🎧 Can you explain the significance of that move and what it might mean for the conflict?

bilibili 00:06:28

🎧 Thank you for having me again.

感谢再次邀请。

🎧 Well, President Macron's move certainly has more than diplomatic significance.

马克龙总统此举无疑超越外交意义。

🎧 I think he wants to regroup his European neighbours into a collective decision on Israel after some time when the European Union has failed to impose any punitive measures on Israel.

我认为他意在重整欧洲邻国对以色列的集体立场，此前欧盟一直未能实施任何惩罚性措施。

🎧 Certainly there is an association agreement between the EU and Israel, but even putting sanctions or suspending the trade charter of such an agreement has been difficult, even though he only requires a qualified majority vote and not a unanimous approval from all European countries.

尽管欧盟与以色列有关联协议，但即便只需特定多数票而非全欧一致同意，实施制裁或暂停贸易条款仍困难重重。

bilibili 00:07:11

🎧 But President Macron has been on this momentum for a while now when he was in Singapore in late May.

马克龙总统五月下旬访新加坡时已开始推动此事。

🎧 He said that Europe should harden its collective position on Israel and he called recognizing a Palestinian state not just moral duty but also a political necessity.

他称欧洲应强化对以共同立场，承认巴勒斯坦国家地位不仅是道义责任更是政治必需。

▶ Now he has actually taken that first step and is very significant because of the France being a G7 country, a permanent member in the UN Security Council.

▶ Yeah, and we've seen the reports of starvation and hunger.

▶ I mean, how will these diplomatic efforts lead to some resolution of the humanitarian situation if at all?

这些外交努力如何改善人道主义局势？

bilibili 00:08:18

▶ Well, what France is proposing is really rejuvenating that two-state solution that we have heard for a long time as opposed to of course what the US and Israel are currently doing, which is to obtain first the ceasefire and then going for the permanent deal.

法国提议实质是重振长期讨论的两国方案，而非美以当前主张的"先停火再永久协议"路径。

▶ And what President Macron is putting forward is actually a European vision for the Middle East.

马克龙总统提出的实为欧洲版中东愿景。

▶ And he is also in a way running against the kind of reputational costs that were suffered by the United States since October 7 happened.

某种程度上他也在扭转美国自10月7日事件以来的声誉损失。

bilibili 00:08:50

▶ So Europe is actually, in fact, now taking a very moral stance where it's welcome in the current state of global affairs where the rules base international order is in jeopardy and so is the upholding of international law.

在当前基于规则的国际秩序及国际法维护面临危机时，欧洲采取的道德立场令人欢迎。

bilibili 00:10:45

▶ I mean, you know, a real escalation of violence here.

当前暴力明显升级。

 00:12:22

▶ How would you say this compares to previous skirmishes and previous tensions?

与以往冲突和紧张局势相比如何？

▶ First of all, thank you.

首先感谢邀请。

▶ The tensions are actually a lot worse than they've I've remembered them in recent years, certainly recent decades.

紧张程度远超我记忆中的近年甚至数十年水平。

▶ So it's certainly baffling how quickly things escalated and how many casualties have now resulted in what essentially seems to be now a face saving sort of situation where no side wants to back down because they would look weak to their own domestic populations.

局势升级速度与伤亡规模令人困惑，现在似乎成为保全颜面的对峙——双方都不愿在国内民众面前示弱。

 00:13:04

▶ And we are hearing a lot about Thailand's internal politics with regards to the military.

我们听闻许多泰国军方内部政治动态。

▶ But Cambodia, I mean, how much military strength does it have to be able to fight back?

但柬埔寨的军事实力能否支撑反击？

▶ And what role is China playing?

中国扮演何种角色？

▶ Well, Cambodia is much smaller country than Thailand and its military is I think a third of of of Thailand's in terms of troop numbers and certainly even smaller proportionately in terms of funding.

柬埔寨体量远小于泰国，军队规模约是泰国的三分之一，军费比例更小。

 00:13:35

▶ But it really can't I can't imagine that Cambodia would be able to sustain a campaign that would result in victory over a neighbor much larger and much more rich in terms of material resources, power projection and otherwise.

