

Trump's UK State Visit: Foreign Policy, Gaza Tensions, and UN General Assembly Preview

【BBC 20250921 特朗普英国国事访问全解析：外交博弈、加沙分歧与联合国大会前瞻 | 美英特殊关系 | 自由言论风波】

Summary: Trump concluded a state visit to the UK, where he held a one-on-one meeting with Prime Minister Keir Starmer without aides to discuss foreign policy. The visit highlighted the special relationship between the two nations amid meticulous planning and symbolic gestures, such as serving port from 1945. However, tensions emerged during the press conference, particularly over Gaza, where Trump emphasized the return of hostages before any solution, contrasting with European calls for recognizing a Palestinian state. The upcoming UN General Assembly will likely amplify these disagreements, with Trump's stance on Russia-Ukraine and trade policies also facing scrutiny from global leaders.

摘要：特朗普完成了对英国的国事访问，与首相凯尔·斯塔默举行了无助手的一对一会晤，讨论外交政策。此次访问凸显了美英特殊关系，活动策划细致入微，包括提供1945年的波特酒等象征性举动。然而，新闻发布会上紧张局势显现，尤其在加沙问题上，特朗普强调在人质获释前无法解决冲突，与欧洲承认巴勒斯坦国的呼吁形成对比。即将召开的联合国大会可能放大这些分歧，特朗普在俄乌冲突和贸易政策上的立场也将面临全球领导人的审视。

🎧 It was interesting, even Starmer making the point that they'd had a one-to-one meeting, no aides, no nothing, in a room, and that that was the point at which they discussed the foreign policy when it was just mano a mano, nobody else there.

有趣的是，就连斯塔默也强调他们进行了一对一会晤，没有助手，没有任何其他人，就在一个房间里，那正是他们讨论外交政策的时候，完全是#一对一#的较量，没有其他人在场。

🎧 And so we're relying, I guess, on both of their version of events or interpretation of the conversation as to just what was discussed.

因此我们只能依赖双方对事件的描述或对谈话的解读来判断究竟讨论了什么。

▶ I mean, we're talking at the end of what's been a really big week for the BBC.

毕竟对BBC来说这是非常重要的一周。

🎧 Bigging up the British part of our name with the state visit by President Trump to the UK.

借着特朗普总统对英国进行国事访问的机会，凸显我们名称中的"英国"元素。

🎧 I mean, no matter who the president is, hosting a state visit like that is huge.

无论总统是谁，举办这样的国事访问都是重大事件。

🎧 And it puts international relations, in this case, the special relationship right front and centre, doesn't it?

这会将国际关系——在此案例中就是英美特殊关系——置于核心焦点，不是吗？

 00:00:58

🎧 Um, you know, how many times have we said the word special relationship over the past week?

过去一周我们说了多少次"特殊关系"？

🎧 And it's just, it's coming at a really interesting timing.

而且时机非常巧妙。

🎧 Ahead of the United Nations General Assembly in New York next week, when all of the relationships, special or otherwise, between America and all the other nations and between themselves as well, will be the forefront of what we're thinking about, what we're talking about.

下周纽约联合国大会召开前夕，美国与各国之间、各国彼此之间所有特殊或非特殊的关系，都将成为我们思考和讨论的焦点。

 00:01:21

🎧 So I thought maybe we might have a look at those relationships and how President Trump is handling those foreign relationships.

所以或许我们可以审视这些关系，以及特朗普总统如何处理这些外交关系。

🎧 I mean, we might as well start, I suppose, with the special relationship given the visit this week.

鉴于本周的访问，我们不妨从特殊关系开始谈起。

▶ One senior diplomat said to me, the best part about these visits is the wheels up at the end when the visiting dignitary, wherever they're from, leaves and you got away without any major mishaps and everything is a success.

一位资深外交官告诉我，这类访问最美好的时刻是飞机起飞时——当来访贵宾无论来自何处最终离开，没有发生重大意外，一切圆满成功。

bilibili 00:01:49

▶ And I mean, Courtney, you've been involved in some big trips like this before.

考特妮，你之前参与过这类重大访问活动。

▶ There's huge planning goes into it.

需要极其周密的规划。

▶ Yeah.

是的。

▶ I cannot understate how much planning, how painfully coordinated these events are, down to the silverware, the flowers, the symbolism used through the meal we saw yesterday at Windsor Castle.

其中的策划协调工作细致到令人惊叹的程度，小至银器摆放、花卉装饰，乃至昨日温莎城堡国宴中每个细节的象征意义。

▶ They served a port from 1945, in a nod to President Trump, who was the 45th and now the 47th president, and also they served a cognac from the year his mother was born.

