

Trump's UN Speech: Attacks on Immigration, Climate Change, and NATO

【BBC World Today 20250924 特朗普联大演讲炮轰联合国 | 警告欧洲移民危机 | 称气候变化是骗局】

Summary: President Donald Trump delivered a wide-ranging speech at the UN General Assembly, sharply criticizing the organization for failing to live up to its potential. He claimed Europe is being "invaded" by illegal immigrants, denounced renewable energy as a "joke," and labeled climate change a "hoax." In a meeting with Ukrainian President Zelensky, he suggested NATO should shoot down Russian aircraft entering its airspace. The speech also included controversial medical advice, urging pregnant women to stop taking a drug he linked to autism, which was promptly refuted by UK health officials.

摘要：唐纳德·特朗普总统在联合国大会发表广泛讲话，严厉批评该组织未能发挥其潜力。他声称欧洲正被非法移民"入侵"，谴责可再生能源是"笑话"，并称气候变化是"骗局"。在与乌克兰总统泽连斯基的会晤中，他建议北约应击落进入其领空的俄罗斯飞机。演讲还包括有争议的医疗建议，敦促孕妇停止服用他声称与自闭症有关的药物，英国卫生官员随即驳斥了这一说法。

那么，在那场持续了近一个小时的演讲之后，特朗普确实在这里的联合国大会间隙会见了联合国秘书长安东尼奥·古特雷斯。

⏮ Let's have a listen to that.

我们来听一听那段对话。

⏮ You have been going north and south, east and west in all possible situations, getting or trying to get his fires, alleviating tensions, making peace agreements, or building blocks of peace agreements.

您一直在各种可能的情况下奔走四方，扑灭或试图扑灭战火，缓解紧张局势，达成和平协议，或为和平协议奠定基础。

 00:07:33

▶ I may disagree with it sometimes, but I am so behind it because I think the potential for peace with this institution is so great.

虽然有时我可能不认同其做法，但我依然全力支持，因为我认为这个机构促进和平的潜力巨大。

▶ In his speech earlier, President Trump also spoke about the threat to the world from nuclear weapons, and he lauded his, the Americas, bombing of three nuclear weapons sites

in Iran.

在早先的演讲中，特朗普总统也谈及核武器对世界的威胁，并赞扬了美国对伊朗三处核武器基地的轰炸行动。

 00:08:54

 So let's talk a little bit more about that.

让我们就此展开进一步讨论。

 I'm joined by the Director General of the International Atomic Energy Agency, Raphael Gross.

现在与我对话的是国际#原子能#机构总干事拉斐尔·#格罗西#。

 Thank you very much for being with us.

非常感谢您做客本节目。

 Now, first of all, you've actually been holding a meeting here today with the Iranian representatives on this issue of the potential snapback of sanctions over their nuclear capabilities.

首先，您今天其实已就伊朗核能力可能引发的制裁快速恢复机制问题，与伊朗代表举行了会议。

 00:09:13

 Can you tell us how that meeting went?

能否透露会议进展如何？

 Well, I've seen, for Minister Abbas Raghji yesterday, I'm seeing him again today, and we are in almost constant contact, not only with him, but with representatives of the so-called E3, which is the United Kingdom, France, Germany, and also the United States, special envoy Whitkov.

我昨天会见了阿巴斯·拉格吉部长，今天再次与他见面，我们几乎保持不间断联系，不仅与他，还包括所谓E3国家（英法德）代表以及美国特使惠特科夫。

 Because there is a great interest in trying to see, and perhaps an effort in trying to see whether there can be some understanding in this last stretch separating us from the possible

reactivation of sanctions against Iran that could be coming next weekend.

因为各方都迫切希望，或许也正努力尝试，能否在距离可能于下周末重启对伊制裁的最后阶段达成某些共识。

 00:09:55

⏮ And since the expectation of these countries is that the cooperation between Iran and the IEA is getting better, and that a number of actions do take place, like allowing our inspectors access to nuclear material in Iran and other things.

这些国家期待伊朗与国际原子能机构的合作能有所改善，并切实采取若干行动，例如允许我方核查人员接触伊朗境内的核材料等。

⏮ So, of course, we are pretty much part of that, and we are trying to exercise our best offices, good offices, to try to be together in a better place.

因此我们自然深度参与其中，正尽力斡旋调解，争取推动各方走向更有利的境地。

⏮ Do you think they're meeting those conditions, though, to stop that next weekend?

