这些国家都饱受严重的政治动荡和频繁冲突的困扰。

▶ These five nations accounted for around 1610 of all detected small boat arrivals, and in Sudan the situation is getting worse.

这五个国家占有所有被记录的小船偷渡人数的约1610人，而苏丹的局势正在恶化。

▶ Migration experts stress conflict and instability in places like Sudan are important push factors for migrants to try to come to the UK and to claim asylum.

移民专家强调，苏丹等地的冲突和动荡是促使移民试图前往英国并申请庇护的重要推动因素。

bilibili 00:13:24

▶ Arguably the most important factor pushing people to leave their countries of origin is political violence, economic instability, these incantories of origin like the conflict in Sudan.

可以说，迫使人们离开原籍国的最重要因素是政治暴力、经济不稳定以及苏丹冲突等根源性问题。

▶ That's pushing people towards Europe and further on towards the UK.

这正推动人们前往欧洲，并进一步前往英国。

⏮ But also pull factors for the UK, such as the English language, family connections, and the government has identified the UK's shadow economy where people work without legal status and proper documentation as a pull factor, and ministers are trying to clamp down on this.

但英国的拉动因素也很重要，比如英语、家庭联系，政府还认为英国的影子经济（即无合法身份和文件的人工作）是一个拉动因素，部长们正试图打击这一现象。

🎵 00:13:55

⏮ Though experts are less sure how relatively important this is, they also don't think good weather in the channel has any long term impact on the numbers making the crossing.

尽管专家不太确定其相对重要性，但他们也不认为英吉利海峡的好天气对偷渡人数有长期影响。

⏮ Dozens of people have died attempting this journey in recent years, including a female migrant last night.

近年来，已有数十人在尝试这一旅程时丧生，包括昨晚一名女性移民。

⏮ But this death toll doesn't seem to have had a deterrent effect.

但这一死亡人数似乎并未起到威慑作用。

🎵 00:14:15

⏮ In short, it's a complex picture when it comes to the drivers of small boat crossings, and it's really not possible to confidently identify a single reason why arrivals have increased recently, like these people coming into Dover today.

简而言之，小船偷渡的驱动因素非常复杂，很难确定近期抵达人数增加的单一原因，比如今天抵达多佛尔的这些人。

⏮ Though the latest figures underline that smashing the gangs and stopping the boats will not be easy.

尽管最新数据表明，打击犯罪团伙和阻止偷渡并非易事。

⏮ Ben Chidley reporting there, Alex Ford, Science and Library of Westminster, what's been the response to today's figures, Alex?

本舒特报道，亚历克斯·福尔，威斯敏斯特科学与图书馆，亚历克斯，今天的数据引发了什么反应？

▶ Well, Clive, this isn't a welcome milestone for the government by any means, because as you say, Kia Starmak came into office promising to smash the criminal gangs behind these crossings.

克莱夫，这对政府来说绝非一个受欢迎的里程碑，因为如你所说，基尔·斯塔马克上任时承诺打击这些偷渡背后的犯罪团伙。

▶ And evidently, that hasn't happened.

显然，这并未实现。

▶ Now, ministers acknowledge there is real public frustration when it comes to this issue.

现在，部长们承认公众对此问题感到非常沮丧。

▶ In fact, one minister said today that these numbers are unacceptable, that the government doesn't think there is an easy solution or one solution or a quick fix to what they see is a really complex problem.

事实上，一位部长今天表示这些数字是不可接受的，政府认为这一复杂问题没有简单的解决方案或快速解决办法。

▶ So their hope is that a range of measures, things like tackling illegal working, things like counter-terror powers to try and crack down on the smugglers, and the deal that they've recently agreed with France, which could see some migrants who've made that channel crossing returned.

因此，他们希望一系列措施，如打击非法工作、利用反恐权力打击走私者，以及最近与法国达成的协议（可能让部分穿越海峡的移民被遣返），将逐步产生效果。

▶ They hope a combination of that will start to have an impact in time.

他们希望这些措施的组合能及时产生影响。

▶ The conservative's position is that the government's approach is simply wrong, and that they should be much tougher.

保守党的立场是政府的做法完全错误，应该采取更强硬手段。

▶ In fact, Kenny Badenock, the Conservative Party leader, said today that if she were in power, she thinks they could get those small boat crossing numbers down to zero eventually.

事实上，保守党领袖肯尼·巴登诺克今天表示，如果她执政，她认为最终可以将小船偷渡人数降至零。

▶ The reality here, Clive, is that the political promises that have been made when it comes to this issue quite simply haven't been met, whether that was Rishi Suneak saying he'd stopped the boats or Kia Starmak so far, saying that he would smash the gangs.

克莱夫，现实是涉及这一问题的政治承诺根本没有兑现，无论是里希·苏纳克说他已阻止偷渡，还是基尔·斯塔马克迄今说要打击犯罪团伙。

▶ All the time that those numbers of people making that dangerous crossing increases so too does the political pressure on the government.

随着冒险偷渡的人数不断增加，政府的政治压力也在上升。
