特朗普的新高关税现已生效，导致数十个美国贸易伙伴争相寻求救济，并使印度和巴西走得更近。

🎵 The US President Donald Trump and Russian President Vladimir Putin have agreed to meet in the coming days.

🎧 And while so many Americans seeking alternative citizenship and where are they choosing to go I'll be speaking to the man who helps them make the move.

尽管许多美国人寻求替代公民身份，他们会选择去哪里？我将采访帮助他们实现这一目标的人。

🎧 Hello there and live from London this is Business Today I'm LeQuessa and we begin the program with tariffs because US President Donald Trump has the so-called brick group of nations directly in his trade war crosshairs slapping substantial tariffs on imports from Brazil and India accusing them of pursuing anti-American policies.

大家好，这里是伦敦直播的《今日商业》，我是LeQuessa。我们从关税话题开始节目，因为美国总统唐纳德·特朗普将所谓的“砖块国家”直接置于贸易战瞄准镜中，对巴西和印度的进口商品征收高额关税，指责它们推行反美政策。

🎧 On Wednesday the White House confirmed that it will impose an additional 25% tariff on goods from India citing New Delhi's continued imports of Russian oil.

周三，白宫证实将对印度商品加征25%的关税，理由是印度持续进口俄罗斯石油。

 00:01:21

🎧 Well that brings the levee on most goods to 50% one of the highest rates faced by any US trading partner.

这使得大多数商品的关税达到50%，是美国贸易伙伴面临的最高税率之一。

🎧 Meanwhile Brazil also has 50% tariffs on many of its US bound exports not because of trade imbalances but because of Mr. Trump's anger at what he calls a witch hunt against his ally Brazil's former president Jair Bolsonaro who's been charged with plotting a coup following his election loss in 2022.

与此同时，巴西许多出口美国的商品也面临50%的关税，并非因为贸易失衡，而是因为特朗普对其盟友、巴西前总统雅伊尔·博索纳罗被指控在2022年选举失败后策划政变的所谓“政治迫害”感到愤怒。

我不认为巴西真的能找到印度替代其与美国的重要关系。

▶ You remark that Brazil doesn't run a trade deficit with the United States instead it actually is the United States that have a surplus with Brazil.

你提到巴西对美国没有贸易逆差，反而是美国对巴西有顺差。

▶ That means the countries in a somewhat different position than India and many others.

这意味着巴西与印度和其他许多国家的处境有所不同。

 00:03:03

▶ It is also not entirely the case that the whole 50% that you mentioned apply several Brazil industries got themselves carboxed.

你提到的50%关税也并非完全适用，巴西一些行业获得了豁免。

▶ Embryo the important airplane maker got a lower tariff down to the usual minimum of 10% and so did this as far as I understand the orange juice exporting industry.

重要的飞机制造商Embryo的关税降至通常的最低水平10%，据我所知，橙汁出口行业也是如此。

▶ The picture is multi-faceted and nuanced but it is certainly true that countries who have gotten the ire of the US president are trying to seek a new reposition.

情况是多方面且微妙的，但可以肯定的是，那些激怒美国总统的国家正试图重新定位。

▶ Switzerland the picture is very different I think.

瑞士的情况则大不相同。

▶ They are not low-income country and they are an important partner for the United States in many ways that there's no diplomatic representation of the United States and Iran for example Switzerland is usually the go between it is the host for many important international organizations and in the close L to the United States in most regards despite its neutrality position in formal terms.

瑞士不是低收入国家，而且在许多方面是美国的重要伙伴。例如，美国和伊朗没有外交代表时，瑞士通常是中间人。它也是许多重要国际组织的东道主，尽管在形式上保持中立，但在大多数方面与美国关系密切。

🎧 So the Swiss I think got themselves not caught up in too much attention but perhaps in too little attention.

因此，我认为瑞士既没有受到太多关注，也可能关注得太少。

 00:05:48

🎧 Brazil and India have got the attention because of the economics and Switzerland is maybe just too small a country to be among the first ones in the first 90 days for renegotiation and they they they they suffered more neglect than too much attention I think.

巴西和印度因经济问题受到关注，而瑞士可能只是太小，无法成为前90天重新谈判的首批国家之一，我认为它们受到的忽视多于关注。

🎧 Mark Mandler thank you very much for that thank you.

🎧 Now Donald Trump has said that he'll meet Vladimir Putin even if the Russian leader does not sit down with the Ukrainian president first.

