基，这事有点复杂且涉及历史渊源。

▶ It concerns work that Morgan McSweeney, who's now the Prime Minister's Chief of Staff, did at Labour Together, a group which he ran before he first went to work for Keir Starmer in 2020, when Keir Starmer was running ultimately successfully for the Labour leadership.

涉及现任首相幕僚长摩根·麦克斯威尼在"工党团结"的工作，该组织是他在2020年为基尔·斯塔默工作前管理的，当时斯塔默正竞选工党领袖并最终成功。

bilibili 00:29:25

▶ Now, in 2021, the Electoral Commission fined that group Labour Together more than £14,000 for breaking rules about how to declare more than £700,000 of donations that they had received.

2021年选举委员会因该组织未按规定申报70多万英镑捐款，对其处以1.4万英镑罚款。

▶ Essentially, they didn't declare most of them and they're meant to be declared within 30 days.

本质上他们未申报大部分捐款，而按规定应在30天内申报。

▶ Now, that was reported at length by a very good investigative journalist, Gabriel Pogren, at the Sunday Times back in 2023.

2023年《星期日泰晤士报》调查记者加布里埃尔·波古恩曾详细报道此事。

bilibili 00:29:48

▶ Perhaps you should have been covered more extensively than perhaps.

或许本应得到更#广泛#的报道。

🎧 It should have been more of a subject of political debate.

本应成为政治辩论的主题。

🎧 That is a question of itself for political debate, but all of that has been known for a couple of years.

这本身值得辩论，但这些情况已公开数年。

🎧 The Conservatives are alighting on this now and they're making a new argument, which is that the donations which weren't declared played a big role fueling Keir Starmer's rise.

保守党现在抓住这点提出新论点：未申报捐款对斯塔默崛起起到重要作用。

🎧 00:30:09

🎧 Partly because Labour Together was laying the groundwork to recover as they would see it at the Labour Party from Jeremy Corbyn.

部分因为"工党团结"在为工党从杰里米·科尔宾时代恢复打基础。

🎧 Partly because many of those donations, the donors to Labour Together whose donations weren't declared, also donated to Keir Starmer.

部分因许多未申报捐款的捐助者也向斯塔默捐款。

🎧 But Labour say there were no donations from Labour Together to the leadership campaign and therefore none of this is new, as we've been hearing from Pat McFadden who's a Cabinet Minister.

但工党称"工党团结"未向领导层竞选捐款，因此无新内容，内阁大臣帕特·麦克法登也如此表示。

🎧 00:30:31

🎧 The Electoral Commission is the organisation that polices donations and declarations in politics.

选举委员会是监督政治捐款及申报的#机构#。

🎧 They've said both last night and today that they investigated these things four years ago.

他们昨夜和今日均表示四年前已调查此事。

▶ They've got nothing to add to their statement and neither have I.

无需补充声明，我亦无新信息。

▶ One new thing that the Conservatives do have, which they published yesterday, is an email from Gerald Sheymash, now law Sheymash, a lawyer.

保守党昨日公布的新证据是律师杰拉尔德·谢马什（现名劳·谢马什）的邮件。

 00:30:55

▶ Two Morgan McSweeney back in 2021, as the Electoral Commission was conducting that investigation and he was advising Morgan McSweeney on how to deal with their inquiries.

2021年选举委员会调查期间，他建议麦克斯威尼如何应对询问。

▶ He suggested that Great Length that they tell the Electoral Commission that the donations were an admin error.

他详细建议对方向选举委员会解释为行政失误。

▶ And the Conservatives are saying, well this shows that they were trying to mislead the Electoral Commission.

保守党称这显示他们试图#误导#选举委员会。

 00:31:15

▶ I mean it's interesting, but ultimately as far as I can tell the Electoral Commission rejected that explanation that it was an admin error.

这很有趣，但据我所知选举委员会未接受行政失误的解释。

▶ That's why Labour Together got fined so much.

因此"工党团结"被重罚。

▶ So the Electoral Commission are saying, look, we looked at this at Great Length, we'll look at any new evidence.

选举委员会表示已详尽调查，愿审视新证据。

🎧 I think it's a bit hard as it stands to see that the Conservatives might get that new investigation.

目前看来保守党难获重新调查。

 00:31:33

🎧 I mean, in fact they're even calling for a police investigation.

他们甚至要求警方调查。

🎧 But let's see, Kevin Hollen-Rake, who's the Conservative Party chairman, is saying more will come today.