难以想象柬埔寨能持续对抗体量更大、资源更丰富的邻国并取得胜利。

▶ So it seems like Cambodia has picked a fight with a very powerful neighbor that would not bode well for themselves.

看来柬埔寨与一个非常强大的邻国发生了冲突，这对他们自己并不有利。

▶ And what do you think will bring down these tensions?

你认为什么能缓解这些紧张局势？

bilibili 00:14:05

▶ Are there any allies or alliances that might be able to help?

是否有任何盟友或联盟可以提供帮助？

▶ Right.

是的。

▶ Well, you mentioned China's involvement in terms of mediating possibly or volunteering to mediate asian chairman is Malaysia currently.

▶ There's certainly an interest in the association of Southeast Asian nations to bring its two members, Cambodian Thailand to discussions and deescalate.

东南亚国家联盟当然有兴趣让柬埔寨和泰国这两个成员国进行讨论并缓和局势。

bilibili 00:14:31

▶ But we'll have to see.

但我们还得观望。

▶ I mean, asian is a fairly, you know, consensus driven organization.

东盟是一个相当依赖共识的组织。

▶ And so it has to be agreed upon in the sense of the member states have to agree to to proceed in order to enable asian to pass.

因此，成员国必须达成一致才能推动东盟通过决议。

▶ Resolutions and such.

决议等事项。

▶ But certainly China is a partner of both countries.

但中国确实是两国的合作伙伴。

▶ It is a trading partner and it is for Cambodia at least a very powerful patron of Cambodia.

它是贸易伙伴，至少对柬埔寨来说是一个非常有影响力的支持者。

 00:15:01

▶ And so it's desire not to have regional conflict in its backyard would seem to drive the thrust here.

因此，它不希望在其后院发生地区冲突的愿望似乎是推动这一点的关键。

▶ China doesn't want to have a brewing.

中国不希望酝酿。

▶ You know war near its borders.

在其边境附近的战争。

▶ And so it would likely want Cambodian Thailand to back down.

因此，它可能希望柬埔寨和泰国退让。

▶ And of course, there's that conflict nearby in Myanmar as well.

当然，缅甸附近也有冲突。

▶ Okay, we'll have to leave it there.

好的，我们得就此打住。

 00:15:26

▶ So po'al air really good to have you on the program.

▶ Now it's worth noting that as provocative as this was, the president did appear to back off the idea of firing Powell.

值得注意的是，尽管这很挑衅，总统似乎确实放弃了解雇鲍威尔的想法。

▶ Whilst also renewing calls for him to lower interest rates, Trump has long been frustrated that the Fed chief won't cut rates to boost the economy and reduce government interest payments on its debt.

▶ As to whether or not the president can fire the chairman, the Supreme Court has indicated that Trump can't remove Powell early because the Fed is designed to be independent.

至于总统是否可以解雇主席，最高法院已表示特朗普不能提前解雇鲍威尔，因为美联储被设计为独立的。

 00:22:25

▶ Still, with House Speaker Mike Johnson recently echoing some of Trump's criticism, pressure on the Fed isn't likely to ease.

尽管如此，随着众议院议长迈克·约翰逊最近呼应了特朗普的一些批评，美联储的压力不太可能减轻。

⏮ And these are things that go beyond just the trade level as well because India has been criticized by its Western peers of being an extremely protectionist economy.

这些不仅仅是贸易层面的问题，因为印度曾被西方同行批评为极端保护主义经济体。

⏮ And this sort of a trade deal, which is being called as the most comprehensive trade deal by the UK Prime Minister since the exit of Britain from the EU, this shows that India is willing to engage in this global environment with its Western peers, it's willing to open its markets as well and give access to its population, which is having our higher aspiration and a higher spending power.

这种被英国首相称为自英国脱欧以来最全面的贸易协议表明，印度愿意与西方同行在全球环境中合作，愿意开放市场并满足其人口更高的消费需求和购买力。

 00:24:48

⏮ Now what we also know is that there was a contentious point about people to people's movement and their things have been particularly modest for India.

我们还知道，关于人员流动的问题一直存在争议，而印度的相关条款相对保守。

⏮ A lot of Indian workers go to the UK and what India is now getting from this deal is that there's been some concession for yoga teachers, for also musicians and chefs to go to the UK.