现在，唐纳德·特朗普表示，即使俄罗斯领导人弗拉基米尔·普京不与乌克兰总统先会面，他也会与普京会晤。

 00:06:19

🎧 Mr. Trump told reporters at the White House that both leaders were willing to meet him adding he would do whatever he could to stop the killing face-to-face meeting between Donald Trump and Mr. Putin is expected to take place in the next few days.

特朗普在白宫告诉记者，两位领导人都愿意与他见面，并补充说，他将尽一切努力阻止杀戮。特朗普与普京的面对面会晤预计将在未来几天内举行。

🎧 Meanwhile Mr. Trump's deadline for Russia to agree a ceasefire in Ukraine or face secondary sanctions is due to expire on Friday.

与此同时，特朗普给俄罗斯设定的同意在乌克兰停火或面临次级制裁的最后期限将于周五到期。

🎧 So has the threat of sanctions succeeded in bringing President Putin to the table with me is Jonathan Charles a Russia analyst and geopolitical strategist.

那么，制裁威胁是否成功地将普京总统带到谈判桌前？与我一起的是俄罗斯分析师和地缘政治战略家乔纳森·查尔斯。

 00:06:53

▶ Jonathan lovely to have lovely to have you with us.

乔纳森，非常高兴你能加入我们。

▶ So first off what's the likelihood that this meeting will indeed go ahead?

首先，这次会晤真的会举行的可能性有多大？

▶ I think it's pretty clear that there's going to be something both sides say they are working on this the behind the scenes preparations have begun it looks that it's going to happen in perhaps the UAE or Turkey it has to be a country where President Putin can travel without fear of arrest of course there is that international arrest warrant and both sides want it for different reasons you know Vladimir Putin wants this because he knows victory does not run through the battlefield in Ukraine it's too difficult victory runs through Donald Trump putting pressure on Vladimir Zelensky the leader of Vladimir Zelensky the leader of Ukraine to actually agree something and why does Donald Trump want it because a I think he really does dislike war that's a long standing thing going back many many decades but secondly you know he has his eye on being seen as a peacemaker and he wants to upgrade the business relationship with Russia between the United States and Russia and that's very hard to do if the Ukraine conflict war is still going on.

我认为很明显，双方都在为此努力，幕后准备工作已经开始。会晤可能会在阿联酋或土耳其举行，必须是一个普京总统可以无惧被捕的国家，当然，国际逮捕令仍然存在。双方出于不同原因希望会晤：普京知道胜利不会通过乌克兰战场取得，这太难了，胜利需要通过特朗普向乌克兰领导人弗拉基米尔·泽连斯基施压，使其同意某些条件。而特朗普希望会晤，一方面是因为他确实厌恶战争，这是几十年来的一贯立场；另一方面，他希望被视为和平缔造者，并提升美俄之间的商业关系，如果乌克兰冲突持续，这将非常困难。

 00:07:58

▶ Very hard to do of course with sanctions also in place how effective have they been on Mr. Putin?

当然，在制裁仍然存在的情况下，这非常困难。制裁对普京先生的效果如何？

🎧 I think you know they are definitely having an impact on the Russian economy the Russian economy is not in good shape but it survived a lot better than many people would have expected it to go but it is definitely clear that Donald Trump is keen to upgrade that business relationship with the United States with with Russia and that means lifting sanctions and that will be very controversial because if he gets that far that is going to cause some raised eyebrows amongst the 27 members of the European Union there will be some countries in the EU that are not at all happy that Vladimir Putin seems to be being rewarded with an upgraded business relationship and I think that's one of the things that Donald Trump is dangling as a carrot in front of Putin he is saying if we can agree something on Ukraine there is this possibility of a lifting of sanctions and an upgraded business relationship and American companies by the way and I've heard from quite a few of them are already going to Moscow and have been going for some months to look at the possibilities of what deal would mean and whether it would be possible to get engaged again in Russia.

我认为制裁确实对俄罗斯经济产生了影响。俄罗斯经济状况不佳，但比许多人预期的要好。但很明显，特朗普渴望提升美俄商业关系，这意味着解除制裁，这将非常有争议，因为这会引起欧盟27国的一些不满。一些欧盟国家会非常不高兴看到普京似乎因升级的商业关系而获得奖励。我认为这是特朗普在普京面前挥舞的胡萝卜之一，他表示如果能在乌克兰问题上达成一致，就有可能解除制裁并升级商业关系。顺便说一句，我听说不少美国公司已经前往莫斯科数月，探讨交易的可能性以及是否可能重新进入俄罗斯市场。

🎧 And it's not just American businesses is it it's these secondary sanctions on nations that this is the strategy.

