需要发生的是，那些对以色列政府有影响力、对各方有影响力的国家需要积极施加这种影响力。

我们希望看到，我们希望看到更多压力，以便实现停火。

▶ The Federal Reserve, U.S. Federal Reserve Governor Lisa Cook says she'll sue President Trump over his unprecedented attempt to fire her, marking a major escalation in the

President's battle with the U.S. Central Bank.

 00:10:47

▶ Her lawyer released a statement saying President Trump has no authority to remove Federal Reserve Governor Lisa Cook.

她的律师发表声明称，特朗普总统无权罢免美联储理事丽莎·库克。

▶ His attempt to fire her, based solely on a referral letter, lacks any factual or legal basis.

他试图解雇她的行为仅基于一封转介信，缺乏任何事实或法律依据。

▶ The U.S. President's ability to remove a Fed governor is disputed.

美国总统罢免美联储理事的能力存在争议。

▶ President Trump has claimed that there is reason to believe Governor Cook made misleading statements on her mortgage forms and said on Tuesday that he's already got eyes on her replacement.

特朗普总统声称，有理由相信库克理事在其抵押贷款表格上做出了误导性陈述，并在周二表示他已经物色好了接替她的人选。

 00:11:15

▶ Meanwhile, the Federal Reserve has weighed in through its spokesperson saying in a statement in part, long tenures and removal protections for governors serve as a vital safeguard, ensuring that monetary policy decisions are based on data, economic analysis and the long-term interests of the American people.

与此同时，美联储通过其发言人表态，在声明中部分说道，理事的长期任期和免职保护是一项至关重要的保障，确保货币政策决策基于数据、经济分析和美国人民的长期利益。

▶ Now, that statement also adds that the Federal Reserve will continue to carry out its duties as established by law.

该声明还补充说，美联储将继续依法履行其职责。

▶ Let's talk a little bit more about the issues involved here.

让我们进一步谈谈所涉及的问题。

bilibili 00:11:45

▶ I'm joined live now by Nellie Liang.

现在内莉·梁正在现场连线加入我们。

▶ Thank you for joining us here on BBC News.

感谢您加入我们BBC新闻。

▶ The big question it would seem to be is can the President actually fire a governor in this way?

最大的问题似乎是，总统真的能以这种方式解雇一位理事吗？

▶ Well, let me say that I can speak mostly from an economics point of view, unless from a legal perspective, certainly the President can express his wishes and did so with a letter.

嗯，我主要能从经济学角度发言，而非法律视角。总统当然可以表达他的意愿，并且通过一封信这样做了。

bilibili 00:12:23

▶ There's not surprising that those in political offices will have interests for lower rates than those at the central bank.

政治职位上的人会比中央银行的人更希望降低利率，这并不奇怪。

▶ But as you said, this is absolutely an escalation with a letter to Governor Lisa Cook.

但正如你所说，这绝对是一次升级，通过给丽莎·库克理事写信的方式。

▶ I think there are facts still to be learned about what she is being charged with and also determine whether there is cause, you know, as determined by whether a President can remove a governor.

我认为关于她被指控的内容仍有待了解事实，并且需要确定是否存在理由，你知道，这取决于总统是否能罢免一位理事。

▶ We've seen for months President Trump trying to look for cause to remove Chairman Powell.

几个月来，我们看到特朗普总统试图寻找罢免鲍威尔主席的理由。

▶ So, of course, the President can express his intent to want to remove a governor, but I think that will be a decision for the courts.

所以，总统当然可以表达他想罢免一位理事的意图，但我认为这将由法院决定。

▶ And notwithstanding the statement from the Fed that it'll carry on with its business as usual in the meantime, in a practical sense, what does this mean for Governor Cook's authority and her ability to do her job?

尽管美联储声明称其将在此期间照常运作，但从实际意义上讲，这对库克理事长的权威以及她履行职责的能力意味着什么？

▶ I think the Fed with its statement today, which is it will continue to carry on its duties as the central bank will, will, unless a court determines that Governor Lisa Cook cannot serve, will she will continue to do her job?

