呃，乔，萨凡纳，早上好。

▶ As you mentioned, the federal appeals court has uh left these tariffs in place until at least mid-October while this appeals process plays out.

正如你提到的，联邦上诉法院已经呃让这些关税至少持续到十月中旬，同时上诉程序也在进行中。

▶ And you're right, this is just a huge policy shift for the administration, a policy critical to what the president's been doing over the last uh several months.

你说得对，这对政府来说是一个巨大的政策转变，是一项对总统过去几个月所做工作至关重要的政策。

 00:02:04

▶ And what the administration is arguing now in this appeal is that yes, they believe that the president does have the authority and did not overstep his authority by imposing these terrorists, but they're asking the court to expedite its review of this because it is potentially stalling sensitive diplomatic negotiations and that's why this has to be done uh more quickly uh than a typical than a typical case according to the administration.

政府在此次上诉中辩称，是的，他们相信总统确实拥有权力，并且通过实施这些关税（原文为 terrorists，应为笔误，指tariffs）并未越权，但他们要求法院加快对此案的审查，因为它可能正

在拖延敏感的外交谈判，这就是为什么据政府称，此事必须比 typical 案件更快地完成。

🎧 Now, it is possible that oral arguments might not start here, start here until early November.

现在，口头辩论可能要到十一月初才会开始。

🎧 Still a lot of questions about how this plays out, whether these tariffs, which are now set to remain in place until mid-October, what happens then.

关于事态将如何发展，这些目前定于持续到十月中旬的关税到时会发生什么，仍然存在很多问题。

 00:02:44

🎧 But either way, the administration in filing this appeal, not only filing an appeal, but uh filing a motion to expedite, meaning they want the answer to this very quickly.

但无论如何，政府在提交此上诉时，不仅是提交上诉，还呃提交了加快审理的动议，这意味着他们希望非常快地得到答案。

🎧 Joe Savannah, uh Gabe, I want to ask you about a different court bottle, something we just mentioned.

乔，萨凡纳，呃加布，我想问你一个不同的法庭斗争，我们刚才提到的事情。

🎧 Um it looks like the president appears to have lost at at least for now on this one.

嗯，看起来总统似乎至少暂时在这件事上输了。

 00:03:01

🎧 This is this Harvard funding situation.

这就是哈佛资金的情况。

🎧 A federal judge in Boston ordered the Trump administration to unfreeze the billions of dollars there in research funding that was supposed to be earmarked for that university.

波士顿的一名联邦法官命令特朗普政府解冻本应拨给该大学的数十亿美元研究资金。

🎧 The White House had frozen that money.

白宫此前冻结了这笔资金。

⏮ Our viewers might remember they had said that the university's failure to deal with anti-semitism on campus was the reason.

我们的观众可能记得，他们曾说原因是该大学未能处理校园内的反犹太主义。

 00:03:20

⏮ The judge didn't appear to see a connection between the two.

法官似乎没有看到两者之间的联系。

⏮ She actually wrote in her order that the government used anti-semitism as a smoke screen for a targeted, ideologically motivated assault on this country's premier universities.

她实际上在命令中写道，政府利用反犹太主义作为烟幕，对这个国家的顶尖大学进行有针对性的、意识形态驱动的攻击。

⏮ Gabe, is this the end then of the funding fight for Harvard?

加布，那么这是哈佛资金斗争的结束吗？

⏮ What happens next?

接下来会发生什么？

 00:03:38

⏮ Not quite.

还不完全是。

⏮ Uh, Savannah, look, the judge did acknowledge that there was at least some anti-semitism on campus at Harvard, but then said that that really had nothing to do with pulling federal funding, that one didn't have anything to do with the other.

呃，萨凡纳，你看，法官确实承认哈佛校园内至少存在一些反犹太主义，但随后表示这确实与撤回联邦资金无关，两者之间没有任何关系。

⏮ So yes, uh the judge reinstating those \$2.2 billion in funding for Harvard, but it's unclear whether Harvard will get that immediately.

所以是的，呃法官恢复了那笔22亿美元给哈佛的资金，但目前尚不清楚哈佛是否会立即拿到这笔钱。

 00:03:59

⏮ Again, the administration plans to appeal uh this case and continues to make the argument that this judge in their view is appointed by President Obama and is an activist judge.

再次，政府计划对呃此案提出上诉，并继续提出论点，认为这位法官在他们看来是由奥巴马总统任命的，是一位激进派法官。

⏮ They're trying to make that argument.

他们正试图提出这个论点。

⏮ And this is something that we've seen time and time again from the administration, this battle between the executive branch and the judicial branch.

这是我们从政府那里一次又一次看到的事情，即行政部门和司法部门之间的斗争。

 00:04:20

⏮ So this fight, no it's far from over.

所以这场斗争，不，还远未结束。

对于这位佛罗里达州的将军来说，做一些没有证据或公共卫生原则基础的事情，以推进某些其他政治目的，并非不同寻常。

bilibili 00:08:13

▶ and just to say it to your to your listeners you know Savannah and Joe non-medical exemptions for vaccines exist in Florida they exist in most places across the country they've been increasing in Florida so this is performative this is not substance.

