实际上，加沙的所有人口都流离失所了。

所以这是以色列政府行动的又一步，其意图是明确的。

▶ Their objective is to destroy the remaining civilian infrastructure in Gaza, continue to displace the population.

他们的目标是摧毁加沙剩余的民用基础设施，继续使人口流离失所。

▶ And in the process, it's escalating the grave atrocities that we've been documenting for months.

在此过程中，它正在升级我们数月来一直在记录的严重暴行。

▶ War crimes, crimes against humanity, acts of genocide.

战争罪、危害人类罪、种族灭绝行为。

▶ It's critical that the world, signatories to the genocide convention take urgent action because the lives of the nearly one million people in Gaza City and throughout Gaza really hang in the balance.

至关重要的是，世界，《防止及惩治灭绝种族罪公约》的签署国必须采取紧急行动，因为加沙城及整个加沙近百万人的生命确实岌岌可危。

▶ And it's difficult to even conceive of a further escalation yet that's exactly what it seems we're looking at.

甚至难以想象进一步的升级，但这似乎正是我们所面临的情况。

▶ And could you just paint a picture for us what it will look like to have that many people moving to the South?

▶ What conditions await them there?

什么样的条件在那里等待着他们？

▶ And what will become of the people who can't or choose not to leave Gaza City?

那些不能或选择不离开加沙城的人会怎么样？

🎧 Look, I mean, the vast majority of Gaza's civilian infrastructure has been destroyed, right?

你看，我的意思是，加沙的绝大部分民用基础设施已被摧毁，对吧？

🎧 I'm talking about schools, hospitals, I'm talking about residential apartment buildings, water, electricity, infrastructure.

我指的是学校、医院，我指的是住宅公寓楼、水、电、基础设施。

🎧 Almost 90% of Gaza is either a military zone or under displacement order.

加沙几乎90%的地区要么是军事区，要么处于疏散令之下。

🎧 And Gaza, even before the start of hostilities, one of the most densely populated areas on earth, two million people, even before everything began, living in a 40 by 11 kilometers stretch of land, the vast majority of which is now off limits, much of it has been razed to the ground.

而加沙，即使在敌对行动开始前，也是地球上人口最密集的地区之一，两百万人，甚至在所有事情开始之前，就生活在一条40乘11公里的土地上，其中绝大部分现在禁止进入，大部分已被夷为平地。

🎧 So there really is nowhere for people to go, right?

所以人们真的无处可去，对吧？

🎧 Even the so-called, you know, these humanitarian areas have been the subject of regular military activities and air strikes.

即使所谓的这些人道主义区，也一直是常规军事活动和空袭的目标。

🎧 So, you know, people have nowhere to go.

所以，你知道，人们无处可去。

🎧 I mean, those who return to Gaza City, many of them are living, you know, in the ruins of where they used to live, because most of the homes there have been destroyed.

我的意思是，那些返回加沙城的人，他们中的许多人住在，你知道，他们以前居住地的废墟中，因为那里的大部分房屋已被摧毁。

 00:08:10

▶ And so they have nowhere to go.

所以他们无处可去。

▶ It's not empty land, there's not empty shelters.

那不是空地，没有空着的避难所。

▶ It's, it is really hell on earth.

这，这真的是人间地狱。

▶ And Omar, this isn't your research, but I did want to ask you about some numbers that came out today as part of a joint investigation with the Guardian.

奥马尔，这不是你的研究，但我确实想问你关于今天作为与《卫报》联合调查一部分公布的一些数字。

▶ It's looking at data from Israel on militants that Israel believes it has killed or is probably killed.

该调查查看了以色列关于其认为已击毙或可能击毙的武装分子的数据。

 00:08:31

▶ And it's taken that number as a percent of the number of Palestinians the Gaza Health Authority reports to have died.

并将该数字作为加沙卫生当局报告的巴勒斯坦人死亡人数的百分比。

▶ And it's come to the conclusion that 83 percent of those killed in Gaza so far have been civilians.

并得出结论，到目前为止在加沙被杀的人中有83%是平民。

▶ We should say Israel has responded and said these figures are incorrect, but I want to ask whether that tracks with the information that you've been gathering from Gaza.

我们应该说明以色列已回应称这些数字不正确，但我想问这是否与你们从加沙收集到的信息相符。

 00:08:55

 Absolutely.

绝对相符。

 I mean, look, it's, you have to remember that these numbers and the reporting is very credible here.

我的意思是，你看，你必须记住，这些数字和报道在这里非常可信。

 The team at the Guardian has broke much of the, much of the important stories that have come out in recent months.

《卫报》的团队披露了最近几个月出现的许多重要报道。

 And it's happening in a vacuum.

而这发生在一个信息真空中。

 Foreign journalists aren't being allowed into Gaza.