且看保守党主席凯文·霍林-#雷克#今日表态。

🎧 Okay, Henry, thank you for that.

好的亨利，谢谢。

🎧 And Barry, if I could just ask you, I mean, do you think this is a problem?

巴里，请问您认为这是问题吗？

🎧 Is this an issue for Morgan McSweeney and number 10?

这对摩根·麦克斯威尼和首相府是问题吗？

 00:31:47

🎧 I never talk about officials individually.

我从不单独评论官员。

🎧 I don't think that's fair because they're not able to answer back.

这不公平，他们无法辩驳。

🎧 I'm not a member of Labour Together.

我不是"工党团结"成员。

🎧 In fact, I've often thought the neighbours rather ironic.

其实我一直觉得邻居们挺#讽刺#的。

▶ Look, these things were investigated.

看，这些事情都已被调查过了。

▶ The letter from the lawyer that, and I've read the transcript of that.

律师的那封信，以及我读过其笔录。

▶ I mean, it says his advice is that we must be, as we are being, transparent.

我的意思是，信中提到他的建议是，我们必须保持透明，正如我们现在所做的那样。

 00:32:17

▶ And that's absolutely right.

而这完全正确。

▶ Now, why it wasn't declared at the time, I don't know, but I don't see any great advantage to an organisation to say, to pretend that it's got less funding than it has.

至于当时为何没有申报，我不清楚，但我看不出一个组织声称或假装自己获得的资金比实际少有什么巨大好处。

▶ And if they were doing that, you have to say, well, why?

如果他们真那么做了，你不得不问，为什么呢？

▶ What was the advantage to them?

这对他们有什么好处？

▶ Okay, we're going to talk about something very different now, because we are going to talk about bins.

好的，我们现在要讨论一个完全不同的话题，因为我们要谈谈垃圾桶。

 00:32:41

▶ Have a look at this BBC News story, which is referring to West Berkshire Council, saying that the Council is going to start three weekly black bin collections, but it doesn't just apply to West Berkshire Council, it is happening all over the country in England.

看看这篇BBC新闻，它提到西巴克斯希尔议会将开始每三周收集一次黑色垃圾桶，但这不仅适用于西巴克斯希尔议会，整个英格兰都在发生这种情况。

▶ Let's speak now to Alex Hollis.

我们现在连线亚历克斯·霍利斯。

▶ He is a local resident.

他是当地居民。

bilibili 00:33:04

▶ And Alex, thanks for joining us.

亚历克斯，感谢你的参与。

▶ Now, this is an issue which lots of people have very strong opinions about, and it is happening in lots of places.

这是一个许多人都有强烈看法的问题，而且正在很多地方发生。

▶ Just tell us what's been happening there with you.

请告诉我们你那里发生了什么。

▶ Yeah, so core services and removing rubbish is kind of one of the important things that is important to everyone.

是的，核心服务和垃圾清运是对每个人都重要的事情之一。

▶ It affects everyone.

它影响到每个人。

bilibili 00:33:21

▶ Everyone uses those services.

每个人都使用这些服务。

▶ So West Barkshire Council, I think down to a mix of budgetary cuts and environmental concerns have chosen to change their fortnightly bin collections, which is down from 10 years ago or so from what would be a weekly collection now down to every three weeks.

所以西巴克斯希尔议会，我认为这是由于预算削减和环境问题的双重原因，决定将他们原本每两周一次的垃圾收集（这本身已是大约10年前从每周一次减少而来的）改为每三周一次。

▶ And that causes a lot of rubbish to accumulate on our properties and means that we have to do a lot more washing and sorting and recycling.

这导致大量垃圾在我们的房产内堆积，意味着我们必须做更多的清洗、分类和回收工作。

 00:33:47

▶ And the Councils, I think, are under an obligation.

而且我认为，议会负有#义务#。

▶ They're going to have to be to start recycling food waste.

他们将不得不开始回收食物垃圾。

▶ That is part of it.

这是其中的一部分。

▶ And also, councils do say that it's a good thing to recycle generally.

此外，议会确实表示，#回收#总体上是件好事。

▶ I mean, what do you say when they make that point?

我的意思是，当他们提出这一点时，你怎么看？

▶ I think it's a good aim and you won't get anyone who argues we shouldn't do more for the environment and we should do more to make sure we are recycling and the things that we come into our properties and leave our properties are dealt with properly.