而且不仅仅是美国企业，还有对这些国家的次级制裁，这就是策略。

 00:09:17

🎧 Well so that's an interesting one isn't it you know Donald Trump has often talked tough on this question of tariffs in recent week I'm going to have massive tariffs so his usual way of talking but we know actually that is at the moment just not happening we've had the 25% extra on India but that's really at the bottom end of expectations and there's no sign even today at the moment that he's going to announce more tariffs he set this deadline of today a cease fire in Ukraine or more secondary tariffs he doesn't seem to want to do it I don't think he's ever really wants to do his aim is to get this upgraded relationship with Russia and he doesn't want anything to stand in the way of that.

这是一个有趣的问题。特朗普最近几周在关税问题上态度强硬，声称将实施大规模关税，这是他惯常的说法。但实际上，目前并未发生。我们对印度加征了25%的关税，但这只是预期的最低水平，甚至今天也没有迹象表明他会宣布更多关税。他设定的最后期限是今天，乌克兰停火或更多次级制裁，但他似乎并不想这样做。我认为他的目标是升级与俄罗斯的关系，不希望任何事情阻碍这一目标。

🎤 Okay Jonathan Charles thank you very much indeed thank you well President Trump has signed a series of executive orders taking place on Thursday and they were focused on banking and investments they include an order that takes aim at what he calls debanking that is the practice of banks cutting off customers for political and religious reasons and another that could reshape retirement investing in America joining me now is Joshua Mahoney Chief Market Analyst at Scope Markets Joshua hello lovely to have you with us on the program so take us through this first order the first order I mentioned and that is debanking why would this be of particular interest for President Trump?

好的，乔纳森·查尔斯，非常感谢。特朗普总统周四签署了一系列行政命令，重点关注银行业和投资。其中包括一项针对他所谓的“去银行化”行为的命令，即银行出于政治和宗教原因切断客户服务；另一项可能重塑美国退休投资的命令。现在加入我们的是Scope Markets首席市场分析师约书亚·马奥尼。约书亚，你好，很高兴你能参加节目。请为我们解读第一项命令，即“去银行化”，为什么这对特朗普总统特别重要？

🎤 Well President Trump has long claimed that he essentially has been shut out of allowing access to specific banks with the new U.S. the exorbank of America one of the main ones that he took aim at and part of that on his side was saying look I had the money I had the funds but I was shut out and that was down to political reasons and therefore he wants to be able to take aim at banks and stop them from being able to do that same kind of thing to people in the future.

特朗普总统长期以来声称自己被某些银行拒之门外，其中美国Exorbank是他主要针对的目标之一。他的立场是：我有资金，但我被排除在外，这是出于政治原因。因此，他希望针对银行，阻止它们未来对其他人采取类似行为。

 00:11:13

🎤 What are the banks positions on this if we heard from them if they commented in the past as to why they do this?

银行对此有何立场？我们是否听到过它们解释为什么这样做？

🎧 Well look ultimately they don't necessarily want to be coming out and trying to shed too much light on individual cases so understandably you don't really hear too much back from them on this it's not necessarily a great look frankly and what they do behind closed doors generally stay that way.

银行通常不愿公开讨论个别案例，因此可以理解我们很少听到它们的回应。坦白说，这并不好看，它们闭门做的事情通常不会公开。

🎧 Okay so in debanking we're talking about this idea of reputational risk and yet when we take a look at the second executive order I mentioned then that is the reshaping of the pensions landscape in the United States it seems that the president wants to potentially introduce more risk.

好的，在“去银行化”中，我们讨论的是声誉风险。而第二项行政命令涉及重塑美国养老金投资格局，总统似乎希望引入更多风险。

 00:11:57

🎧 Well yeah I mean certainly the opportunity to be able to put your pension funds into so-called alternative assets to many this will be a big upside of Donald Trump coming into power because they want to put their money into something like crypto, generally Bitcoin over the years has outperformed the likes of the S&P even but many of the markets out there but it also opens up the possibility of investments into less liquid higher risk assets within say private equity and alike it's worth noting not not every employer will offer this and you have to actually opt to take it up anyway but certainly this opens up the massive private equity market and crypto market for those seeking to invest their retirement funds into it.

是的，对许多人来说，能够将养老金投入所谓的“另类资产”是特朗普上台的一大好处。他们希望将资金投入加密货币等领域。多年来，比特币的表现甚至超过了标普等许多市场。但这同时也为投资流动性较低、风险较高的资产（如私募股权等）打开了大门。需要注意的是，并非所有雇主都会提供这一选项，你必须主动选择。但这无疑为那些希望将退休金投入私人股权和加密货币市场的人提供了机会。

🎧 Okay Joshua Mahoney thank you very much thank you.