那么您认为伊朗是否满足了阻止下周末制裁重启的条件？

 00:10:31

⏮ Well, I think there are different views on that.

对此存在不同看法。

⏮ There is some cooperation.

确实存在一定#合作#。

⏮ My own cooperation is that there is cooperation.

我个人的#判断#是合作确实存在。

⏮ We are not there where we should be.

但现状仍未达到应有水平。

⏮ In terms, and I will be very clear, in terms of having the inspections that we need to have on the inventory of nuclear material, which is still in Iran, there are some reluctancies there.

具体来说——我将直言不讳——在对仍留在伊朗的核材料库存进行必要核查方面，伊方仍显迟疑。

 00:10:59

 We are trying to work through them.

我们正努力化解这些阻力。

 A few days ago, I was in Cairo where we could agree also with the Iranian Foreign Minister, or some practical steps to get that done.

几天前我在开罗与伊朗外长会晤，就推进此事的一些具体步骤达成了共识。

 Whether we can do this, and we can put this back on track before the deadline next weekend is the crux of the matter, I would say.

问题的关键就在于我们能否在下周末最后期限前完成这些工作，让一切重回正轨。

 Do you have a team adjacent to Iran or on their way there?

目前是否有核查团队#临近#伊朗或正在前往途中？

 00:11:25

 Of course, around the way to carry out other inspections, not these specific ones, but I think in very short order, we would be able to put together a team to start this process, which may, and here, I would defer to the E3 countries that are the ones behind this effort to determine whether, for them, this is good enough.

我们当然有执行其他核查任务的团队在附近，但并非针对此次专项核查。不过我认为很快就能组建团队启动流程，但最终是否达标，还需由主导此事的E3国家定夺。

 But for me, there is a more permanent thing, our relationship with Iran is permanent, must continue.

但对我而言，更根本的是我们与伊朗的关系具有持久性，必须延续下去。

 Iran has very clear commitments and obligations that they have vis-à-vis, the IEA, and those are permanent, as I said, and they go beyond the issue of the snapback.

伊朗对国际原子能机构有着明确承诺和义务，这些是永久性的，正如我所说，其效力超越制裁快速恢复机制本身。

 00:12:09

▶ Iran has said those should these sanctions come back into place.

伊朗曾表示若制裁重启，

▶ That will seriously damage the relationship that it has with you and your agency.

将严重损害其与您及贵机构的关系。

▶ Well, this is, of course, a hypothetical issue.

这当然只是假设性情况。

▶ I hope we do not get there.

我希望我们不会走到那一步。

▶ It has been quite difficult for us and for Iran to reconstruct a minimum, a modicum of working relationship to try to start inspections again, if these work came to a close.

若核查工作终止，我们和伊朗要重建最起码的工作关系以重启检查，将会异常困难。

 00:12:43

▶ Again, I think we would be facing a very serious situation because inspections in Iran are not voluntary.

届时我们将面临非常严峻的局面，因为对伊朗的核查并非#自愿#行为。

▶ They are the result of Iran having decided to be a party to the treaty on the non-proliferation of nuclear weapons.

这是伊朗决定加入《不#扩散#核武器#条约#》的结果。

▶ So, if they were to start saying no to inspections, then there would be a bigger, a new problem.

所以如果伊朗开始拒绝核查，将会引发更严重的新问题。

▶ And we do not want to.

而我们不愿看到此景。

 00:13:09

▶ I do not think we need a bigger problem in Iran.

我认为伊朗问题不应再升级了。

▶ We heard President Trump speaking about this in his speech earlier.

我们在特朗普总统早先演讲中听到他谈及此事。

▶ He was lauding what he says is that, a great U.S. strike on Iran in June.

他赞扬了所谓六月份美国对伊朗的"伟大打击"。

▶ Where do you see that relationship playing out now because Iran has rejected the concept of holding talks with the U.S.?

鉴于伊朗已拒绝与美对话，您认为目前两国关系将如何发展？

▶ Well, yes, this is clearly a reality.

这确实是当前现实。

 00:13:32

▶ At the same time, there are some contacts.

但与此同时，某些接触仍在进行。

▶ There are some exchanges.

也存在一些交流。

▶ I must say that special envoy, Steve Whitkov, is very active on those.

必须指出美国特使史蒂夫·惠特科夫在此方面非常活跃。

▶ I, for one, I am in constant contact with him.

就我而言，一直与他保持密切沟通。

▶ And I know that in spite of all these difficulties that are very clear for everyone to see and the actions in June are proof of that, there is still a will here in the United States to have an

agreement that would put this relationship back to normalcy.