我认为这是一个好的目标，你不会找到任何人反对我们应该为环境做更多，应该确保我们进行回收，并妥善处理带入和带出我们房产的物品。

 00:34:17

▶ But I think what's happening is councils are putting more and more pressure on residents, such as myself, to sort through our recycling.

但我认为实际情况是，议会正将越来越大的压力转嫁给居民，比如我，要求我们对回收物进行分类。

▶ I need a flow chart to put away a mulley nugget.

我需要一张流程图才能处理掉一个牛奶盒。

▶ And this kind of crazy approach is it's we would like more investment to the course of stop more rubbish coming into our houses and come up with ways of taking the rubbish away and sorting out afterwards.

这种疯狂的做法是.....我们更希望投入更多资金来阻止更多垃圾进入我们的房屋，并想出事后清运和分类垃圾的方法。

bilibili 00:34:40

▶ But please don't put on to residents.

但请不要把压力都加在居民身上。

▶ Okay, Alex, stay with us for a minute.

好的，亚历克斯，请稍等片刻。

▶ Barry, I mean, we're all laughing there, but actually I know the yogurt potty is talking about because it's the one that you have to peel the paper wrap up from outside.

巴里，我的意思是，我们都在笑，但实际上我知道他说的酸奶杯是怎么回事，因为那种杯子你需要先剥掉外面的纸包装。

▶ So put that in the paper recycling, the pot itself goes into the plastic recycling and the lid for it has to go into the stuff that you can't recycle.

所以纸包装放进纸张回收，杯子本身放进塑料回收，而它的盖子则必须放进不可回收物里。

bilibili 00:35:01

▶ So does that suggest it's gone too far?

那么这是否表明这做得太过分了？

▶ It doesn't actually look at it was a great example, but we do need to it's one of the things that I really recommend the previous government for they they did introduce tougher

recycling rules.

这其实看起来不算是个特别好的例子，但我们确实需要——这是我非常赞赏上届政府的一点——他们确实引入了更严格的回收规定。

▶ It's absolutely right that they do.

他们这样做是完全正确的。

▶ But we need a recycling system to back it up in this country because what we're still doing is exporting most of our plastics overseas where actually it's not processed properly.

但我们需要一个回收系统来支持它，因为在这个国家，我们仍然将大部分塑料出口到海外，而实际上在那里并未得到妥善处理。

 00:35:30

▶ It's not recycled properly, but there's a discrepancy in the amount of money that they get paid per ton for for doing that, which means that it's cheaper for people to put it as somebody else's problem.

没有得到妥善回收，但他们为此每吨获得的报酬存在差异，这意味着人们将其视为别人的问题来处理反而更便宜。

▶ Richard, are you a big recycler?

理查德，你是个积极的回收者吗？

▶ I do my best, but I do.

我尽力而为，是的。

▶ You put the bins out.

你把垃圾桶推出去。

▶ I do, I do, I do, I'm bringing it back in again as well.

是的，是的，是的，我也会再把空桶拿回来。

 00:35:50

▶ I did this morning.

我今天早上就做了。

🎧 I do think though that it's disingenuous to use perfectly reasonable arguments in favor of recycling is an excuse for a lousy service.

但我确实认为，利用完全合理的支持回收的论点作为#糟糕#服务的借口是不真诚的。

🎧 And I think that's what's that's the disconnect we're seeing here.

我认为这就是我们在这里看到的#脱节#。

🎧 Basically, they're making it difficult for us to argue against them because they're saying, oh, but it's for recycling.

基本上，他们让我们很难反驳他们，因为他们说，哦，但这是为了回收。

 00:36:06

🎧 It's almost almost a religious cross being waived in the air above our heads.

这几乎就像在我们头顶挥舞的宗教十字架。

🎧 I'm sorry, I'm from the postural generation.

抱歉，我是战后一代。

🎧 I'm a postural baby, I'm a boomer, and I'm of the generation that still thinks that we should be entitled in the civilized society to street lighting, street cleaning, and the bin's emptied once a week.

我是婴儿潮一代，属于仍然认为在文明社会中我们应该享有路灯照明、街道清洁和每周一次垃圾清运的那代人。

 00:36:23

🎧 Not once every two weeks and not once every three weeks.

而不是每两周一次，更不是每三周一次。

🎧 And I look with huge suspicion of the excuses that are given for a thrice month.