我认为美联储今天的声明表明，除非法院裁定丽莎·库克理事长不能任职，否则她将继续履行作为中央银行的职责。

▶ And that is to look at the data, look at and provide analysis, provide impartial or cast for determining monetary policy, as well as other responsibilities of the central bank has for financial regulations and financial stability.

那就是审视数据、进行分析、为制定货币政策提供公正的判断，以及中央银行在金融监管和金融稳定方面的其他责任。

▶ A key tenant, of course, of the Fed is that it's independent from the executive and it does its business in the interests of the American people and the American economy.

当然，美联储的一个关键原则是它独立于行政部门，并且它为了美国人民和美国经济的利益而运作。

bilibili 00:14:29

▶ You've worked yourself at various roles over three decades at the Board of Governors of the Federal Reserve System.

您曾在联邦储备系统理事会担任过各种职务，工作长达三十年。

▶ If the President is successful in removing Governor Cook and replacing her with someone loyal to him, what might that enable him to do or what influence would that give him?

如果总统成功罢免库克理事长，并用忠于他的人取而代之，这可能使他能够做什么，或者这会给他带来什么影响？

▶ So I think it will change the nature of the analysis and work of the Board staff.

所以我认为这将改变理事会工作人员分析和工作的性质。

bilibili 00:14:58

▶ I mean, the Fed is independent, independent in its monetary policy determinations and that is for the long term interests of the American people to keep inflation more stable to provide solid economic growth.

我的意思是，美联储是独立的，在货币政策决策上是独立的，这是为了美国人民的长远利益，以保持通胀更稳定，提供坚实的经济增长。

▶ But it is accountable to Congress.

但它对国会负责。

▶ Independence does not mean no accountability.

独立并不意味着没有问责。

▶ It is accountable to Congress.

它是对国会负责的。

bilibili 00:15:24

▶ The Chairman testifies to Congress twice a year, Congress determines its mandates for inflation and maximum employment.

主席每年两次向国会作证，国会决定了其在通胀和最大化就业方面的使命。

⏮ What is happening currently is with President Trump's actions, he is trying to make it more directly accountable to the White House as well as to Congress.

目前正在发生的情况是，随着特朗普总统的行动，他正试图让它更直接地对白宫以及国会负责。

⏮ And that changes the nature of how they view their mandate and how it will play out.

而这改变了他们看待自身使命的方式以及使命将如何展开的性质。

 00:15:53

⏮ It will be difficult for us to predict at this point, but clearly the Central Bank sees its mandate right now as price stability and maximum employment.

在这一点上我们很难预测，但显然中央银行目前将其使命视为价格稳定和最大化就业。

⏮ And we'll continue to do so.

并且我们将继续这样做。

⏮ But if there are aggressive actions to remove and influence and change the nature of what the Board is, that certainly will filter through indirectly and perhaps not intentionally, but it is hard to imagine it would not have some impact.

但如果采取激进行动来罢免、影响和改变理事会的性质，这肯定会间接地产生影响，也许不是有意的，但很难想象它不会产生某种影响。

 00:16:32

⏮ Do you think even all of this discussion now about Governor Cook and indeed, relation to Chairman Powell earlier, have any longer-term ramifications on the American economy, on how markets perform?

您认为现在所有这些关于库克理事长、以及早先与鲍威尔主席相关的讨论，会对美国经济、对市场表现产生任何长期的负面影响吗？

⏮ Well, I guess I would like to say a bit surprised the financial markets in general are taking this in stride.

嗯，我想说我对金融市场总体上对此泰然处之感到有点惊讶。

▶ Of course, we've seen the longer-term 30-year yield rise and this yield curve has steepened quite a bit.

当然，我们已经看到长期的30年期收益率上升，并且收益率曲线已经变得相当陡峭。

bilibili 00:17:05

▶ So this campaign to lower interest rates is lowering the short end, but not necessarily lowering the long end, and that will have consequences.

所以这场降低利率的运动正在降低短期利率，但不一定降低长期利率，这将带来后果。

▶ So we're starting with that.

所以我们正开始看到这一点。

▶ And I think that will be significant.

而且我认为这将是重大的。

▶ Okay.

好的。

▶ Natalie Liang, thank you very much for joining us.

梁娜塔莉，非常感谢您加入我们。

▶ Sure.

当然。