他们提供了1945年的波特酒，致敬第45任暨现任第47任总统特朗普，同时还呈上了其出生年份的白兰地。

bilibili 00:02:24

▶ Um, his mother, of course, who was of Scottish heritage.

他的母亲当然具有苏格兰#血统#。

▶ And again, just this, the very, you know, trivial details are really deliberate and, um, negotiated, you know, in some of these demands are coming from the top.

这些看似琐碎的细节实则经过精心设计，有些要求甚至来自最高层级的磋商。

🎧 I've covered state visits here in the US for South Korea, India, Australia, to name a few.

我曾在美报道过韩国、印度、澳大利亚等国的国事访问。

🎧 But I also travelled with the pre-advance team during the Biden administration to France.

但也曾随拜登政府的先遣团队前往法国。

 00:02:50

🎧 Um, and negotiating that state visit.

参与那场国事访问的筹备谈判。

🎧 And, you know, it really comes down to what is possible.

说到底是要考量可行性。

🎧 They, you know, I think these countries want to put their best foot forward for the president, whoever it may be.

这些国家都希望为总统——无论哪位总统——展现最好的一面。

🎧 But sometimes it's really about whether the, you know, they can figure it out logistically.

但有时关键在于后勤能否实现。

🎧 And also what's a security risk, which of course is a big concern these days.

以及是否存在安全风险——这当然是当今的重要考量。

 00:03:14

🎧 Bernd, while all of that was going on, the White House must have been a bit of a ghost town, was it?

伯恩德，当这一切进行时，白宫想必成了有点#空城#的感觉吧？

🎧 I mean, I was looking through the list of who traveled with President Trump this week, and it seems like his entire comms team, along with a few members of cabinet, close advisers like Stephen Miller and his chief of staff Susie Wiles as well.

我看过本周随特朗普出访的名单，似乎整个通讯团队、数位内阁成员、斯蒂芬·米勒等亲密顾问及其幕僚长苏茜·怀尔斯都去了。

▶ It was definitely very, very quiet.

白宫确实异常安静。

bilibili 00:03:33

▶ Certainly anyone senior at the White House was either on the trip or following the trip very closely.

所有白宫高层要么随行出访，要么密切关注着行程。

▶ There was a lot of competition among the Trump team to be there, just because of the optics of it and how important that relationship is.

特朗普团队内部竞争随行名额激烈，因为这关乎形象展示以及该关系的重要性。

▶ Obviously, not everyone could be there at the big dining table, for example.

显然不是每个人都能出席重要场合，比如国宴。

▶ So I think there was probably behind the scenes, a lot of kind of wrangling to be in one of those prime positions.

所以幕后可能有不少争夺核心位置的角力。

bilibili 00:03:56

▶ But certainly, you know, from my perspective at the White House, it was very much a ghost town.

但从我在白宫的观察来看，这里确实宛如#空城#。

▶ And I think, broadly speaking, both sides will have been quite happy with how it went off.

总体而言，双方应该都对访问成果相当满意。

▶ I mean, perhaps one of the more shocking things from the press conference was President Trump saying he didn't know who Lord Peter Mandelson was, the now fired UK ambassador to the US.

记者会上最令人惊讶的或许是特朗普称不认识刚被解职的英国驻美大使彼得·曼德尔森勋爵。

 00:04:17

 That must have stung a little bit.

这应该让人有点难堪。

 I thought that was the best case scenario for both sides, and that that question came and went very quickly.

我认为这对双方都是最佳#情景#，这个问题很快就被带过了。

 I mean, it does ring a little hollow for Trump to say he doesn't know him.

特朗普说不认识他确实有点假。

 He was standing right next to him.

他就站在他旁边。

 Uh, but, you know, as they didn't discuss kind of the broader Epstein question and it wasn't kind of pressed, which I think for a White House that's been trying to get away from that issue for months now and dismiss it as a dead issue.

不过他们并未深入讨论爱泼斯坦相关议题，也没有被追问。对于数月来一直试图回避此事、将其视为过去式的白宫而言。

 00:04:43

 I thought that went really well for for both sides from their perspectives.

从双方角度来看处理得相当成功。

 I mean, it might have been because of how the questions were asked as well.

或许也与提问方式有关。

 You know, I think there were maybe five or six questions from the British side of the journalists who were at that last press conference.

最后那场记者会上英国记者大概提了五六个问题。

⏮ And I know, Courtney, I came to maybe three, I think, from the American side of all of the reporters who had traveled over.