我对那些为每月#三次#（清运）给出的借口深表怀疑。

🎧 Basically, at once a monthly service.

基本上，相当于每月一次的服务。

▶ It's not good enough.

这不够好。

▶ Well, Councillor Stuart Gouley, who is from West Baxter Council and is in charge of environmental issues authority.

嗯，斯图尔特·古利议员，他来自西巴克斯特议会，负责环境事务。

bilibili 00:36:40

▶ He acknowledged that a public consultation produced a mixed response to how he put it.

他承认，公众#咨询#产生了褒贬不一的反应，这是他的说法。

▶ Alex, I would like to show, I don't know if you've got a street WhatsApp or anything like that, but what's the chat amongst the neighbors?

亚历克斯，我想了解一下，不知道你们有没有街道WhatsApp群之类的，邻居们都在聊些什么？

▶ I mean, how do people feel?

我的意思是，大家感觉如何？

▶ Is some people perfectly happy with it?

有人对此完全满意吗？

▶ Yes, I think that that survey with something like 51% could cope in moving to this new collection scheme, which puts 14% couldn't cope.

是的，我想那次调查显示大约51%的人能够适应转向这种新的收集方案，而有14%的人无法适应。

bilibili 00:37:04

▶ And actually, when you're delivering a service to everyone, people who live in flats or live on their own or as couples versus living with families.

实际上，当你向所有人提供服务时，住在公寓里的人、独居的人、夫妇 versus 与家人同住的人。

🎧 Ultimately, they have different needs and you can't have a one size fits all service for them.

最终，他们有不同的需求，你无法为他们提供一刀切的服务。

🎧 I've got six bins outside my house and four inside my house.

我家外面有六个垃圾桶，里面有四个。

🎧 So, you know, even just sorting my rubbish now becomes a quite substantial effort.

所以，你知道，现在光是分类我的垃圾就成了一项相当繁重的工作。

 00:37:26

🎧 And the big deal family is the more substantial that is.

而对于大家庭来说，这工作量就更大了。

🎧 And again, we generate quite a volume of rubbish.

再者，我们产生的垃圾量相当大。

🎧 I'd like not to absolutely, but the realities of the situation the practicalities are, I do generate rubbish.

我当然希望不产生垃圾，但现实情况是，我确实会产生垃圾。

🎧 And I needed to go somewhere and I needed more than every three, three weeks.

垃圾需要有个去处，而且我需要比每三周更频繁的清运。

🎧 Anita, do you feel about this issue?

安妮塔，你对这个问题怎么看？

 00:37:43

🎧 Well, I'm a former local counsellor and nothing gets people's goats up more than bins.

嗯，我是前地方议员，没有什么比垃圾桶更能惹恼人们的了。

🎧 Honestly, it's a really, really big issue because I think actually, Richard's point is like in a society like the UK, we like hygiene, we like cleanliness, we like order.

说实话，这是一个非常非常大的问题，因为我认为实际上，理查德的观点是，在英国这样的社会，我们喜欢卫生，喜欢清洁，喜欢秩序。

▶ These things really matter and they matter to how people feel about their local areas.

这些事情真的很重要，它们关系到人们对当地社区的感受。

 00:38:02

▶ Because in summer now, like the climate, it's very, very hot.

因为现在夏天，气候非常非常热。

▶ And so you have food hygiene issues, you have maggots, you have smells, all of these things exist, especially if you're talking about three, you know, not collecting your bins for three weeks.

所以你会食品卫生问题，会有蛆虫，会有异味，所有这些都存在，特别是如果你说的是三周，你知道，三周不清运垃圾桶。

▶ And I think that actually the point around like, are the council being honest about why we are in this situation, which is likely much more to do with money than to do with recycling.

我认为实际上关键点在于，议会是否诚实地说明了我们为何处于这种境地，这很可能与钱的关系远大于与回收的关系。

 00:38:25

▶ And it's definitely like, it's also about an issue of fairness actually because big families, you know, shared accommodation.

而且这肯定也涉及到公平问题，因为大家庭，你知道，合租住所。

▶ This is often a very difficult reality for a lot of people.

对很多人来说，这通常是一个非常困难的现实。

▶ And that's where they have much more challenges around managing their bins.

这就是他们在管理垃圾桶方面面临更多挑战的地方。

▶ And the way that society is now, like we are not necessarily all going together for one weekly shop.

