

Former Bank Employee Charged with Accessing Prime Minister's Banking Profile

【CBC News 20250925 加拿大总理卡尼财务数据被窃取】

Summary: Canadian authorities have charged a 23-year-old former Royal Bank of Canada employee, Ibrahim El-Hakim, with multiple offenses including fraud over \$5,000 and unauthorized computer use. The RCMP alleges he accessed banking profiles of prominent figures like Prime Minister Mark Carney and created fake accounts for an individual using the alias "AI World" on Telegram, believed to be linked to organized crime. El-Hakim reportedly received \$500 per fake account created. While the Prime Minister has not commented, the Finance Minister emphasized the need for robust privacy protections. The RCMP asserts no national security information was compromised, and the suspect is set to appear in court next week.

 We're tracking breaking news out of Dallas.

我们正在追踪达拉斯突发新闻。

 The US Department of Homeland Security has issued a correction on the number of dead in a shooting at an immigration and customs office.

美国国土安全部对一起#移民#海关机构枪击案死亡人数发布#更正#。

 The CBC's Mark Harcassel joins us now, so Mark, what's the update we just received?

加拿大广播公司马克·哈卡塞尔加入连线，马克，最新进展如何？

 00:04:48

 Yeah, Andrew, the US Department of Homeland Security is still saying three people in total were shot, but earlier today they had reported that two died, one in critical condition.

安德鲁，美国国土安全部仍确认共有三人中枪，但早前通报的两人死亡一人危重已更新。

 It now turns out that one person has died and two of those people remain in critical condition.

现确认一人死亡，两人仍处于危重状态。

 Not out of the woods yet, because critical condition is still very serious and they haven't specified whether that means critical, but stable or whether they are still touch and go at this point.

情况仍不乐观，因为危重状态依然十分严重，官方未明确这是否指危重但稳定，或是生死未卜。

 00:05:12

⏮ But only one person confirmed dead in terms of the people shot at.

就中枪者而言，目前仅确认一人死亡。

⏮ We do also know that the shooter, police say, has been found dead near the scene as well with a self-inflicted gunshot wound according to a statement from the Department of Homeland Security earlier in the day.

根据国土安全部早前声明，警方称枪手也被发现在现场附近死亡，为自残枪伤。

⏮ They say that the person was firing indiscriminately at the ICE facility in Dallas, Texas, from another adjacent building.

据称枪手从#相邻#建筑向得克萨斯州达拉斯的移民海关执法局设施#无差别#开枪。

 00:05:35

⏮ They call this shooter a sniper and in a tweet by FBI director Cash Patel earlier in the day, we can certainly see larger-style bullets that investigators say were found near the body of the shooter.

当局称枪手为狙击手，联邦调查局局长卡什·帕特尔早前推文展示了调查人员在枪手尸体附近发现的大口径子弹。

⏮ But more importantly, look what's on that second bullet casing from the right.

更重要的是看右起第二枚弹壳上的字样。

⏮ It says anti-ice and that is what investigators are implying could be emotive here.

刻有“反ICE”字样，调查人员暗示这可能是作案动机。

 00:05:58

⏮ It seems to be a thing now with shooters, Andrew, where they etch or inscribe slogans or meanings for what they're doing on their bullets.

安德鲁，这似乎已成枪手新风向——在子弹上刻印行动口号或寓意。

▶ And so this seems to be the thing that they're implying was behind today shooting Homeland Security, Secretary Christie Nome.

因此调查人员认为这可能是今日枪击案的动机所在。国土安全部长克里斯蒂·诺姆表示：

▶ It says the exact motive isn't necessarily known yet, but she notes that there has been an increase in violence against ICE agents in recent days.

▶ The scene secure, obviously right now, my heart's in pressure going out to我的 officers and agents.

▶ That's my biggest concern.

这是我最关切的事。

▶ And as well as everyone in that area, but this just shows the violence that's being increased against ICE officers in agents.

也包括该区域所有人，但这正表明针对ICE人员的暴力正在升级。

bilibili 00:06:43

▶ This is the second time now we've had a shooting at one of our facilities in the Dallas area.

这已是达拉斯地区我们设施第二次遭枪击。

▶ And really, it's just a sad time that we have to worry about violence against law enforcement.

当前不得不担忧针对执法人员的暴力，实在令人悲哀。

▶ Now, the Department of Homeland Security says the three people shot were actually ICE detainees who were in a van in a Sally port at the time.