好的，约书亚·马奥尼，非常感谢。

▶ Well users can decide that for themselves as they play with GPT5 in the coming days and weeks it's being offered for free but fundamentally we're still going to be using GPT5 in a

way that's very similar to the way we used its predecessors we are still typing in questions and waiting for it to spit out answers.

用户可以在未来几天和几周内试用GPT5后自行判断，尽管它是免费提供的，但本质上我们使用GPT5的方式与之前版本非常相似——仍然是输入问题并等待它输出答案。

 00:14:08

▶ The consensus view is that while GPT5 is certainly an improvement over its predecessors it's less of a leap than some of the previous iterations the previous versions of this product that open AI has released in the past.

普遍观点认为，虽然GPT5确实比前代产品有所改进，但相比OpenAI过去发布的某些版本，它的飞跃性较小。

▶ Another interest rate cut but for now with inflation still high the sun is shining rather patchy on the British consumer.

又一次降息，但在通胀仍高企的情况下，英国消费者感受到的阳光相当斑驳。

▶ It's always good to get the interest rates cut obviously we're a small business owner.

降息总是好事，显然我们是小企业主。

▶ I think everyone's a little bit worried about money especially being self employed it is a bit makes you a little bit nervous because you never know if things are going to change again.

我认为每个人都对钱有点担心，尤其是自雇人士，这让你有点紧张，因为你永远不知道情况是否会再次变化。

 00:16:17

▶ Gas for the electric all going up up isn't it so what have you got in your pocket?

燃气费电费都在涨不是吗，所以你口袋里还剩多少钱？

🎧 It was the fifth rate cut over the past year despite a new forecast that inflation and especially food price inflation would be rising over the next few months.

这是过去一年第五次降息，尽管新预测显示通胀尤其是食品价格通胀将在未来几个月上升。

🎧 Yes it's a finely balanced decision you're absolutely right Faisal.

是的，这是个微妙平衡的决定，你说得完全正确Faisal。

 00:16:37

🎧 So we've seen a small uptick in inflation beyond what we expect.

我们看到通胀出现了超出预期的小幅上升。

🎧 We don't think that will persist but we have to watch this very carefully.

我们认为这不会持续，但必须非常谨慎地观察。

🎧 You know markets have interpreted today's move as saying well maybe there isn't definitely going to be a further rate cut this year.

市场将今天的举措解读为今年可能不一定会进一步降息。

🎧 Is that right? Is the path definitely still downwards?

是这样吗？路径肯定还是向下吗？

 00:16:55

🎧 So I think the path is downwards I think if you like to stretch the metaphor a bit I think the course is a bit more uncertain frankly by what do I mean by that?

我认为路径是向下的，如果打个比方，坦率地说过程会更不确定些——我这是什么意思？

🎧 The timing, whether we'll be cutting up this meeting or that meeting and I think you see that in markets I think markets are also reflecting that they're pricing the fact there is genuine uncertainty and that reflects the fact it's a finely balanced decision.

时机问题，是在这次会议还是下次会议降息，我认为市场也反映了这点，他们正在为真正的不确定性定价，这反映出这是个微妙平衡的决定。

▶ So interest rates in red having been raised from close to zero up to over 5% are now back at 4% and had been expected to go down again in November and end up next year closer to 3%.

红色显示的利率从接近零升至超过5%后，现在回落至4%，预计11月会再次下降，明年将接近3%。

 00:17:29

▶ Typically lower rates risk boosting inflation which is why any future cuts will depend on the rate of inflation in blue that is now higher than expected and forecast to stay high until the end of the year casting doubt on future rate cuts.

通常降息可能刺激通胀，因此未来任何降息都将取决于蓝色显示的通胀率——它现在高于预期并预计将保持高位到年底，这让人对未来降息产生怀疑。

▶ Is it now just another van?

它现在只是又一款普通货车吗？

▶ I asked someone who's been watching the industry for decades the president of the AA.

我询问了观察行业数十年的AA总裁。

▶ In the 60s 70s 80s if someone's father had a transit they would get a transit if their building yard had a transit they'd get a transit.

在60、70、80年代，如果某人父亲有全顺他们就会买全顺，如果工地有全顺他们就会买全顺。

▶ I think that's changing now there's more competition across the van segment and therefore brand loyalty is certainly not as strong as it used to be.