而且现在社会的方式是，我们不一定都一起去进行每周一次的大采购。

 00:38:43

 We're ordering things from Amazon.

我们从亚马逊订购东西。

 We're doing all sorts of things that means there's much more product coming in.

我们做各种各样的事情，这意味着有更多的产品进入家庭。

 So I think that practically it does really make life difficult for a certain group of the population.

所以我认为，实际上这确实给一部分人口的生活带来了困难。

 And maybe groups that are find it much more difficult, not people living, you know, one person, two people in a household.

也许是那些觉得困难得多的人群，而不是那些，你知道，一户一人或两人的家庭。

 00:39:00

 So I think for practical reasons, as well as the amount of time it takes to sort the recycling, I think this is really really a problem.

所以我认为，无论是出于实际原因，还是分类回收所花费的时间，我认为这确实是个问题。

 And I imagine that the residents will get together and slightly frightened the council of the council.

我想居民们会团结起来，让议会感到些许压力。

 Well, there is someone else from West Bartshaw who's a Labour Party member, Mike, and he's been in touch.

嗯，还有另一位来自西巴肖的人，他是工党成员迈克，他联系了我们。

 00:39:17

 Let's have a listen to what he has to say.

我们来听听他怎么说。

▶ Where I live or six of our flats have a black bin each, but we only ever use one between us.

在我住的地方，我们六户公寓每户都有一个黑色垃圾桶，但我们实际上只共用其中一个。

▶ We all generate so little general waste these days that I can't really see a problem with a three-weekly collection.

如今我们产生的普通垃圾都非常少，所以我真的看不出每三周收集一次有什么问题。

▶ Given all the opportunities that there are for recycling tins and paper, et cetera.

考虑到回收罐子、纸张等有这么多机会。

 00:39:35

▶ And as long as councils and contractors give clear details of exactly what's going to be collected and when.

只要议会和承包商能明确说明具体收集什么以及何时收集。

▶ Richard, do you think that is the other point here?

理查德，你认为这是另一个关键点吗？

▶ Maybe it should all be trying harder not to produce so much waste?

也许我们都应该更努力地减少产生这么多垃圾？

▶ Yes, of course we should and we all fail, don't we?

是的，我们当然应该，但我们都做得不够好，不是吗？

▶ I don't know anybody who's completely happy with their level of waste production.

我不认识任何对自己产生的垃圾量完全满意的人。

 00:39:57

▶ I don't know, I'm kind of mid.

我不知道，我算是中等水平吧。

▶ And as your contributor said, it's got to go somewhere,

正如您的投稿人所言，垃圾总要有去处，

▶ it's got to be collected,

必须被收集起来，

▶ it's not going to vanish magically overnight.

它不会在一夜之间神奇地#消失#。

▶ And you're absolutely right.

您说得完全正确。

▶ I mean, for the first time this year that I can remember, we had maggots and I've been in our business because it was particularly warm summer.

我是说，今年我记得是头一回出现蛆虫，由于夏季异常炎热，我一直关注着我们行业的情况。

 00:40:14

▶ So that's a terrible statement, isn't it?

所以这说法很糟糕，不是吗？

▶ I think it was the last Conservative government that said that they wanted to do this change of making requiring councils to recycle food waste.

我记得是上届保守党政府提出要推行这项改革，要求地方市政回收厨余垃圾。

▶ And that has now been taken on.

而现在这项政策已被采纳。

▶ I mean, you're going to make the case defend the case for doing more.

我的意思是，您需要论证并捍卫加大力度的必要性。

▶ As I say, I commend the previous government for doing it because actually they are collecting the food waste once a week.

如我所说，我#赞扬#上届政府推行此举，因为他们实际做到了每周回收一次厨余垃圾。

bilibili 00:40:38

▶ That's not being left alive for three weeks.

而不是让垃圾存放三周之久。

▶ So in fairness to West Bartcher, who I don't think are my political flavour council, but I'll defend them on this.

公平地说，虽然西巴彻市政会不符合我的政治倾向，但在这点上我要为他们辩护。

▶ You know, they are collecting food waste once a week.

您知道吗，他们每周回收一次厨余垃圾。

▶ It's the plastics and metals that will be taking two weeks.

而塑料和金属类垃圾才是两周回收一次。

▶ And then the third week is for the stuff that's not recyclable.

第三周则回收不可#回收#的垃圾。

bilibili 00:40:58

▶ You know, that is the scrumpy plastic bags and stuff like that that doesn't get recycled.