并且要对你们的听众说，萨凡纳和乔，非医学疫苗豁免在佛罗里达州是存在的，它们在全国大多数地方都存在，而且在佛罗里达州一直在增加，所以这是作秀，没有实质内容。

大家早上好。

▶ A lot going on indeed.

确实有很多事情。

▶ We of course are going to be keeping a close eye on California.

我们当然会密切关注加利福尼亚州的情况。

 00:16:07

▶ Still seeing some of those ingredients there for uh difficulty when it comes to firefighters battling those.

仍然看到一些因素给消防员灭火带来困难。

🎧 And we've also got still some fire alerts that are up across parts of Washington.

而且华盛顿州的部分地区仍然发布了一些火灾警报。

🎧 Notice Spokane, Mount Reineer.

注意斯波坎市、雷尼尔山。

🎧 Uh we've got these kind of red flag warnings that are going to stay in effect likely through the day today.

呃，我们发布了这类红旗警告，今天很可能将持续有效。

 00:16:22

🎧 So again, watching that region as well.

所以，我们也在关注那个地区。

🎧 We know that we've been dealing with warmer than normal conditions for a prolonged period.

我们知道，我们一直在应对持续时间较长的高于正常水平的气温。

🎧 That heat wave of course doesn't help.

那股热浪当然没有帮助。

🎧 And on top of it, we've got these isolated dry storms that are going to be likely across this region and we know that lightning always something that we watch for to kind of spark some of that.

除此之外，该地区很可能还会出现局部的干燥风暴，我们知道闪电总是我们关注的东西，因为它可能引发一些火灾。

 00:16:38

🎧 I mentioned the heat alerts and you can see some of the overlapping areas again, Spokane down to Pendleton, uh really including much of the Pacific Northwest again today as our temperatures surge above uh 10 to 20 degrees above average for this time of year.

我提到了高温警报，你可以再次看到一些重叠区域，从斯波坎到彭德尔顿，呃，今天确实再次包括了太平洋西北部的大部分地区，因为我们的气温比每年这个时候的平均水平高出10到20华氏度。

▶ kind of more of the same of what we've been dealing with, which means the 90s are on top yet again.

有点像是我们一直在应对的情况的延续，这意味着高温再次达到90多华氏度。

▶ Not quite as oppressive, but we're really only talking about a little bit of a break or improvement, I should say, in those temperatures across that region.

虽然不那么闷热，但我们真的只能说该地区的温度只是略有缓解或改善。

 00:17:03

▶ So, we're still going to hit the mid 90s in in places across Washington State.

所以，华盛顿州部分地区的气温仍将达到95华氏度左右。

▶ Meanwhile, a cold front is ushering in some cooler air across the Midwest.

与此同时，一股冷锋正给中西部地区带来一些较凉的空气。

▶ So, you've got just 62 for Minneapolis.

所以，明尼阿波利斯的气温只有62华氏度。

▶ And that kind of ends up leaving us with some cooler air in place for tomorrow as well.

这最终也会让我们明天继续保持一些较凉的空气。

▶ High 50s to mid 50s across parts of the upper Midwest.

中西部上游部分地区的气温将在50多华氏度到55华氏度左右。

 00:17:21

▶ But notice the high 90s stick around in the Pacific Northwest.

但请注意，太平洋西北部的高温仍将持续在90多华氏度。

▶ And really, that's what we're going to be talking about across that region, at least for the next couple of days.

实际上，这至少是未来几天我们在该地区要讨论的主要内容。

▶ We will see mild conditions for uh the Northeast and the Great Lakes and the Midwest as we get into the weekend and beyond.

进入周末及以后，东北部、五大湖和中西部地区将出现温和的天气。

▶ The South though does remain quite warm with temperatures in the 90s and mid 80s.

不过，南部地区仍然相当温暖，气温在80多到90多华氏度。

 00:17:40

▶ This morning though, take your umbrella with you if you live across parts of the Northeast and New England and AC of of course the Ohio Valley and the Great Lakes.

不过，今天早上，如果你住在东北部和新英格兰的部分地区，当然还有俄亥俄河谷和五大湖地区，请带上你的雨伞。

▶ That's where we have some rain and it's going to be kind of a a dual threat.

这些地区会有一些降雨，而且将面临一种双重威胁。

▶ We've got one cold front that's going to work through, bring us some general thunderstorms across the Northeast today.

一股冷锋将要过境，今天会给整个东北部带来一些普通的雷暴。

 00:17:55

▶ Then a secondary front that brings us more rain to the upper Midwest.

然后另一股锋面会给中西部上游地区带来更多降雨。

▶ And then guys, we kind of have this rotating in of these showers and a couple of thunderstorms over some of those same regions in the next couple of days.

然后，各位，未来几天，这些阵雨和一些雷暴会在其中一些相同地区轮番出现。

▶ The important thing though, we do have a developing drought across that same region.

但重要的是，该地区确实正在形成干旱。

▶ So again, much like what they're dealing with in the west, we need the rain.

所以，再次强调，很像西部正在应对的情况，我们需要雨水。

 00:18:12

 We'll take it.

我们会接受它。

 We could pick up maybe an inch or so by the time we get through the next couple of days.

到未来几天结束时，我们可能会获得大约一英寸左右的降雨。

 All right.

好的。

 Thanks, Angie.

谢谢，安吉。

 Appreciate it.

非常感谢。

 Thank you.

谢谢。