国土安全部称三名中枪者实为当时位于安检通道货车内的ICE拘留人员。

bilibili 00:07:02

再次#澄清#，若您刚收看节目：国土安全部已修正早前死亡#人数#。

bilibili 00:19:43

▶ So Yasmeen, what can you tell us about this development?

Yasmeen, 关于这一进展有何消息?

▶ Andrew, just moments ago, this Supreme Court of Canada granted a temporary stay of the destruction of the nearly 400 ostriches on this farm until the court knolls an application for it leave to appeal.

安德鲁, 就在刚才加拿大最高法院批准暂缓执行该农场近400只鸵鸟的扑杀令, 等待法院审理其上诉许可申请。

▶ So what this means is that the farm had applied for the Supreme Court of Canada to hear their case as to why they don't want this call to go ahead.

这意味着农场已申请加拿大最高法院审理他们反对扑杀的理由。

 00:20:14

▶ And now the Supreme Court of Canada says that the call will be put on hold until it makes a decision on whether to hear this case.

现在最高法院宣布扑杀令将暂停, 直至决定是否受理此案。

▶ Now in the meantime, the Supreme Court says that the Canadian Food Inspection Agency will have custody of the birds and that the farm cannot interfere with that custody.

在此期间, 最高法院规定加拿大食品检验局将监管这些鸵鸟, 农场不得干预监管工作。

▶ So this happened a few moments ago while we were standing here at the farm.

这一决定是在我们站在农场现场时刚刚发布的。

 00:20:38

▶ And basically the spokesperson and the daughter of one of the co-owners, she came out shouting, we got to stay.

农场联合创始人女儿兼发言人激动地跑出来大喊"我们争取到了暂缓"。

▶ And this happened right after supporters of the farm, dozens of them, as you can see behind me, they were praying for the birds and for some kind of miracle as they call it to happen.

此时农场支持者们——如各位所见我身后有数十人——刚结束为鸵鸟和所谓"奇迹"发生的祈祷。

▶ And so they are just celebrating right now.

此刻他们正在欢庆。

bilibili 00:20:59

▶ They are so happy.

众人欣喜若狂。

▶ They were hugging each other crying because this has been such a roller coaster of emotion Andrew for these supporters and the farmers and their families because this has been going on for months and things got really intense a couple of days ago on Monday when the Canadian Food Inspection Agency and RCMP moved in saying that they are going to go through with this call.

他们相拥而泣，安德鲁，因为这对支持者、农场主及其家人而言真是情绪过山车——此事已持续数月，而几天前周一形势急剧紧张，当时加拿大食品检验局和皇家骑警进驻农场宣布将执行扑杀。

▶ We spoke to one supporter who came here with his young son and he says that he's here to show his support because he believes that this case will set a dangerous precedent.

我们采访了一位带着幼子前来声援的民众，他表示此举是因为相信本案将开创危险先例。

bilibili 00:21:35

▶ Here's more from him.

以下是他的详细陈述。

▶ The birds end up getting killed under the circumstances that this is all unfolding.

在事态如此发展下鸵鸟最终遭扑杀。

▶ And it sets a precedent that a government agency that's really not beholden to the people at all on any level can just come in on suspicion without any kind of integrity or ethics and just destroy people's animals.

这将开创先例：一个完全不对民众负责的政府机构可以仅凭怀疑、毫无诚信伦理地摧毁民众的牲畜。

🎧 And so now the supporters and the farmers are waiting to hear more from the lawyer and who represents the farm and we're waiting to hear more from the RCMP and CFIA Andrew.

现在支持者和农场主正等待农场代理律师的进一步消息，我们也在等待皇家骑警和加拿大食品检验局的回应，安德鲁。

 00:22:16

🎧 So what are the owners of the farm?

那么农场主们的主张是什么？

🎧 For months now they have been demanding for the ostriches to be tested.

数月来他们一直#要求#对鸵鸟进行检测。

🎧 So to give you some context, some birds on this farm died of avian flu, two that were tested positive for avian flu and about 70 in total died but about 400 survived.

背景是：该农场部分鸵鸟死于禽流感，其中两例检测呈阳性，总计约70只死亡，但仍有约400只存活。

🎧 And so they say that they claim that the birds have antibodies and that they could provide valuable insight into fighting avian flu.

因此他们声称这些鸵鸟携带抗体，能为抗击禽流感提供宝贵#见解#。

 00:22:51

🎧 But the CFIA's policy is to not test the birds and to go ahead with the call because they say that that will prevent further spread of the virus.

