

Burst water main floods London street; number of homeless women severely underestimated; tram network halted due to power outage

【英国本地新闻 BBC London 20250926 伦敦突发水管爆裂致街道淹没 无家可归女性数量被严重低估 有轨电车网络因停电停运】

Summary: A burst water main in central London caused flooding, forcing the closure of Westminster Magistrates' Court and the evacuation of nearby residents. Eight fire engines and around 60 firefighters were dispatched to the scene. Meanwhile, a charity investigation has found that the number of women sleeping rough in England may be ten times higher than official figures suggest, as they are more easily hidden and harder to count. In addition, London's entire tram network was suspended due to a power failure, with authorities working urgently to restore services.

摘要：伦敦市中心水管爆裂引发洪水，威斯敏斯特地方法院关闭，居民被迫疏散。八辆消防车和约60名消防员在现场处置。与此同时，慈善机构调查发现，英格兰露宿街头的女性实际数量可能是官方统计的十倍，她们因更易隐藏而难以被统计。此外，因能源故障，伦敦整个有轨电车网络停运，相关部门正全力抢修。