外国记者不被允许进入加沙。

 Palestinian journalists are being routinely deliberately killed, you know, on the ground.

巴勒斯坦记者经常被蓄意杀害，你知道，在现场。

 00:09:14

 So there's not a lot of, it's hard to get information.

所以信息不多，很难获取信息。

 And, you know, these numbers track with what we've been hearing and seeing when we've done deep dive investigations into individual strikes, which we at Human Rights Watch have done.

而且，你知道，这些数字与我们深入调查个别空袭时听到和看到的情况相符，我们人权观察就做过这样的调查。

▶ I'll, you know, give you an example of a strike that we looked at happened very early in hostilities.

我，你知道，给你举一个我们调查过的例子，发生在敌对行动初期的一次空袭。

bilibili 00:09:29

▶ More than 100 people killed.

100多人丧生。

▶ We found no evidence of an apparent military target there.

我们没有发现那里有明显军事目标的证据。

▶ We found the strike hit as, you know, 50 kids are playing football outside.

我们发现空袭发生时，你知道，50个孩子正在外面踢足球。

▶ You know, dozens of people who are in a grocery store charging their phones in this residential building that was targeted.

你知道，数十人在一家杂货店里给手机充电，而这栋住宅楼就是目标。

▶ And there was no apparent military strike.

而且没有明显的军事目标。

bilibili 00:09:45

▶ We wrote to the Israeli government.

我们写信给以色列政府。

▶ We looked at all the evidence and these strikes like this are happening every day for 22 months.

我们查看了所有证据，而像这样的空袭22个月来每天都在发生。

▶ And so when you have to remember what is, even this number which comes from the Israeli government, it's what Israel considers to be a combatant.

所以你必须记住，即使这个来自以色列政府的数字，也是以色列认为是战斗人员的人。

▶ And we know that they have considered, you know, police officers, they've considered political members of Hamas.

我们知道他们认为，你知道，警察，他们认为是哈马斯的政治成员。

bilibili 00:10:06

▶ They've considered people with mere links or affiliations, relatives of Hamas members.

他们认为仅仅有关联或隶属关系的人、哈马斯成员的亲属也算。

▶ So that's such an elastic definition.

所以这是一个如此灵活的定义。

▶ And yet, even by that metric, you know, it shows that, you know, four out of five, more than four out of five people are civilians.

然而，即使按照那个标准，你知道，它显示，五分之四，超过五分之四的人是平民。

▶ And that exactly tracks what we're seeing if not at an even greater degree.

这正好与我们看到的情况相符，如果不是程度更严重的话。

bilibili 00:10:23

▶ But again, nobody knows since we don't have access to be able to do the kinds of forensic investigations that you need to do to make conclusions about those numbers.

但再说一次，没有人知道，因为我们无法进行你需要做的那种法医调查来对这些数字下结论。

▶ Well, thank you so much for taking the time to speak with us today.

嗯，非常感谢您今天抽出时间与我们交谈。

▶ We've been talking to Omar Shakir with Human Rights Watch.

我们一直在与人权观察的奥马尔·沙基尔交谈。

▶ Around the world and across the UK.

遍及全球和整个英国。

泽连斯基总统谴责了这些最新的袭击，政府明确表示，这正是为什么它希望在任何和平谈判认真开始之前先实现停火。

▶ It was not to mistake start to the week, with promises from the US and Europe on security guarantees, appearing to gain momentum.

本周并非一个错误的开始，美国和欧洲关于安全保障的承诺似乎获得了势头。

▶ President Zdanovskiy said he's hopeful there'll be more detail on what those guarantees might be in the next week or so.

泽连斯基总统表示，他希望在接下来的一周左右能有关于这些保障可能包含哪些内容的更多细节。

虽然唐纳德·特朗普排除了向乌克兰派遣美军部队的可能性，但一些欧洲国家，包括英国，会考虑部署自己的部队，这一举动遭到了俄罗斯的拒绝。

⏮ I really hope that those who have such plans, they are either just trying to somehow attract attention to themselves.

他还是《乌克兰商业》和《今日利沃夫》杂志的出版人。

 00:15:37

▶ Thank you so much for taking the time to speak with us.

非常感谢您抽出时间与我们交谈。

▶ So Russia here launching the biggest wave of strikes across Ukraine that we have seen in weeks.

那么，俄罗斯在这里发动了数周以来我们所见的对乌克兰最大规模的袭击浪潮。

▶ Is this to be interpreted as a message from Moscow?

这是否应被解读为来自莫斯科的信息？

▶ Good evening.

晚上好。

▶ Yes, very, very much so, I'm afraid.

是的，恐怕确实如此。

▶ I think it's a very clear message as well.

