▶ Yeah, so of course it's very disappointing that a 0% is less likely at the moment.

当前零关税希望渺茫确实令人失望

▶ And I think the devil is often in the detail.

我认为#关键#往往在于细节

▶ So for instance, we, Marche Galleier, we have downstream production in the USA, one of the criteria that Trump wanted to meet.

比如我们马切加利在美国有#下游#生产，这符合特朗普提出的#标准#

 00:07:08

▶ And therefore in the detail, if our exceptions, for instance, the semi-finished products that we melt in Sheffield, the homeless stainless steel and then send to the US for further processing, those are the kind of details that I'd like to see happen in on the Thursday meeting.

因此细节上，若对我们谢菲尔德熔炼的半成品——无材名不锈钢运美深加工这类情况作出例外规定，这才是周四会议我希望看到的细节进展

▶ Yeah, exactly.

确实如此

▶ That's very important to your business, isn't it?

▶ Because it's whether you, therefore, don't have to pay the 25% tariff or not.

▶ How is this all impacting your bottom line at the moment?

目前对利润影响多大？

▶ Well, we have a \$150 million US business in Richburg, South Carolina.

我们在南卡罗来纳州里奇堡有1.5亿美元业务

▶ And that is based to 95% on product that we melt in Sheffield.

其中95%基于谢菲尔德熔炼产品

▶ So having the 25% tariff has created a new equilibrium, if you like, with prices slightly higher, margin is lower.

25%#关税#造就了新#平衡点#——价格略涨但#利润#降低

bilibili 00:08:01

▶ And therefore, the move to 0% obviously would be very much in our interest.

因此零关税显然最符合我们利益

▶ One point to mention though is that at 25%, we are still better than the 50% in the rest of the world.

不过需要指出的是，尽管关税率为25%，我们仍优于全球其他地区50%的税率水平。

▶ Yeah, and that's what the government keeps underlying, doesn't it?

是的，这就是政府不断#强调#的重点，不是吗？

▶ Despite the fact they haven't broken a zero scenario, they keep pointing out we are better off than many countries who are facing 50% tariffs.

尽管他们尚未实现零关税突破，却始终强调我们比许多面临50%关税的国家处境更好。

bilibili 00:08:25

▶ Correct, but yeah, as mentioned, if four months ago, two heads of state mentioned an intention to move to 0%, that would obviously be our preferred position.

没错，但正如所说，如果四个月前两国元首曾提及归零意向，那显然才是我们最希望的立场。

▶ Yeah.

确实。

▶ One other point is that I think that there has been a lot of uncertainty in the market just due to the fact that there has not been a decision made upon this.

另一点在于，由于此事迟迟未决，我认为市场已充满诸多不确定性。

▶ So if all of the reports are true and there will be a deal done on Thursday, I applaud that because that will remove the uncertainty.

因此若所有报道属实且周四能达成协议，我将为此欢呼，因为这将消除不确定性。

bilibili 00:08:54

▶ Yeah.

是的。

▶ As an example, I don't know, should I export to my downstream business now because the tariff could at any one point in the last month or so could have been 0, 25 or 50.

举例来说，过去一个月里关税可能随时变为0%、25%或50%，这让我难以决定是否该现在向下游企业出口。

▶ So getting that clarity in all to very important.

所以获得这方面的#明确性#至关重要。

▶ Okay.

明白。

▶ So we invite thanks for talking to us again and a good luck.

感谢您再次接受访谈，祝您好运。

▶ We'll keep a close eye on what happens over the next few days.

我们会密切关注未来几天的进展。

bilibili 00:09:16

▶ So we've been hearing a lot about US companies investing in the UK.

我们近期常听闻美国企业在英国投资。

▶ What about the other way around?

反向投资的情况如何？

▶ Well, the British pharmaceuticals giant GSK has announced its planning to invest \$30 billion in research and development and supply chain infrastructure in North America.

英国制药巨头葛兰素史克(GSK)已宣布计划在北美投入300亿美元用于研发与供应链基础设施建设。

▶ It says it's looking to bridge manufacturing across both the US and UK.

该公司表示旨在搭建横跨美英两国的生产体系。

 00:09:36

▶ What of the investment is for a new factory in Pennsylvania?

部分投资将用于宾夕法尼亚州的新建工厂？

▶ A timely move as the Trump administration pressures drug makers to onshore operations and lower prices or face tariffs.