而美国随行记者似乎只提了三个问题。

bilibili 00:05:05

⏮ Yes, I've actually been texting with some of the press corps, and a few of them are a bit furious about, um, you know, travelling all the way there, um, being promised this opportunity to question both the prime minister and the president, uh, particularly because a lot of these events were closed to press.

我和一些记者团成员联系过，他们中有人对远道而来却——原本承诺有机会向首相和总统提问——尤其许多活动都未对媒体开放。

⏮ So this was really the only opportunity to do so.

这原本是唯一的机会。

⏮ Um, and only three questions came from the US side, and I believe they were GB news, Real News America and Fox News as well.

但美国媒体只获得三个提问机会，据我所知来自GB新闻、Real News America和福克斯新闻。

bilibili 00:05:38

⏮ So there were a lot of hands that were raised that went unanswered, unfortunately.

很遗憾很多举手提问的记者都没获得机会。

⏮ And I suppose we should say for people who aren't maybe aware of all of those media organisations, that they would be three media organisations who are, um, very supportive of President Trump and this administration.

需要说明的是，这三家都是大力支持特朗普及其政府的媒体。

⏮ So I thought it was quite interesting.

所以我觉得很有意思。

⏮ The questions that came from the American side were very awkward and uncomfortable questions for Sir Keir Starmer and not for the president, whereas the questions that came

from, if we want to call it the British side of the room, were very uncomfortable for both leaders, weren't they?

美方提问都是让基尔·斯塔默爵士难堪的问题，而非针对总统；而英方提问则让两位领导人都如坐针毡。

 00:06:13

 A lot of focus in particular around Gaza.

许多问题尤其聚焦加沙。

 I think Gaza was, you know, there wasn't kind of a spat of any kind when the two men were speaking.

两人交谈时并未出现争执。

 But Gaza was obviously one point in which there was a lot of disagreement about where to go forward.

但加沙显然是双方存在重大分歧的领域。

 I mean, Starmer was was very clear, uh, and Trump, you know, continues to, you know, be very clear on his own side that there is no solution until the hostages are back.

斯塔默立场明确，特朗普也坚持己见，强调人质获释前不可能有解决方案。

 00:06:38

 And obviously, that's not the position of the UK or European powers, especially now that they have plans to recognise a Palestinian state, which is something Trump has been quite critical of in the past.

这显然与英国或欧洲国家的立场相左，尤其现在他们计划承认巴勒斯坦国——这是特朗普过去强烈批评的。

 I think that's a major point of disagreement going into the UN General Assembly, where it's probably going to be highlighted much more given, given the focus of the Assembly this year.

这将是联合国大会的主要分歧点，鉴于今年大会的焦点议题，可能会更突出。

🎵 Yeah.

是的。

bilibili 00:06:58

🎵 You know, the US is going to be, um, you know, the sort of lone country next week, as we do see a lot of these countries come together and recognise Palestine.

美国下周可能会显得孤立，因为许多国家将共同承认巴勒斯坦。

🎵 It was clear, though, that, um, this was raised between both leaders, um, and Keir Starmer, using some of that soft power to explain the position.

不过很明显两位领导人讨论了此事，基尔·斯塔默运用软实力解释立场。

🎵 He was pressed on it several times, um, about his plans to recognise Palestine.

他多次被追问#承认#巴勒斯坦国的计划。

bilibili 00:07:25

🎵 And he said, you know, this is about ramping up pressure on Netanyahu to speed up the aid that is, um, being sent into Gaza and not about, you know, appeasing, um, the liberal parts of his party, right?

他表示这是为了向内塔尼亚胡施压加速向加沙运送援助，而非安抚党内自由派。

🎵 And we, you know, we heard from Donald Trump that this was one of the few areas that both men disagreed on.

特朗普也承认这是双方少数存在分歧的领域。

🎵 Um, but it's clearly something that, you know, as Bernd said, will be front and centre next week.

但正如伯恩德所言，这显然将是下周的核心议题。

bilibili 00:07:54

🎵 And to that point, quickly, I just think it was very telling that in Trump's response on Gaza, the civilian casualty toll in Gaza wasn't really mentioned.

说到这里简单提一句，我认为很能说明问题的是，在特朗普关于加沙的回应中，几乎没有提及加沙的平民伤亡数字。

🎧 I mean, his comments were very much focused on the return of the hostages rather than the broader conflict and what it's meant for people in Gaza.

他的言论完全聚焦于人质归还问题，而非更广泛的冲突及其对加沙民众的影响。

🎧 I think that shows kind of how different the perspectives are between the US and its European allies on that particular issue of humanitarian aid and the civilians.

这显示出美国与其欧洲盟友在人道主义援助和平民问题上的视角存在显著差异。

 00:08:23

🎧 Yeah, I thought that was quite striking, actually.