我知道尽管困难显而易见（六月的行动即是明证），但美国内部仍存在推动关系正常化的缔约意愿。

 00:14:03

 Okay, well, as you say, time is of the essence.

好的，正如您所说，#时间#至关重要。

 So, we'll be watching what happens with your meeting later on today.

我们将密切关注您今日后续会议的进展。

 Thank you very much.

非常感谢。

非常感谢。

▶ Thank you very much.

谢谢。

▶ Welcome back.

欢迎回来。

▶ Let's return to Donald Trump's speech to the UN General Assembly this afternoon, which went well beyond its a lot of time.

我们继续关注特朗普总统今天下午在联合国大会的演讲，其篇幅远超预定时间。

▶ And yet in 57 minutes, he barely acknowledged the 80th anniversary of the United Nations, which they're marking this week, or the humanitarian crises in Gaza, Sudan, or Ukraine.

然而在57分钟的演讲中，他几乎未提及本周正在庆祝的联合国成立80周年，也未谈到加沙、苏丹或乌克兰的人道主义危机。

 00:15:51

▶ What is the purpose of the United Nations, he asked?

他质问道："联合国的宗旨是什么？"

▶ And he glossed over his own reluctance to exert any pressure on Russia and Israel.

并轻描淡写地掩盖了自己#不愿#对俄罗斯和以色列#施加#压力的态度。

 00:16:13

▶ All this comes amid the escalating tensions between Russia and NATO, who met earlier to discuss Russia's violation of Estonian airspace after Stalin said Russian fighter jets had entered Estonian airspace for 12 minutes without permission on Friday.

这一切都发生在俄罗斯与北约紧张局势升级之际。此前斯大林称俄罗斯战机于周五未经许可进入爱沙尼亚领空12分钟，北约就此召开会议讨论俄罗斯侵犯爱沙尼亚领空行为。

▶ Russia has denied that.

俄罗斯对此予以否认。

▶ Estonia has requested NATO consultations on the matter and had a press conference in Brussels earlier after these discussions.

爱沙尼亚已就此事请求北约进行磋商，并在讨论结束后于布鲁塞尔举行了新闻发布会。

 00:16:37

▶ The writers European affairs editor Andrew Gray asked the NATO Secretary General Ma Rita about it.

本报欧洲事务编辑安德鲁·#格雷#就此向北约秘书长玛·鲁塔提问。

▶ At the heart of NATO is the idea of deterrence.

北约的核心是威慑理念。

▶ At the moment, it seems like deterrence is not working because Russia is undertaking these incursions.

目前看来威慑并未奏效，因为俄罗斯正在#实施#这些入侵行为。

▶ So do you need to do anything more in order to make your deterrence more credible?

那么是否需要采取更多措施来让你们的威慑更具#可信度#?

bilibili 00:16:58

▶ Well, I think what Russian saw is that we are willing indeed to defend every inch of LLT, which is exactly what happened in Poland when a Dutch F-35 shot down Russian drones.

我认为俄罗斯看到的是我们确实愿意捍卫每一寸LLT，荷兰F-35战机在波兰击落俄罗斯无人机正是如此。

▶ But also when it comes to Estonia, where things to defence and the Swedes and the Italians were able to escort these three mix 31 out of Estonian airspace.

在爱沙尼亚也是如此，当地防御力量与瑞典、意大利部队成功将这三架混合31型战机护送离开爱沙尼亚领空。

▶ And our message to the Russians is clear.

我们向俄罗斯传递的信息很明确。

bilibili 00:17:26

▶ We will defend every inch of LLT, we will make sure that we can always defend and deter when necessary.

我们将捍卫每一寸LLT，确保随时能够进行防御并在必要时实施#威慑#。

▶ We are a defensive alliance, yes, but we are not naive.

我们是个#防御性# #联盟#，没错，但我们并不#天真#。

▶ So we see what is happening and whether it is intentional or not, if it is not intentional, then it is blatantly incompetence.

我们清楚正在发生什么，无论这是否#有意#为之，若非#有意#，那便是赤裸裸的#无能#。

▶ And of course, even if it is incompetence, we still have to defend ourselves.

当然，即便是#无能#所致，我们仍需进行自卫。

bilibili 00:17:51

▶ Let's speak to Ambassador John Herbst about that.

我们来连线约翰·赫布斯特#大使#谈谈此事。

▶ He's the senior director of the Atlantic Council's Eurasia Centre for the US Ambassador to Ukraine.