但加拿大食品检验局的政策是不检测直接扑杀，称此举可防止病毒扩散。

🎧 So Katie Pasitany who is the spokesperson of this movement and of the farm, we spoke to her earlier today when she was super emotional before the Supreme Court of Canada made its decision to grant this temporary stay.

运动暨农场发言人Katie Pasitany在加拿大最高法院作出暂缓决定前情绪激动，我们今日早前采访了她。

▶ Here's more from her.

以下是她的心声。

 00:23:18

▶ We have deserved every option, opportunity to test these animals.

我们理应获得检测这些动物的所有选择权。

▶ Instead, we're paying millions of dollars for this big operation of helicopters, hundreds of police cars, all the way hotels.

但现实是，我们为直升机大队、数百警车、全程酒店住宿的庞大行动支付了数百万美元。

▶ We're paying millions of dollars for drones and task force and we're being treated like we are criminals.

我们花费巨资购置无人机组建特遣队，却遭受罪犯般的对待。

▶ So obviously, Andrew the mood is much different than what you saw on this clip.

显然安德鲁，此刻的氛围与你在这段#视频#中看到的截然不同。

 00:23:46

▶ Now it's celebratory, it's joyful, they're playing music and so even though they don't know exactly what will happen next, how long this temporary stay will last.

此刻充满庆祝氛围，欢乐洋溢，人们奏响音乐，尽管他们并不清楚接下来会发生什么，这段临时停留会持续多久。

▶ A new report from a leading scientific group is warning that several planetary boundaries have been crossed.

某顶尖科学团体发布新报告警告，多项#地球#边界已被突破。

 00:26:08

▶ These are warning lights that signal important planetary systems like the water cycle or the atmosphere are of balance and in danger of no longer being able to support human civilization.

这些警示信号表明水循环或大气等重要地球系统已失衡，面临无法再支撑人类文明的危险。

▶ The latest boundary to move away from a safe place is ocean acidification, a worrying sign that affects how much carbon the world's oceans can absorb and how well they can support sea creatures which have shells.

最新偏离安全值的是海洋酸化，这一警示信号影响全球海洋吸收碳的能力以及支撑带壳海洋生物生存的能力。

▶ Just like when we add carbon dioxide to coke, the soda, that makes the soft drink more acidic, adding carbon dioxide to seawater also makes that water more acidic.

就像向可乐等碳酸饮料添加二氧化碳会增加其酸度，向海水添加二氧化碳同样会提高酸度。

 00:26:46

▶ That acidity can corrode shells, damaging everything from shellfish to coral reefs.

这种酸性会#腐蚀#外壳，从贝类到#珊瑚#礁都将遭受破坏。

▶ It makes it harder to build shell and you need to add shell if you want to grow bigger and if you can't do that or if that becomes more expensive to do, it's sort of like building a house and all of a sudden the building materials become more costly.

这使外壳构建更困难，而生物生长需要增厚外壳。若无法实现或成本过高，就如同盖房时建材突然涨价。

▶ You're either going to build smaller homes or not as many.

结果要么缩小房屋面积，要么减少建造数量。

 00:27:10

▶ That's a big problem for the seafood industry and the billions of people in coastal communities who depend on the oceans for food and Canada's waters are affected more than the rest of the world.

▶ It could be a number of factors from timing to pressure to temperature but that extra fuel on the launch pad ignited.

可能是时序、压力或温度等多重因素导致，但发射#平台#上的多余燃料被引燃。

▶ The fire crews had to go in, check it out and fortunately minimal damage.

消防人员不得不介入检查，#所幸#损伤#极小#。

 00:28:23

▶ There were some cables that were burned for example but the rocket itself is still in good shape and the company is optimistic that they're going to try again tomorrow and tomorrow is going to be a key day for them because this is the last good weather day in their launch period.

例如部分电缆被烧毁，但火箭本身状态良好。公司对明天再次尝试表示乐观，明天将是关键日，因为这是发射窗口期内最后一个天气理想的日子。

🎵 Friday, there's some rain, Saturday, some high winds so the pressure is on for the company because what they need to do tonight is try and fix whatever that bug is in the system that's causing that launch to not go as planned and if they can get that fixed they can get the equipment on the launch pad repaired then they could have a shot at trying to get the Tiger rocket up into the air and become the first commercial rocket launch in Canada happening right here in St. Lawrence.

周五有雨，周六风力较大，因此公司压力巨大。他们今晚必须排查并修复导致发射计划失败的系统漏洞。若能解决故障并完成发射台设备维修，他们就有机会将虎式火箭送入空中，实现加拿大首次商业火箭发射——就在圣劳伦斯这里。