是的，实际上我觉得这一点非常引人注目。

🎧 And I think that's where a lot of the focus will be next week in New York is, I don't think President Trump, despite how many questions he was asked, once himself referred to the humanitarian crisis or the suffering of civilians in Palestine.

我认为下周纽约的焦点将集中于此——尽管被多次追问，特朗普总统始终未主动提及巴勒斯坦的人道主义危机或平民苦难。

🎧 And also when he was asked, at what point would he use influence on Israel to flood aid to stop killing civilians, he said, only when all the hostages are released.

当被问及何时会运用对以色列的影响力加大援助力度以停止杀害平民时，他回答"只有在所有人质获释之后"。

 00:08:55

🎧 Which is kind of I don't think we've heard it that, sort of, bluntly and baldly from him before.

这种直白赤裸的表态我们此前似乎从未听他如此明确地表达过。

🎧 I mean, everything he said was really fully in agreement with what you might hear Prime Minister Benjamin Netanyahu from Israel saying.

他的所有言论实际上与以色列总理内塔尼亚胡的立场完全一致。

🎧 I mean, we did hear a couple of weeks ago President Trump talking about the awful suffering and the tragic deaths and so on.

几周前我们确实听过特朗普总统谈及"悲惨的苦难"和"#悲剧性#死亡"等表述。

 00:09:17

🎧 But he didn't get into that in this press conference.

但他在这次记者会上并未深入探讨这些。

🎧 And I think that's a good indicator of just how awkward things are going to be next week, when all of these allies of the US are raising this issue, pressing for change, you know, trying to use the heft of the international community for action, which so far has been pretty powerless, it would seem.

这预示着下周局势将会非常尴尬——当所有美国盟友都在提出这个问题、敦促改变、试图借助国际社会力量采取行动（尽管目前看来收效甚微）之时。

🎧 To that point, I also think it's notable that over the last few weeks and months, you know, President Trump has kind of seemed to shift away from any suggestion that there could be a negotiated settlement to the end of the conflict.

值得注意的是，过去数周乃至数月间，特朗普总统似乎已完全摒弃通过谈判解决冲突的可能性。

 00:09:53

🎧 I mean, there's real, towards the beginning of the administration, we saw more discussion of of peace talks and the potential outcome from those.

本届政府执政初期确实还有更多关于和谈及其潜在#成果#的讨论。

🎧 But certainly for at least the last two months, President Trump, at least in his public comments, seems quite content to let the conflict play out militarily.

但至少最近两个月，特朗普总统至少在公开表态中显得很满足于让冲突通过军事手段继续推进。

🎧 You know, in his view, there can't be any negotiated settlement without those hostages, which, again, is a completely different viewpoint than than most other countries that are involved in bringing peace to Gaza.

在他看来，若人质问题未解决就不可能有任何谈判结果——这与大多数参与推动加沙和平的国家立场截然不同。

 00:10:23

🎧 Um, you know, and I think we're going to continue seeing that going forward, especially if if now that there's an offensive in Gaza City, for example, the Israelis also don't seem to be even discussing the possibility of a negotiated settlement until their military objectives are completed.

我认为这种态势将持续下去，尤其当前以军正在加沙城开展攻势，以方似乎也打算在完成军事目标前完全不讨论谈判解决的可能性。

🎧 And I suppose the US showed its hand as well, didn't it, in terms of restricting the visas for members of the Palestinian delegation to actually even attend the United Nations General Assembly next week.

美国也亮出了底牌——通过限制巴勒斯坦代表团参加下周联合国大会的签证发放。

🎧 The other big one, of course, where there'll be a lot of focus, is on Russia's war in Ukraine.

另一个焦点议题自然是俄罗斯在乌克兰的战争。

 00:10:59

🎧 We're going to hear from President Putin and President Zelensky next week, insofar as we understand it at this point anyway.

按目前所知，下周我们将听到普京总统和泽连斯基总统的发言——#在某种程度上#是这样。

🎧 Um, and of course, the big thing about Unga, as it's called in the trade is actually those speeches that are made in the assembly hall, but also it's all the sidebar conversations, isn't it?

当然联大（行业内的称呼）的重点不仅是大会堂的演讲，还包括所有场外对话。

🎧 I mean, it's another chance for President Trump to sit with President Zelensky and possibly with President Putin.

这将是特朗普总统与泽连斯基总统乃至普京总统再次会晤的机会。

bilibili 00:11:24

▶ Following on from their meeting in Alaska just a few weeks ago, what are you guys going to be looking out for?