他是#大西洋#理事会欧亚中心高级主任，曾任美国驻乌克兰#大使#。

▶ NATO is supposed to be a defensive alliance.

北约本应是个#防御性# #联盟#。

▶ It is supposed to project power to deter, but it is not working, is it?

本应通过力量投送来实施#威慑#，但并未奏效，对吗？

▶ It is not working very well.

效果确实不理想。

▶ Moscow has been committing provocations against NATO for many years, and they have stepped it up over the last eight or nine months.

莫斯科多年来一直在对北约进行挑衅，最近八九个月更是变本加厉。

 00:18:18

▶ We have seen acts of sabotage on NATO territory, for example, at Rhein-Mathal in German, arms builder.

我们已看到北约领土上的#破坏#行为，例如德国军火商莱茵金属公司遭遇的袭击。

随后又见大量俄罗斯无人机穿越北约领空，如今更是出现俄罗斯战机闯入。

▶ We have done very little to stop this.

我们对此几乎未采取任何制止措施。

 00:18:41

▶ When Russian jets flew through Turkish airspace for literally a few seconds, several times the Turkish shot one down.

当年俄罗斯战机仅穿越土耳其领空数秒，土方就多次实施击落。

▶ NATO should send a clear message to Kremlin.

北约应向克里姆林宫传递明确信息。

▶ If this happens again, another Russian jet enters NATO airspace, it will be shot down.

若再发生此类事件，任何俄罗斯#战机#进入北约领空都将被击落。

▶ Well, on that issue, we have got a very diplomatic answer from a consummate politician in Marta Ruta today.

关于这点，今天我们从玛尔塔·鲁塔这位#老练#政治家那里得到了非常#外交辞令#式的答复。

 00:19:03

▶ He said, we will assess the threat in real time based on intelligence, and we will act proportionally.

他表示，我们将根据情报实时#评估#威胁，并采取相称行动。

▶ What does that really mean in military terms?

这在军事上究竟意味着什么？

▶ Well, acting proportionally can mean many things.

相称行动可有多重含义。

▶ I think it would not have been a good thing for NATO to shoot down those Russian jets, which lingered, I think, 12 minutes in NATO airspace.

我认为北约击落那些（据我所知盘旋了12分钟的）俄罗斯战机并非明智之举。

 00:19:23

▶ But now that it has happened, they send it to the warning and say, next time, we will shoot it down.

但既然事件已发生，他们应发出警告：下次必将击落。

▶ Donald Trump has just said in the last few minutes with President Zelensky that he thinks NATO should shoot down Russian planes.

特朗普就在几分钟前与泽连斯基总统通话时表示，他认为北约应击落俄罗斯飞机。

▶ But then he was asked whether the United States would play a role in that, and he said it depends on the circumstances.

但被问及美国是否会参与时，他却说需视情况而定。

 00:19:41

▶ Well, that was a good start and a weak finish.

这可谓虎头蛇尾。

▶ And of course, President Trump did not help maintain NATO deterrence when he was opining that all those Russian drones, the 50 Russian drones that landed in Poland, were sent unintentionally.

当然，当特朗普总统声称所有那些（落入波兰的50架）俄罗斯无人机均属无意派遣时，也无助于维持北约威慑力。

▶ That just means that that suggests to the Russians that the major NATO leader is medicine about a confrontation when the Russians are being provocative.

这无异于向俄罗斯暗示：当俄方挑衅时，这位北约主要领导人却在回避对抗。

 00:20:08

▶ That's not a good signal.

这并非好信号。

▶ They're very good at this, the Russians.

俄罗斯人对此非常擅长。

▶ They're very good chess players by all accounts.

各方评价他们都是高超的#棋手#。

▶ And they're watching the European reaction.

他们正密切关注欧洲的反应。

▶ NATO has triggered article 4 twice in the last few weeks, but taking no action.

北约最近几周两次启动第四条条款，却未采取任何行动。

▶ And then when you look at the negotiation, they've heard threats from Donald Trump, but on each occasion, he's walked those threats back.

再看#谈判#方面，他们听过特朗普的威胁，但每次他都收回成命。

 00:20:30

▶ Well, it's a bad look when President Trump gives a date certain for imposing sanctions if Moscow does not stop the shooting in Ukraine.

当特朗普总统为莫斯科若不停火乌克兰就#实施#制裁设定明确期限时，场面相当难看。

▶ And then let the Russians talk him out of it first through a special envoy when we'd cough saw Putin in Moscow on August 6th, the deadline was August 8th.