我认为现在情况变了，货车领域竞争更激烈，品牌忠诚度肯定不如从前。

 00:21:17

▶ Nevertheless while other ones popular models like Ford's Mondayow and Fiesta or the Vauxhall Cavalier have been consigned to history the transit is still going strong up and down the nation's highways.

尽管如此，当其他热门车型如福特蒙迪欧、嘉年华或沃克斯豪尔骑士已成为历史，全顺仍在全国高速公路上驰骋。

▶ Theo Legat BBC News Now wealthy US citizens are currently on the move popular countries for acquiring citizenship often include those with straightforward naturalisation processes or those offering attractive citizenship by investment programmes whilst Western European countries like Portugal Spain and Ireland offer easy paths to citizenship through naturalisation or descent Caribbean nations including St. Kitts and Nevis, Dominica and Antigua as well as Antigua and Barbuda are proving to be popular choices due to their citizenship by investment programmes.

Theo Legat, BBC新闻。现在富裕美国公民正在行动，热门入籍国家通常包括入籍流程简单或提供有吸引力投资入籍计划的国家。虽然葡萄牙、西班牙和爱尔兰等西欧国家通过归化或血统提供简便入籍途径，但圣基茨和尼维斯、多米尼加、安提瓜以及安提瓜和巴布达等加勒比国家因其投资入籍计划成为热门选择。

▶ I'm joined out by Joe Rice head of Citizenship programmes at Global Citizens Solutions.

Global Citizens Solutions公民计划主管Joe Rice加入我们。

 00:22:20

▶ Joe great to have you with us here on the programme just very quickly I wonder if we could just start off with the trends we're seeing in particularly Americans searching for alternative citizenship or additional citizenship.

Joe很高兴节目中有你，我想快速从我们看到的趋势开始——特别是美国人寻求替代或额外公民身份的趋势。

▶ Hi I will first of all thanks for having me it's been I wouldn't say a trend this has been obviously around for a long time I mean certain programmes have been around since 1984 and I think what happened was a lot of the interests came after Covid people realised during Covid that they needed to have a plan B and maybe think about the future for themselves their children or their grandchildren and that's really what sparked a lot a lot more interest in these programmes as well as obviously being in the media.

你好首先感谢邀请，我不认为这是趋势，这显然已存在很长时间——有些计划自1984年就有。我认为很多兴趣来自疫情后，人们意识到需要B计划，为自身、子女或孙辈考虑未来，这真正激发了对这些计划的更多兴趣，当然媒体报道也有影响。

🎵 So why are Caribbean countries so popular for Americans?

为什么加勒比国家如此受美国人欢迎？

bilibili 00:23:13

🎵 Well Caribbean countries I mean they're great first of all they're the ease of access the programme is fully remote it's you know close proximity to the US so if families relocate there it's easy to get back to the US and they're also great tax incentives as well.

加勒比国家很棒——首先是便捷性，计划完全远程办理，靠近美国，如果家庭搬迁过去容易返回美国，还有很好的税收优惠。

🎵 I understand that it's Vanuatu which is one of the easiest investment citizenship by investment programmes out there and you can have your passport within what two months?

我了解瓦努阿图是最容易的投资入籍计划之一，两个月内就能拿到护照？

🎵 Yeah it's probably the quickest programme out there and yeah you're correct it takes about two months to citizenship and again it's fully remote they are bringing in some new rules probably starting in the beginning of October regarding the past sports but it's the fastest one out there.

是的，可能是最快的计划，你说得对，约两个月获得公民身份，同样完全远程。他们将实施一些关于护照的新规，可能从十月初开始，但它仍是最快的。

bilibili 00:24:01

🎵 But this is for the privilege isn't it if we're talking by by investment this is for the privileged few how costly is it?

但这是特权不是吗？如果是投资入籍，这是少数人的特权，费用多高？

🎵 I mean Vanuatu starts at 130,000 the Caribbean programmes start at 200,000 so yes you know obviously high net worth individuals but I think a lot of families are thinking you know and savings they're family savings that they need to do something with it now rather than maybe what they were thinking in the past so now they're thinking okay let's think for the future let's think of our children let's think of future grandchildren so I don't think it's it's just high net worth individuals but you know it's everybody's families.

瓦努阿图起价13万美元，加勒比计划20万美元起，所以显然是高净值人群，但我认为很多家庭考虑用家庭储蓄做些事，不再像过去那样思考，现在他们考虑未来、子女和孙辈，所以我认为不只是高净值人群，而是所有家庭。