几周前阿拉斯加会晤之后，你们接下来会关注哪些方面？

▶ Yeah, I mean, I think even if you, um, take anything from his press conference today with the prime minister, I mean, Russia obviously is a huge sticking point.

从今天他与首相的记者会可以看出，俄罗斯显然是个重大症结。

▶ Um, the prime minister said going into these meetings, he wanted to ramp up pressure on the president to, um, you know, really start following through with imposing some of these economic sanctions that he has threatened.

首相表示希望通过会谈加大对总统的压力，促使其真正落实此前威胁实施的经济制裁。

bilibili 00:11:54

▶ And, um, so far hasn't followed through on.

而这些制裁至今尚未兑现。

▶ Um, and we heard from the Prime Minister saying that, you know, the only time that they've seen Putin indicate that he's willing to shift from where he's firmly standing, um, has been through Donald Trump, but unfortunately, you know, they just haven't gotten the president to follow through.

首相提到，他们唯一看到普京表现出立场松动迹象是通过特朗普总统，但遗憾的是始终未能推动总统采取实际行动。

▶ And that seemed to be one of the main, uh, conversation topics they had this week.

这似乎是本周双方讨论的主要话题之一。

bilibili 00:12:24

▶ And we should expect next week more leaders to try and use some of their soft power, getting Donald Trump's ear.

预计下周会有更多领导人尝试运用软实力来争取特朗普的关注。

🎧 And, you know, among those leaders, you know, certainly, uh, Zelensky will be one of them.

其中泽连斯基必定是其中之一。

🎧 Also, I mean, that frustration that was kind of hinted at in the Starmer press conference, I think we're going to hear that from other European leaders, you know, France, Germany in particular.

斯塔默记者会中隐约流露的挫败感，预计也会在其他欧洲领导人——特别是法德两国——的表态中出现。

 00:12:45

🎧 And when Donald Trump takes the stage on Tuesday, I'll be listening to see whether he actually addresses any of those criticisms.

周二特朗普登台发言时，我会重点关注他是否回应这些批评。

🎧 Obviously, there's a lot of frustration in European capitals that his promises of additional sanctions have been pushed back.

欧洲各国政府对追加制裁的承诺被推迟显然充满#挫败感#。

🎧 And as things stand now, instead, he's turned it on the Europeans and that he's pushing them to take additional sanctions on China and India, for example, for their support of Russia in the war, which, you know, I think opens up a lot of possible minefields in terms of these speeches.

而现在他反而转向要求欧洲对中国和印度等支持俄罗斯的国家追加制裁——这可能会让他的演讲触及诸多潜在雷区。

 00:13:18

🎧 But overall, I think one of the more interesting things of Unga will be whether Trump addresses the various criticisms of him, whether they be from European capitals or from people such as Brazil's president, President Lula.

但总体而言，联大最有趣的看点之一是特朗普是否会回应来自欧洲各国或巴西总统卢拉等各方对他的批评。

🎧 Um, so I'd be very curious to see what he has to say about Trump and what Trump responds in terms of using tariffs as kind of a foreign policy mechanism rather than just an economic one.

我很好奇卢拉会如何评价特朗普，而特朗普又会如何回应将关税作为外交政策工具而非单纯经济手段的做法。

🎧 Yeah, that sphere of influence is something that I'm going to be looking out for as well, because, you know, we talk about the big speeches that are made.

势力范围问题也是我关注的重点，因为除了重要演讲之外——

 00:13:51

🎧 But I thought in the press conference at the end of President Trump's visit to the UK, Keir Starmer made the point a couple of times.

在特朗普访英结束的记者会上，基尔·斯塔默多次强调：

🎧 You know, President Putin is not behaving like someone who's interested in peace.

普京总统的表现根本不像是追求和平的人。

🎧 His actions are not those of someone who's seeking peace.

他的所作所为与寻求和平者背道而驰。

🎧 Like, he's trying to get this message across to President Trump, who has said over the past few months, oh, you know, I think President Putin wants to come to the table.

他试图向特朗普传递这个信息——而过去几个月特朗普始终声称“普京愿意回到谈判桌”。

 00:14:16

🎧 He does seem to have shifted that now, saying he'd been I mean, he used a phrase, didn't he?

现在他的态度似乎有所转变，用了“感到失望”之类的表述？

🎧 Something like, I feel really let down by him or he's let me down or something like that, that he had spoken about how he thought his personal relationship with President Putin would lead to peace.

他曾认为与普京的私人关系能促成和平，但结果未能如愿。

▶ And that hasn't come.

这个预期落空了。

▶ And President Trump is putting pressure on European nations to put those sanctions on India and China.

特朗普正施压欧洲国家对中印实施制裁。

bilibili 00:14:39

▶ They don't want to do that.