在特朗普政府施压药企将生产迁回本土并降价、否则面临关税的背景下，这可谓#适时#之举。

▶ Will Michael Field join to me now?

现在请迈克尔·菲尔德加入讨论。

▶ European equity strategist at Morningstar?

晨星公司欧洲股票策略师？

▶ And Michael, this is a really interesting announcement from GSK because of course this is hot on the heels of AstraZeneca doing the opposite and the American farmer company Merck pulling out of investing in the UK and there's this huge concern about what pricing, the way pricing works in the UK, the US is not happy about that.

迈克尔，GSK的声明非常有趣——毕竟阿斯利康刚采取相反行动，美国默克公司也撤消在英投资，这些都与英国药品定价机制引发的担忧相关，而美国对此颇为不满。

 00:10:16

🎧 Indeed Sally, you've got, you know, we're in very strange times in the pharmaceutical industry at the moment and you've got two kind of forces moving in the different directions.

确实莎莉，当前制药行业正处于非常时期，正反两股力量在相互角力。

🎧 You mentioned the project cancellations in the UK and there's a slew of firms including AstraZeneca.

您提到在英项目取消，包括阿斯利康在内的多家企业皆如此。

🎧 Moving out of projects in the UK and complaining about pricing while at the same time announcing large projects into the US and you mentioned AstraZeneca but you've got Sinoffi to add to that list also.

这些企业既撤出英国项目抱怨定价政策，又同时宣布在美大型投资计划——除阿斯利康外，赛诺菲也在此列。

 00:10:44

🎧 So GSK comes third or fourth amongst those companies now in terms of announcing big project plans in the US and obviously there's a rationale behind it.

GSK已是第三四家宣布在美重大计划的企业，其背后显然存在商业逻辑。

🎧 The US is a huge drug market and they're planning for the future but also somewhat of a level of cynicism where they're doing their best now to placate the US administration and to kind of preempt and try to put off any further tariffs that might be directed towards their industry.

美国是巨大药品市场，企业既在为未来布局，也带着某种功利性——他们正尽力安抚美国政府，以先发制人地避免行业面临额外关税。

🎧 Yeah, because that's not being announced yet and there are many who are very worried about that, various, various countries and companies about what tariffs could be put on pharmaceuticals and therefore GSK is being savvy, would you say, in positioning itself more strongly in the United States?

毕竟关税政策尚未宣布，多国多家药企都担忧可能面临的关税，因此GSK强化在美布局可谓精明之举？

 00:11:31

▶ It's a very important market to GSK.

美国对GSK至关重要。

▶ I think nearly half of its revenues came from the US last year.

去年其近半收入来自美国市场。

▶ Indeed, hugely important market for GSK and for the global pharmaceutical sector in general.

确实是对GSK乃至全球#制药#行业都极其重要的市场。

▶ And as you say, it's not over yet.

如您所言，博弈尚未结束。

▶ Yes, we have a trade agreement with the US but Donald Trump only last month was talking about upping tariffs on pharmaceuticals to perhaps 250% in the coming years if indeed they haven't placed sufficient amount of manufacturing in the US.

尽管存在贸易协议，但特朗普上月还声称若药企未在美设立足够产能，未来可能将药品关税提高至250%。

bilibili 00:12:00

▶ So this is a good step in the right direction for these companies to signal their faith in the US and their willingness to invest in the US.

因此这些企业通过投资释放对美信心是迈出了正确一步。

▶ The devil is in the detail, of course, when you drill down into the numbers, the amount dedicated to actual manufacturing facilities is much lower than the headline number that GSK announced but it's still significant and it's still going to happen over the medium term.

当然细节见真章：细究数据会发现，实际用于生产设施的金额远低于GSK宣布的总数，但金额仍相当可观且将在中期落实。

▶ So from that perspective, everyone should be happy.

由此看来各方都应感到满意。

bilibili 00:12:26

▶ Are you with the majority and expect a quarter point rate cut today?

您是否赞同主流预期认为今日将降息25个基点？

▶ Yes, we do expect quarter point rate cut today.

是的，我们预计今日将降息25基点。

bilibili 00:14:38

▶ That's basically priced in by the financial markets as well.

这基本已被金融市场消化。

▶ Now Stephen Moran will probably be pushing for more.

斯蒂芬·摩尔可能会推动更大幅度的降息。

▶ Next for our global audience explain who he is and why his sitting on the board is quite controversial.