先是任由俄罗斯通过特使说服他改变主意——8月6日韦德考夫在莫斯科会见普京时，最后期限是8月8日。

▶ And then with Trump himself in Alaska, we can have later that that's not a good look when you sit down a deadline, when you sit down a line in a sand and it's crossed you undermine your own credibility when it is crossed.

随后特朗普本人在阿拉斯加又改口。可见设定最后期限、划出红线后任人逾越，只会损害自身信誉。

 00:21:06

▶ Just on the issue of sanctions, he said a very high bar again for the Europeans today saying they've got to stop buying Russian oil and gas.

仅就制裁问题，他今日又对欧洲提出极高要求，称必须停止购买俄罗斯油气。

▶ But of course, the Europeans largely have stopped buying Russian gas, oil and gas.

但事实上欧洲大多已停止进口俄罗斯油气。

▶ The bit that's difficult is it's obviously hungry, which is closely aligned to Moscow, that wants it.

难点在于匈牙利——这个与莫斯科关系密切的国家——仍有需求。

bilibili 00:21:26

▶ It needs that oil and gas.

他们需要这些油气。

▶ He's saying in the last few minutes that he can get Victor Orbán to stop buying it.

他在几分钟前表示能说服维克托·欧尔班停止购买。

▶ Do you think he can?

您认为他能做到吗？

▶ I think of Trump actually made it, made it his goal to stop Orbán, he might be able to.

我认为若特朗普真正将阻止欧尔班作为目标，或许能够实现。

▶ The point is, of course, the EU was led Orbán underminer's policies for a long time.

关键在于欧尔班长期推行破坏欧盟政策的行径。

▶ The EU might want to consider taking some measure against Orbán to force him to stop it.

欧盟或需考虑对欧尔班采取某些措施以迫使其停止。

bilibili 00:21:52

▶ But Trump had said he was going to put down sanctions if Russia did not stop the shooting, he never mentioned hungry, he never mentioned Slovakia.

但特朗普曾说若俄罗斯不停火将实施制裁，当时他从未提及匈牙利或斯洛伐克。

🎧 So it's not a good look when he adds new conditions, which again seem odd because Orbán again has been essentially been an agent for Putin within the EU, Fizzo in Slovakia starting to play that role as well.

因此他追加新条件的做法显得不妥，这尤其怪异因为欧尔班实质上是普京在欧盟内部的代理人，斯洛伐克的菲佐也开始扮演类似角色。

🎧 So they don't represent the EU, although maybe that says something about the EU should do about Hungary and also Slovakia.

所以他们并不代表欧盟，但这或许暗示欧盟应对匈牙利和斯洛伐克采取行动。

🎧 Ambassador Herbs, so we're grateful for your time.

赫布斯#大使#，感谢您拨冗受访。

🎧 Thank you for coming on the program.

谢谢您参与节目。

🎧 Thank you.

谢谢。

🎧 Bye bye.

再见。

🎧 In other news, the UK's health secretary, Matt Hancock, has urged pregnant women to ignore Donald Trump's claims about a link between taking Paracetamol and autism.

另据报道，英国卫生大臣韦斯·斯特里廷敦促孕妇勿信特朗普关于服用扑热息痛与自闭症存在关联的言论。

🎧 Last night, the US president said there had been a meteoric rise in cases of autism, and he suggested that Tylenol, a US brand name for Paracetamol, was a potential cause.

昨晚这位美国总统称自闭症病例激增，并暗示美国扑热息痛品牌泰诺是潜在诱因。

 00:22:46

▶ Speaking in the last few hours, Mr. Streeter said people should not pay any attention whatsoever about what Donald Trump says about the medicine.

斯特里廷先生在最近几小时表示，人们对特朗普关于此药的言论#完全#不应理会。

▶ Let's speak then to Dr. Catherine Lordsch.

接下来我们连线凯瑟琳·洛尔德什博士。

▶ He is the Georgia Tarja Distinguished Professor of Psychiatry and Education in the David Geffen School of Medicine at UCLA.

他是加州大学洛杉矶分校大卫·格芬医学院的乔治亚·塔贾#杰出#教授，主攻#精神病学#与教育。

bilibili 00:23:02

▶ Thank you very much for being with us.

非常感谢您参与节目。

▶ I suppose the obvious question to ask is, from all the studies you've done, is there any scientific evidence linking Paracetamol to autism?

