▶ So take us through what he said and what you read into it.

好的，我们先从安迪·伯纳姆的言论说起。

 00:07:19

▶ So this is an interview published this morning in the Daily Telegraph.

他说生活似乎在变化，我不知道威斯敏斯特人们的意愿是什么。

▶ I am at the Prime Minister's disposal to help.

▶ Now look, Andy Burnham might be putting himself at the Prime Minister's disposal, but given some of these interviews he's been giving, I don't think the Prime Minister is going to be calling him up asking him for his help, but whether Labour MPs might be calling Andy Burnham up and asking him for their help is another matter altogether.

听着，安迪·伯纳姆或许表示愿听候首相差遣，但鉴于他近期的一些采访，我认为首相不会打电话寻求他的帮助，但工党议员是否会打电话给安迪·伯纳姆寻求帮助则是另一回事了。

bilibili 00:08:02

▶ It is no surprise to you and to many people at home, I'm sure, that a lot of Labour MPs are aghast at the performance of this government and specifically what they think that means for their possibility of keeping their own seats come the next-gen election, even though it's three and a half years or so away.

我相信，对于你和国内许多人来说，许多工党议员对本届政府的表现感到震惊并不意外，特别是他们认为这会影响到自己在下一代选举中保住席位的可能性，尽管距离选举还有大约三年半时间。

▶ That really does occupy so many Labour MPs' minds.

这确实占据了许多工党议员的心思。

▶ So some of them do talk about the possibility that Andy Burnham might be the man to turn that around.

因此他们中有些人确实在讨论安迪·伯纳姆可能是扭转局面的人选。

 00:08:28

▶ But look, the challenges in his way are massive.

但你看，他面临的重重挑战是巨大的。

▶ Andy Burnham is not a member of Parliament.

安迪·伯纳姆并非国会议员。

▶ He would have to be a member of Parliament to even begin the process of trying to challenge Keir Starmer as Labour leader.

他必须先成为国会议员，才能开始尝试挑战基尔·斯塔默的工党领袖地位。

▶ That would entail resigning as mayor of Greater Manchester in order to fight a Westminster by election, a by-election which we don't necessarily have on the cards as it stands.

这意味着他需辞去大曼彻斯特市市长职务，以参加威斯敏斯特的补选，而就目前情况看，我们未必会有这样的补选。

 00:08:48

▶ So that's all quite complicated and that's before you even get to the question of whether ultimately he is an improved politician compared to the man who's tried to become Labour leader twice and failed twice.

所以这一切相当复杂，而这还远未触及核心问题：相较于那个两次试图成为工党领袖却两次失败的他，如今的安迪·伯纳姆是否真的已成为更出色的政治家。

▶ This is what is known as Northern Powerhouse Rail from Liverpool to Manchester and then with line upgrades on to whole.