请向全球观众解释他的身份以及其出任理事为何颇具#争议性#。

▶ Well, he is the current economic adviser to President Trump and he just got appointed in place of Kruger who left prematurely just last month.

他是特朗普总统的现任经济顾问，刚接替上个月提前离任的克鲁格。

bilibili 00:15:13

▶ But the fact is that he has been championing the fed, you know, lowering rates at a faster pace for some time and that sort of has become a flashpoint in terms of the independence of the fed.

但事实上他长期鼓吹美联储应加速降息，这已然触及美联储独立性的敏感神经。

▶ And this is an issue, isn't it?

这确实是个问题对吧？

▶ Of course, this has been debated for months, the importance that the fed is independent of government.

美联储独立于政府的重要性已被争论数月。

▶ And yet President Trump's economic adviser is now on the board.

然而特朗普的经济顾问如今却进入了理事会。

bilibili 00:15:42

▶ So there's a conflict of interest there, isn't there?

这难道不是利益冲突吗？

▶ Well, it appears to be so, but at the same time, it's hard to say he's been quite vocal about being independent in his analysis.

表面看来如此，但与此同时，他始终声称保持分析独立性。

▶ So but the perception here is quite true that it seems like he will be working both for as an economic adviser to the president as well as with Federal Reserve.

但这里的看法相当准确——他似乎将同时担任总统的经济顾问并与美联储合作。

bilibili 00:16:11

▶ What do you see happening next, of course, most believe this rate cut is coming today, if anything, there's a slight debate about how far they'll go.

您认为接下来会如何发展？当然多数人相信今天会降息，即便有分歧也只是关于降息幅度。

▶ But beyond this month, how many rate cuts will we get this year, do you think, next year?

但除了本月，您认为今年和明年还会迎来多少次降息？

▶ Well, it's not automatic, you see.

要知道，这并非自动实现的。

▶ I think the easing path is going to depend on data, especially how the downside risks to labor market evolve and the inflation pressures from tariffs.

我认为宽松政策路径将取决于数据，特别是劳动力市场下行风险的演变情况以及关税带来的#通胀#压力。

bilibili 00:16:38

▶ So we see another 25 basis point rate cut perhaps in December, but the easing profile that the markets are pricing in right now is a little bit too fast, we think.

因此我们预计12月可能再降息25个基点，但当前市场定价的宽松节奏我们认为有些过快。

▶ There may be in for a surprise, especially given inflation pressures that the fed has to look at in order to remain credible.

市场可能会遭遇意外，尤其是考虑到美联储为保持#公信力#必须关注#通胀#压力。

▶ Okay.

好的。

▶ Well, we shall be watching very closely, Satyam, a Pandey.

▶ Well, President Trump has delayed banning TikTok in the US for another three months.

特朗普总统将禁止TikTok在美国运营的期限延长了三个月。

▶ An executive order was issued on Tuesday, giving the social network, which is owned by the Chinese company by dance until December the 19th to find a US buyer.

周二发布的行政命令给予这家由中国公司字节跳动持有的社交平台至12月19日的期限来寻找美国买家。

▶ And this comes a day after the administration said it had reached a framework of a deal with the Chinese government for TikTok sale in the US.

▶ His latest order does so until mid-December.

最新命令将此项要求延续至12月中旬。

 00:17:54

▶ In the meantime, slowly the US and Chinese governments and numerous companies seem to be reaching an agreement that will get around the problem as some see of it, of a Chinese social media giant having 170 million users in the United States.

与此同时，中美两国政府及多家公司似乎正逐步达成协议，以规避某些人认为的中国社交媒体巨头拥有1.7亿美国用户的问题。

▶ The latest reporting from the Wall Street Journal indicates that a consortium of US companies, including software giant Oracle and investment firm Silver Lake and Andreessen Horowitz, will own 80% of TikTok in the US.

《华尔街日报》最新报道显示，包括软件巨头甲骨文和投资公司银湖资本、安德森·霍洛维茨在内的美国财团将持有TikTok美国业务的80%。

▶ But it's still not clear to what extent TikTok's algorithm, which recommends videos to users, will remain under the control of its Chinese parent company.

但尚不清楚向用户推荐视频的TikTok算法将在多大程度上仍受其中方母公司字节跳动的控制。

 00:18:35

▶ So, like knock on impact, we tend to try and use a little bit less chocolate, not necessarily less chocolate in products, but we're just trying to do less chocolate products, say, mostly just because, if you know, with those products end up being unsold, that's, you know, a huge loss for us.