我想最直接的问题是：根据您所有研究，是否存在科学证据表明扑热息痛与自闭症有关联？

▶ There is evidence that shows that some mothers who take more acetaminin or the sort of basic drug behind Paracetamol and Tylenol have a slightly higher risk of having a child with autism.

有证据显示某些服用较多对乙酰氨基酚（即扑热息痛和泰诺的基础成分）的母亲生育自闭症孩子的风险略高。

bilibili 00:23:31

▶ But when you control for the circumstances in which the mothers are in, that is all gone.

但若控制母亲所处环境变量后，这种关联便完全消失。

▶ So there's no evidence that it causes autism.

因此没有证据表明该药物会导致自闭症。

▶ So what's your advice into the thousands of parents out there who must now well not know what to think, whether to take it or not?

那么对于成千上万现在不知所措、不知是否该接种疫苗的家长，您有什么建议？

▶ I mean, I think I would go with your health minister.

我认为我会赞同你们卫生部长的观点。

bilibili 00:23:58

▶ I think all pregnant women these days are very careful about what they consume in terms of food and drugs.

我觉得如今所有孕妇对食物和药物方面的#摄入#都非常谨慎。

▶ But I think we are very worried that if somebody has high fever or someone is really in pain, that could have just as big a consequence for a pregnancy as taking the Paracetamol.

但我们非常担心，如果有人发高烧或剧痛，这对妊娠的影响可能跟服用扑热息痛一样严重。

▶ And I think that families do need to just, and mothers particularly, need to stick up for themselves.

我认为家庭确实需要，尤其是母亲们，需要勇敢维护自身权益。

bilibili 00:24:28

▶ I mean, they're in an impossible situation in terms of anything you can do could be attributed to causing some children.

毕竟她们处于两难境地，任何行为都可能被归咎为导致某些儿童患病的原因。

▶ But on the whole, it's so unlikely that these things cause autism that people need to stick up for themselves.

但总体而言，这些因素导致自闭症的可能性微乎其微，人们需要坚持自己的立场。

▶ What about MMR?

那MMR疫苗呢？

▶ Because Mums, measles and rebella, because he's talked about that as well.

因为妈妈们关注#麻疹#和风疹疫苗，他也提到了这个。

 00:24:50

▶ He thinks people should be given the jabs in single doses.

他认为应该给人们接种单剂疫苗。

▶ We've been here before.

这个话题我们早已讨论过。

▶ This has done the rounds many times before.

这种说法已经流传很多次了。

▶ Is there any science that has proven that to be the case?

有科学证据支持这种说法吗？

▶ No, there is not.

不，没有。

▶ There is not.

确实没有。

▶ And sometimes people feel better if they break the doses up because it seems like you're vaccinating your small child less severely.

有时分次接种会让家长心理上更安慰，因为这看起来像是减轻了幼儿的接种强度。

 00:25:13

▶ But the reality is kids need all those vaccinations and putting them together has meant more people get them.

但实际情况是儿童需要接种所有疫苗，联合疫苗接种意味着更高的接种覆盖率。

▶ All right, quick one on Lou Coverin.

好的，快速问下卢·科弗林的情况。

▶ I think I've pronounced that right.

我想我#发音#是正确的。

▶ It's the Lou Coverin.

是卢·科弗林。

▶ Lou Coverin, is that right?

卢·科弗林，对吗？

▶ Right.

对。

▶ Okay.

好的。

▶ So it's a medication most often used in cancer.

这是一种最常用于癌症的#药物#。

 00:25:31

▶ He thinks that it will help children with speaking difficulties.

他认为这能帮助有语言障碍的儿童。

▶ Children who suffer from autism.

患有自闭症的儿童。

▶ Is that right?

是这样吗？

▶ That is right.

是的。

▶ I mean, that we, I've heard about it because several of my patients, he came to me saying we really want this drug.

我的几位患者来找我，强烈要求使用这种药物，所以我有所耳闻。

▶ There is one study that was a small study that did show that kids seem to talk slightly better if they took this drug.

有项小型研究表明，服用此药后儿童的语言能力似乎略有改善。

bilibili 00:25:55

▶ But I think the link is, is tenuous and I need to know more about it.

但我认为这种关联是#站不住脚的#，我需要更深入了解。

▶ We need good studies to find out.

我们需要通过严谨的研究来验证。

▶ Dr. Custner, the old story is squeezey.

卡斯纳医生，老生常谈的话题时间紧迫。

▶ We're right up against the break.

我们马上要进广告间歇。

▶ Thank you very much.

非常感谢。

▶ We'll be right back.

我们稍后回来。