我认为这也是一个非常明确的信息。

▶ One point I would undermine one of the targets in this attack, in this overnight attack, was a large American electronics manufacturing plant in the very far west of Ukraine.

我想强调的一点是，这次夜间袭击的目标之一是乌克兰最西部的一家大型美国电子制造厂。

 00:16:11

▶ So it was a region that is very rarely hit.

所以这是一个很少被击中的地区。

▶ And it was very, it was clearly specifically targeted.

而且它非常，很明显是被特别针对的。

▶ It's one of the largest American investments in Ukraine.

这是美国在乌克兰的最大投资之一。

▶ So it's hard to think of a more explicit message to Donald Trump of rejecting his piece over chores as it were, and saying that Russia will continue to pursue its goals in the invasion.

所以，很难想象还有比这更明确的信息来拒绝特朗普的（和平）倡议，并表明俄罗斯将继续追求其入侵目标。

 00:16:34

▶ So, targeting American investment seems to be a rather direct way of sending that message.

因此，针对美国投资似乎是发送该信息的一种相当直接的方式。

▶ Well, let's chat a little bit about these talks that have been going on all week and indeed, since the weekend.

好吧，让我们稍微谈谈这些已经进行了一整周，实际上是从周末开始的会谈。

▶ How optimistic are you that Western diplomacy will bring us toward a workable security guarantee for Ukraine?

您对西方外交将为我们带来对乌克兰可行的安全保障有多乐观？

 00:16:52

▶ Well, I think at this stage, the goal really is to underline that Putin does not want peace and that it is necessary to apply more pressure.

嗯，我认为在现阶段，目标实际上是强调普京不想要和平，因此有必要施加更大压力。

▶ The circumstances for peace, the conditions for peace are not there at the moment.

目前不存在实现和平的环境和条件。

▶ And I think that's quite clear after this last series of diplomatic meetings.

我认为在最近这一系列外交会议之后，这一点已经非常清楚了。

▶ I think I would say this is why we're hearing now a lot of talk about a bilateral meeting between Zelensky and Putin.

我想说，这就是为什么我们现在听到很多关于泽连斯基和普京之间双边会谈的讨论。

bilibili 00:17:19

▶ Now, Putin has been very clear that he will not meet Zelensky.

普京已经非常明确地表示，他不会会见泽连斯基。

▶ He regards Zelensky as illegitimate.

他认为泽连斯基不合法。

▶ And in fact, he regards Ukraine as a country as illegitimate.

事实上，他认为乌克兰作为一个国家也是不合法的。

▶ And he will not want to legitimize either Ukraine or Zelensky personally by treating them as equals at the negotiating table.

他也不会愿意通过在谈判桌上平等对待乌克兰或泽连斯基本人来使任何一方合法化。

▶ So by proposing this meeting, it's kind of a way of exposing Putin's real position because he will not agree to that meeting under any circumstances.

因此，提出这次会晤，在某种程度上是揭露普京真实立场的一种方式，因为他任何情况下都不会同意那次会晤。

bilibili 00:17:44

▶ So he kind of exposed himself as the obstacle to peace.

所以他某种程度上暴露了自己是和平的障碍。

⏮ And then the next step then will be to say to President Trump, well, look, come on, we need to apply more pressure here.

那么下一步就是对特朗普总统说，看吧，来吧，我们需要在这里施加更大的压力。

⏮ Clearly, it's not enough to bring him to the table.

显然，这还不足以让他坐到谈判桌前。

⏮ I think at this point, all we're seeing is the Europeans and pushing Trump and Trump to a degree wishing to join them in pushing for peace.

我认为在这一点上，我们所看到的只是欧洲人在推动特朗普，而特朗普在某种程度上也希望加入他们推动和平。

 00:18:04

⏮ And the Russians essentially say, we're not interested.

而俄罗斯人基本上是说，我们不感兴趣。

⏮ We're not going to make any concessions.

我们不会做出任何让步。

⏮ We're not going to offer anything in return.

我们不会提供任何回报。

⏮ No compromise.

绝不妥协。

⏮ So as these negotiations go on, and with Ukraine under fire, we have heard President Zelensky again appeal to Western allies for better air defense, is Ukraine likely to get it amid this diplomacy that's happening?

那么，随着这些谈判的进行，以及乌克兰遭受攻击，我们听到泽连斯基总统再次向西方盟友呼吁提供更好的防空系统，在目前进行的外交活动中，乌克兰有可能得到它吗？

 00:18:25

▶ Or are we in a bit of a holding pattern in terms of what the West can provide?

或者西方所能提供的方面，我们是否处于一种停滞状态？

▶ Well, I mean, they are providing some additional air defenses.

嗯，我的意思是，他们正在提供一些额外的防空系统。

▶ I mean, that's an ongoing request.

这是一个持续的要求。

▶ There's nothing new about that.