欧洲国家并不愿意这样做。

▶ They don't want to kind of weave those separate trade relationships into their support for Ukraine.

他们不愿将支持乌克兰与独立的贸易关系#交织#在一起。

▶ They want to try and keep those separate, as far as I can see it anyway.

至少就我观察，他们希望尽量保持这两者的分离。

▶ Um, and President Trump addressing that as well by saying, notwithstanding all the tariffs that he's put on India for buying Russian oil and gas, he still thinks Prime Minister Modi is a good friend of his.

特朗普对此回应道：尽管对印度购买俄油气实施了关税措施，他仍视莫迪总理为好友。

bilibili 00:15:01

▶ He talked about calling him to wish him a happy birthday the other week as well.

还提到几周前曾致电祝贺莫迪生日快乐。

▶ Yeah, they had a they did have a call, um, for the, uh, Prime Minister Modi's birthday.

是的，他们确实为莫迪总理生日通过电话。

▶ And, um, just to to jump back to what you were saying about the pressure he's putting on the EU leaders, I do wonder how much of that is, um, you know, a strategy for the president

to make demands, um, for conditions that he knows the EU countries can't necessarily meet.

回到你刚才说的他对欧盟领导人施压的问题，我怀疑这是否某种策略——提出明知欧盟国家难以满足的条件要求。

 00:15:31

 There are certain member countries that are very dependent on Russian oil.

某些成员国对俄罗斯石油非常#依赖#。

 So he knows that these EU countries can't meet these demands, which sort of gives him space to avoid following through on some of these economic sanctions that EU leaders would like to see the US impose.

因此他清楚这些要求欧盟无法满足，这反而为他规避落实欧盟希望美国实施的经济制裁提供了操作空间。

 So I do, I think this sort of economic statecraft that Trump has really infused his foreign policy with, is going to be a point of contention next week, as several of these countries that you named, of course, Brazil being among them, try and negotiate with the president on the world stage.

确实如此。我认为特朗普将其外交政策注入的这种经济治国术，将成为下周的争议焦点——正如你提到的几个国家（巴西当然包括在内）试图在世界舞台上与总统进行谈判。

 00:16:14

 You know, about the pressure that the Europeans will put on on Trump for Ukraine.

关于欧洲国家将为乌克兰问题向特朗普施压。

 I've been speaking to a few people about that in the last few days, and one of them made the interesting point that, you know, it's unclear what else they can do that they haven't done to pressure Trump.

过去几天我与一些人探讨过此事，有人提出了一个有趣的观点：除了已采取的手段外，不清楚还能通过什么其他方式向特朗普施压。

 I mean, many of them were at the White House not very long ago for kind of that unprecedented meeting of Starmer and the European heads of state, and Zelensky, that

were there, which, you know, that is kind of a sort of pressure push, that collective pressure push that we hadn't really seen before.

不久前他们中的许多人还齐聚白宫，参加了斯塔默与欧洲国家领导人及泽连斯基的那场前所未有的会议——这种集体施压的方式确实是我们前所未见的。

 00:16:47

🎧 So I think for many people, there's a question of, you know, what can be accomplished at the General Assembly that wasn't accomplished at the White House.

因此我认为很多人都在质疑：在联合国大会上能取得哪些白宫未能达成的成果。

🎧 It's interesting, Bernd, you mentioned Brazil a moment ago, because looking at the rundown of speakers for the UN General Assembly and it is subject to change, but as of now, it would seem that President Trump will speak immediately after, uh, Luis Inacio Lula da Silva, the president of Brazil.

贝恩德，你刚才提到巴西很有意思。根据联合国大会发言人名单（可能还会有变动），目前看来特朗普总统似乎将紧接巴西总统卢拉·达席尔瓦之后发言。

🎧 So that could make for some sort of awkward green room moments, couldn't it?

这可能会让后台休息室出现一些尴尬场面吧？

 00:17:18

🎧 As one goes out and the other goes in.

前脚刚走后脚就来。

🎧 I think it certainly could.

确实有可能。

🎧 And President Lula is someone who's been kind of outspoken about his lack of relationship with the Trump administration of any kind now.

卢拉总统正是那位#直言不讳#表示与特朗普政府毫无往来的领导人。

🎧 You know, just recently in an interview with the BBC, he said he hasn't really spoken to anyone from the Trump administration, and they're having trouble getting administration

officials to respond to them at all over the Trump administration's viewpoint that he's kind of persecuting his predecessor, Jair Bolsonaro.

