▶ We've had quite a wet day for most across the Southwest.

对西南大部分地区来说，今天是相当潮湿的一天。

🎧 I think as we head through tomorrow though, it's a slightly drier picture.

不过我认为明天，天气会稍微干燥一些。

🎧 It will be brighter.

天气会更晴朗。

 00:05:52

🎧 There will be some decent sunny spells and it should be dry but it will start to feel a little bit cooler.

会有几段不错的阳光，天气应该很干燥，但会开始感觉有点凉。

🎧 Now out there at the moment we've still got a few isolated showers down towards the far southwest and we could see a few showers clipping southern coasts of Devon.

现在外面，在最西南地区仍然有几场零星阵雨，我们可能会看到几场阵雨掠过德文郡的南部海岸。

🎧 Most places though staying dry, some clear spells and light winds and temperatures still holding up in the mid-teens so still relatively warm and humid.

不过大部分地区保持干燥，有几段晴朗时间，微风，气温仍维持在十五六度左右，所以仍然相对温暖和潮湿。

 00:06:13

🎧 Tomorrow some early sunshine for some, for most there will be a fair amount of cloud potentially one of two isolated showers.

明天部分地区有清晨的阳光，大部分地区会有相当多的云，可能有一两场零星阵雨。

🎧 But a lot of dry weather, a bit more of a breeze tomorrow in Northeasterly winds and I think bar the far south coast which could see a bit of a low cloud drifting in at times during the afternoon.

但会有很多干燥的天气，明天东北风会稍大一些，我认为除了最南端的海岸在下午时分有时可能会有低云飘入。

▶ The afternoon should be bright with plenty of sunshine, slightly cooler and less humid but temperatures for most, 21 or 22 degrees.