这并没有什么新奇的。

▶ We've been hearing that for months and months, years, in fact.

事实上，我们已经听了几个月、几年了。

▶ There are more defenses coming through and in the pipeline, as it were.

有更多的防御系统正在到来和筹备中，可以这么说。

 00:18:42

▶ I think one of the key things that Ukraine is now working on in the terms of air defenses is what they call interceptors to intercept the very large numbers of drones that are increasingly, you know, Russia is sending more and more drones.

我认为乌克兰目前在防空方面正在努力的关键事项之一是他们所谓的拦截器，用来拦截数量非常庞大的无人机，你知道，俄罗斯正在派遣越来越多的无人机。

▶ And the drones they're sending are more sophisticated.

而且他们派遣的无人机更加精密。

▶ They're larger.

它们更大。

▶ They carry larger warheads.

它们携带更大的弹头。

 00:19:00

 They're faster and more difficult to stop.

它们更快，也更难拦截。

 So Ukraine has been sort of in this technological race that's going on throughout this war.

因此乌克兰某种程度上一直处于这场战争持续进行的技术竞赛中。

 Ukraine is developing interceptors and it's getting support from the countries Western pilot to do that, both in terms of its own own drone is only intercept the drones and interceptors develop by part of the country.

乌克兰正在开发拦截器，并得到西方国家飞行员的支援，无论是在用自己的无人机仅拦截无人机方面，还是在该国部分开发的拦截器方面。

 00:19:19

 So that's now a key factor in these raids.

所以这是现在这些空袭中的一个关键因素。

 A lot of drones were intercepted last night, thankfully, but not all of them.

谢天谢地，昨晚很多无人机被拦截了，但并非全部。

 When you're talking about 500 drones, some of them are going to get through.

当你谈到500架无人机时，其中一些总会突破防线。

 So there's always going to be a high risk of casualties.

因此，始终存在很高的人员伤亡风险。

 And would these interceptors also form an important part of any kind of security guarantee for Ukraine in the event of a deal?

这些拦截器是否也会构成任何对乌克兰安全保障协议的重要组成部分？

 00:19:40

▶ And I suppose I'm also curious whether you think Trump leaving US air support on the table will be something that's well received in Kiev.

我想我也很好奇，您是否认为特朗普将美国空中支援摆在桌面上（作为选项）会在基辅受到欢迎。

▶ Absolutely, no, no.

绝对是的，不，不。

▶ The talk of American air support is taken very seriously because it actually sounds realistic.

关于美国空中支援的讨论被非常认真地对待，因为它实际上听起来很现实。

▶ To be frank, you know, talk of deploying Western troops to Ukraine, it is not very clearly understood in Ukraine.

坦率地说，你知道，关于向乌克兰部署西方部队的讨论，在乌克兰并不是很被理解。

 00:20:03

▶ People don't really understand what these troops are supposed to be doing.

人们并不真正理解这些部队应该做什么。

▶ You know, we hear a lot about the coalition of the willing, but we really don't know what this coalition is willing to do if I'm referring that way.

我们听到很多关于“自愿联盟”的说法，但我们真的不知道这个联盟愿意做什么，如果我这样理解的话。

▶ We don't know whether these troops will be able to fight, whether they'll be able to defend themselves, whether they will be simply monitors essentially or peacekeepers.

我们不知道这些部队是否能够战斗，是否能够自卫，或者他们本质上是否只是观察员或维和人员。

 00:20:22

▶ And so it's all quite ambiguous, but when we talk about air defenses, that does seem to make sense because people have seen in recent months how Western, the Americans, the

French have been able to help the Israelis in defending their space and shooting down missiles and drones fired by a rather disrael.

所以这一切都相当模糊，但当我们谈论防空时，这似乎确实有道理，因为近几个月人们已经看到西方、美国人、法国人如何帮助以色列人保卫他们的领空，并击落由一个相当...（可能指伊朗）发射的导弹和无人机。

▶ So that's a very practical thing that can realistically be done by Ukraine's Western partners if they have the political will to do it.

所以这是一件非常实际的事情，如果乌克兰的西方伙伴有政治意愿去做，是现实可以做到的。

▶ So Trump talking about air defense actually does make sense and he's encouraging it's a step in the right direction, but we're still a very long way, of course, from, I mean, these sort of security guarantees that any sort really being implemented.

因此，特朗普谈论防空实际上是有道理的，他鼓励这是朝正确方向迈出的一步，但我们当然离任何形式的安全保障真正得到实施还有很长的路要走。

现在我们可以转向世界各地的其他一些重要新闻。

▶ Walls fires in the European Union are now believed to have ravaged more than one million hectares so far this year.

据信，欧盟境内的森林大火今年迄今已肆虐超过一百万公顷。