最近接受BBC采访时他表示从未与特朗普政府人员对话，由于特朗普政府认为他在迫害前总统博索纳罗，巴西政府根本得不到美方官员的任何回应。

 00:17:49

▶ And Bolsonaro was someone who had a lot of friends in the Trump White House.

而博索纳罗在特朗普的白宫里颇有人脉。

▶ They had a very close relationship personally.

两人私交甚笃。

▶ And Brazil's view is that those sanctions, which are extremely high, are purely political.

巴西认为那些高得离谱的制裁纯粹出于政治目的。

▶ And it'd be curious to see if if President Lula gets on to the podium at the General Assembly and says that outright.

若卢拉总统在联大讲台上#直言不讳#地表明这点，将会非常有意思。

 00:18:11

▶ For example, he said in the past that President Trump isn't the world's emperor.

比如他过去曾说过"特朗普不是世界#皇帝#"。

▶ And I think, you know, that sort of language could create kind of fireworks very early on in the in the General Assembly and these two huge countries pitting themselves against one another in a certain sense.

这类言辞可能让联大开幕初期就火花四溅，某种程度上形成两个大国相互对抗的局面。

▶ One thing I thought, just to follow on, Bernd, from the interview Lula gave to our BBC colleagues.

贝恩德，根据卢拉接受BBC采访的内容，我还想到一点。

 00:18:34

🎧 He said President Trump had a relationship with Bolsonaro, not Brazil.

他说特朗普只与博索纳罗有交情，而非与巴西建交。

🎧 And I think that most foreign leaders have figured that out, that, you know, the president isn't interested in what the relationship was, the US relationship was with a country, necessarily, before he came into power, back into power.

多数外国领导人都已明白：特朗普并不关心他上台前美国与各国的既有关系。

🎧 It is about his relationship with that foreign leader.

重要的是他与外国领导人之间的私人关系。

 00:18:59

🎧 And again, that's why I think next week we'll see a lot of folks try and get a message to him, whether that's through a speech, whether that's on the sidelines, through a meeting.

正因如此，下周我们将会看到许多人试图通过演讲、会场周边会谈或正式会晤等方式向他传递信息。

🎧 Um, everybody obviously with their own foreign policy aims.

当然各方都带着自己的外交政策目标。

🎧 even Starmer making the point no aides, no nothing, in a room.

就连斯塔默也特意强调"没有助手、没有闲杂人等的单独会晤"。

🎧 And that that was the point at which they discussed the foreign policy nobody else there.

那正是他们商讨外交政策的时刻——现场没有其他人在场。

 00:19:26

🎧 on both of their version of events as to just what was discussed.

根据双方对会谈内容的表述。

🎧 Um, and I think, you know, Sir Keir has worked really hard to kind of preserve that interpersonal relationship, even when the subject matter is really spiky.

基尔爵士确实非常努力地维护这种人际联系，即便讨论议题非常尖锐。

▶ Um, and we'll see that next week as well.

这点我们下周也会看到。

▶ Of course, you know, President Trump and all his focus on foreign policy is coming at a time when domestic policy focus here is still raging over the issue of free speech, isn't it?

当然，特朗普全力关注外交政策之际，国内政策焦点仍围绕言论自由问题激烈争论。

bilibili 00:20:00

▶ I mean, we saw it loom a little bit in his visit to the UK because obviously this administration has major problems with the Online Safety Act that the UK has passed, which requires tech firms to basically restrict some of the content to protect children and so on from what's on there.

比如访英期间就已初现端倪——本届政府显然对英国通过的《网络安全法》极为不满，该法要求科技公司限制某些内容以保护儿童等群体。

▶ But while he was there dealing with all of that foreign policy stuff in the UK, Jimmy Kimmel was, his show was pulled.

但当他在英国处理外交事务时，吉米·金梅尔的节目被停播了。

▶ And, you know, the president responding at one or two in the morning when he was in the UK, saying he hoped other late night show hosts came after that.

总统在英国凌晨一两点回应此事，表示希望其他深夜节目主持人都遭同样待遇。

bilibili 00:20:31

▶ And of course, Stephen Colbert has already had his show pulled.

当然，斯蒂芬·科尔伯特节目已被停播。

▶ Are you guys going to be watching out for movements in that over the next week, even though he's focusing on foreign policy stuff up in New York?

即便他在纽约专注外交事务，你们接下来一周会继续关注这方面的动态吗？

▶ I certainly am, because it's not just the domestic angle of it, too, but a lot of countries, I mean, he has a lot of leaders who have similar worldviews, including on their own domestic

politics to President Trump.

