▶ So what are the potential implications?

那么潜在的 implications（影响）是什么？

bilibili 00:07:40

▶ Let's start with the numbers.

让我们从数字开始。

▶ In 2024, around 108,000 people applied for asylum in the UK.

2024年，约有108,000人在英国申请庇护。

▶ And in that year, there were around 40,000 grants of asylum protection shown in blue.

在那一年，约有40,000人获得庇护保护（以蓝色显示）。

▶ And around 20,000 family reunion grants shown in red.

以及约20,000人获得家庭团聚许可（以红色显示）。

▶ There has been an increase in asylum-related

与庇护相关的...有所增加。

▶ Family reunion grants in recent years, although this has been broadly proportional to the increase in the number of overall asylum grants.

近年来，家庭团聚许可的数量有所增加，尽管这与整体庇护许可数量的增长大致成比例。

bilibili 00:08:08

▶ The government has suggested restricting the right to family reunion for asylum seekers will bring the UK more into line with other European countries.

政府表示，限制寻求庇护者的家庭团聚权将使英国更符合其他欧洲国家的做法。

▶ Is this the case?

情况是这样吗？

▶ Well, after a continent-wide surge in asylum claims in 2015, many EU member states did move away from awarding refugee status towards granting a status called subsidiary

protection instead, which was more restrictive when it came to family reunions.

嗯，在2015年整个欧洲大陆的庇护申请激增之后，许多欧盟成员国确实从授予难民身份转向授予一种名为“附属保护”的身份，这种身份在家庭团聚方面限制更多。

 00:08:33

▶ Another longstanding complaint is that Article 8 makes it harder for the UK to deport convicted foreign national criminals.

另一个长期存在的抱怨是，第8条人权公约使得英国更难驱逐被定罪的外国国籍罪犯。

▶ When she was home secretary in 2012 to resume, changed the immigration rules to give greater weight to the broader public interest, rather than individual's rights in this respect.

她在2012年担任内政大臣时，修改了移民规则，在此方面更侧重于广泛的公共利益，而非个人权利。

▶ Did it have an effect?

这产生效果了吗？

 00:08:51

▶ Well, this shows the number of foreign national offenders returned by year.

嗯，这张图显示了每年被遣返的外国国籍罪犯人数。

▶ There was an increase after 2012, rising to around 6,420, 16, but there was a big dip in the pandemic years and not yet a recovery to the numbers of a decade ago.

2012年之后人数有所增加，上升到大约6420人（2016年），但在疫情期间大幅下降，并且尚未恢复到十年前的水平。

▶ So it's not clear how much of a lasting difference.

所以尚不清楚这些变化带来了多大的持久性差异。

▶ Those 2012 changes made on that front, Jay.

杰伊，这就是2012年在那方面所做的改变。

 00:09:15

▶ Ben, thank you very much.

本，非常感谢你。

▶ Ben, to you there.

本，交还给你了。

▶ Well, let's return to our political editor, Chris Mason, evening to you, Chris.

▶ What are we to make then of what we've heard today from the government?

那么，我们该如何看待今天从政府那里听到的消息？

▶ What sort of reset is this?

这是一种什么样的重置？

▶ Yeah, evening to you, Jay.

是的，晚上好，杰伊。

▶ You know, politics at this point ought to be quite stayed, quite predictable.

你知道，此时的政治本应相当稳定，相当可预测。

bilibili 00:09:33

▶ There I say it even quite boring.

我甚至可以说相当无聊。

▶ We're a year on from a generally election.

我们距离上次大选已有一年。

▶ The next generally election is a long, long way away.

下一次大选还遥遥无期。

▶ The government's got a whopping majority and yet it really doesn't feel like that.

政府拥有绝大多数的席位，但感觉却完全不是这样。

▶ This is a government that feels under pressure, feels its unpopularity and feels yes, the growth and growth of reform UK and the summer that they have had generating attention.

这是一个感到压力、感到自己不受欢迎、并且确实感受到英国改革党不断壮大及其在这个夏天所引发的关注的政府。

bilibili 00:09:56

▶ And today was about the government trying to seize the initiative back, yes, in what they've said around migration.

而今天，政府试图通过他们在移民问题上的言论重新夺回主动权。

▶ And then also with that reshuffle within 10 down you see, not a conventional reshuffle of ministers smiling in Downing Street, suddenly becoming the Secretary of State for whatever.

此外还有唐宁街10号内部的那次改组，你看，这不是部长们在唐宁街微笑着进行的常规改组，突然成为某个部门的大臣。

▶ But the key figures around Kia Starmer.

而是围绕基尔·斯塔默的关键人物。

bilibili 00:10:15

▶ And we've seen him shake up that team before.

