🎧 On Tuesday, Israel's defence forces said in its initial inquiry into the strike that its troops were targeting a camera positioned by Hamas to observe the activity of IDF troops, but it didn't provide any evidence.

周二，以色列国防军在其对此次空袭的初步调查中表示，其部队的目标是哈马斯设立的一个用于观察以军活动的摄像机，但没有提供任何证据。

 00:04:20

它还补充说，被打死的六个人是恐怖分子，其中一人参加了10月7日对以色列领土的渗透行动。

🎧 The attack has sparked a widespread outrage because it looks like what is known as a double-tap strike, a military tactic in which one area is targeted twice to maximize casualties by targeting those responding to the scene of a first attack.

⏮ Well, from one of the some joined by Dr. Muhammad Mustafa, who worked on two medical missions, two guards are in 2024 and 2025, including at Nasir Hospital.

好的，接下来连线穆罕默德·穆斯塔法博士，他曾在2024年和2025年执行过两次医疗任务，两次都在加沙，包括在纳赛尔医院工作。

⏮ Muhammad, thank you for speaking with me today about this.

穆罕默德，感谢你今天和我谈论此事。

⏮ I mean, you know this hospital.

我的意思是，你了解这家医院。

⏮ What did you think when you saw the attacks happen?

当你看到袭击发生时，你是怎么想的？

bilibili 00:05:10

⏮ I mean, you know, I was shocked, but not surprised.

我的意思是，你知道，我很震惊，但并不感到意外。

⏮ You know, shocked that it's so open now.

你知道，震惊于现在如此公开。

⏮ You know, Israel have just said that they were targeting a camera.

你知道，以色列刚刚说他们的目标是摄像机。

⏮ They killed 20 people targeting a camera.

他们以摄像机为目标杀死了20个人。

⏮ I mean, this is now what Palestinian lives have become worth.

我的意思是，这就是巴勒斯坦人生命现在的价值。

⏮ That one camera is worth the lives of 20 Palestinians in a hospital, not in a building, not in a random street in a hospital, so we can destroy an entire hospital or part of a hospital and

kill 20 people for a camera.

一个摄像机抵得上20个在医院的巴勒斯坦人的生命，不是在一栋建筑里，不是在随机的街道上，而是在医院里，所以我们可以为了一个摄像机摧毁整家医院或医院的一部分，并杀死20个人。

 00:05:43

 And that's now the second time that the story has changed.

这已经是他们第二次改变说法了。

 You know, these are, this is the largest running hospital now in Gaza.

你知道，这是加沙目前仍在运作的最大医院。

 It is the lifeline now for the whole of the Gaza Strip, as malnutrition and famine grips the entire of Gaza.

随着营养不良和饥荒席卷整个加沙，它现在是整个加沙地带的生命线。

 Their lifeline, this hospital, Nasir Hospital, is being bombed and destroyed because of a camera, a cut that apparently.

他们的生命线，这家医院，纳赛尔医院，正在因为一个摄像机而被轰炸和摧毁，显然是一个借口。

 00:06:07

 Yeah, and how difficult is it for healthcare workers and journalists to operate in Gaza?

是的，那么医护人员和记者在加沙开展工作有多困难？

 Well, it's difficult because they're targeted.

嗯，这很困难，因为他们是被针对的目标。

 That's why it's difficult.

这就是困难的原因。

 And we need to make that very, very clear.

我们需要把这一点说得非常非常清楚。

▶ You know, healthcare work has made up 0.7% of the population, yet they make up 8% of the dead.

你知道，医护人员占人口的0.7%，却占死亡人数的8%。

▶ That is not a statistical anomaly.

这不是统计异常。

 00:06:29

▶ That's a statistical miracle.

这是一个统计奇迹。

▶ The only way that that's statistically can, can ever be understood is if healthcare workers are targeted, I was there in Gaza when Nasir Hospital was bombed, when the surgical facility was bombed.

从统计学上唯一能理解这一点的方式就是医护人员是被针对的目标，当纳赛尔医院被炸、手术设施被炸时，我就在加沙。

▶ I was also in Gaza when the 15 paramedics were executed.