我当然会关注。因为这不仅是国内问题，许多国家——我是说许多与特朗普世界观相近的领导人（包括其国内政治立场）——都会受到影响。

 00:20:54

▶ So, you know, whatever President Trump says about free speech, I'd be curious to see, you know, what does what does Hungary have to say after that?

所以无论特朗普对言论自由作何表态，我都想看看匈牙利之后会如何回应。

▶ What does Turkey have to say?

土耳其会怎么说？

▶ Are there other countries where there's, the government's been accused of, uh, politicising or silencing people in the media that they object to in one way or another?

还有哪些被指控将媒体人士政治化或禁声的国家？

 00:21:13

▶ And how much pushback there is from France, for example, or European countries that have kind of defended themselves from accusations from this administration and from others about their own freedom of speech record.

法国等欧洲国家会作出多大反击——这些国家曾驳斥过本届美国政府及其他方面对其言论自由记录的指责。

▶ I think ultimately that freedom of speech thing could generally be a foreign policy issue as well.

我认为言论自由问题最终也可能成为外交政策议题。

▶ I mean, at least in terms of the rhetoric.

至少在外交辞令层面如此。

 00:21:34

🎧 I think that this has a lot of, you know, far reaching implications here because there's a couple narratives caught up into it.

这件事具有深远影响，因为涉及多重叙事脉络。

🎧 Right?

对吧？

🎧 There is the fallout from the Charlie Kirk assassination, um, and folks on the right and their, um, efforts to try and use this to sort of police, um, free speech, you know, whether it's hate speech or not.

既有查理·柯克遇刺事件的余波，也有右翼人士试图借此监管言论自由（无论是否构成仇恨言论）的努力。

 00:21:58

🎧 Um, but also there's the narrative here of media companies getting caught up in this and, um, you know, making decisions about editorial content because they are afraid that perhaps a deal or a merger, um, will be affected, uh, or won't go through if they do not sort of fall in line with what the administration would like or expects.

还有媒体公司卷入其中的叙事——由于担心交易或并购受影响，他们被迫按照政府期望调整编辑内容。

🎧 Um, we've seen that in the past.

我们过去见过这种情况。

🎧 We're seeing that potentially with, um, you know, the Jimmy Kimmel decision.

吉米·金梅尔节目停播可能也是如此。

 00:22:32

🎧 Nexstar, which owns Disney was uh, is going through a merger and, um, we saw that Brendan Carr, the head of the FCC, which is the TV regulator here in the US, make comments, basically threatening, you know, to go after ABC and Disney, after the Jimmy Kimmel monologue.

拥有迪士尼的奈克斯特正进行并购。我们看到美国电视监管机构FCC主席布伦丹·卡尔在金梅尔独白节目后发表威胁性言论，要追究ABC和迪士尼的责任。

▶ And as a result, we saw ABC pull, um, suspend the Jimmy Kimmel show.

结果ABC#停播#了金梅尔节目。

▶ So this is something that, you know, is going to affect a lot of a lot of companies as they sort of think through, you know, uh, business decisions.

这将影响众多公司的商业决策。

bilibili 00:23:12

▶ Um, but also, you know, the, the public entirely in the US in terms of what people feel comfortable being able to talk about and exercising their, their free speech rights.

也会影响美国公众对畅所欲言及行使言论自由权的信心。

▶ It just shows the level of President Trump's power and influence, I suppose, on the foreign stage, but also here domestically.

这展现了特朗普总统在国内外舞台上的权力与影响力。

▶ We will be talking about this at length next week, I'm sure.

下周我们肯定会深入讨论此事。

bilibili 00:23:36

▶ Um, I will be joining live from New York.

我将从纽约进行现场报道。

▶ Uh, while I'm at United Nations General Assembly, I really just want to say live from New York.

在联合国大会现场，我必须要说——纽约现场报道。

▶ It's Saturday night.

现在是周六晚上。

▶ Every time I have to say live from New York, it's BBC news.

每次说"纽约现场报道"时，总觉得自己是在主持BBC新闻。

🎵 I almost trip over pretending I'm hosting SNL.

差点以为自己在主持《周六夜现场》。

🎵 But anyway, I think I might spend the weekend practicing these, uh, making these transatlantic whiskey sours that they had at the banquet.

总之，我想这个周末可以练习调制这些——嗯——他们在#宴会#上提供的跨大西洋#威士忌#酸酒。

bilibili 00:23:58

🎵 They sound quite delicious.

听起来相当#美味#。

🎵 Um, but yeah, I hope you guys have a nice weekend, and I will talk to you soon.

嗯，希望大家周末愉快，我们很快会再聊。

🎵 See you soon.

回头见。

🎵 Bye, guys.

各位再见。

🎵 Bye!

再见！

🎵 Bye!