我们之前见过他改组那个团队。

▶ He's trying to give the centre more clout, more umph.

他试图赋予核心团队更多的影响力和动力。

▶ Hasn't worked so far.

到目前为止还没有奏效。

▶ He has to hope it will work now.

他现在必须希望这会奏效。

▶ And the question does rise.

问题确实出现了。

▶ Is it the lack of direction from him as opposed to the personal and their organisation that might be making things sticky?

是缺乏他的领导，而不是个人及其组织，才导致事情变得棘手吗？

▶ And I think the reason today, Jay, for that focus on asylum and small boats, is that yes, it's a massive issue for lots and lots of people.

杰伊，我认为今天如此关注庇护和小船问题的原因是，是的，这对许许多多的人来说是一个重大问题。

 00:10:44

▶ But it also in many senses is the perfect case study for the government's critics and its lack of ability to deliver.

但在很多方面，它也是政府批评者及其缺乏执行能力的完美案例研究。

▶ And they want to say that in small steps they are delivering, but there's clearly a long way further to go.

他们想说的是，他们正在一步步地取得进展，但显然还有很长的路要走。

▶ Chris, thank you.

克里斯，谢谢。

▶ We'll see quite a bit of heavy rain in places through this week.

 00:30:05

⏮ Around average temperatures and winds will be quite gusty, but something probably a little bit dry and bright as we head into the weekend.

气温接近平均水平，风会很大，但周末可能会变得稍微干燥和晴朗一些。

⏮ Now, this weather front's been enhanced in the shower and thunderstorm activity during the afternoon across England and Wales.

现在，这个锋面已经增强了下午英格兰和威尔士的阵雨和雷暴活动。

⏮ There are mostly fade-aways, which have high pressure starts to build.

这些（降雨）大多会逐渐消散，因为高压开始建立。

 00:30:21

⏮ So, fewer showers for England and Wales.

因此，英格兰和威尔士的阵雨会减少。

⏮ Shows continue for Northern Western Scotland by the end of the night, some wet weather arriving across the southwest temperatures, low teens, but in single digits out of towns and cities.

阵雨将持续到夜间结束前，西北部苏格兰地区将有降雨天气抵达西南部，气温较低，在十几度，但在城镇和城市之外会降至个位数。

⏮ And just if you're interested, Northern Lights could be quite interesting tonight, and for the next few nights, pretty active at the moment, where skies will be clear, of course.

如果你感兴趣的话，今晚的极光可能会很有趣，未来几晚也会很活跃，当然，前提是天空晴朗。

 00:30:39

⏮ That rain then across southwestern areas will spread across much of central and southern England and Wales and heavy bursts here.

那时，西南地区的降雨将蔓延至英格兰和威尔士的大部分中部和南部地区，并伴有强降雨。

⏮ Further north from sunny spells, a few scattered showers, and breezy here, but a little lighter winds further south to have just getting high teens, low 20s.

更北的地区有阳光，有零星阵雨，微风，但更南的地方风力稍轻，气温将达到十几度到二十度出头。

⏮ Now, a really complicated area of weatherfronts will start to work in for Wednesday and Thursday.

一个非常复杂的锋面区域将在周三和周四开始产生影响。

 00:30:58

⏮ This is where we could see some pretty heavy rain at times for England and Wales, but it looks like the rain initially across southern and southwestern areas on Wednesday will push northwards into central southern Scotland, Northern Ireland.

届时英格兰和威尔士有时可能会出现强降雨，但看起来周三最初影响南部和西南部的降雨将向北推进至苏格兰中南部和北爱尔兰。

⏮ Another band of rain will spread across the Midlands and southeast, England followed by sunshine and heavy thundery downpours.

另一股降雨带将蔓延至英格兰中部和东南部，随后是阳光和强烈的雷暴雨。

⏮ And it's going to be windy, certainly across the south and through the channel, gusts and excessive, maybe 15 miles an hour, lighter winds further north, and those temperatures again around the seasonal average high teens, low 20s.

并且将会刮风，特别是在南部和英吉利海峡地区，阵风可能会超过15英里/小时，更北的地方风力较轻，气温再次围绕季节平均水平，在十几度到二十度出头。

 00:31:25

⏮ But as we head into the weekend, it looks like high pressure might start to build.

但随着周末的到来，看起来高压可能会开始建立。

⏮ And so, certainly for England and Wales, it could turn dry and sunnier warmer for a time, but always more on the way of showers further north and west.

因此，对于英格兰和威尔士来说，天气可能会暂时变得干燥、晴朗和温暖，但更北和更西的地区总是会有更多阵雨。

⏮ That's it from me, Jane.