当15名护理人员被处决时，我也在加沙。

▶ And remember, Israel changed their story multiple times again for that incident as well.

记住，对于那起事件，以色列也多次改变了他们的说法。

 00:06:52

▶ The journalists in Gaza, the largest cohort of killed journalists in any war combined from World War One, World War Two, Vietnam War.

加沙的记者，是任何战争中死亡记者人数最多的一批，超过了第一次世界大战、第二次世界大战、越南战争的总和。

▶ You know, these statistics are coincidences.

你知道，这些统计数据不是巧合。

▶ This is a targeted campaign.

这是一场有针对性的行动。

▶ Foreign journalists aren't allowed in.

外国记者不允许进入。

▶ There's restrictions to foreign doctors.

对外国医生有限制。

▶ I'm not allowed to return to Gaza as many other doctors aren't allowed to return.

我不被允许返回加沙，许多其他医生也不被允许返回。

 00:07:15

▶ So this is, you know, the only thing that you can say about this is this is a targeted campaign.

所以，你知道，关于这一点唯一能说的就是这是一场有针对性的行动。

▶ This is a targeted campaign to destroy whatever remains of the healthcare facilities in Gaza and also to destroy the eyes and ears that are left in Gaza.

这是一场旨在摧毁加沙剩余医疗设施，并摧毁加沙剩下的“眼睛和耳朵”（指记者）的有针对性行动。

▶ You know, it was only a couple of, it was only about a week ago or two weeks ago that Nasir, the famous Al-Jazeera journalist was killed in Gaza City along with all of the journal, all of his team.

你知道，就在大约一两周前，著名的半岛电视台记者纳赛尔在加沙城被杀，连同他所有的团队成员。

 00:07:40

▶ So the entire Al-Jazeera team in Gaza City were killed.

所以半岛电视台在加沙城的整个团队都被杀了。

▶ So, you know, and again, the other thing we have to remember is this, this was a double strike.

所以，你知道，另外我们必须记住的是，这是一次双重打击。

🎧 And as you rightly pointed out, a double strike is used by people like ISIS, by Al-Qaeda.

正如你正确指出的，双重打击是像ISIS、基地组织这样的组织使用的战术。

🎧 It is a terrorist tactic that is used to draw people in.

这是一种恐怖主义战术，用来吸引人们进入。

🎧 And when people come in to help, that's when you fire missiles.

当人们进来帮忙时，那就是你发射导弹的时候。

 00:08:00

🎧 And it's not just the missile that hit the roof that killed those people.

而且不仅仅是击中屋顶的导弹杀死了那些人。

🎧 It's also tank fired shells that fired on the on the outside of the emergency department at that hospital, which also injured people.

还有坦克发射的炮弹击中了那家医院急诊室的外部，也造成了人员受伤。

🎧 Yeah, Israel says they were targeting Hamas at Nasir Hospital.

是的，以色列说他们在纳赛尔医院的目标是哈马斯。

🎧 They often state that Hamas use civilian infrastructure to hide in and operate from.

他们经常声称哈马斯利用民用基础设施藏身和运作。

 00:08:24

🎧 Hamas have also come out to say that none of those that were attacked or none of those that died in the hospital were Hamas fighters.

哈马斯也出来表示，那些被袭击的人或死在医院的人中没有一个是哈马斯战士。

🎧 What do you think of those claims?

你怎么看这些说法？

🎧 Well, you know, just leaked reports have come out in the last week that from Israel's own military, that they believe that 83 percent of the dead in Gaza were civilians.

嗯，你知道，就在上周流出的报告显示，来自以色列自己的军方，他们认为加沙83%的死者是平民。

 00:08:45

🎧 Civilians, that's four out of every five people that they have killed in Gaza, according to their statistics, are women and children and civilian men.

平民，根据他们的统计数据，他们在加沙杀死的每五个人中就有四个是妇女、儿童和男性平民。

🎧 So when they say that they are targeting Hamas, how many times have we heard that?

所以当他们说他们的目标是哈马斯时，我们听过多少次了？

🎧 How many times has their story changed?