因此产生连锁反应——我们尝试减少巧克力用量，并非减少单品含量，而是减少巧克力产品种类。主要因为若这些产品滞销，我们会承受巨大损失。

但这些软实力的运用是否足够？

▶ Well I'm joined by Lord Mendoza now, who's chair of Historic England and member of the UK Soft Power Council.

现在连线英国历史遗产委员会主席、软实力委员会成员门多萨勋爵。

▶ Good morning to you.

早上好。

▶ And from your perspective, is it the lure of the Royal family that really has clinched this?

您认为真正促成此事的是皇室的#吸引力#吗？

▶ Well I think we can all remember that extraordinary moment when the Prime Minister in America when he was meeting Donald Trump, produced like a magician from his pocket this letter from the King inviting the President to come here.

我们都记得那个非凡时刻——首相在美国会见特朗普时，像魔术师般从口袋掏出国王邀请总统访英的信函。

bilibili 00:22:11

▶ So it's certainly an element of our soft power that's really worked in.

这确实是我们软实力中真正起效的元素。

▶ But as far as President Trump is concerned, it's the element isn't it?

但对特朗普总统而言，皇室元素才是关键？

▶ It is the Royal family and today really.

正是皇室——尤其是今天的安排。

🎧 Or are there other aspects of the UK-US relationship that play a big part in this?

抑或英美关系的其他方面也发挥重要作用？

🎧 People are often amazed that the soft power of the UK is so strong.

人们常惊叹英国软实力如此强大。

 00:22:37

🎧 From within the country we often complain or have little regard perhaps for some of our great institutions.

在国内我们常抱怨或忽视某些伟大机构。

🎧 And it's outside the country the perception of all aspects of the UK from our history and our heritage to our Royal family to our, to the city of London to higher education, all sorts of different aspects of our soft power have a huge influence.

而在国外，从历史遗产、皇室家族到伦敦金融城、高等教育，我国各层面的软实力都产生巨大影响。

🎧 And we know that President Trump himself has a great affection for the UK partly because of his family ancestry and roots here.

我们知道特朗普总统本人对英国怀有深厚情感，部分源于其家族渊源。

 00:23:09

更拥有规模巨大的旅游经济。

▶ And when people think of the UK some of the things that they think about that drives their visits are as you say to do with the Royal family and various palaces like like Windsor or like Buckingham Palace they think of in their mind.

当人们想到英国时，促使他们到访的部分因素正如你所说，与王室家族及各种宫殿有关——比如温莎城堡或白金汉宫，这些都会浮现在他们脑海中。

▶ But they're also thinking about all the various other bits of our heritage whether that's whether they're coming to look at our churches and cathedrals like St Paul's or coming to great cities like Oxford or Canterbury or York or Edinburgh or an old royal family like you're thinking about the Tower of London.

但他们也会考虑到我们遗产的其他方方面面：不论是前来参观圣保罗大教堂等教堂与主教座堂，还是造访牛津、坎特伯雷、约克、爱丁堡等伟大城市，或是联想到伦敦塔这样的古老王室遗迹。

bilibili 00:24:15

▶ And you can see all these things have a huge influence on how the country is proceeding how tourists plan their visits.

可见所有这些都对国家的#发展进程#及游客规划行程的方式产生巨大影响。

▶ But just talk us through the choreography of this trip because both the UK and US want to absolutely get this right and yet things could go wrong.

请详细说明此次行程的编排——虽然英美双方都力求万无一失，但意外仍可能发生。

▶ I mean we saw the images on Windsor Castle last night and arrests have been made of previous pictures of Donald Trump with Jeffrey Epstein.

昨晚温莎城堡的画面我们都看到了，而此前特朗普与杰弗里·爱泼斯坦的合影已导致多人被捕。

温莎城堡是我们的遗产组成部分，另一处是切克斯庄园——那是座精美的16世纪宅邸，于上世纪早期捐赠给国家。

 00:25:14

▶ It's a great one listed house and so by having quite a simple set of locations before the president returns.

这是列入保护名录的重要宅邸，通过在总统返程前设定简单的地点安排。

▶ I think they're trying to minimize the effect of any protest.

我认为他们正试图#最小化#任何抗议活动的影响。