就是那些皱巴巴的塑料袋之类无法回收的物品。

▶ It's part of the problem you talked earlier about the fact that actually some of this is taken abroad where actually they're not free.

这关联到您早前提到的问题——部分垃圾实际上被运往海外，而那里并非自由之地。

▶ I mean, people know that, don't they?

我是说，人们都心知肚明吧？

▶ Do you think that's made people much more skeptical about recycling?

您认为这是否让人们对于回收利用更加#怀疑#？

bilibili 00:41:17

▶ I think people, like Richard said, most people generally would say, yes, we should recycle more.

我认为如理查德所说，大多数人通常会表态支持加大#回收#力度。

▶ But the point is we need a recycling industry in this country and we don't have one properly.

但关键在于我国需要完善的回收产业体系，而目前我们并未真正拥有。

▶ It's a very poor industry and that's why we're actually exporting so much of the stuff.

这个产业非常薄弱，正因如此我们才大量出口这些垃圾。

▶ We need to create that industry here so that the stuff is getting recycled properly here because I mean there was recent recent report of the young boy who was killed.

我们需要在国内建立该产业，让垃圾得到规范回收——毕竟近期有报道称那名遇害男孩...

 00:41:50

▶ There is slave labour, modern slavery labour that's happening in those industries abroad.

海外那些产业中存在着#奴隶#劳动、现代#奴役#劳动。

▶ And we should not be feeding that criminality.

我们不该助长这种犯罪行为。

▶ We need to be dealing with it here and that is a job for this government to create that.

我们需要在国内解决这个问题，这是本届政府创建相关产业的职责所在。

▶ There are an opportunity in ESA here to make this industry to better and to do it here.

英国环境服务协会在此有推动产业升级、实现本土化处理的机遇。

 00:42:12

▶ Yes, I think so, but I think either you think the recycling issue, I think we're all in agreement.

是的，我同意。不过我认为无论各位如何看待回收问题，我们其实已有共识。

▶ People should recycle, we should encourage it.

人们应当#回收#，我们应予以鼓励。

▶ But there is also like a genuine practical balance that we have to strike between encouraging people to do this, but not making it either so complex or making it so infrequent that people go for fly tipping or they don't manage their bins.

但我们也需要在鼓励民众参与的同时把握实际平衡，既不能流程过于复杂，也不能回收频率过低导致人们非法倾倒或疏于管理垃圾箱。

bilibili 00:42:31

▶ So all of these problems do exist and they make the areas feel considerably worse and they're much, much worse than things like two weekly collections.

这些现实问题确实存在，它们会显著恶化社区环境，其危害远甚于两周收一次垃圾等措施。

▶ I think I completely understand that it's probably financial reasons why the council is moving this direction.

我完全理解市政会此举很可能出于财政原因。

▶ I think they need to be really, really open-eyed about what this may result in in terms of the reality of managing waste.

但他们必须清醒认识到这可能在垃圾管理现实中引发的后果。

bilibili 00:42:52

▶ So I don't know, I think you're right about recycling, but I worry that that's actually not what's driving this move.

所以我不确定...我认为您对回收的看法是对的，但我担心这并非本次改革真正的推动力。

▶ Alex, can I just ask you, are there any sort of, are there any moves to try and put some pressure on the council or you just going to have to live with this new part-time job you've got of doing recycling?

亚历克斯，请问是否有向市政会施压的行动计划？还是说您只能接受这份回收垃圾的新"兼职"？

▶ Yes, it's been my livelihood, I'm not going to spend my days campaigning and taking banners out to places to protest.

是的，这已成我的#生计#所系。我不会终日奔走抗议、举牌示威。

 00:43:17

▶ It's going to be something we have to live with, but I just think it's a decoration of local services that I work for a British business, which is great and I bring into the economy, my wife works and runs her own business.

我们只能适应这种安排。但我认为这是地方服务的退步——我为英国企业工作，为经济做贡献；我妻子经营着自己的事业。

▶ We both volunteer, she's a school governor, I've been in the police for many years as a special constable.

我们都投身公益，她是校董会成员，我担任警队特别警员多年。

▶ We give a lot of community.

为社区付出良多。

 00:43:38

▶ Okay, well, I feel like we want a bit more back.

好吧，我觉得我们期望获得更多回报。

▶ Thank you very much.

非常感谢。

不打扰您研究流程图了。