他们的说法改变了多少次？

🎧 Just like the time when their stories changed about the paramedics, when they said that they were Hamas, that were approaching them.

就像那次他们关于护理人员的说法改变一样，当时他们说那些人是哈马斯，正在接近他们。

 00:09:07

🎧 And then we found out that they were buried alive, handcuffed and tied, and their ambulances also buried as well.

然后我们发现他们是被活埋的，戴着手铐并被捆绑，他们的救护车也被埋了。

🎧 So these stories keep changing when it comes to the IDF.

所以当涉及到以色列国防军时，这些说法不断变化。

🎧 These mishaps are too frequent to say that they are just coincidences.

这些“意外”太频繁了，不能只说它们是巧合。

🎧 And I think it's about time that everyone reports this as what it is.

我认为是时候所有人都如实报道这件事了。

bilibili 00:09:28

▶ It's really ministers and Israeli TV stations are openly talking about targeting these journalists and targeting civilians in Gaza, quite openly and talking about ethnically cleansing the whole of Gaza.

实际上，部长们和以色列电视台都在公开谈论针对这些记者和加沙平民，相当公开，并且谈论要种族清洗整个加沙。

▶ So, you know, for me, I find it very difficult to have these conversations, especially when I've been to Gaza and I've held children that were shot in their head by the IDF.

所以，你知道，对我来说，我发现进行这些对话非常困难，尤其是我去过加沙，我抱过被以色列国防军击中头部的孩子。

▶ I've seen mothers who have had bullets in their pregnant abdomens that were targeted by drones.

我见过腹部怀孕的部位被无人机瞄准击中的母亲。

bilibili 00:09:55

▶ You know, this has been a two-year-long campaign.

你知道，这是一场持续了两年的行动。

▶ And you know, one mishap today, another mishap tomorrow, another mishap the week after, and it's been mishaps for the last 700 days in Gaza.

你知道，今天一个意外，明天又一个意外，下周再来一个意外，而在过去的700天里，加沙一直充满了“意外”。

▶ But these mishaps are costing the lives of tens of thousands of innocent women and children.

但这些“意外”正夺去数万名无辜妇女和儿童的生命。

▶ Yeah, Mustafa, thank you very much for speaking with me today about this story.

是的，穆斯塔法，非常感谢你今天和我谈论这个故事。

bilibili 00:10:18

🎧 I do appreciate your time, Dr. Mohammed Mustafa there, who worked on two medical missions to Gaza both in 2024 and 2025, including working at Nasser Hospital.

非常感谢您的时间，穆罕默德·穆斯塔法博士，他曾在2024年和2025年两次前往加沙执行医疗任务，包括在纳赛尔医院工作。

🎧 Thank you very, very much.

非常感谢。

🎧 I mean, while in Israel protesters clashed with police and Tel Aviv during what's being called a day-on disruption, thousands of protesters took to the streets across the country, blocking major highways in an attempt to suppress their government into securing the release of hostages still held by Hamas.

我的意思是，在以色列，抗议者在所谓的“破坏日”期间与特拉维夫的警察发生冲突，数千名抗议者走上全国各地的街头，封锁主要高速公路，试图迫使他们的政府确保仍被哈马斯扣押的人质获释。

 00:10:47

🎧 At the same time, Israel's security cabinet met on Tuesday to formally approve a new assault on Gaza City.

与此同时，以色列安全内阁于周二开会，正式批准对加沙城发动新的攻击。

🎧 Prime Minister Netanyahu has rejected any proposal for a phased ceasefire.

内塔尼亚胡总理拒绝了任何分阶段停火的提议。

🎧 Now to Ukraine and Kiev has acknowledged for the first time that Russia's army is fighting in settlements inside the Nipro-Petrovsk region, an area of the country that's previously not been officially claimed by Moscow as Russian territory.

现在关注乌克兰，基辅首次承认俄罗斯军队正在第聂伯罗彼得罗夫斯克州内的定居点作战，这是该国一个此前未被莫斯科正式宣称是俄罗斯领土的地区。

 00:11:15

🎧 If Russia has indeed captured some villages, it would be a minor but symbolic gain that gives the Kremlin another bargaining chip in the conflict.

如果俄罗斯确实占领了一些村庄，这将是一个微小但具有象征意义的收获，为克里姆林宫在这场冲突中提供了另一个谈判筹码。

▶ It comes as diplomatic talks to end the war have stalled.

此举正值结束战争的外交谈判陷入停滞之际。

▶ Is our Ukraine correspondent Katie Watson?

是我们的乌克兰记者凯蒂·沃森吗？

▶ Yes, so on Monday, Moscow said that it had captured two settlements in Nipro-Petrovsk region.

是的，莫斯科方面周一表示，它已占领了第聂伯罗-彼得罗夫斯克地区的两个定居点。

 00:11:37

▶ Today, Ukrainian military said actually the fighting is still ongoing, both sides are trying to secure the settlements, but they did say this is the first large-scale attack in the region and goes to show the difficulty on the ground with Russia trying to gain ground.

今天，乌克兰军方表示，战斗实际上仍在继续，双方都在试图控制这些定居点，但他们确实表示这是该地区首次遭遇大规模袭击，并说明了俄罗斯试图夺取土地的实地困难。

▶ It has been making slow inroads into the region in the air in the last few months.

在过去的几个月里，它一直在该地区缓慢地取得进展。

▶ So it just goes to show the difficulty in the reality of the war on the ground because it's up until now the fighting has really focused on four regions that border onto Russia.

所以这恰恰说明了实地战争现实的困难，因为迄今为止战斗真正集中在与俄罗斯接壤的四个地区。

 00:12:15

▶ So the Donbass, which is made up of Don Yask and Nohansk, as well as the regions just to the south, Zaporizha and Herzogn.

所以是顿巴斯地区，它由顿涅茨克和卢甘斯克组成，以及其正南方的地区，扎波罗热和赫尔松。

▶ But now we're seeing a slow reach into Nipro-Petrovsk.

但现在我们看到（战线）正缓慢延伸到第聂伯罗-彼得罗夫斯克。

🎧 So this is pretty significant for Ukraine to talk about this.

因此，对乌克兰来说，谈论这一点非常重要。

🎧 For the military perspective, I spoke to Daniel Davis, retired Lieutenant Colonel and Senior Fellow at Defence Priorities.

从军事角度，我采访了丹尼尔·戴维斯，他是退役中校、国防优先事项组织的高级研究员。

bilibili 00:12:44

🎧 Daniel, thank you for your time.

丹尼尔，感谢您抽出时间。

🎧 What do you make of the small gains that the Russian Army is making in the east and what should we understand about the fighting there?

您如何看待俄罗斯军队在东部取得的小规模进展，我们应该如何理解那里的战斗？

🎧 Well, that's not really the biggest concern for the Ukraine Army on the eastern front.

嗯，那其实不是乌克兰军队在东线最担心的问题。

🎧 That's another main thing that's making headlines because it's in an additional oblast into the Ukraine side that they hadn't been in before, at least not officially.

这是另一个登上头条的主要事情，因为它进入了乌克兰方面一个他们以前未曾进入的额外州，至少不是正式进入。

bilibili 00:13:06

🎧 But about a week ago, Russia side made a pretty big incursion at Pukrovsk, north of Pukrovsk, into deep into the Ukraine lines.

但大约一周前，俄罗斯方面在波克罗夫斯克北部进行了一次相当大规模的入侵，深入了乌克兰防线。

🎧 It was 18 kilometers deep.

它深入了18公里。

▶ Ukraine had to scramble there.

乌克兰不得不匆忙调遣部队到那里。

▶ What may have been their last strategic reserves from the Azov Corps to stop that penetration.

他们可能动用了来自亚速军团的最后战略预备队来阻止那次渗透。

▶ And then that we can, the other areas on the front.

然后我们才能（顾及）前线的其他地区。

bilibili 00:13:27

▶ And then in Kupionsk, Russia made an additional penetration around the backside of the city, putting one of the last lifelines into the city at risk and potentially surrounding that.

然后在库皮扬斯克，俄罗斯在城市后方进行了额外的渗透，使通往该城市的最后生命线之一面临风险，并可能包围该城市。

▶ And then in the last 24 hours, there was another penetration in the Zaporizha area in the south.

然后在过去的24小时内，南部的扎波罗热地区又发生了一次渗透。

▶ The bottom line is that Russia continues to press on all the fronts.

底线是俄罗斯继续在所有战线施压。

bilibili 00:13:47

▶ And now you add in this Deneepro-Pukrovsk area.

现在你又加上了这个第聂伯罗-波克罗夫斯克地区。

▶ And you can see that Ukraine is starting to crack on a number of places in the front.

你可以看到乌克兰的防线开始在多处出现裂痕。

▶ Yeah, and what do you make of that?

是的，您对此怎么看？

▶ Given that these, you know, talks of peace have been spoken about, President Trump pushing for talks, but doesn't seem to be getting anywhere with Vladimir Putin?

考虑到这些，你知道，和平谈判一直被提及，特朗普总统推动谈判，但似乎与弗拉基米尔·普京没有任何进展？

 00:14:06

▶ Well, well, he's not because Vladimir Putin is well aware of the realities on the battlefield that he sees his side as winning.

嗯，嗯，他没有进展是因为弗拉基米尔·普京非常清楚战场上的现实，他认为他的阵营正在获胜。

▶ And the reason why Ukraine is having these problems now, it exposes that they have an insufficient number of troops.

乌克兰现在之所以遇到这些问题，暴露了他们兵力不足。

▶ It's not even at this point of matter how many air defense missiles they have, artillery rounds, drones, even, because Russia has the advantage in every one of those categories.

现在甚至不在于他们有多少防空导弹、炮弹、甚至无人机，因为俄罗斯在所有这些类别中都占有优势。

 00:14:28

▶ But now that Ukraine continues to lose more men each month, and it can mobilize into the force here.

但现在乌克兰每个月都在损失更多兵员，而且它无法有效地进行动员。

▶ So every month they're getting weaker, and they're having fewer and fewer troops to try to plug these gaps.

所以他们每个月都在变得更弱，他们用来试图填补这些缺口的部队越来越少。

▶ But the Russians have plenty of troops.

但俄罗斯有充足的部队。

▶ And so that's the problem.

所以这就是问题所在。

🎧 It's for the Ukraine and the Western side is that they're trying to get the Russian side to have some concessions.

对乌克兰和西方来说，他们正试图让俄罗斯方面做出一些让步。

 00:14:50

🎧 But the Russian side is in a position they don't have to give concessions.

但俄罗斯方面处于一个不必让步的位置。

🎧 And until the Western side really comes to the conclusion of that, the Russians, as their ambassador said just a day before history on our show, they're going to continue fighting unless they can get a negotiated settlement that they're satisfied with.

直到西方真正认识到这一点之前，俄罗斯人，正如他们的大使一天前在我们的节目上所说，他们将继续战斗，除非能得到一个令他们满意的谈判解决方案。

🎧 And that's the real problem.

这才是真正的问题。

 00:15:09

🎧 We don't want to give them anything they want, but they do have the military wherewithal to compel our side.

我们不想给他们任何他们想要的东西，但他们确实有军事能力来强迫我们这一方。

🎧 Federal Reserve Governor Lisa Cook says she will sue President Trump over his unprecedented attempt to fire her, marking a major escalation in the President's battle with the U.S. Central Bank.

美联储理事丽莎·库克表示，她将就特朗普总统解雇她的前所未有的企图提起诉讼，这标志着总统与美国中央银行的斗争严重升级。

🎧 A lawyer released a statement saying President Trump has no authority to remove federal reserve governor Lisa Cook.

一名律师发表声明称，特朗普总统无权罢免美联储理事丽莎·库克。

 00:15:32

▶ His attempt to fire her based solely on a referral letter, like any factual or legal basis.

他试图仅凭一封转介信就解雇她，缺乏任何事实或法律依据。
